**REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 DECEMBER 2021**

The Trustees, who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 December 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

OBJECTIVES AND ACTIVITIES

Purposes and activities

The purposes of the charity are:

- to fund non-commercial clinical trials with the aim to make clinical advances and promote the relief of suffering;
- to provide charitable donations for community service projects of any kind to promote education, training and counselling of disadvantaged persons;
- to provide donations to hospitals, medical and care projects of any kind to assist with the general welfare of patients.

The vision that shapes our annual activities remains the advancement of medical knowledge by the provision of funds to institutions carrying out clinical trials in order to improve the quality of life of sufferers. The charity also has a general aim of contributing to projects to further the social and educational welfare of communities.

The Trustees award grants on the perceived merits of applications which are made to the charitable foundation in writing.

In shaping our objectives for the year and planning our funding activities, the Trustees have considered the Charity Commission's guidance on public benefit, including the guidance 'Public Benefit: running a charity (PB2)'.

We endeavour to fulfil these responsibilities, as our donations are locally for the benefit of communities and our clinical trials funding is for the general population.

The strategies employed to achieve the charity's aims and objectives are to:

- advertise to encourage institutions and community projects to apply for available funding;
- monitor the ongoing clinical trials to ensure that milestones are being met, to ensure that the funding is directed to the most worthy trials.

ACHIEVEMENT AND PERFORMANCE

Charitable activities

Since its inception the charity has funded over 100 clinical trials which have been selected based on high quality science and the potential to have a direct patient benefit. The trials have been conducted in a wide range of therapy areas and range from first in human to new uses for licenced drugs. During the past 12 months several of the trials have completed and presented their results to the Trustees. The majority of the other trials continue to experience delays due to the COVID-19 pandemic.

The charity has supported ground breaking research in diseases that struggle to obtain funding from other funders as they do not fulfil their funding criteria e.g. head and neck cancer. We have also entered into several joint ventures with other medical charities to help support larger trials looking at a cure for Parkinson's disease and another aiming to detect prostate cancer.

Due to the increasing administrative burden faced by researchers conducting non-commercial clinical research, predicted timelines for some trials do slip. However, regular reporting of performance helps to ensure that milestones are met. The Trustees are able to provide guidance and support to projects that struggle to achieve the anticipated project timelines.

Approximately 30% of applications receive full or partial funding and the charity has provided over £21 million in funding to date.

The income and expenditure for the year are set out in the statement of financial activities.

The net movement in funds for the year was a deficit of £292,523 (2020: £304,236), resulting in a fund surplus carried forward of £553,020 (2020: £845,543).

The foundation continued to provide grants for medical research projects totalling £460,446 (2020: £1,314,026). Grants are generally made in instalments and the Trustees review the ongoing performance of these research projects to ensure that these are operating within expectations prior to any further grants being released.

FINANCIAL REVIEW

Financial position

At the balance sheet date the charity's reserves were in surplus by £553,020 (2020: £845,543). These are unrestricted reserves and available for the general purposes of the charity. At the year end there are grant commitments of £1,496,947 (2020: £1,958,501). These commitments span future accounting periods and are detailed at note 14 to the financial statements.

Principal funding sources

The charity's principal funding source of income are donations from Mr J P Moulton, Mr S J Moulton (Trustees) and other high net worth individuals.

The financial support of the Trustees continues to be essential in maintaining and protecting its current funding commitments to ensure that the charity operates as a going concern. Mr J P Moulton has indicated that he is willing to continue donating funds for the foreseeable future so that the Foundation may meet its financial commitments.

Reserves policy and going concern

Reserves are needed to bridge the gap between the spending and receiving of income and to cover any overheads.

The Trustees have reviewed the risks associated with receiving enough future income to cover its funding commitments and have concluded that there are enough high net worth individuals supporting the charity for it to be able to continue in operation until its obligations are fulfilled.

Pay policy for trustees

All Trustees give their time freely.

FUTURE PLANS

The charity will continue to fund its existing financial commitments. However, a new charity has been established in Guernsey, The Jon Moulton Charity Trust. Calls for future funding will be via that charity which will likewise fund those successful grant applications.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The company is registered as a charitable company limited by guarantee and was set up by the Memorandum of Association on 10 December 2004.

The company is constituted under a Memorandum of Association dated 10 December 2004 and is a registered charity number 1109891.

The principal and registered office together with the persons who served as Trustees during the year and their relevant position on the Board and any office held are listed under 'Reference and Administrative details'.

Recruitment and appointment of new Trustees

The management of the company is the responsibility of the Trustees who are elected and co-opted under the terms of the Articles of Association.

Induction and training of new Trustees

The charitable foundation is relying upon the guidance issued by the Charities Commission in relation to induction and training of Trustees.

Individuals wishing to become trustees apply by written application and are appointed by a resolution of the members if they are considered to be suitable for the vacancy that exists.

Management of the charity

The day to day management of the charity rests with the Trustees.

PUBLIC BENEFIT

When considering the charitable company's activities, the Trustees have complied with their duty under s17(5) of the Charities Act 2011 to have due regard to the Charity Commission's general guidance on public benefit.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

1. GENERAL INFORMATION

J P Moulton Charitable Foundation is a company limited by guarantee and has no share capital. It is incorporated in England and Wales and its registered office is 10 Buckingham Street, London, WC2N 6DF.

The principal activity of the company is disclosed in the Report of the Trustees.

The members of the charitable company are the Trustees named on page 1. In the event of the charitable company being wound up, the liability in respect of the guarantee is limited to £10 per member.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements and assessment of going concern

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements are prepared in sterling, which is the functional currency of the entity, and rounded to the nearest £1.

The Trustees believe it appropriate to adopt the going concern basis of accounting in preparing the annual financial statements and consider that there are no material uncertainties about its ability to continue.

A personal commitment has been given by J P Moulton (Trustee) to continue his financial support of the charitable company for the foreseeable future, in particular so that it may fulfil its financial commitments.

The Trustees consider that there are no key assumptions or estimates that need separate disclosure.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Donations and gifts are brought into account when received. Donated services are included at the value to the charity where this can be quantified.

Interest receivable is recognised on an accruals basis.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Grants payable are charged in the year when the offer is made except in those cases where the offer is conditional, such grants being recognised as expenditure when the conditions attaching are fulfilled. Grants offered subject to conditions which have not been met at the year end are noted as a commitment, but not accrued as expenditure.

Where milestones are not met, on occasions, grants payable are refunded to the charity. These are recognised when it is certain that the funds are to be returned and are shown as credits within 'grants payable'.

Charitable activities

Costs of charitable activities comprise grants payable to institutions, donations, professional fees incurred in ascertaining whether milestones have been met, allocated support costs and governance costs.

Allocation of support and governance costs

Support costs have been allocated between governance costs and other support costs. Governance comprises all costs involving the public accountability of the charity and its compliance with regulation and good practice. These costs include costs relating to statutory audit and legal fees, together with the apportionment of overhead and support costs.

**J P MOULTON CHARITABLE FOUNDATION
(A COMPANY LIMITED BY GUARANTEE)**

**NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
FOR THE YEAR ENDED 31 DECEMBER 2021**

2. ACCOUNTING POLICIES (continued)

Allocation of support and governance costs (continued)

These costs are allocated to the charity's activities of grant making and donation giving.

The charity identifies the cost of its support function. It then identifies those costs which relate to the governance function. Having identified its governance costs the remaining support costs, together with the governance costs are allocated to the charitable activity.

Support costs are minimal in the context of the charity. They are shown as being wholly apportioned to its grant making activities which could be further split between grants payable to institutions and donations. Any apportionment of costs to donations would be minimal.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

The charity only has a general fund which is unrestricted funds and available for use at the discretion of the trustees to fund the clinical trials which have met their milestones and to provide donations to those causes considered by the trustees to be an appropriate use of the funds.

Irrecoverable VAT

Irrecoverable element of VAT is included with the item of expense to which it relates.

Debtors

Other debtors are recognised at the amount due. Prepayments are valued at the amount prepaid, net of any trade discounts due.

Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably.

Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

14. OTHER FINANCIAL COMMITMENTS

	Total 2021 £	Total 2020 £
At 31 December 2021 the charity had commitments as follows:		
Commitments in respect of grants approved for projects which have not been accrued in the financial statements but which will form part of grants payable in future periods:

Between two and three years	-	151,099
	<u>1,496,947</u>	<u>1,958,501</u>

Grants are awarded and assessed in terms of milestones. These milestones serve as a basis on which to make payments. Given the nature of certain research activities undertaken, the timing of milestones is not always absolute and subject to possible delay. This provides an element of uncertainty with regard to the timing of future grant payments. There are a few grants pending the formalisation of milestones for which the timing has either been estimated where possible or detailed as yet to be determined.

The ongoing funding is subject to each project achieving its milestones which are monitored by the Trustees.

These commitments will be funded from future donations receivable.

15. RELATED PARTY DISCLOSURES

The charitable company received cash donations from its trustees of £120,000 (2020: £1,000,000).

16. ULTIMATE CONTROLLING PARTY
