Our mosque provides a centre for prayers and worship and for other activities associated with our faith. During the year under review we offered a range of religious services and activities including:

**Zakat:** Zakat is part of our faith that all who are able to, should offer Zakat. Zakat is collected in proportion to a person's means and is the giving of money for a number of specific purposes including to help others in need and to further the teachings of Islam. The mosque committee collects and distributes the Zakat, none of which is used to fund the mosque and neither is a charge made for collection and distribution of Zakat.

Notwithstanding the explicit requirement in the extant statutory regulations, the Charities (Accounts and Reports) Regulations 2008, to prepare the financial statements in accordance with the SORP 2005, in view of the fact that the SORP 2005 has been withdrawn, the Trustees determined to interpret this responsibility as requiring them to follow current best practice and prepare the accounts according to the FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), .

## Southampton Medina Mosque Trust Limited

### Notes to the Accounts for the year ended 31 March 2025

#### 1 Accounting policies

##### *Policies relating to the production of the accounts.*

###### **Basis of preparation and accounting convention**

The accounts have been prepared on the accruals basis, under the historical cost convention, and in accordance with the Financial Reporting Standard 102, (effective 1st January 2016) and 'FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), published by the Charity Commission in England & Wales (CCEW), effective January 2016, , and in accordance with all applicable law in the charity's jurisdiction of registration, except that the charity has prepared the financial statements in accordance with the FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019). (The SORP), in preference to the previous SORP, the SORP 2005, which has been withdrawn, notwithstanding the fact that the extant statutory regulations, the Charities (Accounts and Reports) Regulations 2008 refer explicitly to the SORP 2005. This has been done to accord with current best practice.

###### **Going Concern**

The Trustees are not aware of any material uncertainties about the charity's ability to continue as a going concern. The ongoing pandemic has had its effect on the finances of the charity but the trustees believe that the charity's financial position is strong enough and with the help of continuing donations and support from the members it will be able to meet its obligations as and when they arise.

###### **Risks and future assumptions**

The charity is a public benefit entity.

##### *Policies relating to categories of income and income recognition.*

###### **Donated goods, facilities and services**

**Donated fixed assets** are recognised at the current fair value. All such donations are recognised as donation income, and debited to fixed assets.

**Donated goods that are not fixed assets** are accounted for at a fair value, unless it is impractical to reliably measure the value of the donated items.

In the absence of any direct evidence of fair value of donated goods, then a value is derived from the cost of the item to the donor or, in the case of goods that are expected to be sold, the estimated resale value after deducting any anticipated costs of sales.

If it is impracticable to measure the fair value of goods donated for resale, or the costs of valuation outweigh the benefits, the donated goods are recognised as income when sold, with an equivalent amount being recognised as an expense.

The costs of goods donated for distribution to beneficiaries is deemed to be the fair value of those goods upon receipt. When the goods are distributed freely or for a nominal consideration, then the carrying amount is adjusted at the time of sale, to the value at the point of distribution and the adjustment is shown as a cost of donations made.

The carrying amount of any stock held for distribution is assessed for impairment at the reporting date. All donated goods are recognised as donation income, and debited to trading stock. When trading stock is subsequently sold, or appropriated to meet an expense, then the carrying value of the stock is recognised as an expense. In accordance with the SORP, goods donated for distribution to beneficiaries, or for consumption by the charity are included in '*legacies and donations*'. Goods donated for resale are included in '*Income from other trading activities*'

The cost of any stock of goods donated for distribution to beneficiaries is deemed to be the fair value of those gifts at the time of their receipt. If the goods held are to be distributed freely or for a nominal consideration, then the carrying amount is subsequently adjusted to reflect the lower of deemed cost adjusted for any loss of service potential and replacement cost. Replacement cost is the economic cost incurred if the charity was to replace the service potential of the donated goods at its own expense in the most economic manner.

## Southampton Medina Mosque Trust Limited

### Notes to the Accounts for the year ended 31 March 2025

**Donated services and facilities** (including seconded staff and use of property) are included in the accounts on the basis of the value of the gift to the charity.

All donated services and facilities are recognised as donation income when received, (provided the value of the gift can be measured reliably) and recognised as an expense with an equivalent value.

#### ***Policies relating to expenditure on goods and services provided to the charity.***

##### **Recognition of liabilities and expenditure**

A liability, and the related expenditure, is recognised when a legal or constructive obligation exists as a result of a past event, and when it is more likely than not that a transfer of economic benefits will be required in settlement, and when the amount of the obligation can be measured or reliably estimated..

Liabilities arising from future funding commitments and constructive obligations, including performance related grants, where the timing or the amount of the future expenditure required to settle the obligation are uncertain, give rise to a provision in the accounts, which is reviewed at the accounting year end. The provision is increased to reflect any increases in liabilities, and is decreased by the utilisation of any provision within the period, and reversed if any provision is no longer required. These movements are charged or credited to the respective funds and activities to which the provision relates.

##### **Allocating costs to activities**

Direct costs that are specifically related to an activity are allocated to that activity. Shared direct costs and support costs are apportioned between activities.

The basis for apportionment, which is consistently applied, and proportionate to the circumstances, is :-

**Staffing** - on the basis of time spent in connection with any particular activity.

**Premises related costs** - on the proportion of floor area occupied by a particular activity.

Non specific support costs - on the basis of the usage of resources, in terms of time taken, capacity used, request made or other measures.

##### **Volunteers**

In accordance with the SORP, and in recognition of the difficulties in placing a monetary value on the contribution from volunteers, the contribution of volunteers is not included within the income of the charity.

However, the trustees value the significant contribution made to the activities of the charity by unpaid volunteers and this is described more fully in Note6.

#### ***Policies relating to assets, liabilities and provisions and other matters.***

### Notes to the Accounts for the year ended 31 March 2024

#### 1 Accounting policies

##### ***Policies relating to the production of the accounts.***

###### **Basis of preparation and accounting convention**

The accounts have been prepared on the accruals basis, under the historical cost convention, and in accordance with the Financial Reporting Standard 102, (effective 1st January 2016) and FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), published by the Charity Commission in England & Wales (CCEW), effective January 2016, and in accordance with all applicable law in the charity's jurisdiction of registration, except that the charity has prepared the financial statements in accordance with the FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), in preference to the previous SORP, the SORP 2005, which has been withdrawn, notwithstanding the fact that the extant statutory regulations, the Charities (Accounts and Reports) Regulations 2008 refer explicitly to the SORP 2005. This has been done to accord with current best practice.

###### **Going Concern**

The Trustees are not aware of any material uncertainties about the charity's ability to continue as a going concern. The ongoing pandemic has had its effect on the finances of the charity but the trustees believe that the charity's financial position is strong enough and with the help of continuing donations and support from the members it will be able to meet its obligations as and when they arise.

###### **Risks and future assumptions**

The charity is a public benefit entity.

##### ***Policies relating to categories of income and income recognition.***

###### **Donated goods, facilities and services**

**Donated fixed assets** are recognised at the current fair value. All such donations are recognised as donation income, and debited to fixed assets.

**Donated goods that are not fixed assets** are accounted for at a fair value, unless it is impractical to reliably measure the value of the donated items.

In the absence of any direct evidence of fair value of donated goods, then a value is derived from the cost of the item to the donor or, in the case of goods that are expected to be sold, the estimated resale value after deducting any anticipated costs of sales.

If it is impracticable to measure the fair value of goods donated for resale, or the costs of valuation outweigh the benefits, the donated goods are recognised as income when sold, with an equivalent amount being recognised as an expense.

The costs of goods donated for distribution to beneficiaries is deemed to be the fair value of those goods upon receipt. When the goods are distributed freely or for a nominal consideration, then the carrying amount is adjusted at the time of sale, to the value at the point of distribution and the adjustment is shown as a cost of donations made.

The carrying amount of any stock held for distribution is assessed for impairment at the reporting date. All donated goods are recognised as donation income, and debited to trading stock. When trading stock is subsequently sold, or appropriated to meet an expense, then the carrying value of the stock is recognised as an expense. In accordance with the SORP, goods donated for distribution to beneficiaries, or for consumption by the charity are included in 'legacies and donations'. Goods donated for resale are included in 'Income from other trading activities'

The cost of any stock of goods donated for distribution to beneficiaries is deemed to be the fair value of those gifts at the time of their receipt. If the goods held are to be distributed freely or for a nominal consideration, then the carrying amount is subsequently adjusted to reflect the lower of deemed cost adjusted for any loss of service potential and replacement cost. Replacement cost is the economic cost incurred if the charity was to replace the service potential of the donated goods at its own expense in the most economic manner.

## Southampton Medina Mosque Trust Limited

### Notes to the Accounts for the year ended 31 March 2024

**Donated services and facilities** (including seconded staff and use of property) are included in the accounts on the basis of the value of the gift to the charity.

All donated services and facilities are recognised as donation income when received, (provided the value of the gift can be measured reliably) and recognised as an expense with an equivalent value.

#### ***Policies relating to expenditure on goods and services provided to the charity.***

##### **Recognition of liabilities and expenditure**

A liability, and the related expenditure, is recognised when a legal or constructive obligation exists as a result of a past event, and when it is more likely than not that a transfer of economic benefits will be required in settlement, and when the amount of the obligation can be measured or reliably estimated.

Liabilities arising from future funding commitments and constructive obligations, including performance related grants, where the timing or the amount of the future expenditure required to settle the obligation are uncertain, give rise to a provision in the accounts, which is reviewed at the accounting year end. The provision is increased to reflect any increases in liabilities, and is decreased by the utilisation of any provision within the period, and reversed if any provision is no longer required. These movements are charged or credited to the respective funds and activities to which the provision relates.

##### **Allocating costs to activities**

Direct costs that are specifically related to an activity are allocated to that activity. Shared direct costs and support costs are apportioned between activities.

The basis for apportionment, which is consistently applied, and proportionate to the circumstances, is :-

**Staffing** - on the basis of time spent in connection with any particular activity.

**Premises related costs** - on the proportion of floor area occupied by a particular activity.

**Non specific support costs** - on the basis of the usage of resources, in terms of time taken, capacity used, request made or other measures.

##### **Volunteers**

In accordance with the SORP, and in recognition of the difficulties in placing a monetary value on the contribution from volunteers, the contribution of volunteers is not included within the income of the charity.

However, the trustees value the significant contribution made to the activities of the charity by unpaid volunteers and this is described more fully in Note6.

#### ***Policies relating to assets, liabilities and provisions and other matters.***

##### ***Tangible fixed assets***

Tangible fixed assets are measured at their original cost value, or subsequent revaluation, or if donated, as described above. Cost value includes all costs expended in bringing the asset into its intended working condition.

Depreciation has been provided at the following rates in order to write off the assets to their anticipated residual value over their estimated useful lives.

Freehold premises (building only)	2 % straight line
Plant and machinery	25 % Reducing Balance

##### **Debtors**

Debtors are measured at their recoverable amounts at the balance sheet date.

##### **Pensions - defined contribution schemes**

The charity operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

### Notes to the Accounts for the year ended 31 March 2024

#### Fund Accounting

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

There are no endowment funds.

#### 2 Liability to taxation

The Trustees consider that the charity satisfies the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 for UK corporation tax purposes. Accordingly, the Charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by chapter 3 part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively on the specific charitable objects of the charity and for no other purpose. Value Added Tax is not recoverable by the charity, and is therefore included in the relevant costs in the Statement of Financial Activities.

#### 3 Winding up or dissolution of the charity

If upon winding up or dissolution of the charity there remain any assets, after the satisfaction of all debts and liabilities, the assets represented by the accumulated fund shall be transferred to some other charitable body or bodies having similar objects to the charity.

## Notes to the Accounts for the year ended 31 March 2023

### 1 Accounting policies

#### *Policies relating to the production of the accounts.*

##### **Basis of preparation and accounting convention**

The accounts have been prepared on the accruals basis, under the historical cost convention, and in accordance with the Financial Reporting Standard 102, (effective 1st January 2016) and 'FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), published by the Charity Commission in England & Wales (CCEW) , effective January 2016, , and in accordance with all applicable law in the charity's jurisdiction of registration, except that the charity has prepared the financial statements in accordance with the FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), in preference to the previous SORP, the SORP 2005, which has been withdrawn, notwithstanding the fact that the extant statutory regulations, the Charities (Accounts and Reports) Regulations 2008 refer explicitly to the SORP 2005. This has been done to accord with current best practice.

##### **Going Concern**

The Trustees are not aware of any material uncertainties about the charity's ability to continue as a going concern. The ongoing pandemic has had its effect on the finances of the charity but the trustees believe that the charity's financial position is strong enough and with the help of continuing donations and support from the members it will be able to meet its obligations as and when they arise.

##### **Risks and future assumptions**

The charity is a public benefit entity.

#### *Policies relating to categories of income and income recognition.*

##### **Donated goods, facilities and services**

**Donated fixed assets** are recognised at the current fair value. All such donations are recognised as donation income, and debited to fixed assets.

**Donated goods that are not fixed assets** are accounted for at a fair value, unless it is impractical to reliably measure the value of the donated items.

In the absence of any direct evidence of fair value of donated goods, then a value is derived from the cost of the item to the donor or, in the case of goods that are expected to be sold, the estimated resale value after deducting any anticipated costs of sales.

If it is impracticable to measure the fair value of goods donated for resale, or the costs of valuation outweigh the benefits, the donated goods are recognised as income when sold, with an equivalent amount being recognised as an expense.

The costs of goods donated for distribution to beneficiaries is deemed to be the fair value of those goods upon receipt. When the goods are distributed freely or for a nominal consideration, then the carrying amount is adjusted at the time of sale, to the value at the point of distribution and the adjustment is shown as a cost of donations made.

The carrying amount of any stock held for distribution is assessed for impairment at the reporting date. All donated goods are recognised as donation income, and debited to trading stock. When trading stock is subsequently sold, or appropriated to meet an expense, then the carrying value of the stock is recognised as an expense. In accordance with the SORP, goods donated for distribution to beneficiaries, or for consumption by the charity are included in '*legacies and donations*'. Goods donated for resale are included in '*Income from other trading activities*'

The cost of any stock of goods donated for distribution to beneficiaries is deemed to be the fair value of those gifts at the time of their receipt. If the goods held are to be distributed freely or for a nominal consideration, then the carrying amount is subsequently adjusted to reflect the lower of deemed cost adjusted for any loss of service potential and replacement cost. Replacement cost is the economic cost incurred if the charity was to replace the service potential of the donated goods at its own expense in the most economic manner.

### Notes to the Accounts for the year ended 31 March 2023

**Donated services and facilities** (including seconded staff and use of property) are included in the accounts on the basis of the value of the gift to the charity.

All donated services and facilities are recognised as donation income when received, (provided the value of the gift can be measured reliably) and recognised as an expense with an equivalent value.

#### ***Policies relating to expenditure on goods and services provided to the charity.***

##### **Recognition of liabilities and expenditure**

A liability, and the related expenditure, is recognised when a legal or constructive obligation exists as a result of a past event, and when it is more likely than not that a transfer of economic benefits will be required in settlement, and when the amount of the obligation can be measured or reliably estimated.

Liabilities arising from future funding commitments and constructive obligations, including performance related grants, where the timing or the amount of the future expenditure required to settle the obligation are uncertain, give rise to a provision in the accounts, which is reviewed at the accounting year end. The provision is increased to reflect any increases in liabilities, and is decreased by the utilisation of any provision within the period, and reversed if any provision is no longer required. These movements are charged or credited to the respective funds and activities to which the provision relates.

##### **Allocating costs to activities**

Direct costs that are specifically related to an activity are allocated to that activity. Shared direct costs and support costs are apportioned between activities.

The basis for apportionment, which is consistently applied, and proportionate to the circumstances, is :-

**Staffing** - on the basis of time spent in connection with any particular activity.

**Premises related costs** - on the proportion of floor area occupied by a particular activity.

Non specific support costs - on the basis of the usage of resources, in terms of time taken, capacity used, request made or other measures.

##### **Volunteers**

In accordance with the SORP, and in recognition of the difficulties in placing a monetary value on the contribution from volunteers, the contribution of volunteers is not included within the income of the charity.

However, the trustees value the significant contribution made to the activities of the charity by unpaid volunteers and this is described more fully in Note6.

#### ***Policies relating to assets, liabilities and provisions and other matters.***

##### ***Tangible fixed assets***

Tangible fixed assets are measured at their original cost value, or subsequent revaluation, or if donated, as described above. Cost value includes all costs expended in bringing the asset into its intended working condition.

Depreciation has been provided at the following rates in order to write off the assets to their anticipated residual value over their estimated useful lives.

Freehold premises (building only)	2 % straight line
Plant and machinery	25 % Reducing Balance

##### **Debtors**

Debtors are measured at their recoverable amounts at the balance sheet date.

##### **Pensions - defined contribution schemes**

The charity operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

Our mosque provides a centre for prayers and worship and for other activities associated with our faith. During the year under review we offered a range of religious services and activities including:

**Hifz classes:** Memorisation of the Qur'an is considered as an important element of religious education and training. We have continued to provide this facility for young people in the mosque.

**Zakat:** Zakat is part of our faith that all who are able to, should offer Zakat. Zakat is collected in proportion to a person's means and is the giving of money for a number of specific purposes including to help others in need and to further the teachings of Islam. The mosque committee collects and distributes the Zakat, none of which is used to fund the mosque and neither is a charge made for collection and distribution of Zakat.

**Inter-faith activities:** Our mosque is an active member of the inter faith communities of the Southampton and the wider Hampshire area and we use this platform to promote inter faith dialogue and social cohesion.

#### ***Policies on reserves.***

The Trustees have set a policy of retaining reserves sufficient for the foreseeable needs of the Mosque. Where there is specific capital expenditure foreseen amounts are set aside into designated funds so the free reserves (general reserves excluding amounts invested in assets for the Mosque's use) are available to meet the costs of normal running and expansion of the Mosque and to ensure the Mosque can meet the commitments that have been entered into.

The level of free reserves are not set as a specific formula, but are anticipated to be around twelve months of the level of fixed expenditure over committed income .

#### **Statement of the Directors Trustees' Responsibilities**

The charity's trustees are responsible for the preparation of the accounts in accordance with the terms of the Companies Act 2006, the Charities Act 2011 and the Charities (Accounts and Reports) Regulations 2008. Notwithstanding the explicit requirement in the extant statutory regulations, the Charities (Accounts and Reports) Regulations 2008, to prepare the financial statements in accordance with the SORP 2005, in view of the fact that the SORP 2005 has been withdrawn, the Trustees determined to interpret this responsibility as requiring them to follow current best practice and prepare the accounts according to the FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), .

In particular, the Companies Act 2006 and charity law require the Board of Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity as at the end of the financial year and of the surplus or deficit of the charity. In preparing those financial statements the Board is required to :-

- to prepare the accounts in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law).
- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business;
- state whether applicable accounting standards and statements of recommended practice have been followed, subject to any material departures disclosed and explained in the financial statements;

### **Trustees' Annual Report for the year ended 31 March 2022**

The law requires that the trustees must not approve the accounts unless they are satisfied that they give a true and fair view of the state of affairs of the charity and of the surplus or deficit of the charity for the year.

The Trustees are also responsible for maintaining adequate accounting records which disclose with reasonable accuracy at any time the financial position of the charity and which are sufficient to show and explain the charity's transactions and enable them to ensure that the financial statements comply with the Companies Act 2006 and comply with regulations made under the Charities Act. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees are also responsible for the contents of the Trustees' report, and the statutory responsibility of the Independent Examiner in relation to the Trustees' report is limited to examining the report and ensuring that, on the face of the report, there are no material inconsistencies with the figures disclosed in the financial statements.

#### **Method of preparation of accounts - Small company provisions**

The financial statements are set out on pages 8 to 23.

The financial statements have been prepared implementing the FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), and in accordance with the Financial Reporting Standard 102, (effective 1st January 2016)

These financial statements have been prepared in accordance with the provisions in Part 15 of the Companies Act 2006, applicable to companies subject to the small companies regime.

This report was approved by the board of trustees on 24 December 2022.

## Southampton Medina Mosque Trust Limited

### Notes to the Accounts for the year ended 31 March 2022

#### 1 Accounting policies

##### *Policies relating to the production of the accounts.*

###### **Basis of preparation and accounting convention**

The accounts have been prepared on the accruals basis, under the historical cost convention, and in accordance with the Financial Reporting Standard 102, (effective 1st January 2016) and 'FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), published by the Charity Commission in England & Wales (CCEW), effective January 2016, and in accordance with all applicable law in the charity's jurisdiction of registration, except that the charity has prepared the financial statements in accordance with the FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), in preference to the previous SORP, the SORP 2005, which has been withdrawn, notwithstanding the fact that the extant statutory regulations, the Charities (Accounts and Reports) Regulations 2008 refer explicitly to the SORP 2005. This has been done to accord with current best practice.

###### **Going Concern**

The Trustees are not aware of any material uncertainties about the charity's ability to continue as a going concern. The ongoing pandemic has had its effect on the finances of the charity but the trustees believe that the charity's financial position is strong enough and with the help of continuing donations and support from the members it will be able to meet its obligations as and when they arise.

###### **Risks and future assumptions**

The charity is a public benefit entity.

##### *Policies relating to categories of income and income recognition.*

###### **Donated goods, facilities and services**

**Donated fixed assets** are recognised at the current fair value. All such donations are recognised as donation income, and debited to fixed assets.

**Donated goods that are not fixed assets** are accounted for at a fair value, unless it is impractical to reliably measure the value of the donated items.

In the absence of any direct evidence of fair value of donated goods, then a value is derived from the cost of the item to the donor or, in the case of goods that are expected to be sold, the estimated resale value after deducting any anticipated costs of sales.

If it is impracticable to measure the fair value of goods donated for resale, or the costs of valuation outweigh the benefits, the donated goods are recognised as income when sold, with an equivalent amount being recognised as an expense.

The costs of goods donated for distribution to beneficiaries is deemed to be the fair value of those goods upon receipt. When the goods are distributed freely or for a nominal consideration, then the carrying amount is adjusted at the time of sale, to the value at the point of distribution and the adjustment is shown as a cost of donations made.

The carrying amount of any stock held for distribution is assessed for impairment at the reporting date. All donated goods are recognised as donation income, and debited to trading stock. When trading stock is subsequently sold, or appropriated to meet an expense, then the carrying value of the stock is recognised as an expense. In accordance with the SORP, goods donated for distribution to beneficiaries, or for consumption by the charity are included in 'legacies and donations'. Goods donated for resale are included in 'Income from other trading activities'

The cost of any stock of goods donated for distribution to beneficiaries is deemed to be the fair value of those gifts at the time of their receipt. If the goods held are to be distributed freely or for a nominal consideration, then the carrying amount is subsequently adjusted to reflect the lower of deemed cost adjusted for any loss of service potential and replacement cost. Replacement cost is the economic cost incurred if the charity was to replace the service potential of the donated goods at its own expense in the most economic manner.

## Southampton Medina Mosque Trust Limited

### Notes to the Accounts for the year ended 31 March 2022

**Donated services and facilities** (including seconded staff and use of property) are included in the accounts on the basis of the value of the gift to the charity.

All donated services and facilities are recognised as donation income when received, (provided the value of the gift can be measured reliably) and recognised as an expense with an equivalent value.

#### ***Policies relating to expenditure on goods and services provided to the charity.***

##### **Recognition of liabilities and expenditure**

A liability, and the related expenditure, is recognised when a legal or constructive obligation exists as a result of a past event, and when it is more likely than not that a transfer of economic benefits will be required in settlement, and when the amount of the obligation can be measured or reliably estimated..

Liabilities arising from future funding commitments and constructive obligations, including performance related grants, where the timing or the amount of the future expenditure required to settle the obligation are uncertain, give rise to a provision in the accounts, which is reviewed at the accounting year end. The provision is increased to reflect any increases in liabilities, and is decreased by the utilisation of any provision within the period, and reversed if any provision is no longer required. These movements are charged or credited to the respective funds and activities to which the provision relates.

##### **Allocating costs to activities**

Direct costs that are specifically related to an activity are allocated to that activity. Shared direct costs and support costs are apportioned between activities.

The basis for apportionment, which is consistently applied, and proportionate to the circumstances, is :-

**Staffing** - on the basis of time spent in connection with any particular activity.

**Premises related costs** - on the proportion of floor area occupied by a particular activity.

Non specific support costs - on the basis of the usage of resources, in terms of time taken, capacity used, request made or other measures.

##### **Volunteers**

In accordance with the SORP, and in recognition of the difficulties in placing a monetary value on the contribution from volunteers, the contribution of volunteers is not included within the income of the charity.

However, the trustees value the significant contribution made to the activities of the charity by unpaid volunteers and this is described more fully in Note6.

#### ***Policies relating to assets, liabilities and provisions and other matters.***

##### ***Tangible fixed assets***

Tangible fixed assets are measured at their original cost value, or subsequent revaluation, or if donated, as described above. Cost value includes all costs expended in bringing the asset into its intended working condition.

Depreciation has been provided at the following rates in order to write off the assets to their anticipated residual value over their estimated useful lives.

Freehold premises (building only)	2 % straight line
Plant and machinery	25 % Reducing Balance

##### **Debtors**

Debtors are measured at their recoverable amounts at the balance sheet date.

##### **Pensions - defined contribution schemes**

The charity operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

### Notes to the Accounts for the year ended 31 March 2022

#### Fund Accounting

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

There are no endowment funds.

#### 2 Liability to taxation

The Trustees consider that the charity satisfies the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 for UK corporation tax purposes. Accordingly, the Charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by chapter 3 part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively on the specific charitable objects of the charity and for no other purpose. Value Added Tax is not recoverable by the charity, and is therefore included in the relevant costs in the Statement of Financial Activities.

#### 3 Winding up or dissolution of the charity

If upon winding up or dissolution of the charity there remain any assets, after the satisfaction of all debts and liabilities, the assets represented by the accumulated fund shall be transferred to some other charitable body or bodies having similar objects to the charity.

#### 4 Significance of financial instruments to the charity's position

**Zakat:** Zakat is part of our faith that all who are able to, should offer Zakat. Zakat is collected in proportion to a person's means and is the giving of money for a number of specific purposes including to help others in need and to further the teachings of Islam. The mosque committee collects and distributes the Zakat, none of which is used to fund the mosque and neither is a charge made for collection and distribution of Zakat.

## Notes to the Accounts for the year ended 31 March 2021

### 1 Accounting policies

#### *Policies relating to the production of the accounts.*

##### **Basis of preparation and accounting convention**

The accounts have been prepared on the accruals basis, under the historical cost convention, and in accordance with the Financial Reporting Standard 102, (effective 1st January 2016) and 'FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), published by the Charity Commission in England & Wales (CCEW) , effective January 2016, , and in accordance with all applicable law in the charity's jurisdiction of registration, except that the charity has prepared the financial statements in accordance with the FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in October 2018 and applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), in preference to the previous SORP, the SORP 2005, which has been withdrawn, notwithstanding the fact that the extant statutory regulations, the Charities (Accounts and Reports) Regulations 2008 refer explicitly to the SORP 2005. This has been done to accord with current best practice.

##### **Going Concern**

The Trustees are not aware of any material uncertainties about the charity's ability to continue as a going concern. The ongoing pandemic has had its effect on the finances of the charity but the trustees believe that the charity's financial position is strong enough and with the help of continuing donations and support from the members it will be able to meet its obligations as and when they arise.

##### **Risks and future assumptions**

The charity is a public benefit entity.

#### *Policies relating to categories of income and income recognition.*

##### **Donated goods, facilities and services**

**Donated fixed assets** are recognised at the current fair value. All such donations are recognised as donation income, and debited to fixed assets.

**Donated goods that are not fixed assets** are accounted for at a fair value, unless it is impractical to reliably measure the value of the donated items.

In the absence of any direct evidence of fair value of donated goods, then a value is derived from the cost of the item to the donor or, in the case of goods that are expected to be sold, the estimated resale value after deducting any anticipated costs of sales.

If it is impracticable to measure the fair value of goods donated for resale, or the costs of valuation outweigh the benefits, the donated goods are recognised as income when sold, with an equivalent amount being recognised as an expense.

The costs of goods donated for distribution to beneficiaries is deemed to be the fair value of those goods upon receipt. When the goods are distributed freely or for a nominal consideration, then the carrying amount is adjusted at the time of sale, to the value at the point of distribution and the adjustment is shown as a cost of donations made.

The carrying amount of any stock held for distribution is assessed for impairment at the reporting date. All donated goods are recognised as donation income, and debited to trading stock. When trading stock is subsequently sold, or appropriated to meet an expense, then the carrying value of the stock is recognised as an expense. In accordance with the SORP, goods donated for distribution to beneficiaries, or for consumption by the charity are included in '*legacies and donations*'. Goods donated for resale are included in '*Income from other trading activities*'

The cost of any stock of goods donated for distribution to beneficiaries is deemed to be the fair value of those gifts at the time of their receipt. If the goods held are to be distributed freely or for a nominal consideration, then the carrying amount is subsequently adjusted to reflect the lower of deemed cost adjusted for any loss of service potential and replacement cost. Replacement cost is the economic cost incurred if the charity was to replace the service potential of the donated goods at its own expense in the most economic manner.

## Southampton Medina Mosque Trust Limited

### Notes to the Accounts for the year ended 31 March 2021

**Donated services and facilities** (including seconded staff and use of property) are included in the accounts on the basis of the value of the gift to the charity.

All donated services and facilities are recognised as donation income when received, (provided the value of the gift can be measured reliably) and recognised as an expense with an equivalent value.

#### ***Policies relating to expenditure on goods and services provided to the charity.***

##### **Recognition of liabilities and expenditure**

A liability, and the related expenditure, is recognised when a legal or constructive obligation exists as a result of a past event, and when it is more likely than not that a transfer of economic benefits will be required in settlement, and when the amount of the obligation can be measured or reliably estimated.

Liabilities arising from future funding commitments and constructive obligations, including performance related grants, where the timing or the amount of the future expenditure required to settle the obligation are uncertain, give rise to a provision in the accounts, which is reviewed at the accounting year end. The provision is increased to reflect any increases in liabilities, and is decreased by the utilisation of any provision within the period, and reversed if any provision is no longer required. These movements are charged or credited to the respective funds and activities to which the provision relates.

##### **Allocating costs to activities**

Direct costs that are specifically related to an activity are allocated to that activity. Shared direct costs and support costs are apportioned between activities.

The basis for apportionment, which is consistently applied, and proportionate to the circumstances, is :-

**Staffing** - on the basis of time spent in connection with any particular activity.

**Premises related costs** - on the proportion of floor area occupied by a particular activity.

Non specific support costs - on the basis of the usage of resources, in terms of time taken, capacity used, request made or other measures.

##### **Volunteers**

In accordance with the SORP, and in recognition of the difficulties in placing a monetary value on the contribution from volunteers, the contribution of volunteers is not included within the income of the charity.

However, the trustees value the significant contribution made to the activities of the charity by unpaid volunteers and this is described more fully in Note6.

#### ***Policies relating to assets, liabilities and provisions and other matters.***

##### ***Tangible fixed assets***

Tangible fixed assets are measured at their original cost value, or subsequent revaluation, or if donated, as described above. Cost value includes all costs expended in bringing the asset into its intended working condition.

Depreciation has been provided at the following rates in order to write off the assets to their anticipated residual value over their estimated useful lives.

Freehold premises (building only)	2 % straight line
Plant and machinery	25 % Reducing Balance

##### **Debtors**

Debtors are measured at their recoverable amounts at the balance sheet date.

##### **Pensions - defined contribution schemes**

The charity operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

##### **Fund Accounting**

## Southampton Medina Mosque Trust Limited

### Notes to the Accounts for the year ended 31 March 2021

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

There are no endowment funds.

#### 2 Liability to taxation

The Trustees consider that the charity satisfies the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 for UK corporation tax purposes. Accordingly, the Charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by chapter 3 part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively on the specific charitable objects of the charity and for no other purpose. Value Added Tax is not recoverable by the charity, and is therefore included in the relevant costs in the Statement of Financial Activities.

#### 3 Winding up or dissolution of the charity

If upon winding up or dissolution of the charity there remain any assets, after the satisfaction of all debts and liabilities, the assets represented by the accumulated fund shall be transferred to some other charitable body or bodies having similar objects to the charity.
