## Section C Objectives and activities

### Summary of the objects of the charity set out in its governing document

To relieve poverty, advance education, improve access and to provide facilities in the interest of social welfare, recreation, leisure and support with the object of improving the conditions of life for the people of Tanzania and their environment by the provision of such financial or material support and assistance as the trustees shall from time to time determine.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

Orphans in the Wild supports Non Government Organisations (Ngo) in Tanzania, East Africa. The specific nature of the support is financial, increasing awareness of the plight of the children and families who are victims of AIDS, coordinating and shipping donated equipment and goods for schools, hospitals and orphanages.

The activities supported by Orphans in the Wild have been deemed to be of public benefit to the communities of Tanzania and the trustees have paid due regard to the guidance on public benefit as given by the Charities Commission of England and Wales. The communities are hard struck but the economic and social impact of HIV/AIDS. Infection rates in this region of Tanzania (Mufindi District) are around 40% which is one of the highest in the country. The impact on the communities is evident in every walk of life. Anti-retro viral drugs are free but the administration is cumbersome and expensive. The disease impacts the working age group leaving the elderly and very young with no support. The children are often kept away from school to help support the family, especially the girls. The social structure of relatives taking in orphaned kids from family is overwhelmed and breaking down leaving children very vulnerable.

#### **Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

Orphans in the Wild supports the NGO Foxes Community and Wildlife Trust in Mufindi, Tanzania. This has one of the highest infection rates of HIV/AIDS in the whole country.

The Igoda Children's Village continued to thrive throughout 2020 even with the necessary precautions to protect all habitants from Corona Virus. All staff stayed on site and the children were home schooled until June. There are 49 children currently living at the ICV.

The Nursery and Kindergarten taught 36 children using the Montessori based teaching programme. The children are from the local surrounding communities.

The children from the ICV attend primary and secondary schools and graduating with good grades. Some of these children did not attend school prior to their arrival at the ICV, so their achievements are even more impressive.

Orphans in the Wild continue to be the sole sponsor of the Milk Powder Programme and special thanks should go to St Pius Church who fund raise for this programme. This is a vital support to mothers who are unable to breast feed their babies and who would previously have fed them a maize based porridge which is entirely unsuitable for babies.

The NGO has 17 Home Based Care Volunteers who are trained in first aid and are able to advise villagers on hospital treatments and testing providing an invaluable service. They also assess who should be visited by a visiting doctor.

Orphans in the Wild donors funded 102 mixed breed chickens, producing eggs, a much needed source of protein, as well as manure for the vegetables, and some meat.

Wildlife conservation continues in the vicinity with the removal of snares, planting of indigenous forest trees and the facilitation of ongoing ecological monitoring, deploying locally trained anti-poaching units. Ongoing monitoring provides a strong baseline for appropriate law enforcement and forest management practises, safeguarding the ecological and economic values that these forests yield to local communities and stakeholders.

## Section E

## Financial review

### Brief statement of the charity's policy on reserves

The Charity is aiming to build up a reserve balance so that the day to day running of the Igoda Children's Village is protected against fluctuations in donations as unlike other programmes the children in the care of the Igoda Children's Village are vulnerable and the charity has a duty of care to them.

### Details of any funds materially in deficit

### Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Fundraising relies on volunteers and is therefore erratic. We aim to reserve enough financing to cover the running costs of the Childrens village for a year.
