2024 Trustees Report

In 2024, Star Action continued its mission to support vulnerable communities in India, Sri Lanka, Ghana and Nepal. Despite the challenges posed by the changing global context, our projects have made significant progress, thanks to our continued commitment.

We were fortunate to receive a legacy from one of our long standing supporters during the year and we have been greatly heartened by the unwavering support of our donors and friends again over this period.

The projects in India have shown continued growth and improvement. The children under our care have made good progress in their education. With several of them going on to higher education and into professional careers and well-being.

In Sri Lanka, the demand for our Sinhala teaching support has grown as has our support for more elderly people and families. We have seen positive outcomes from our efforts, and there is a need to seek additional funds to expand this important work.

Our work in Ghana and Nepal has seen positive developments. We have supported various initiatives that have had a meaningful impact on the communities we serve.

2023 Trustees Report

-
In 2023, Star Action continued its mission to support vulnerable communities in India, Sri Lanka, Ghana and Nepal. Despite the challenges posed by the global pandemic, our projects have made significant progress, thanks to our continued commitment.

Our joint founder and lifelong supporter Stuart Neil passed away in April and we have been greatly heartened by the unwavering support of our donors and friends during this period.

The projects in India have shown remarkable improvement. The children under our care have made good progress in their education and well-being.

In Sri Lanka, the demand for our Sinhala teaching support has grown. We have seen positive outcomes from our efforts, and there is a need to seek additional funds to expand this important work.

Our work in Ghana and Nepal has also seen positive developments. We have been able to support various initiatives that have had a meaningful impact on the communities we serve.

2022 Trustees Report

Progress in 2022 has improved as the effects of the Covid 19 pandemic start to recede and a projects in India and Sri Lanka start to recover as the support is greatly needed.

Our donors and supporters continue to back our urgent work and our appeals for funds throughout the year have been largely successful with good levels of engagement and interest.

We have expanded our work to support Nepal in the festive period which has seen some positive results and will look to continue this key work.

We will continue to seek new funds from new sources and continue to pursue Grant-making Trusts with our request.

Star Action. Annual Report of Trustees 2021

The restrictions of the spread of Covid 19 throughout our regions of activity has curtailed the education and prosperity of our various charges in 2021. Even the transfer of monthly funds to support the projects has been challenged by Banks being closed in Nepal and Sri Lanka, and endless suspicion of the Indian authorities as to the motive of our transfers.

The Children's home in Palayamkottai has been the principal recipient of funds as education has been largely performed at Home by our qualified teachers during several lockdowns.

Despite these limitations two ex-students have become married and two of the boys have found gainful employment as barber and pharmacist.

Further support for a training vet in Indonesia and food and blankets for the poor in Nepal has been possible.

We are fortunate to have contacts in several countries who are willing to distribute the goods that they have purchased locally to improve the lives of some of the poorest in their areas.

Future plans in India in 2022 will reach young girls in the Tirunelveli District of Tamil Nadu as we shall pay for education fees, uniforms and some food towards continuing school attendance for families who have, until now, given priority to their son's education prospects.

2020 Trustees Report

Progress in 2020 has been hugely limited due to the effects of the Covid 19 Pandemic. Income is being restricted by concerns of donors for an uncertain future until the Covid is cleared in some way.

Transferring money to our recipients in several countries has been equally influence by the effects of the pandemic. Banks are closed in Indonesia and Nepal for much of the week making it difficult for the recupient to draw the money transferred.

The Board has decided to concentrate upon underwriting Save the Babies/ Brighter Life and spending any surplus upon education projects with individuals.

We intend to make a concerted effort to attract funds from the Corporate Sector for the first time and to pursue Grant-making Trusts with our requests.
