TRUSTEES' ANNUAL REPORT (INCORPORATING THE DIRECTOR'S REPORT)
YEAR ENDED 31 MARCH 2021

The trustees, who are also the directors for the purposes of company law, present their report and the unaudited financial statements of the charity for the year ended 31 March 2021.

Objectives and activities

The charitable objectives of the charity are the advancement of Christianity, to relieve poverty, sickness and distress in accordance with Christian principles.

Public benefit statement

The Trustees have complied with Section 4 of the Charities Act 2006 having due regard for the Charity Commission's guidance on public benefit when reviewing the Trust's aims and objectives.

Strategic report

The following sections for achievements and performance and financial review form the strategic report of the charity.

Achievements and performance

Review of activities

In accordance with its governing documents as a registered charity and its legal responsibilities as both a charity and a limited company, Calvary Chapel Oxford has carried out the following activities during the year:

Ministry

1. Calvary Chapel Oxford has continued to hold all meetings during the year on social media except when lockdown restrictions were lifted and in person meetings were allowed under the relevant government guidelines. From 19th June 2021, as most lockdown restrictions have been lifted, meetings are able to be held in person again. The principal activities at these meetings are fellowship, sharing experiences, praying and studying the Bible. All who attend are encouraged to contribute and share their perspectives or feelings.

2. The priorities of the church remain both teaching and learning, and supporting missionary and charity activities, both in the UK and overseas. The teaching and learning is largely concentrated in the two weekly meetings, but all members are encouraged to be active in events and charitable activities outside of Calvary Chapel Oxford. During the Sunday services this year, Calvary Chapel has continued an in-depth study of a book of the Bible. During the mid-week meetings, we have continued the study of another book of the Bible. The mid-week study is a more general overview, cross-referencing other relevant Old and New Testament scriptures, with the emphasis on discussing application - these teachings develop our understanding of our priorities and values.

3. Our Youth Workers commit themselves to help extend the church's teaching of its young people. This has enabled the younger and older children to separate and be taught in a way that's appropriate to their age. The children are taught during the preaching of the Word in the main service. The children's teaching has been highly popular with the youth and the children and allows parents to concentrate on the teaching.

4. Men and women's Bible Studies continue to be regularly held at regular intervals.

5. Donations have been made to persons and organisations throughout the world. The church encourages an outward looking heart, and supports members of the congregation who are involved in charitable projects.

The project in the capital city of Paraguay (the Ko'ēju project) continues to feed around 500 orphans and street children daily but also is attempting to educate and develop skills for future employment.

Financial review

The church continues to grow with and the incoming resources for the year were £108,928 (2020 - £124,075). After deducting the expenses for the year there was a surplus of £29,028 (2020 - £28,019). The total reserves of the charity at 31 March 2021 were £313,883 (2020 - £284,855), which is made up of unrestricted funds in this and the previous year.

There were no restricted funds in the year and the restricted funds were fully expended in the prior year.

Principle funding sources

The principle sources of income for the charity is that of donations. Other sources of income include USA support, gift aid receipts and bank interest.

Reserves policy

The charity holds reserves in order that ministry can continue to be provided should there be a reduction in incoming resources.

The Trustees had continued to look for alternative premises to worship but it was clear at the present time that the search for alternative premises it was proving impossible. The trustees were also looking at the possibility of purchasing a house for the use of the Pastor of the church. For the past two years, the church had provided the Pastor with a rental property. A suitable property was found to purchase and, after taking legal advice, it was decided for the church made a loan to Pastor to enable him to purchase a property in December 2020.

Calvary Chapel Oxford Limited has secured the loan by way of a charge against the property.

Administration

The Trustees are responsible for the administration of Calvary Chapel and have had oversight on activities and expenditure on behalf of the church members. The Trustees meet regularly, at which a standing agenda is maintained and reports are given on every aspect of the church's work, minutes are maintained for these meetings. Calvary Chapel Oxford does not solicit funds nor fund raise; all giving is voluntary in accordance with biblical principles.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through income or expenditure.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

There are no material uncertainties about the charity's ability to continue.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires trustees to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Accounting estimates and assumptions are made concerning the future and, by their nature, will rarely equal the related actual outcome.

Foreign currency transactions are initially recorded in the functional currency, by applying the spot exchange rate as at the date of the transaction.

Income tax

Calvary Chapel Oxford Limited is a registered charity and accordingly is exempt from taxation on its income and gains where they are applied for charitable purposes.

3. Accounting policies *(continued)*

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular future project or commitment.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal, and fall into one of two sub-classes: restricted income funds or endowment funds.

Incoming resources

All income is included in the statement of financial activities when entitlement has passed to the charity, it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:-

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- investment income is recognised when the income is received.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.
- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Operating leases

Operating leases are recognised over the period of which the lease falls due.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

CALVARY CHAPEL OXFORD LIMITED

NOTES TO THE FINANCIAL STATEMENTS *(continued)*
YEAR ENDED 31 MARCH 2021

3. Accounting policies *(continued)*

Tangible assets *(continued)*

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other recognised gains and losses, unless it reverses a charge for impairment that has previously been recognised as expenditure within the statement of financial activities. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other recognised gains and losses, except to which it offsets any previous revaluation gain, in which case the loss is shown within other recognised gains and losses on the statement of financial activities.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Equipment - 25% reducing balance

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided.

4. Limited by guarantee

The company is a company limited by guarantee. The members of the company are the Trustees named on page 1. In the event of the company being wound up, the liability in respect of the guarantee is limited to £10 per member of the company.
