Trustees' Report for the Year Ended 30th September 2023

The Trustees' of The Lantern of Knowledge Educational Trust present their Report and Accounts for the period ending 30th September 2023.

The Lantern of Knowledge Educational Trust (working name Lantern of Knowledge Educational Institute) is a registered charity governed by a Trust Deed dated 20th September 2004 and amended by a supplemental deed dated 14th September 2005.

The Trust's objectives include:

- To advance education, both secular and religious (Islamic).
- To advance the religion of Islam in accordance with the doctrines of Sunni Islam.
- To promote religious harmony between differing cultures, faiths and communities.
- To advance a greater understanding of the Islamic faith and its true values of mercy, compassion and peace.

The Institution's activities are underpinned by an overriding ethos of promoting, in the main, the importance of education, self-development and life-long learning opportunities for children, youth and adults, enabling them to be exemplary Muslims making positive contributions to their communities and the wider British society.

The Trustees meet regularly to deliberate the objectives and the day-to-day operational matters of the Charity. The Institution has a clearly defined management structure to provide controls and to ensure the successful administration of the Charity and its projects.

The Trustees have responsibility for policy and overall strategic management. The day-to-day operations of the projects are managed by the staff teams, led by the Head Teacher, senior members of staff and Senior Administrator, managing dedicated teams of staff.

All Trustees are provided with training, as required, to carry out their duties to the best of their abilities, and in the best interests of the Charity.

The Trustees appreciate and have cognizance of the area the Trust is operating in and the risks associated with it. Policies, procedures and implementation are reviewed regularly along with compliance with the Independent School Standards. Trustees continue to work in partnership with independent educationalists, specialist consultants, school improvement partners and governors in achieving scrutiny, monitoring and continually improving the Institute's effectiveness in meeting the Independent School Standards (ISS), securing an Outstanding rating, and meeting its objectives. The Trustees are committed to working with the above partners and the senior leadership team to identify areas of improvement and ensure the required improvements are made.

The Trustees have assessed the major risks to which the charity is exposed, and are currently satisfied that adequate systems and controls are in place to mitigate exposure to major risks.

There has been an increase in both income and expenditure for this reporting period. The increase in income is largely due to donations received for planned refurbishment of the Wudhu and washroom facilities. Increase in costs related to staff, utilities and general supplies are reflected in the overall increase in expenditure.

The Trustees are satisfied with the overall financial position of the Trust.
