4/ Commentary

We have not had a Hire charge review since 2018 so we need to consider our position.

There has been no return to normality, as represented by the last full 'pre-Covid' accounting period of 2019. Ad-hoc rental income is only slowly recovering, with 2021 income 72% down on 2019 period.

Although we may be eager to see the extension project completed we must curb our enthusiasm to avoid placing the long-term sustainability of the Hall in jeopardy. We should reflect that the potential demand and associated rental income from this new 'annex' is unknown and as so our first priority must be the sustaining of the core business activity, centred on the main hall.

If we exclude the monies provided by Shropshire Council under their 'Covid support scheme' and totalling £17,431 then our available bank balance at end of 2021 is halved to £17,318. Trustees should reflect that the Shropshire Council monies were not provisioned to enable our building project, and that Trustees are accountable for ensuring that these monies are directed towards their intended purpose of sustaining our Community Hall through the financial aftershocks of Covid.

We need to continue to develop our prudent approach - maintaining sufficient reserves to enable repair and renewal of building components on breakage or advanced deterioration, IF we are to avoid unchecked dilapidation of the asset and its amenities – my advice stands for a minimum £10k earmarked reserve.

The implications of the preceding two paragraphs is that we only have a modest £7k immediately available for the hall project. I have applied to Shropshire Council in response to a scheme they launched pre-Christmas to make monies available to Community Halls. Though the emphasis of this scheme is for those who did not previously avail themselves, there is no harm in trying and I have sought to make a compelling case. I await the outcome.

The Pre-school have given notice, their usage will end at the end of the Spring term in early April. Our rental charge to the Pre-school was far too low and unsustainable over the 10 years or so that it operated, this would be even more profound under a climate of depressed general rental income. The less than £4 an hour charge makes no allowance for renewal from the wear and tear attributable to this major subscribers' level of usage. We must be more realistic moving forwards when formulating an appropriate hire charge.

We are in negotiations with the School who have declared an interest in taking on the slot vacated by the Pre-school. Based on limited upfront clarity as to their intended usage, and modelled against their current usage charge, we made an offer of an 'off peak' charge (i.e. still favourably discounted) of £8 an hour - double the pre-school hire charge. This was initially warmed to.

However, the school has set requirements for landline and Broadband installation to be met at our cost – a need only stated after our figure was quoted. We have responded that we could not entertain this additional investment without this being reflected in a revised quotation and a minimum contract term applying. Also, that if the activity was to be commercially based then we would reserve the right to vary the discount. The school has also stated a desire to leave their equipment out overnight and throughout the week. We have responded that such a need could only be met under a whole building exclusive lease and that this is not something we can offer in our multi-use community building as it would impede our ability to meet other subscribers' usage needs. We await their reply.

If we do not replace the pre-school income then, based on current reduced general hire interest, we will enter a loss-making trading position that will erode reserves and ultimately lead to closure if nothing else were to happen to counterbalance this lost income. As such this is a critical risk item needing careful monitoring. We need to remain astute to not acting hastily as whatever agreement we enter into to replace the vacated pre-school slot needs to be win-win.

If the school do not indicate a desire to proceed soon then we will need to promote the available slot and seek other interest.

I have completed our return to the Charity Commission. As the in year income is above £10k then I will need to upload a copy of our accounts to the Charity Commission portal. Because our income for the year is above £25k then these accounts will need to be subject to independent audit inspection and sign-off albeit, as they state on their website, only requiring a 'light touch' spot check inspection. This needs to be organised in to enable me to upload and close off this matter.

Audit of Sheriffhales Village Hall Accounts year ending 31/12/21

Notes

There are 2 transactions where there is no evidence to support the transaction

1. 6/4/21-£ 40.00-Patrick Kind-40 Handball-No receipt
2. 16/10/21-£234.00-R Pidduck-Sheriffhales PLNAP-No receipt and no bank payment advice

I would recommend where there is a reimbursement to the Treasurer that the document/invoice is countersigned by another member of the Committee.

I have amended the value in cell AF146 to read £2,660.34, it read £2,660.64 causing a 30p discrepancy.

Official Statement (Shown on Bank reconciliation)

During the examination of the accounts, no matter has been identified to which attention should be drawn to enable a proper understanding of the accounts or which gives cause to believe that proper accounting records have not been kept.

Thanks
Carron
