HOME-START CORBY LIMITED
DIRECTORS' AND TRUSTEES' REPORT
FOR THE YEAR ENDED 31 MARCH 2022

The Trustees, who are also directors of the charity for the purposes of the Companies Act, submit their annual report and the financial statements for the year ended 31 March 2022. The trustees have adopted the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities" (FRS 102) in preparing the annual report and financial statements of the charity.

Objectives and activities

The charity is a voluntary organisation committed to promoting the welfare of families with at least one child under five years of age. Volunteers offer regular support, and practical help to families under stress in their own homes, helping to prevent family crisis and breakdown. Home-Start Corby Limited is committed to working alongside families in a non-judgemental way; listening, enabling and supporting.

Achievements and performance

During the year the charity has continued to run preparatory courses for our parent volunteers. These courses have been well attended and we are very fortunate to receive committed and enthusiastic volunteers to support families with young children. The majority of our referrals continue to be from health visitors and the volunteers have continued to give excellent support to families. Candidates as additional trustees are continually being sought to add to the breadth and strength of experience on the board.

Since May 2017 the charity has been working on the Reaching Communities Big Lottery Fund project 'Home Wasn't Built In a Day'. This project has been developed with both families and partner agencies in Corby and aims to help families access the support they need and focus on more practical aspects of parenting such as brightening up their home environment, budgeting, options for healthier lifestyles and planning options for returning to work or education.

This project was due to end on 30 April 2021, but the trustees are delighted that the charity was awarded £34,379 to extend the project to 31 August 2021 and then a further £419,664 to continue for a further four years until August 2025.

In addition, the charity has worked on additional projects during the year on behalf of the following fund providers:-

Kingswood and Hazel Leys Big Local

This project enables us to recruit and train highly skilled volunteers to be matched with families and offer practical support and emotional wellbeing support to families across the KHL Big Local reach. This project will run until 31 August 2022.

The Department of Environment , Food & Rural Affairs (Defra)

This project was to support with food poverty across the winter months. As well as providing food for families we were able to provide utensils such as saucepans and cookery sacks and the provision of gas and electricity to ensure that cooking could be carried out. We were also able to work with families to support better understanding of eating and cooking on a budget while making healthier food choices.

Home-Start UK

The aim of the project was to improve the school readiness of children by providing Big Hopes, Big Future® support to families. The programme enabled volunteers to use original, specially produced materials for working directly with young children in the families they are supporting. Volunteers were able to help develop story times, early numeracy skills and understanding of the routines of the school day. This project will run until 21 May 2022

Northamptonshire Community Foundation

The Bambino Mio project was aimed at families facing poverty, with the most severe issues including child poverty, food poverty, child hunger and social isolation which became exacerbated by the pandemic and job losses in the community. The charity focused on the ongoing Eat Smart with Home-Start Corby initiative and the provision of practical packs for families and children.

Financial review

The Trustees are satisfied with the results for the financial year and with the position at the balance sheet date.

Reserves policy

Unrestricted reserves are needed to provide funds to maintain a level of service delivery in the event of unanticipated shortfalls in income; to provide funds which can be designated to projects at short notice in the event of a perceived need; to avoid the necessity of realising fixed assets held for charitable use; and to cover management, administration, fundraising and support costs without which the charity could not function. The unrestricted reserves as at the year end were £95,726 (2021: £84,974).

The trustees have examined the requirement for free reserves, which are those unrestricted funds not invested in fixed assets, designated for specific purposes or otherwise committed. The trustees consider that, given the nature of the charity's work, free reserves should not fall below 3 months revenue expenditure, but with the intention of achieving a level of 6 months.

The policy is monitored and reviewed annually by the trustees.

Plans for future periods

The charity will continue to work on the Big Lottery 'Home Wasn't Built In A Day' project until 31 August 2025. We will continue to seek new funding opportunities to improve the outcomes for children and families in our community.

Structure, governance and management

Trustees are encouraged to attend appropriate external training events where these will facilitate the undertaking of their role. The charity has undertaken a skills audit of its trustees. The board aims to have a diverse membership which accurately reflects the communities of Corby.

Organisation

The charity has a management committee who meet regularly and is responsible for the strategic direction and policy of the charity. The members are from a variety of backgrounds relevant to the work of the charity.

Risk policy

The trustees do not believe the charity is subject to any substantial risks beyond the liabilities disclosed in the report and accounts. The trustees have ensured that full employer's liabilities are in place to protect the organisation in the event of someone being injured or a claim being made against themselves as employees of the organisation. An insurance policy covering equipment and contents is also in place along with legal expenses cover.

Trustees' responsibilities in relation to the financial statements

The trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year, which give a true and fair view of the state of the affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for the year. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

1. Accounting policies

Company information

Home-Start Corby Limited is a charitable company limited by guarantee, incorporated in England and Wales. The registered office is Oakley House, Headway Business Park, 3 Saxon Way West, Corby, Northamptonshire, NN18 9EZ. The place of business is given on the legal and administrative information page of these financial statements.

Accounting convention

These financial statements have been prepared in accordance with the statement of recommended practice FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (Charities SORP FRS 102) and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies' regime. The disclosure requirements of the Charities SORP (FRS 102) have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

Income and endowments

These are included in the statement of financial activities at the point of receipt and are measured at fair value. If it is impractical to measure the fair value of goods donated for resale or distribution, the donated goods must then be recognised as income when they are sold or distributed.

Resources expended

Liabilities are recognised as resources expended as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category.

Depreciation of fixed assets

A full year's depreciation is charged in the year of acquisition of an asset but none in the year of disposal.

Depreciation has been computed to write off the cost of fixed assets over their expected useful lives at the following rates:-

Fixtures and fittings	25% per annum reducing balance basis
-----------------------	--------------------------------------

Fund accounting

General funds comprise unrestricted funds which are available for use at the discretion of the trustees in furtherance of the general objects of the charity. Restricted funds are subject to the conditions imposed by the donors.

Pension costs

Payments to defined contribution retirement benefit schemes are charged as an expense as they become payable.

Taxation

No corporation tax has been provided for in the financial statements as the income of the company as a registered charity is within the exemptions granted by Section 505 of the Income and Corporation Taxes Act 1988.

Cash at bank and in hand

Cash at bank and in hand are basic financial assets and include cash in hand, deposits held at call with banks and other short-term liquid investments with original maturities of three months or less.

Going concern

Whilst the impact of coronavirus has dissipated to some degree, the legacy of its effect continues to be felt throughout most sectors of the economy. Other matters such as supply chain issues and rising prices, particularly fuel and energy, are impacting across all businesses. Going concern is therefore an important area that the directors are keeping under close scrutiny. No immediate concerns in relation to the company's long term future have been identified, but this area continues to be monitored. The directors are satisfied that the steps they have taken in the short term are appropriate and effective.
