Barrowmore Limited

Report of the Trustees For the Year Ended 31 December 2020

The trustees, who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the consolidated financial statements of the charity and its subsidiary for the year ended 31 December 2020 which are also prepared to meet the requirements for a directors' report and accounts for Companies Act purposes.

The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

Directors and Trustees

The directors of the charitable company (the charity) are its trustees for the purpose of charity law and throughout this report are collectively referred to as its trustees.

The Board of Trustees is the hub of governance and policy at Barrowmore. The trustees serving during the period up to the date of this report were as follows:

Dr N V Fergusson
Mr J H D Heath
Mr R Short

Mr N A Eckersley
Mr A W Morrison

Structure, Governance and Management

Governing Document

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, as defined by the Companies Act 2006.

Patron

Barrowmore is currently seeking a new patron for the charity.

Appointment of New Trustees

No other body is entitled to appoint trustees to the charity and appointments are made by invitation and election in accordance with the charity's policy for recruitment of trustees. Trustees are appointed to provide the skills identified as being necessary for the good governance of Barrowmore Limited. The induction of new trustees is tailored to the needs of the individual but includes the provision of key documents and information relating to the charity.

Management Structure

The operational management structure of the charity has now been in place for a number of years. The Chief Executive reports directly to the Board of Trustees and has the responsibility for the implementation of policy as laid down and agreed by the trustees. Reporting to the Chief Executive are individual managers responsible for Housing, Estate, Management, and Finance. As a charity, the requirement to maintain tight control of costs is paramount. Consequently many of our managers have dual roles and responsibilities within the management structure and use is made of outsourcing services such as public relations wherever necessary. Any increase in salary for management will be discussed at a directors' meeting and agreed at that meeting. In the case of the CEO's remuneration, any increase in salary will be proposed by the chairman to the Directors for consideration.

Risk Management

The trustees have introduced formal risk management processes to assess business risks within the charity. This has involved the identification of types of risks the charity faces, prioritising them in terms of potential impact and the likelihood of occurrence and its effect on the charity's income and operational effectiveness.

Initiated within and actioned by the management team, the exercise covers all identifiable risks posed to the effective progress of the charity. A risk mapping exercise is undertaken within each department, firstly identifying possible risk areas before evaluating the potential effects based upon a likelihood/impact measurement.

Risks have been identified in all areas ranging from financial risks such as fraud to operational risks including loss of contracts and loss of key personnel, affecting all departments.

Barrowmore Limited

Report of the Trustees For the Year Ended 31 December 2020

Objectives and Principal Activities of the Charity

Mission Statement

Barrowmore is a registered Charity wholly committed to assisting people with a disability to achieve their full potential.

1. The object of the Charity is to promote the benefit of people resident in England and Wales with disabilities particularly but not exclusively:
 - a) To provide the opportunity for meaningful employment.
 - b) To provide accommodation and support facilities for people with disabilities.
 - c) To provide opportunities for people with disabilities to achieve their full potential through education, training and assessment facilities.
2. The trustees may apply income of the charity in relieving the need, hardship or distress of disabled persons who have been assisted previously by the charity and their dependents; and the dependents of persons who, at the date of their death, were being assisted by the charity provided that in each case preference shall be given to disabled persons who have served in the armed forces of the Crown.

The Vision

Barrowmore will always provide the highest quality of care and support and quality of life for an increasing number of people with a disability in the North West.

To provide the highest quality support facilities for the development of people with a disability to achieve their full potential through training and assessment facilities.

To provide more opportunities for meaningful employment for people with a disability on the Barrowmore site and through the Work Choice Programme.

To increase the profile of Barrowmore and its activities to attract the funding and investment required from whatever source to achieve those objectives.

What we do

Barrowmore achieves its aims in terms of the provision of meaningful employment, supported housing, one to one tailored training and development of vulnerable people with disabilities. Barrowmore has never defined the disabilities with which we deal. Consequently our beneficiaries may suffer from physical disabilities, mental health issues, sensory impairment or be wheelchair users. In addition, the vast majority suffer from a learning disability. Further, the majority of our residents have lifestyle issues which, in addition to their disability, require a high level of understanding and management by the staff. In attempting to provide the best possible support for our people, whether it be in the field of employment, accommodation or training, we have developed relevant information systems to assess and benchmark our progress.

Residents

Through regular monthly house meetings the residents are encouraged to participate in discussions around general operations, health and safety general concerns and social events and activities. Following on from these meetings the residents at Barrowmore enjoyed lots of social events in 2020 including camping on the estate, quiz nights, bingo evenings, pool and snooker competitions, cinema evenings and theme nights.

Employment

The Department's new contracting and commissioning procedures precluded many charities and voluntary organisation throughout the country from participating in the new Scheme. In the case of Barrowmore this was despite its 80 year track record in Supported Employment. Shaw Trust was appointed Prime Contractor for most regions and subcontractors were named, in the main, by Local Authorities. Barrowmore continues to employ vulnerable people as the funding Barrowmore staff used to receive from Cheshire West and Chester for 11 Barrowmore employees from the Supporting People contract ceased in October 2015.

Housing

Barrowmore House is an establishment located on the Barrowmore site providing high quality supported accommodation for 42 people with disabilities. Barrowmore as part of its review in 2015 identified unused storage rooms/underutilised areas to increase the overall number of residential rooms to 42 from 35 to offset the impact of CWAC cuts of £228,000.

Barrowmore Limited

Report of the Trustees For the Year Ended 31 December 2020

Supporting People is a dynamic programme encouraging people to become more independent and, in 2006, the charity identified the problem of a shortage of appropriate move-on accommodation in the Chester area for people with a disability, to live more independent lives. The trustees therefore sanctioned a development of 14 bungalows to provide much needed interim move-on accommodation for residents of Barrowmore House and other similar establishments. This was named Barrowmore Court and was completed in November 2008 and is currently full to capacity.

Volunteers

With the problems affecting small third sector organisations, in terms of contracting and commissioning through service level agreements with local authorities and government departments, the importance of volunteers has never been greater. Due to COVID-19 we received no volunteers during 2020. We look forward to welcoming back volunteers in 2021.

Public Benefit

The trustees confirm that they have, when and where necessary to do so, paid regard to the Charity Commission's Guidance on Public Benefit when considering and making its decisions.

Supported housing and supported living that is offered to over 64 residents at Barrowmore continues to further the charity's purpose. In addition this has an overall positive impact on the local community as a lot of the residents have social issues that could potentially cause disruption. From a financial perspective it would also cost more, which would be paid for from the public finances, if the services that are offered at Barrowmore were to cease. The parklands, woodland walks and social enterprises such as the Café are open to the public to use and enjoy.

Achievements and Performance

Supported Employment

Barrowmore employs 21 % of the work force in a supported capacity and self-funds due to all grants and programmes being withdrawn from the local authority since October 2015.

Supported Housing

Barrowmore House continues to provide a much needed provision in terms of supporting vulnerable people with a disability and assisting its residents towards a more independent lifestyle. Not only does the provision make a difference to people's lives, it provides major cost benefits to the community. An exercise undertaken in 2010 shows that the Barrowmore House provision saves the Local Authority, the PCT and the National Health Service, a significant amount of money.

However the Supporting People contracts throughout Cheshire were due for renewal in March 2014 but this was extended until 31st March 2015. The Supporting People contract was awarded to Stonham Home group. Five Barrowmore employees who were in Supporting People roles TUPE'd over to Stonham Home Group or took redundancy. Stonham Home group now offer Barrowmore residents "Floating Support". The current contract expired with CWAC and Stonham Homegroup 31st March 2017. The contract was then awarded to ForViva who are a part of Forum, the new contract started on 1st April 2017. ForViva met with Barrowmore 14th May 2018 to confirm that they were withdrawing services with Barrowmore as from 31st May 2018. The two ForViva employees that were working 5 days a week onsite at Barrowmore offering Floating Support left at the end of May 2018, we no longer have any assistance from CWAC or ForViva in relation to support for our residents.

Barrowmore Court, the charity's interim move-on accommodation project continues to provide a service relevant to the needs of the service users. Despite funding being unavailable for the ongoing support and development of the individual residents, progress continues to be made in equipping the residents for a final move to independent living. Barrowmore, as a long term aim, seeks to offer a floating support service to all its former residents when required. Including the four refurbished bungalows in Robinson Close, Barrowmore can now offer 62 supported rooms/flats on site in addition to houses on Irons Lane which may become available.

All service users, whether long or short term residents, are given training and instruction in developing their living skills to promote a more independent lifestyle wherever possible.

Our service users, whether in Barrowmore House, Barrowmore Court or Robinson Close, are encouraged to partake in all the activities provided under the Supported Housing banner. A Social Committee is in operation, organising visits and events on a regular basis and members of the Residents' Committee continue to meet monthly with the Chief Executive and the Housing Manager to raise any matters, suggestions or indeed any grievances which they may have.

Barrowmore Limited

Report of the Trustees For the Year Ended 31 December 2020

Maintenance

It is recognised that the assets of the charity require a great deal of care, attention and expenditure each year in respect of maintenance and refurbishment, particularly the business units within the Enterprise Estate which are now in excess of eighty years old. In the main this work has been undertaken by external contractors but with our own maintenance team and a training programme in place, the benefits of utilising our own labour on some maintenance aspects are two-fold; some cost savings and the opportunity for our disabled employees to learn new skills.

It is therefore a medium term objective to upgrade the units, including possible replacement of roofs, to try and ensure that the Estate provides a healthy income rather than a diminishing asset in terms of profitability as it has done for some years now. As well as continuing to provide the charity with a source of income it can provide and maintain a role in supporting rural employment.

Parkland

Irrespective of its responsibility in terms of the charity, the directors are aware of its stewardship role in respect of Barrowmore Estate and its responsibility to ensure that the environment is maintained to the highest possible standard. We continue to work with a number of organisations such as Cheshire Wildlife Trust, FWAG and Flintshire Woodland, who have undertaken surveys to identify the ways forward in managing and maintaining the conservation aspect of the estate in a correct manner. Our Bluebell propagation programme, in conjunction with the Bluebell Society, is now in its tenth year.

It should be acknowledged that the cost of maintaining the grounds and properties of the charity are extremely high and the trustees are currently looking at forms of income to help offset this expenditure.

Residential Estate

Rentals from the residential properties on Irons Lane, Barrowmore Court and Robinson Close, some of which are also included within supported housing, provide both income generation for the funding of our activities and also provide accommodation for some of our people with disabilities who are able to lead a more independent life than those who live in Barrowmore House.

Any of our properties becoming vacant are let with the provision that preference is given to people with disabilities. On this basis, Cheshire West and Chester (social services) are notified of any vacancies and given a certain time scale to identify clients who may be suitable for this type of accommodation. With the problems outlined regarding the lack of move-on accommodation under Supporting People, the possibility of using vacant properties as half-way accommodation, with floating support, becomes more important.

The charity currently owns 14 houses on Irons Lane.

Redevelopment of the Estate

During 2011 the Charity was approached by a development company to purchase an area of some 3.1 acres on the west side of the estate for the provision of residential properties. This proposal would offer the charity the opportunity to redevelop the east side of the estate. It is anticipated that if successful, the redevelopment would include a refurbishment of a number of business units together with enhancement of facilities covering both charitable and income generating purposes, along with an element of social enterprise.

During 2016 Bloor Homes decided not to pursue this option and as a result the planning application was withdrawn. Barrowmore instructed architects to look at a number of different schemes to be drawn up for public consultation. The Open Public Consultation was held at the Barrow Primary school for seven days during February 2018. The community had the opportunity to look at six different schemes, five domestic schemes and one commercial scheme. The community also had the opportunity to vote for their preferred scheme. Barrowmore have now submitted a new application to the Planning Officer with fewer units and an appropriate mix of houses that align with the Parish Council's Neighbourhood Development Plan.

The Barrowmore Café opened in November 2013 and has completed its sixth year in which it continued to be very successful. It continues to provide a service to residents, service users, staff, the business park tenants, the local community and the general public. It has created employment and volunteer opportunities, along with training and qualifications to people with learning difficulties. This is the start of social enterprise and regeneration for Barrowmore. We were successful in obtaining a grant of £50,000 from the MBNA Foundation to extend the Café in order to accommodate more customers. The Café extension was built in the second half of 2019. Due to COVID-19 the Café remained closed for most of 2020, but will open its doors once again in June 2021.

Barrowmore Limited

Report of the Trustees For the Year Ended 31 December 2020

Barrowmore Enterprise Estate

The Enterprise Estate continues to provide a level of income to offset the costs of the service provision and activities with which the charity is involved. At the time of writing all of the business units are taken and our main difficulty is to ensure that adequate measures in terms of maintenance are taken to ensure that the units are kept in a good state of repair and continue to provide a level of income. Over the past few years over £150,000 has been spent on the maintenance of the services infrastructure. Back in 2007/8 a major exercise was undertaken to examine and renew a significant amount of electrical wiring on the estate to ensure compliance with current legislation.

As mentioned earlier, it should be noted that the financial returns from the Enterprise Estate are declining due to the heavy maintenance requirement and it has been recognised that because of this, the Enterprise Estate in its present state would have a limited life but if the development plan above is approved part of the revenue received could be utilised to accelerate the upgrading of the facilities.

Financial Review

Summary of Year End Position

The Statement of Financial Activities (SOFA) for 2020 is set out on page 11 and shows the analysis of the charity's incoming resources and expenditure of those resources.

The management of the charity is always conscious of the need to maintain costs at a manageable level and it is pleasing to report that in a time of such change and development this is being achieved.

The trustees are provided with management accounting information quarterly and cashflow on a monthly basis to ensure that they are fully aware of the ongoing financial status of the organisation.

The results for the year show the Group's reserves are £7,731,791 (2019: £6,845,714) with a group surplus in the year of £886,077 after property revaluation increases of £792,073 (2019 - £7,392 deficit). The trading subsidiary, Barrowmore Social Enterprises Limited, produced a loss of £21,850 (2019: £3,562 profit).

The principal funding sources come in the way of individual residents who are either self-funders or who receive a number of individual benefits such as Housing Benefit, Disability Living Allowance, Personal Independence Payments, and Carers Allowance etc. Income from this area is consistent with last year.

Total income has decreased by £17,759 (1.5%) overall which is mostly attributable to the café closure as a result of the COVID-19 pandemic. The group has received government grants in the year which has helped to give a positive result.

There has been a £118,367 (9.85%) decrease in expenditure during the year as a result of the decrease in income and the COVID-19 restrictions in place.

Reserves Policy

The trustees and management continually review the level of reserves required by the charity. The charity aims to have free reserves which are those unrestricted funds not invested in fixed assets. The trustees consider that as a relatively small charity with a fairly predictable income stream and with average monthly outgoings of under £100,000 that the short to medium term target for liquid assets at the end of any given month should currently be set at £200,000 to £250,000. The charity improved its free reserves position in the year to £392,527 at 31 December 2020 (2019: £229,688) and is therefore in excess of its target free reserves.

Restricted funds at the year end amounted to £Nil (2019 - £Nil) as the charity had no restricted funds brought forward and received no restricted funds during the year.

There are currently no designated funds.

Plans for Future Periods

The Board has recognised that in addition to accessing resources in terms of competitive tendering, partnership working with other similar minded organisations presents a way of pooling resources and spreading risk. Further, partnerships with commercial organisations with an empathy with the aims and objectives of Barrowmore would prove beneficial to both parties. Barrowmore recognised the need to move forward by diversifying and adopting social enterprise and regeneration.

Barrowmore Limited

Report of the Trustees For the Year Ended 31 December 2020

Chairman's Thanks

On a personal basis it was again an honour to continue to undertake the role of chairman of Barrowmore in 2020. That role is made so much easier by the fact that the charity has a board of significant collective experience and very high-quality individual skills covering all aspects of the business and social aspects of the charity. As these highly professional skills and the time given by the trustees are on a totally voluntary basis, I thank them on behalf of Barrowmore for their continued committed support during 2020.

Mr Haycock and his staff are to be thanked and congratulated on the great advances that they have made again in respect of the overall performance of the organisation. In particular during the COVID Pandemic. This being the most challenging year in the history of Barrowmore. Not only that, but this has been achieved with even fewer numbers of staff as 60% of staff were furloughed.

The ongoing significant changes that have taken place during the past twelve months during the pandemic could have created significant and operational and financial problems but by a continued positive and creative approach the Barrowmore team have been able to create an environment of achievement in all sectors of the business.

In addition Mr Haycock and his team were instrumental in getting ahead of the pandemic by meeting with all staff and then with all the residents two weeks prior to the first lockdown 23 March 2020. Contingencies were put in place such as washing hands three times a day, staggering mealtimes as well as cancelling all family visits, outings, and non-essential visitors to the estate. This has ultimately resulted in not one single case of COVID, which is an outstanding achievement. In addition all residents and staff have just received their second vaccination. This is a fantastic achievement and one that we should all be proud of.

It has been very encouraging that we have through prudent management been able to see our cashflow levels continue to increase and to help achieve one of our critical aims of achieving a more comfortable protective financial status for the charity to enable us to withstand any exceptional major challenges whilst continuing to achieve our social aims as stated above.

On behalf of myself and my fellow directors I should like to express our gratitude to Mr Haycock and the staff that have worked throughout the pandemic and for the dedication and commitment to the residents and the charity as a whole and for the very professional manner in which they have addressed this most unique of challenges in 2020, and probably the most difficult year on record in the history of Barrowmore.

Trustees' indemnity arrangements

Individual indemnities have been provided to the trustees, under which the company has agreed to indemnify the trustees to the extent permitted by law in respect of all liabilities to third parties arising out of, or in connection with, their execution of their powers, duties and responsibilities as trustees of the company. These indemnities are qualifying Third Party Indemnity Provisions as defined in Section 236 of the Companies Act 2006 and copies are available for inspection in the office during normal working hours.

Auditors

The auditors, Champion Accountants LLP, have indicated their willingness to be reappointed at the AGM.

Statement of Trustees Responsibilities

The charity trustees (who are also the directors of Barrowmore Limited for the purpose of Company law) are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and the group and of the incoming resources and application of resources, including the income and expenditure, of the charitable group for that period. In preparing those financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP 2015 (FRS 102);
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charitable group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and the group and hence taking reasonable steps for the prevention and detection of fraud and other irregularities.

Barrowmore Limited

Report of the Trustees For the Year Ended 31 December 2020

In so far as the trustees are aware, at the time of approving our trustees' annual report:

- there is no relevant audit information of which the charitable company's auditors are unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

This report has been prepared having taken advantage of the small companies exemption in the Companies Act 2006.

On behalf of the Board:

Mr A W Morrison
Trustee
3 June 2021

Barrowmore Limited

Independent Auditors' Report to the Members and Trustees of Barrowmore Limited For the Year Ended 31 December 2020

Opinion

We have audited the accounts of Barrowmore Limited (the 'charity') and its subsidiary (the 'group') for the year ended 31 December 2020 which comprise the Consolidated Statement of Financial Activities, the Consolidated and Parent Balance Sheets, the Consolidated Statement of Cash Flow and the notes to the accounts, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the accounts:

- give a true and fair view of the state of the group's and charity's affairs as at 31 December 2020 and of the group's incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006 and the Charities Act 2011

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group and charity in accordance with the ethical requirements that are relevant to our audit of the accounts in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's or charity's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the report of the trustees, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the Trustees' Report (incorporating the Directors' Report) for the financial year for which the financial statements are prepared is consistent with the financial statements ; and
 - the Trustees' Report has been prepared in accordance with applicable legal requirements.
-

Barrowmore Limited

Independent Auditor's Report to the Members and Trustees of Barrowmore Limited For the Year Ended 31 December 2020

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the group and charity and its environment obtained in the course of the audit, we have not identified material misstatements in the Trustees' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 and the Charities Act 2011 require us to report to you if, in our opinion:

- adequate and sufficient accounting records have not been kept by the charity, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.
- The trustees were not entitled to prepare the financial statements in accordance with the small companies' regime and take advantage of the small companies' exemptions in preparing the trustees' report and from the requirement to prepare a strategic report.

Responsibilities of trustees

As explained more fully in the Statement of Trustees' Responsibilities, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the group's and charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the group or the charity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed auditor under the Companies Act 2006 and section 151 of the Charities Act 2011.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and to the charitable company's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the charitable company's members and its trustees those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body and the charitable company's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Barrowmore Limited

Notes to the Consolidated Financial Statements For the Year Ended 31 December 2020

1 Accounting Policies

Accounting convention

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standards applicable in the UK and Republic of Ireland (FRS 102), Charities SORP (FRS 102) and the Companies Act 2006. Barrowmore Limited meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note below.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

Basis of consolidation

The Consolidated Statement of Financial Activities, the Consolidated Balance Sheet and the Consolidated Statement of Cash Flows include the financial statements of the company and its subsidiary undertakings made up to 31st December 2019. There are uniform policies across the group and intra group transactions are eliminated on consolidation. Consolidation is on a line by line basis. A separate Statement of Financial Activities and Income and Expenditure Account for the charity has not been presented because the charity has taken advantage of the exemption afforded by Section 408 of the Companies Act 2006.

Going Concern

The trustees have considered the on-going situation with regard to COVID-19 as part of their going concern assessment. The view of the trustees is that, while they acknowledge the significant disruption that the pandemic has brought over the year, the trustees feel that Barrowmore is well placed to negotiate the unique set of conditions currently facing the UK economy. The charity's income, in the main, is government funded by Cheshire West & Chester via Housing Benefit payments, its current level of cash is positive and has six months' worth of reserves currently in the bank account. Its freehold property unencumbered, which gives the trustees comfort in being able to meet the Charity's liabilities for the coming 12 months. Barrowmore has actively reacted to the pandemic by reducing overheads and future planning to ensure minimal negative affect to the charity.

In reaching their conclusion, the trustees have considered the company's monthly cash flows, applied sensitivity analysis as appropriate, and considered the various financial support measures that have been announced by the UK government.

Barrowmore's income is 65% residential and 35% commercial. Barrowmore has seen changes in the commercial income due to the café having to close and the businesses on site having to cease trading in the short term. The café has now reopened and is not expected to close again for the next 12 months. Barrowmore are actively seeking funding from grants from external sources.

After consideration of all factors, the trustees continue to adopt the going concern basis in preparing the financial statements.

The funds of the charity

Unrestricted funds are those funds for use at the discretion of the trustees in furtherance of the general objectives of the charity.

Restricted funds are those funds which are to be used in accordance with specific restrictions imposed by donors.

Incoming resources

All incoming resources are included on the Statement of Financial Activities when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy.

Investment income comprises rents receivable, service and rechargeable expenses and interest on cash balances, and is recognised on an accrual basis.

In respect of 'Other trading activities' revenue represents the amount received or receivable for goods and services sold during the year, exclusive of Value Added Tax. Revenue is recognised in the financial statements when the goods are sold to the customer. Café sales are made in the United Kingdom and are usually in cash or by debit/credit card.

Donated services and facilities are included at the value to the charity where this can be quantified. No amounts are included in the financial statements for time donated by volunteers.

Resources expended

Expenditure is accounted for on an accruals basis and is recognised where there is a legal or constructive obligation to pay:

- a) Raising funds includes costs of costs of non-charitable trading.
- b) Cost of charitable activities relate to the work carried out on the core purpose of assisting people with a disability.
- c) Governance costs comprise all costs involving the public accountability of the charity and its compliance with regulation and good practice. Where governance costs cannot be directly attributed, they are split 60% and 5% across the relevant charitable activities and 35% are allocated to 'Other - Cost of managing investments'.

Barrowmore Limited

Notes to the Consolidated Financial Statements For the Year Ended 31 December 2020

- d) Support costs are those costs incurred directly in support of expenditure on the objectives of the charity. Where support costs cannot be directly attributed, they are split 65% to charitable activities and 35% are allocated to 'Other - Cost of managing investments'.
- e) 'Other – Costs of managing investments' are the costs associated with managing and maintaining the Enterprise Estate together with the properties on Irons Lane.

Tangible fixed assets

Freehold buildings are included at valuation. Formal valuations are performed every three years. All other tangible fixed assets are included at cost. Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property	2% to 10% on cost
Plant and machinery	20% on cost
Fixtures and fittings	20% on cost
Motor vehicle	20% on cost

Capital items costing less than £250 are written off as an expense as acquired; this more accurately reflects the assets' useful life.

An amount equal to the excess of the annual depreciation charge on revalued assets over the notional historical cost depreciation charge on those assets is transferred annually from the revaluation reserve to the general fund.

Fixed asset investments

Investment properties are included in the balance sheet at fair value.

Barrowmore Limited holds a fixed asset investment in its subsidiaries at cost.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Debtors

Trade debtors include resident rent invoiced and recoverable at the year end. Prepayments and accrued income include expenditure items paid for or invoiced in advance and resident's rents due but not yet recovered at the year end.

Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount. Deferred income includes residents rents received in advance which relate to a period after the year end.

Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at the carrying value plus accrued interest less repayments. The financing charge to expenditure is at a constant rate calculated using the effective interest method.

Pension costs

Pension costs for the company's defined contribution scheme are charged against income in the year in which they are incurred.

The company also participates in a multi-employer defined benefit scheme, details of which are contained in note 19.

Operating leases

Rentals paid under operating leases are charged to the income and expenditure on a straight-line basis over the period of the lease.

Taxation

As a registered charity, the company benefits from rates relief and is generally exempt from Income Tax, Corporation Tax and Capital Gains Tax, but not Value Added Tax. Irrecoverable Value Added Tax is shown as a separate cost.

Barrowmore Limited

Notes to the Consolidated Financial Statements For the Year Ended 31 December 2020

Government grants

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received.

A grant that specifies performance conditions is recognised in income when the performance conditions are met. Where a grant does not specify performance conditions it is recognised in income when the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability.

Company status

Barrowmore is a company limited by guarantee. The members of the company are the trustees. In the event of the charity being wound up, the liability in respect of the guarantee is limited to £10 per member of the charity.

Volunteers

The value of services provided by volunteers is not incorporated into these financial statements. Further details of the contribution made by volunteers can be found in the Trustees Annual Report and note 2.

2 Donations and legacies

	Unrestricted £	Restricted £	2020 £	2019 £
Donations	1,395	-	1,395	4,568
COVID-19 government grants	139,331	-	139,331	-
	<u>140,726</u>	<u>-</u>	<u>140,726</u>	<u>4,568</u>

All income from donations and legacies were unrestricted.

Of the £139,331 total grant income, £53,633 relates to Barrowmore Social Enterprises Limited, a subsidiary of Barrowmore Limited.

In 2020 the charity received volunteer support of 159 volunteers totalling 1,094 hours. This was provided by the staff of MBNA, Bank of America, DWP, URENCO and Lloyds Bank. In accordance with accounting standards, the economic contribution of general volunteers is not included in the accounts. No volunteers in 2020 due to COVID-19 restrictions.

It is Barrowmore Limited's policy to formally revalue its investment property every three years. The investment properties were valued by S R Thellwell Chartered Surveyor in March 2021 on an existing use fair value and this valuation is reflected in the figures above. The trustees do not consider that the existing use fair value was materially different at 31 December 2020.

The historical cost of assets (freehold property) included in the above at a valuation is £2,915,511 (2019: £3,553,393) and the aggregate depreciation thereon would have been £518,503 (2019: £682,054).

17 Operating Lease Commitments

The following operating lease payments are committed to be paid over the following period:

	2020 £	2019 £
Expiring:		
Within one year	6,997	5,505
Between one and five years	3,323	5,322
	<u>10,320</u>	<u>10,827</u>

18 Pension Commitments

The charity operates a defined contribution pension scheme. Contributions in the year amounted to £21,991 (2019: £21,679). The amount outstanding at the year end was £2,663 (2019: £2,920). Employer's contributions are based upon 5% of gross earnings and employees' contributions are between 2% and 5%.

The company also participates in a multi-employer scheme which provides benefits to some 1,300 non-associated participating employers. The scheme is a defined benefit scheme in the UK and it is not possible for the company to obtain sufficient information to enable it to account for the scheme as a defined benefit scheme. Therefore it accounts for the scheme as a defined contribution scheme. The scheme is classified as a 'last-man standing arrangement'. Therefore the company is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the scheme. Participating employers are legally required to meet their share of the scheme deficit on an annuity purchase basis on withdrawal from the scheme.

As the scheme is in deficit and the company has agreed to a deficit funding arrangement, the company, in accordance with Charities SORP (FRS 102), recognises a liability for this obligation. The amount recognised is the net present value of the deficit reduction contributions payable under the agreement that relates to the deficit. The present value is calculated using the discount rate detailed in these disclosures. The unwinding of the discount rate is recognised as a cost together with any remeasurements calculated in the year in respect of the liability.

Reconciliation of opening and closing defined benefit pension liability:

	2020 £	2019 £
Present value of liability at start of period	84,799	98,453
Unwinding of the discount factor	860	1,561
Remeasurements - impact of any change in assumptions	1,216	1,303
Remeasurements - amendments to the contribution schedule	<u>60</u>	<u>60</u>
	2,136	2,924
Deficit contributions paid	(16,209)	(16,578)
Present value of liability at end of period	<u>70,726</u>	<u>84,799</u>
Discount rate applied for the year	<u>0.27%</u>	<u>1.13%</u>

21 Contingent Liability/Assets

A contingent liability exists to repay loans received under the Factory Support Grants for the improvement or change of use of property of £68,241. Repayment is contingent on either the sale of the related property or the Charity ceasing to continue its existing function. The maximum amount payable is £68,241.

22 Related Party Disclosures

Transactions with the subsidiary companies are disclosed in Note 3.

The amount due from Barrowmore Social Enterprises Limited at the balance sheet date was £53,658 (£2019 - £35,119) and the amount due to Barrowmore Social Enterprise Limited at the balance sheet date was £8,136 (2019 - £8,101). Interest of £1,072 has been charged on the average balance of the loans at the market rate of 3% and they are repayable on demand.

There are no further transactions with related parties to disclose.
