11. PAYMENTS TO DIRECTORS

No payments were made to Directors or any persons connected with them during this financial period. No material transaction took place between the charity and a trustee or any person connected with them.

12. RISK ASSESSMENT

The Directors actively review the major risks which the charity faces on a regular basis and believe that maintaining the fee reserves stated, combined with the annual review of the controls over key financial systems carried out on an annual basis will provide sufficient resources in the event of adverse conditions. The Directors have also examined other operational and business risks which they face and confirm that they have established systems to mitigate the significant risks.

13. RESERVE POLICY

The Directors have considered the level of reserves they wish to retain, appropriate to the charity's needs. This is based on the charity's size and the level of commitments held. The Directors aim to ensure the charity will be able to continue to fulfil their charitable objectives even if there is a temporary shortfall in income. The Directors will endeavour to not 'sit' on funds unnecessarily.

14. PUBLIC BENEFIT

The charity acknowledges its requirement to demonstrate clearly that it must have charitable purposes or aims that are for the public benefit. Details of how the charity has achieved this are provided in the Trustees report. The Trustees confirm that they have paid due regard to the Charity Commission guidance on public benefit before deciding what activities the charity should undertake.
