## 2023 Trustees Report

In 2023, Star Action continued its mission to support vulnerable communities in India, Sri Lanka, Ghana and Nepal. Despite the challenges posed by the global pandemic, our projects have made significant progress, thanks to our continued commitment.

Our joint founder and lifelong supporter Stuart Neil passed away in April and we have been greatly heartened by the unwavering support of our donors and friends during this period.

The projects in India have shown remarkable improvement. The children under our care have made good progress in their education and well-being.

In Sri Lanka, the demand for our Sinhala teaching support has grown. We have seen positive outcomes from our efforts, and there is a need to seek additional funds to expand this important work.

Our work in Ghana and Nepal has also seen positive developments. We have been able to support various initiatives that have had a meaningful impact on the communities we serve.
