Independent Examiner:	<p>Peter Nicholls MBE MAAT</p> <p>5 Nursery Road</p> <p>Havant</p> <p>Hampshire</p> <p>PO9 3BG</p>
Activities and Achievements:	<p>Under the direction of the Chair, the ACNCF continues to monitor its achievements by reviewing the grants paid at each Board meeting. Training grants are totally dependent on the number of trainees at any one time and general grants depend very much on the need of the various Anglican communities and their knowledge to be able to approach the ACNCF for assistance. The ACNCF continues to see a realistic budget for the current year based on an accurate gauge of the income from investments. It has also noted the proposed budgets of each of the three Naval Churches whose funds are managed under the umbrella of the ACNCF Fund. St Anns has a standalone bank account and St Nicholas and St Bartholomew churches are treated as restricted funds within the charity.</p> <p>In moving forward, the ACNCF has highlighted, as its main strategic objective, to develop and encourage a better integrated and encompassing Anglican identity for all Anglicans serving in the Naval Service.</p>

- Financial Review: The market value of the Main Fund's CCLA CofE investment had fallen by £15.4K (3.5%) over the year. Dividends totalled £12.4K (2.8%) and were paid directly into the deposit account. The St Ann's Church CCLA Fixed Interest investment had fallen by £0.7K (7%) to £11.1K with dividends of £0.3K (2.6%)
- ACNCF Main Fund - £107.3K. This was an increase over the year, mainly because there were few outgoings from its income of £27K. The major outgoing was the £6.5K held for the Naval Chaplains' History Project that was transferred to the "Front Line Naval Chaplains" bank account which does not form part of the ACNCF.
  - St Bartholomew's Church (Restricted) fund - £6.9K. The balance was slightly below that held last year as expenditure on grants and running costs slightly exceeded the £7.5K income.
  - St Nicholas's Church (Restricted) fund - £11.4K. This balance was a fall of £2,6K as a £1.5K grants to HMS Drake Chaplaincy and outreach grants of £3K exceeded income.
  - St Ann's Church (Restricted) fund - £168.9K of which £89.3K was represented by property Assets.
    - Receipts from donations had fallen to £15.8K compared to £18.3K in the previous year.
    - Receipts from wedding donations were £2.5K and were donated to charities and other good causes.
    - £6K was transferred to the ACNCF Main Fund.
    - There was no Gift Aid income but £4K for 21.22 arrived in April 23. Gift Aid income for 22/23 is estimated to be for a similar sum.
    -
- The worth of the ACNCF Consolidated Fund had fallen by £6.8K to £730.1K. The main reasons were:
- £16.1K – the overall fall in the market value of investments, but offset by
  - £9.8K – when taken over all four funds, receipts exceeded expenditure.

Investment Selection Policy: Investment Funds are managed by CCLA, a Common Investment Fund that provides specialist investment management for charities, faith organisations and local authorities. The investment objective of the ACNCF and restricted subsidiary funds is to preserve and enhance the real capital value of the portfolios with due regard to risk, whilst still generating sufficient income to fund current commitments. Therefore, the investment vehicle selected within CCLA is designed to provide low to medium risk with a good balance between capital growth and income.

Financial Reserves Policy:	<p>The reserves policy is reviewed annually. The trustees' policy is to maintain a sufficient level of reserves to provide a stable base for the charity's continuing activities. General reserves are normally only maintained at a level which is sufficient to meet the running costs of the charity and to make grants in accordance with the charity's objectives on a regular basis. To this end, the charity's reserves consist entirely of its ACNCF Investment Portfolio, and the income derived is used as necessary to fund its activities. Whilst not overtly fundraising, the ACNCF has a strategic aim to encourage support from other Naval Service Anglican Communities.</p>
Grant Policy:	<p>The ACNCF has established its grant making policy to achieve its objects for the public benefit. This policy aims to manage the Fund's affairs with prudence taking into consideration the long term as well as a short-term view of the fund, whilst expending the income in accordance with the purpose laid down in the Fund's Deed of Trust. The regular donations given to the ACNCF from the other Naval service Anglican Communities, in round terms, provide support for the wider work of the Church of England through a regular contribution to the Archbishop's Council which, in turn, is acknowledged by Armed Forces representation on General Synod. Otherwise, the Charity relies on its income from investments to provide the wherewithal to provide grants in support of the Charity's objects. The procedure for the payment of grants is laid down in standing operating procedures.</p> <p>Similarly, the subsidiary funds held by St Ann's, St Bartholomew's and St Nicholas's churches are governed by their letter of delegation and standing operating procedures. Grants for Outreach are decided in advance of each new financial year and approved by the appropriate Chaplaincy Council before submitting the annual budget proposals for ACNCF Board agreement. Ad hoc grants and those to meet emergency relief are approved by each Chaplaincy Council on a case-by-case basis. Each Chaplaincy Council meets on a regular basis where applications to funds and bids for grants are considered. Any bids falling outside the bounds of the constitution are not normally approved unless they are within the spirit of the aim of the objects.</p>
Risk Assessment:	<p>The ACNCF Board has considered the major risks to which the charity may be exposed and these are reviewed on a regular basis. Systems and procedures have been established to manage those risks, and it is considered that by reviewing the accounts on a regular basis, the Board is able to ensure that proper compliance measures are being adhered to. Furthermore, internal checks and controls governed by letters of delegation and standing operating procedures ensure that regular and random checks are applied to the charity and its subsidiary funds to safeguard its assets and grant making policy. The trustees' view is that with its good level of reserves, held in its investments, and the low administrative costs of the charity, that its exposure to risk is very limited.</p>

**Public Benefit  
Statement:**

The fund exists for the advancement of religion and specifically for the benefit of the Anglican Church in the Royal Navy. However, also recognised is the collective responsibility for the training of Anglican clergy and laity, the provision of Christian resources and grants for study, worship and for those preparing for baptism, confirmation and those exploring a vocation to ministry in the Church. Support is also provided for the work of Anglican Chaplaincies in the Naval service and any maintenance and support for any Naval Service church, chapel or other place of worship or any religious activity that is devoted to, but not exclusively, Anglican worship in the Royal Navy. In addition to such grants to support these activities and other charitable purposes as from time to time may be decided by the trustees, a principal object of the charity is to contribute to the work of the wider Church of England through financial support to the Archbishop's Council. In all other activities, the fund carries out its objects by the promotion of religion in accordance with the principles of the Anglican Church amongst the serving and retired members of the Naval Service and their dependants as well as promoting the work of the Anglican Church at large. By focussing on these areas, the trustees confirm that they have referred to the Charity Commission's guidance on public benefit when deciding what activities the charity should undertake.

## STATEMENT OF TRUSTEES RESPONSIBILITIES

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the charity's financial activities during the year and its financial position at the end of the year. In preparing the financial statements giving a true and fair view, trustees should follow best practice and:

- a. Select suitable accounting policies and apply them consistently.
- b. Make judgments and estimates that are reasonable and prudent.
- c. State whether applicable accounting standards and statements of recommended practice have been followed, subject to any material departure that must be disclosed and explained in the financial statements.
- d. Prepare the financial statements on an ongoing concern basis unless it is inappropriate to presume that the charity will continue to operate.

The trustees are responsible for keeping accounting records which disclose with reasonable accuracy the financial position of the Charity, and which enable them to ensure that the financial statements comply with the Charities Act 2011, (Accounts and Reports) Regulations and the provision of the Governing Document. The trustees are responsible for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the charity and financial information in accordance with legislation in the United Kingdom governing the preparation and dissemination of financial statements. In so far as the charity's trustees are aware:

- There is no relevant independent inspection information of which the organisation's independent examiner is unaware, and
- The charity's trustees have taken all steps that they ought to make themselves aware of any relevant inspection information and to establish that the independent examiner is aware of that information.

Signed on behalf of the Trustees

Chaplain of the Fleet  
Chairman
