Objectives and Achievements

Objects of the Charity

The Charity's Objects (the Objects) are:

- a) The advancement of Christianity
- b) To relieve poverty, sickness and distress in accordance with Christian principles.

Activities of the Charity

Calvary Chapel Woolacombe's statement of faith is to make disciples to make disciples. We are very Blessed to have an impact on our local youth. Our youth group on a Friday night has now extended to two youth groups. One being for the younger group for years 1 - 6 held from 18:00 -19:30. The older group from years 7 - 11 and up is held from 20:00 - 22:00. We invite the local community at every occasion to take part in the various outreaches that we hold at the church. The Easter and Christmas crafts events have been very well attended and our Light party as an alternative to trick or treat has also been well received and attended by the local community. We still hold a skateboarding competition every three months or so with various local surf shops and skate businesses offering prize donations. We hold a Bible study at each event, and all are welcome to our Sunday services from 10:30 am. We serve the elderly by singing carols at the local care homes every Christmas and are active in providing as much as we can weekly to the local foodbank. We hold two home groups every week and one weekly service on a Sunday as well as two prayer evenings each month. We also gather to pray every Friday morning at 7am

Achievements and Performance, Year Ended 31st Mar 2024

Over the last year our focus has generally been on the local youth ministry. The pastor has stepped back from doing general assemblies at the local schools and from leading Christian union. Instead, he has been employed part time by Roc College as a learning mentor to Special Needs learners aged 16 - 25. This ties in perfectly with the vision of the charity since he has the opportunity to impact these young people's lives positively in helping them become independent in their daily lives, overcome their insecurities and, more importantly, show them the Love of Christ as he builds relationships with them. The charity has continued to host youth groups weekly which have seen consistent growth. It has been necessary to create a third and fourth group for our Sunday school to accommodate the numbers and various age groups. There are now several volunteers who serve at Sunday School and youth groups. All have undergone safeguarding training and are DBS checked. Church attendance has been steadily increasing especially over the summer months with many returning visitors. Weekly Bible studies continue at three homes, and all are currently in the book of Colossians. A lady's fellowship has started once every two months where the ladies gather over a meal and a Bible study held at the church. These have been very well attended. We continue to seek to form relationships with the local community. These include being part of the local fitness clubs which has borne many great conversations around faith and church. We have continued to host craft events during Easter, Christmas and Halloween with alternative activities for the latter. The pastor and one elder are on the rota to preach at many of the local Methodist churches on a regular basis. We have had the privilege of witnessing 8 baptisms in the last year, drawing quite a crowd on the beach with all close by hearing the gospel message. Much work has been done on the building this year including new lighting outside and into the main entrance, a major amount of garden

improvement and many plans for improving the kitchen area to provide more opportunities for food preparation within the building for the events held. There are also plans to make some changes inside to make room for a youth group area for the older youth to utilise. The pastor has continued teaching through the Bible on a Sunday morning and on various evenings and is currently teaching through Exodus.

Financial Review

Financial Position

The Charity's primary source of funds is from free-will offerings received from those regularly attending the Sunday services as well as various other supporters to the objectives of the Charity.

The Charity also operates a Car Park at the Methodist church as a means of generating income.

Although the car park spaces are all rented out, it has been decided that the tenants will receive an invoice once a year. This will be sent out mid September each year and due to this decision, we have, as yet, not received this years payment. The weekly offerings seem to have increased quite substantially since there have been more in attendance but time will tell whether or not that will continue.

Reserves Policy

Keeping in line with the Charity's future plans it has a policy to hold sufficient reserves to be able to respond in a timely manner to any opportunity presented that would allow the Charity to achieve those plans. Current reserves are minimal for meeting such possible opportunities. The Charity has reserves of which its value must be available as a liquid asset at all times. These reserves are equal to 3 months of average total expenditure.

Grant Making Policy

Gifts to external organisations and individuals are considered by the Trustees on the basis of need and fulfilment of the charitable activities. There are no upper or lower limits of support.

Spending and Reimbursement Policy

All money spent from someone's own personal account with the intention of being reimbursed by the church, must either be by a trustee, or under the direction of/agreed by a trustee. If a trustee is planning to spend over £1,000 for the charity, this must also be approved by at least one other trustee.

Principal Sources of Funding

The charity's principal source of funds is from voluntary donations received from those regularly attending the Sunday services as well as various other supporters of the objectives of the charity.

Declaration

The trustees declare that they have approved the trustees' report above.
Signed on behalf of the charity's trustees:

Jason Thorpe (Chair)

Date: 17/10/2024

Plans For Future Periods

The charity intends to work towards improving the building we gather in currently and, should it be Gods Will, to be able to purchase this building as He allows. We are steadily running out of space and we have made this known to our landlords. There are to be some minor renovations within the next few months which include the replacement of three windows upstairs which would solve the leaking ceiling in the kitchen. Once this is done, we will begin the kitchen alterations. We will be starting a new Bible study on a Monday evening for new/young believers to form solid foundations of Faith as they walk with Jesus. There are plans for a men's retreat in the next few months which will continue once every second month in line with the already existing ladies events. The charity intends to become a CIO as soon as is possible.

Structure, Governance and Management

The charity has three trustees which meet once a year and for special circumstances as they arise. The trustees make decisions based on their knowledge and experience through prayer since we believe God is Sovereign and reigns over us, guiding us through the Power of His Spirit. The trustees will make these decisions in accordance with the law and as laid out by the governing bodies of our country's charities. The trustees terms are for a period of two years except for the pastor who remains a trustee until such time as he is no longer in his position as pastor. The other trustees will be given an option to vote each other in or out at the end of that two-year period and can be voted in every two years for however long as is necessary. The church has four elders. The elders are the Spiritual oversight of the church and meet once every month and for special circumstances as they arise. The elders are called into their position by God and are responsible as oversight as stated in His Word. The Pastor/elder is called by The Lord into his position as "Under shepherd" of Gods' flock and is responsible for the shepherding and leading of Gods' people towards Holiness by pointing them to the perfect example of Jesus Christ.

Notes to the Financial Statements

For the Year Ended 31st Mar 2024

1. Accounting Policies

General Information

Calvary Chapel Woolacombe is a Limited Company registered in England and Wales. The registered charity number, company number and address of the charity is given in the charity [Reference and Administrative Details](#).

Statement of Compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) and The Charities Act 2011.

Calvary Chapel Woolacombe Limited is a Public Benefit Entity as defined by FRS 102.

Going Concern

The charity has a number of regular donors, giving the trustees reasonable confidence that sufficient funding will be secured beyond the current year. The trustees have assessed the level of funds held, in addition to the cash flow needs of the charity, concluding with confidence that it will be able to continue in its operation.

Fund Accounting Policies

The General Funds are not subject to any restrictions regarding their particular use and are available for applicable general purposes of the charity.

Incoming Resources

All incoming resources are included in the Statement of Financial Activities (SoFA) when; the charity is legally entitled to the resources; the trustees are virtually certain they will receive the resources; and the monetary value can be measured with sufficient reliability.

- Donations are only included in the SoFA when the charity has unconditional entitlement to the resources.
- Where incoming resources have related expenditure, the incoming resources and related expenditure are reported gross in the SoFA
- Incoming resources from Gift Aid tax reclaims are included in the SoFA at the same time as the gift to which they relate.
- The value of voluntary help received is not included in the accounts but is described in the trustee's annual report.
- Investment income is included in the accounts when receivable.

Expenditure and Liabilities

Liabilities are recognised as soon as there is a legal or constructive obligation committing the charity to pay out resources. It is probable that the paying out of resources will be required in settlement and the amount of the obligation can be measured reliably.

The charity makes grants to individuals and other institutions to further its charitable objectives.

Governance costs of the charity are accurately recorded. These costs include those associated with preparation and examination of accounts, trustee meetings, trustee legal advice and expenditure incurred on the strategic management of the charity.

Fixed Assets

Tangible fixed assets which cost £500 or more and used for more than one year are capitalised.

They are valued at cost price or a reasonable value on receipt. Depreciation is calculated on tangible fixed assets using the Straight-Line Method:

Fixtures, fittings and equipment: at 25% of the cost per year

Debtors

Trade and other debtors are recognised at the settlement amount after any trade discount offered.

Judgements in Applying Accounting Policies

In the application of the church's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates but are unlikely to be material.

Cash at Bank and In Hand

Cash at bank and in hand includes cash and short-term highly liquid investments with short maturity of three months or less from the date of acquisition or opening of the deposit or similar amount.

Financial Instruments

The church only has financial assets and financial liabilities of a kind that qualify as basic financial Instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method
