## Objectives and activities

### Summary of the purposes of the charity set out in its governing document

To advance the education and promote the rehabilitation of disadvantaged communities by promotion of the arts, in particular but not exclusively involving museums and galleries. To provide or assist in the provision of facilities in the interests of social welfare for recreation or other leisure time occupation of individuals who have need of such facilities by reason of their youth, age, infirmity or disability, financial hardship or social circumstances with the object of improving their conditions of life.

We aim to promote the creative arts amongst marginalized groups, particularly the offending community, young people who are struggling with formal education, young people in local authority care, including those with physical and learning difficulties, the poor and those in need of rehabilitation and reintegration into the community. Stretch achieves its objectives by delivering a variety of innovative and bespoke arts projects, enhancing the rehabilitation and education of the marginalized communities and in so doing, enabling their reintegration into the community. The objectives are further achieved through advocacy of the benefits of arts education in engaging into society those that have suffered social exclusion of many sorts.

### Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts

Our main activities and who we help are described elsewhere in this report. All our charitable activities are undertaken to further our charitable purposes for the public benefit. The Committee have had regard to the Charity Commission's guidance on public benefit throughout the year when deciding on the activities of the charity.

The trustees consider that they have complied with their duties to have due regard to the public benefit guidance published by the Charity Commission.

## Achievements and performance

### Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.

#### Directors Account

It has been a difficult few years for Stretch, seemingly harder to get funding and Stretch Director Carlotta Allum busy trying to finish her PHD. The work we have done we are very proud of, but it feels like a struggle.

#### Violence against women and girls

Some funding from Islington Council was very timely and opened doors to a new group of clients where we really found we can make a difference. We ran a specific storytelling project with Women and Girls affected by Violence called WEHeal. We delivered workshops where the girls and women told their stories creatively and felt empowered to speak up, the stories can then be used in the wider community. This led to a great partnership with Bethany House and we are fundraising to continue this work

We were well supported by Fahima Begum at Bethany House supported accommodation. They were having an open day so I went and gave a presentation. We started a delivery of sessions at the accommodation that went well and were well attended. This was an easier place to work as we were visiting them in their homes, and it was easier for them to get there. The hostel had a good room for projects and lots of art materials and the women were engaged. We delivered 8 sessions that always had a minimum of 4 people and a maximum of 9. The women there have multiple disadvantages and have all experienced violence in some way. It was a diverse group of different ages, ethnic origins and stories. All the participants lived on site.

Bethany House, 13 Lloyd Square, Islington, London, WC1X 9AR

**From Fahima Begum:**

We received many good feedback from our residents. They have asked if you will be returning.

Feedback from residents:

" A resident said the first time someone asked her to share her story without asking any questions"

" A resident said enjoyed cutting pictures from the magazine and found it therapeutic"

"A resident said the Storytelling workshop helped her to reflect on her life"

*I would like to say Thank you for allowing our residents to express and share their journey without any pressure or judgement. We had attendance because you made them feel you were willing to listen to their story.*

We hope you can do another workshop at Bethany House.

## The Art Council – Stories that Heal

Continuing our storytelling for mental health, we secured some money to run projects with MIND in Camden and Downview Prison. This too ran successfully with very positive outputs under quite difficult conditions. We were wanting to do some work under 'social prescribing' but had missed the application deadline. We already had some groups lined up for Storytelling with mental health. All these groups we would like to continue to work with, funding depending.

## Stretch Development - Margate

Our development has still mainly been spent on Margate Newgate gap project. We had a series of artist led installations on the art box which attracted some interest, and we were very pleased with. We have tried to make some connections with other communities to collaborate on the box with mixed success.

The Art Box must come down now, so we are looking at the feasibility of a proper outdoor gallery as seen in other seaside towns. We are still looking for partner for this.

We have built a strong partnership with Brixton Prison and Pentonville Prison, and we are fundraising to continue this work. Our team that worked in Margate have found a property in St Leonards in Hastings and have set up a new venture for Stretch. A community-led theatre and gallery. Stretch Hot Tap Theatre. We think this will be a successful venture and have already had a lot of interest

We thank all our supporters and regular funders. Special mention to Goldsmiths 'Open Book' project who have employed us on various occasions to work with their alumni. Thanks to Dean Stalham and his tireless energy and community work. Thanks to the Arts Council for their advice, although we have been unlucky recently, we have faith they will come good.

Thanks

## Financial review

### Review of the charity's financial position at the end of the period

t

### Statement explaining the policy for holding reserves stating why they are held

It is the new policy of the Trust to build some unrestricted reserves. As it stands we have very few unrestricted funds and we are looking at a new fundraising strategy to rectify this. Our work is project funded and there for 'general overheads' would be low. It has been a very difficult year and we did not hit our fundraising targets from the year before. We hoped to maintain 3 months running costs by 2018. Reserves would be held so that the charity can fulfill its financial obligations to staff and creditors in the event of an unexpected cessation of activity.

### Amount of reserves held

### Reasons for holding zero reserves

### Funds materially in deficit

none

### Explanation of any uncertainties about the charity continuing as a going concern

The risks to which the charity are exposed are monitored on a regular basis by the Board and appropriate action is taken to mitigate and manage those risks, and to minimize any possible disruption to the effectiveness of the charity's work from them. We have an extensive insurance policy that includes Trustee indemnity insurance. We work to specific project funders risk assessments.

## Independent examiner's report to the trustees of Stretch

I report on the accounts of: **Stretch (the Charity)**  
for the year ended: **30th September 2024** which are set out on pages 8 to 10.

### Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Charity's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

### Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention, other than those stated below, in connection with the examination giving me cause to believe that in any material respect:

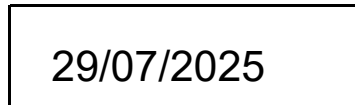

- 1 accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
- 2 the accounts do not accord with those records

There has been absence of supporting documentation for the payments, other than seeing them leave the bank account on the statements.

### Achievements and performance

#### Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.

This proved to be a difficult year for Stretch with little activity due to the pandemic. We continued to negotiate with Thanet District Council over Newgate Gap Pavilion. We commissioned the architects PUP to start some plans for an Outsider Art Gallery and they have done an amazing job with some initial ideas - we had a public consultation at Faith in Strangers opposite the site which was well attended and we gathered support from a couple of local councillors.

To fundraise for a building is a huge job and maybe too much for Stretch as it stands so we are looking for new partners and sponsors for the main build. We will probably start a sister CIC for the gallery space - we are looking into that. At the moment we have two years as a temporary structure with which to experiment with partnerships

We were lucky enough to receive some emergency funding from the Arts Council to cover our day to day work in the pandemic, we produced a booklet and made some films in attempt to deliver storytelling over lock down, we built a partnership with the archives at CSM, UAL - with mixed success - this was a fine example from HMP Thameside

## Feedback from Judy at the museum

'I was really impressed by the way David engaged with the activity. He showed bravery and honesty in sharing his story and his illustrations clearly expressed a range of emotions. The story also came with a very powerful message - that it's never too late to become the person you have the potential to be. I hope David keeps on this path of creativity and positivity. He is clearly a talented

We are feeling positive about the future, with a possible change of structure as we move into the next phase. Stretch director is working hard on her practice led PhD in storytelling so may step back from Stretch a little as she works for the university on various

I have been informed that the confidentiality of the information I provide will be safeguarded	DSD
I understand that I can request a copy of any output (e.g. reports, articles, presentations) once the project is complete.	DSD
I agree to take part in the project	DSD
I understand that if the information I provide is about behaviour that is illegal and/or potentially harmful to myself (e.g. intention to self-harm or commit suicide, etc.) or to others, that this information must be disclosed to the HMP establishment.	DSD

Please tell us what you learned over the project. I have learnt what a panel is and what they are used for; also moment to moment, action to action, Subject to Subject, Scene to scene, action to action and non-regular illustration techniques and how they can be used to convey a story.

What did you think about the film resources? I briefly watched a little bit of the show but didn't really digest it - But I do remember seeing some very good art.

What do you think you can use from the project? Encouragement, recognition and feedback - Possibly a platform to help display a piece of art with sketch. I could use advice from Carlotta and would value that as 15 years experience is a long time.

What did you think of the booklet? I enjoyed it and think it is good because it motivated and encouraged me to draw something that I would not have done if I did not have it - The booklet helped me to connect to my creative side.

If you could change something about the project, what would it be? I would change give a clearer explanation of what to do on pages 20 and 21. I was unsure of what I was expected to draw there and didn't want to do anything wrong.

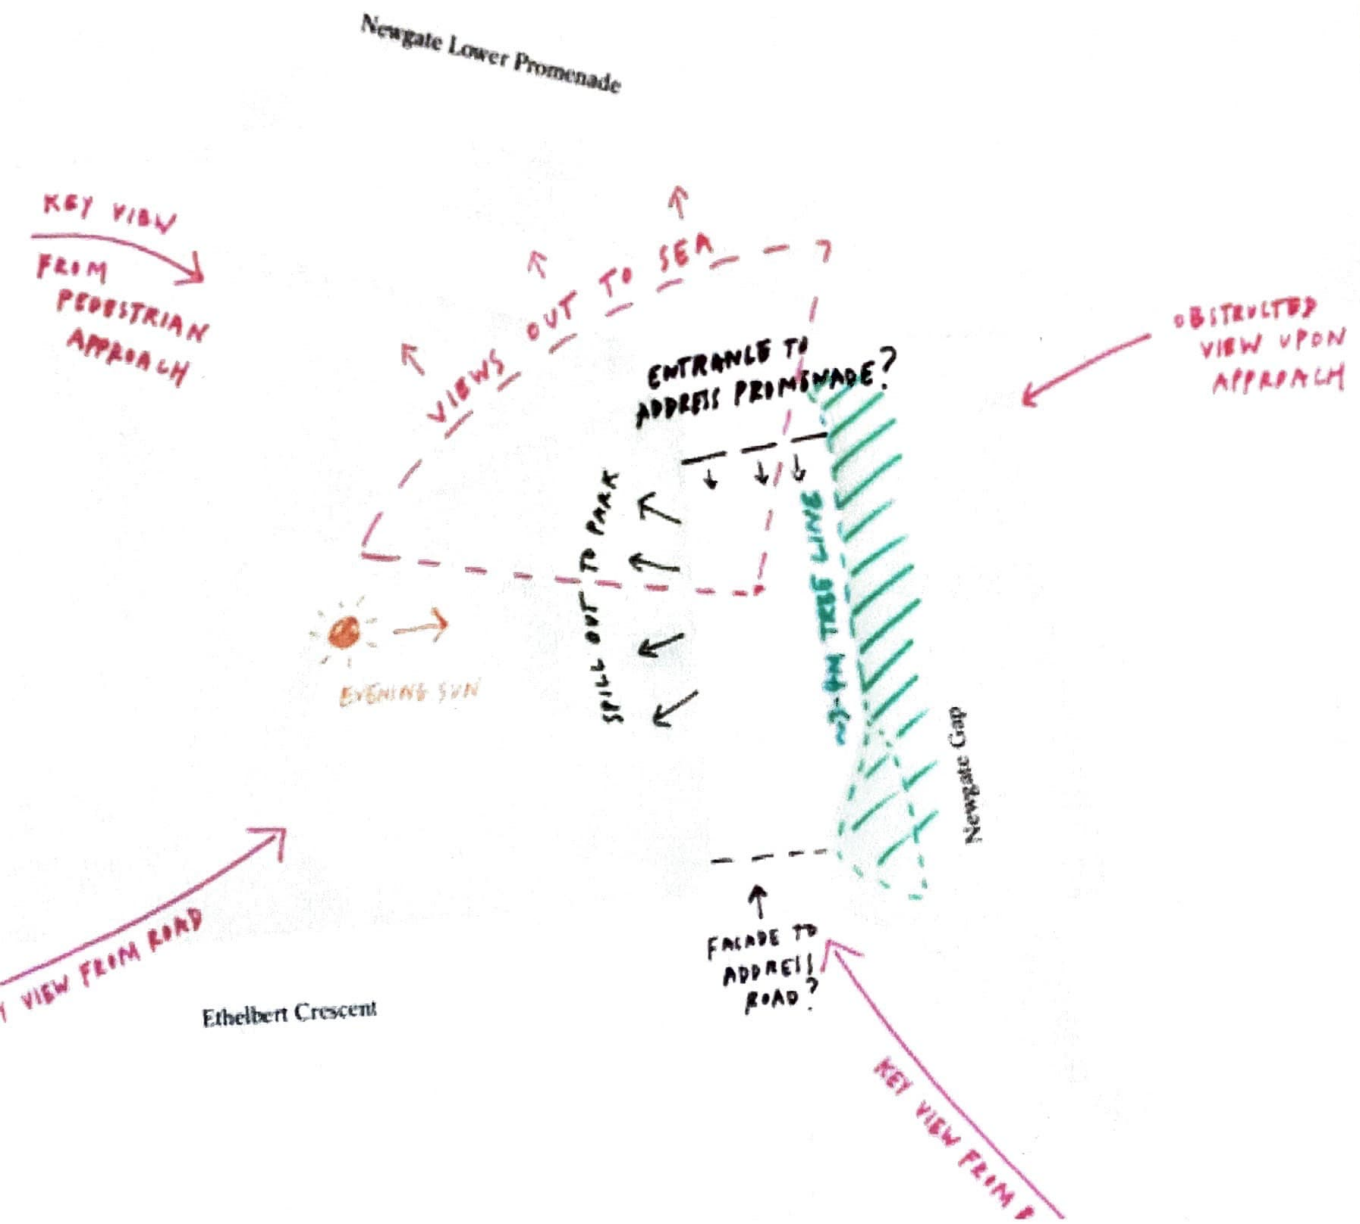

Any other comments

Thanks for organising, arranging and allowing us to have an opportunity to get involved, it has been educational, stimulating, interesting and fun.
