## Section C Objectives and activities

### Summary of the objects of the charity set out in its governing document

To advance the education of persons in northern Myanmar, by the provision or assistance in the provision of educational facilities equipment, sponsorship, financial assistance and such other facilities as the trustees shall deem necessary with the object of improving their conditions of life and so as to assist them to realise their full potential as individuals and members of society.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

In planning which activities to support during the reporting period, the Trustees have kept in mind the Charity Commission's guidance on public benefit.

In the reporting period, the majority of activities have been to the public benefit for those in northern Myanmar. The main activities undertaken during the period include the following. More detail on each can be found in the Achievements section later in this report.

1. Financial contribution towards the Kachin Relief Fund, to provide teacher training to remote areas in northern Myanmar.
2. Financial contribution towards Prat Manu, a local community organisation established to promote ECCD, child literacy and local language publishing.
3. Financial contribution towards Star Child Preschool, a new school providing English teaching for poor and internally displaced (IDP) children.
4. Financial contribution towards the Emmanuel BCMS Orphanage, to provide general support towards the education of the children.
5. Fundraising activities led by individual Trustees.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

Despite the difficult political situation in Myanmar, the Charity continued to support its objectives and contribute to the educational outcomes of people in northern Myanmar.

***Kachin Relief Fund***

The Kachin Relief Fund is a UK based charity that supports the Kachin people in Myanmar. It provides emergency relief and help for Internally Displaced People (IDP's), provides educational activities, advocacy and promotes human rights awareness.

In the reporting period, the Charity contributed towards the funding of teacher training in the remote northern areas of the Kachin State. The training aimed to improve education quality by equipping teachers with better English and Maths teaching skills, including methodology, lesson planning and strategies.

***Prat Manu***

Prat Manu is a local community organisation in Myitkyina, Myanmar established to promote to promote mother-tongue-based early childhood development and literacy for young children in IDP and vulnerable communities. It does this through community-based mini-libraries, capacity building and locally produced storybooks.

In the reporting period, the Charity contributed towards the ongoing activities of Prat Manu including its publishing, networking and training activities. These included training, publishing children's books in local language, supporting mobile library and mini library / reading activities.

***Star Child Preschool***

Star Child Preschool is a preschool set up in Myitkyina, Myanmar committed to providing English language education and supporting children from disadvantaged backgrounds, including those from poor families, refugee communities, and IDP camps.

During the reporting period, the Charity contributed towards the initial set-up of the preschool. As this contribution was made at the end of the period, reporting on outcomes will follow in the next annual report.

***Emmanuel Orphanage***

The Emmanuel Orphanage is run by the BCMS Anglican Church in Mohnyin, Myanmar. Children come from remote villages in the mountains and IDP camps to gain access to education.

In the reporting period, the Charity continued to provide general support towards the education of the children through a financial contribution towards food, clothes and educational resources.

***Fundraising***

The Charity usually receives around £1000 per year as a result of one-off donations and small fundraising activities led by Trustees (eg coffee mornings/lunches, handicraft sales).

However, in the reporting period fundraising exceeded £6500. This was as the result of two main fundraising drives:

- A request to supporters in reaction to cuts to international development funding.
- A request for donations in lieu of birthday gifts by one of the Trustees.

## Section E Financial review

### Brief statement of the charity's policy on reserves

Cash reserves at 31/03/2025 were £19,486 in unrestricted funds. The Charity enters the next reporting period with no binding commitments to these funds. As such, the Charity goes into the next reporting period in a healthy financial position to consider new proposals / requests for financial contributions.

### Details of any funds materially in deficit

### Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

All funds are unrestricted.

The Charity has the following main sources of funds

- Regular donations through monthly direct debits. These provide a stable income of approximately £3.5K per year
- The Charity receives up to £1000 per year as a result of one-off donations and small fundraising activities (eg coffee mornings/lunches, handicraft sales). However, as noted above, in the reporting period fundraising exceeded £6500. It is expected that in future reporting periods, fundraising levels will return to previous levels.
- Major donations from a key supporter of the Charity who currently donates between £10-20K per year on an ad hoc basis. The Trustees understand that these donations are above and beyond our regular income and therefore, only commit to spending when the donation has been confirmed.
- Gift Aid. The Charity claims Gift Aid on an annual basis (generally in Dec), receiving between £2000-5000 depending on previous donations

Myanmar remains disconnected from international banking systems. This means the Charity cannot transfer money via IBAN or SWIFT. As such

the Charity continue to rely on individuals based in third party countries such as Thailand or the US, as well as services such as Western Union and Wise. We hope that in the future Myanmar will be part of the international banking system and we can move away from reliance on individuals.

The Charity considers all proposals and requests for funding. In general, the Charity chooses to make a financial contribution towards a project rather than funding projects in their entirety.

## Achievements and performance

**Summary of the main achievements of the charity during the year**

Despite the difficult political situation in Myanmar, the Charity continued to support its objectives and contribute to the educational outcomes of people in northern Myanmar.

***Kachin Relief Fund***

The Kachin Relief Fund is a small charity that supports the Kachin people

in Myanmar. It provides emergency relief, help for Internally Displaced People (IDP's) and disadvantaged locals, education for children, and advocacy, activities and awareness to promote human rights.

In the reporting period, the Charity funded teacher training to remote areas and for IDP's. The training covered both teaching methodologies and subject matters, to improve teaching quality and enable effective use of new resources/textbooks.

The Charity also funded training for 26 headmasters from across the region.

### ***Prat Manu***

Prat Manu is a local community organisation established to promote ECCD. One of their aims is to produce and publish books (non-fiction and traditional tales) primarily in local language (Kachin, also known as Jinghpaw).

In the reporting period, Prat Manu has continued its publishing, networking and training activities. These included publishing and republishing books in local language, providing training, running a mobile library and supporting local mini library / reading activities.

### ***Bridge***

BRIDGE is an organisation that aims to improve livelihoods, forestry and environmental conservation, and women's empowerment in the Kachin State.
