SUCET promotes diversity, tolerance and equality throughout all its programmes to create social capacity within communities.

#### **Financial review**

##### **a. Going concern**

To enable the continued growth of its education provision, the Trust has purchased several classrooms across this and the preceding financial year and signed SLA to lease land at Garon Park, with all current education provisions being delivered from this site. The Trust aims to increase the number of current learners in the company years and this investment will allow such growth without significant additional investment. In addition, Southend United Football Club were relegated in the preceding year from the English Football League (EFL) league two to the National League, which will have a future impact on some sources of funding.

After making appropriate enquiries, the Trustees have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in the preparation of the financial statements.

##### **e. Related party relationships**

### **Notes to the Financial Statements**

**Year ended 31 August 2023**

---

#### **1. General information**

The charity was established on 16 March 2004 and registered at Companies House as a company limited by guarantee on that date under company number 05074505. The charity was registered with the Charity Commission on 17 August 2018 under registration number 1105515.

#### **2. Statement of compliance**

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Companies Act 2006.

#### **3. Accounting policies**

##### **Basis of preparation**

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities measured at fair value through income or expenditure.

##### **Going concern**

As detailed in the Trustees' Report, to enable the continued growth of its education provision, the Trust has purchased several classrooms across this and the preceding financial year and signed SLA to lease land at Garon Park, with all current education provisions being delivered from this site. The Trust aims to increase the number of current learners in the company years and this investment will allow such growth without significant additional investment. In addition, Southend United Football Club were relegated in the preceding year from the English Football League (EFL) league two to the National League, which will have a future impact on some sources of funding.

After making appropriate enquiries, the Trustees have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in the preparation of the financial statements.

##### **Liabilities and provisions**

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably.

Liabilities are recognised at the amount that the company anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised in the Statement of financial activities as a finance cost.

#### **3. Accounting policies** *(continued)*

##### **Fund accounting**

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the company and which have not been designated for other purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the company for particular purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

##### **Income**

All income is recognised once the company has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

##### **Expenditure**

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Expenditure on charitable activities is incurred on directly undertaking the activities which further the company's objectives, as well as any associated support costs.

All expenditure is inclusive of irrecoverable VAT.

#### 3. Accounting policies *(continued)*

##### Tangible assets

Tangible fixed assets are capitalised and recognised when future economic benefits are probable and the cost or value of the asset can be measured reliably.

Tangible fixed assets are initially recognised at cost. After recognition, under the cost model, tangible fixed assets are measured at cost less accumulated depreciation and any accumulated impairment losses. All costs incurred to bring a tangible fixed asset into its intended working condition should be included in the measurement of cost.

Depreciation is charged so as to allocate the cost of tangible fixed assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following bases:

Motor vehicles	- 33% straight line
Fixtures and fittings	- 15%, 20% & 33% straight line

##### Financial instruments

The company only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

#### 4. Limited by guarantee

The Members of the company have given an undertaking to contribute towards the assets of the company in the event of winding up. Each Member's liability is limited to £10.
