The trustees present their report and the audited financial statements for the year ended 31 August 2020.

Reference and administrative information set out on page 1 forms part of this report. The financial statements comply with current statutory requirements, the memorandum and articles of association and the Statement of Recommended Practice - Accounting and Reporting by Charities: SORP applicable to charities preparing their accounts in accordance with FRS 102.

## **Trustees and organisational structure**

Trustees of the Galilee Foundation serve until they stand down. New trustees are nominated to fill specific gaps identified by the Trustees. When new Trustees are appointed, they are provided with the information they need to fulfil their roles, which includes information about the role of Trustees and charity law. Trustees receive updates, progress reports and publications on a regular basis.

The Trustees meet physically to govern and monitor the progress of the Charity at least once a year. They are in touch regularly on email and video conference calls. The policies and procedures are reviewed and updated annually. The Trustees delegate the day-to-day running of the charity to the Foundation's office in London.

Two employees, Maha Al Farra and Thomas Smith, have been running the charity and overseeing its fundraising, projects and budgets. Their positions are Communications & Fundraising Manager and Project Officer respectively. In November 2020, Thomas Smith resigned from Galilee Foundation. The employees' work is overseen by the Co-Founder and Trustee Sawsan Asfari. Tregannas Consultancy oversees and manages the Foundation's finances on a monthly basis. In 2019, Dianne Woodward came on board as a voluntary Communications & Media Outreach Consultant and has helped the Galilee Foundation tremendously through engagement with social media, content, fundraising and invaluable advice. The London based Trustees also lend support to the day-to-day running of the charity. The Trustees confirm that they have complied with the Charities Act 2006.

## **Grant making policy**

The Foundation receives project proposals, however, its current projects have been solicited and developed together with the partner organisations. The Foundation drafts agreements that specify the responsibilities of its partners and the schedule of reporting. Partners provide regular progress reports and each project is visited at least once every two years by a representative of the Foundation. For sustainability of projects' achievements, the Foundation seeks to develop longstanding partnership while maintaining rigorous monitoring and evaluation procedures.

## **Partner Due Diligence**

We have been strengthening our partner due diligence framework since the introduction of GF's formal policy document in 2019. We now require initial operational and financial assessments to be prepared for all new partners before we enter into any grants arrangements or memoranda of understanding. We have developed a new Monitoring & Evaluation framework for the ongoing assessment and internal audit of our partners.

## **Coronavirus Update**

Since March 2020, The Galilee Foundation has taken necessary precautions as per Government virus control measures for its staff i.e. both employees have been working from home. While we did not foresee these measures necessarily adversely impacting our day-to-day operational activities in the UK since much of the work was already done digitally, there were repercussions. The challenge was to co-ordinate remote digital working and recreate the mutually supportive office atmosphere in order to maintain morale and productivity. This was partially achieved with frequent virtual meetings, both regular and ad hoc, between staff, trustees, partners and volunteers etc using different digital tools depending on the reason for communication and the personnel involved. Since the control measures are likely to continue into much of 2021 the strategies for improving the efficacy of remote working are still evolving and we seek to improve and streamline the non ideal but necessary experience for all involved.

The pandemic also strongly affected the activities of our partners, who had to substitute in-person workshops with remote workshops and run new scholarship and graduation events as multiple small, socially distanced celebrations, often outdoors.

Our students were impacted by the challenges of remote learning, availability of the infrastructure and technology to access this and the quality of provision by teachers operating in an unfamiliar environment. Some of them also experienced increased financial hardship due to the economic effects of national lockdowns.

The virus control measures have, however, impacted our challenge fundraising events as they have been cancelled. We have mitigated this by hosting as well as participating in virtual fundraising events such as the Move4Jerusalem and Big Give Campaign. In April 2020 we also set up a Covid19 Appeal for students and their families who have lost their income due to the shutdown in their country.

## **Principal Risks and uncertainties**

The Trustees have assessed the major risks to which the Charity is exposed and are satisfied that systems are in place to reduce and mitigate the exposure to risks. A cash flow summary is kept and regularly reviewed and updated. The Trustees have identified the following as

the principal risks facing the Foundation and have controls in place for their active management:

- The risk of charitable impact not being maximised and of the wasteful use of charitable funds resulting in reputational damage. The Foundation's management mitigates this risk by conducting regular evaluation, monitoring and follow up for all projects funded by the Foundation to assess the achievement of the Foundation's charitable objectives. Furthermore, the Trustees receive regular reports from the management of the Foundation to monitor and assess the performance of the Foundation, its activities and projects it supports to ensure that grants given are used for the charitable purpose.
- The safeguarding of the Foundation's investments and the risk of generating insufficient return. To mitigate such risk, one of our trustees who has a background in the financial sector has offered to regularly monitor and review the investments portfolio and advise the Trustees accordingly.
- Safeguarding of Foundation's income and the risk of devaluation of Foundation's funds due to currency fluctuation, particularly the funds in Pound sterling. To mitigate such risk, the Trustees have placed some funds in a fixed deposit.
- The duration of the Covid19 pandemic going forward and its effect on the wider economy and fundraising environment, which will have continued impact on our fundraising strategies and necessitate exploring new avenues of fundraising.

## **Objectives and activities**

The Galilee Foundation's objectives are to further such charitable objectives as the Trustees in their absolute discretion think fit and include the following:

- (1) TO ADVANCE THE EDUCATION AT ALL LEVELS OF PALESTINIANS IN OR LIVING IN ISRAEL AND THE PALESTINIAN TERRITORIES, REGARDLESS OF GENDER OR FAITH, IN PARTICULAR BUT NOT EXCLUSIVELY BY ORGANISING AND ENCOURAGING EDUCATION, CULTURE, HERITAGE, ART, SCIENCE AND RESEARCH INITIATIVES;
- (2) TO RELIEVE THE POVERTY OF PALESTINIANS IN OR LIVING IN ISRAEL AND THE PALESTINIAN TERRITORIES, REGARDLESS OF GENDER OR FAITH, IN PARTICULAR BUT NOT EXCLUSIVELY BY THE PROVISION OF ADVICE, TRAINING AND SUPPORT.

The Galilee Foundation's general areas of operation are Israel and Palestine.

To work towards these objectives, the Foundation identifies and makes grants to registered, reputable, non-political, and non-sectarian charitable organisations and research

institutions for existing or new projects that meet the Foundation's objectives. These policies have not changed during the year.

In deciding what activities the charity should undertake, the Trustees have paid due regard to guidance issued by the Charity Commission.

The Galilee Foundation's vision is to contribute to breaking the cycle of poverty and inequality faced by many Palestinian citizens of Israel as well as those in Palestine. The Foundation believes strongly that access to education is the key to making this vision a reality.

### **Fundraising Statement**

The Galilee Foundation is able to harness the goodwill and incredible generosity of donors from across the world through the work we undertake to provide a Higher Education to Palestinian youth. We generate funds from a wide range of UK and international donors. This includes individual one-off donations, institutional funding as well as Gift Aid. These funds are raised by the trustees, staff, volunteers and individuals who fundraise in support of the Galilee Foundation. The Galilee Foundation received several generous donations from foundations such as the Asfari Foundation and Arab Centre Research and Policy Studies to support its projects. The Galilee Foundation also received a number of smaller donations from our new initiatives with our online boutique, Amazon Smile, and Facebook Donate. We also received generous donations from those who took part in our Move4Jerusalem Campaign, Covid19 Appeal, and Big Give Campaign.

We communicate regularly with our supporters through newsletters, appeals, social media and emails. We provide a comprehensive picture of our activities on our website at: [www.galileefoundation.org.uk](http://www.galileefoundation.org.uk) as well as our social media channels and we are available to support via phone or email.

The Galilee Foundation is registered with the Fundraising Regulator and works in a way that is compliant with the Code of Fundraising Practice.

We have not received any complaints relating to fundraising. Should this happen, GF employees will record this digitally and discuss with our trustees to review.

The staff manage and monitor the fundraising work undertaken by others. Any volunteer or freelancer that works with us is required to sign a Confidentiality Agreement which we implemented in 2019. The staff also do an informal induction of activities to all new volunteers.

## Project Activities in 2019/20

The Galilee Foundation's projects bring positive and lasting changes to thousands of young people through our scholarship programmes, training, access to quality education and cultural activities. The impact of the projects supported by the Foundation has been immense.

The Foundation renewed its support to most of its existing partners and continued its work towards achieving its objective of expanding the base of its beneficiaries:

- **The Scholarship Programme in Israel:** The Foundation's main programme provides university scholarships to young underprivileged Palestinian citizens of Israel. The Programme continues to be implemented in partnership with the Arab Cultural Association (ACA), the Foundation's local partner based in Haifa. In addition to financial support, the Programme supports its students through a range of training and capacity building workshops, cultural activities, and mentoring. The Scholarship is advertised publicly in local online news and social media platforms. Students are selected through rigorous application and selection procedures based on pre-sit criteria of merit and need. In addition to financial support, the Foundation requires that all scholarship recipients undertake voluntary placements to help their local communities. In the 2019/20 academic year, the Foundation was pleased to have supported the usual 250 students, and thanks to the generous donation of two individual donors, we were able to set up the Abuali Scholarship to support an additional 6 students in the fields of science and medicine.
- **Scholarship Programme with Al Quds University:** The Foundation is proud to continue its partnership with Al Quds University in East Jerusalem to support the continuing 10 disadvantaged bright students from the 2018/19 Academic Year. We have also set up an Abuali Scholarship to support an additional five students in the field of science and medicine. The students are required to participate in 120 hours of volunteer work such as teaching younger students, helping at orphanages, participating in cultural activities and organising conferences.
- **Mada Al-Carmel - Arab Centre for Applied Social Research - PhD Students Programme and Core Funds:** The Foundation partnered again with Mada Al Carmel which aims to support students who wish to continue their higher education and to provide them with academic training. The Programme is the first of its kind available to Palestinian PhD students. The general public, researchers, academics, journalists and civil society organisations have benefited from the outcomes and the publications of their projects, seminars and conferences.
- **Baladna Association for Arab Youth – Core Funds:** The Foundation partnered again with Baladna to support their core funding which enabled them to develop five large-

scale projects. Baladna provides youth with the training, resources and practical tools necessary to confront discrimination and marginalization of the Palestinian people in Israel. Their projects aim to empower Palestinian youth to become agents of positive social change who systemically map the needs of youth groups in their community and develop community projects responsive to these needs. They also aim to foster awareness of the Palestinian identity and history among Palestinian youth groups in Israel. They also work to reduce violence amongst Palestinian youth. The five projects combined reached at least 2,000 youth.

- **Yaffa Youth Movement Association (YYMA) – Yada Al Mustaqbal Programme:** The Foundation continued its partnership with the YYMA, which aims to build a strong and democratic Palestinian-Arab community in Yaffa. They focus on developing a strong core of young leaders with a shared purpose to create change together, based on democratic values, human rights, and advancement of the community. These core students will receive significant support, academic counselling, and mentoring; which are particularly essential for Palestinian youth, who often feel alienated and inadequately prepared to study in Israeli universities.
- **Challenge to Change – Galilee Foundation Students SheCodes Programme:** The Foundation started a partnership with Challenge To Change, who were born out of a strong and genuine desire to enhance the lives of Arab women, especially those affected by conflict in the Middle East. We supported their SheCodes project which teaches women in Gaza coding, web developing and develop freelance portfolios in the digital market in order to promote income generation for young Palestinian women.
- **Adalah – The Legal Center for Arab Minority Rights in Israel:** The Foundation started a partnership with Adalah in July 2020 to support them by employing four law students and legal apprentices on trainee contracts during one calendar year. Under the supervision of Adalah's senior legal team, the legal trainees will provide legal research for cases and legal and advocacy reports, draft legal interventions and Participate in Knesset committee meetings.

## Future Plans

In 2021, the Foundation plans to establish an alumni programme for our students so we can keep in touch with them once they graduate and monitor our impact. We will continue to develop the Scholarship Programme to enhance its training activities and efficiency. We will be reviewing our project partners with the possibility of a new partnership with Hewar.

In terms of fundraising, we will have a one-year fundraising strategy in place with the aim of diversifying our funding reaching out to trusts and foundations internationally as well as corporates. We are expanding operationally as we have hired a part-time Communications

Officer and will have a new part-time Grants Manager beginning in January 2021 with the aim of having solid systems and processes in place.

The Foundation continues to conduct strategic reviews to ensure that its donations help those in need most effectively.

2021 already indicates that the pandemic will be with us, vaccine rollout notwithstanding, for many more months, and that a return to the old normality is unlikely for the foreseeable future. The Galilee Foundation will need to be flexible to adapt to the uncertain changes ahead, and the impacts these will have on operations in general and fundraising in particular.

In the first instance we must knit together a new team working remotely, by developing our team building strategies for such an unfamiliar environment and look to seize opportunities as well as meet challenges. In the second we must encourage all stakeholders to recognize opportunities in adversity and contribute innovative ideas for fundraising or otherwise to exploit them, whether in lockdown or not. We also need to support our partners as they grapple with the local challenges that lie ahead, some of which are yet unpredictable. Finally we must recognize that it is our beneficiaries, the young people whose lives we aim to change for the better, who are most impacted by our success or failure and do everything in our power to ensure their success.

## **Financial Review**

The Foundation continues to receive interest payments from the generous endowment fund donated by the State of Qatar for the provision of university scholarships.

Total expenditure of the Foundation on projects, generating funds and operational costs from 31 August 2019 until 31 August 2020 was USD1,300,603 while the majority of the Foundation's expenditure went towards the projects, totalling USD1,258,513. The Scholarship Programme remains the Foundation's core and largest project, with the majority of project expenditure allocated to it.

## **Investment Policy**

The Galilee Foundation has an Investment Committee comprised of the Chairman, Executive Director and a Trustee with over three decades of financial experience. The Investment Committee advises the board on appropriate investments, monitor performance, recommend the appointment of advisers, liaise with advisers, and report to the board. The Investment Committee mandate also manages the investment portfolio on a low risk, low volatility basis, with a view to generating income over the long term. Before each investment or de-investment decision is made, the investment committee consults with at least three outside financial advisors to ensure maximum diligence.

The objective of the Foundation's current investments portfolio is to ensure capital preservation and generate investment income by seeking to produce financial returns at acceptable low level of risk. The Endowment Fund is in a separate account and is invested in state bonds and some blue chip shares in the amount that does not exceed 15 percent of the total. The results over the past decade have been quite satisfactory. The interest on the investments of this fund is used primarily for the Foundation's Scholarship Programme.

## **Reserves Policy and Going Concern**

The Galilee Foundation is currently dependent on a range of sources of income to sustain its activities. Previously, the Galilee Foundation would hold a biennial fundraising gala dinner. In October 2019, the Galilee Foundation replaced the gala dinner with a joint fundraiser with the Andrea Bocelli Foundation in order to secure restricted funds for our programmes. In addition to these events, Galilee generates income from its investments, receives annual donations from a few foundations and several individual donors. During the year an online shop was created, and revenues were generated from this.

The final grant (for the academic year 2019/2020) under our 10-year agreement with the Qatar Foundation has been made. The Galilee Foundation has reserves of USD495,000 which we have used for the 2020/2021 academic year. We intend to increase our fundraising income from other foundations and continue to offer financial support in future years. Should we not raise USD450,000 we will continue to offer financial support but to fewer students.

The Foundation plans its fundraising in advance having a 24 month view of cash flow.

To avoid closure if funding difficulties were to happen to the Foundation, the Board of Trustees has agreed to keep a certain level of financial reserves to ensure that its main operations can continue for a period of 12 months. It has been calculated that reserves of USD127,772 would be needed to continue operating at a minimal level for at least 12 months.

The Foundation's consolidated balance sheet remains strong with net current assets of USD1,351,169. The trustees have reviewed the circumstances of the Galilee Foundation and consider that adequate resources continue to be available to fund its activities for the foreseeable future. The trustees are of the view that the Galilee Foundation is a going concern.

## **Audit information**

The Trustees confirm that there is no relevant information of which the charitable company's auditor is unaware. The Trustees have taken all reasonable steps to make themselves aware of any relevant audit information.

## **Remuneration policy for key management personnel**

The Trustees consider the board of Trustees and the senior management team the key management personnel of the charity in charge of directing and controlling, running and operating the Charity on a day to day basis. All trustees give of their time freely and no trustee received remuneration in the year. Details of trustees' expenses and related party transactions are disclosed in Note 2 to the accounts. There are currently two part-time employees and their pay is determined by the Executive Director and Chairman. In January 2021, a third part-time employee will be employed.

## **Statement of responsibilities of the trustees**

The trustees (who are also directors of The Galilee Foundation for the purposes of company law) are responsible for approving the trustees' annual report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently
- Observe the methods and principles in the Charities SORP
- Make judgements and estimates that are reasonable and prudent
- State whether applicable UK Accounting Standards and statements of recommended practice have been followed, subject to any material departures disclosed and explained in the financial statements
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- There is no relevant audit information of which the charitable company's auditor is unaware
- The trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Members of the charity guarantee to contribute an amount not exceeding £1 to the assets of the charity in the event of winding up. The total number of such guarantees at 31 August 2020 was 7. The trustees are members of the charity but this entitles them only to voting rights. The trustees have no beneficial interest in the charity.

### **Auditor**

Sayer Vincent LLP was re-appointed as the charitable company's auditor during the year and has expressed its willingness to continue in that capacity.

The trustees' annual report has been approved by the trustees on 3 March 2021 and signed on their behalf by

Sawsan Asfari  
Executive Director & Trustee

## Opinion

We have audited the financial statements of Galilee Foundation (the 'charitable company') for the year ended 31 August 2020 which comprise the statement of financial activities, balance sheet, statement of cash flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- Give a true and fair view of the state of the charitable company's affairs as at 31 August 2020 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended
- Have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice
- Have been prepared in accordance with the requirements of the Companies Act 2006

## Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- The trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- The trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charitable company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

## Independent auditor's report

to the members of

The Galilee Foundation

---

### Other information

The other information comprises the information included in the trustees' annual report other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- The information given in the trustees' annual report for the financial year for which the financial statements are prepared is consistent with the financial statements
- The trustees' annual report has been prepared in accordance with applicable legal requirements

### Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the trustees' annual report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- Adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- The financial statements are not in agreement with the accounting records and returns; or
- Certain disclosures of trustees' remuneration specified by law are not made; or
- We have not received all the information and explanations we require for our audit; or
- The trustees were not entitled to prepare the financial statements in accordance with the small companies' regime and take advantage of the small companies' exemptions

## Independent auditor's report

to the members of

### The Galilee Foundation

---

in preparing the trustees' annual report and from the requirement to prepare a strategic report.

## Responsibilities of trustees

As explained more fully in the statement of trustees' responsibilities set out in the trustees' annual report, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

## Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs (UK), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustees.

## Independent auditor's report

to the members of

### The Galilee Foundation

---

- Conclude on the appropriateness of the trustees' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Use of our report

This report is made solely to the charitable company's members as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Jonathan Orchard (Senior statutory auditor)

**1 Accounting policies**

**a) Statutory information**

Galilee Foundation is a charitable company limited by guarantee and is incorporated in England and Wales.

The registered office address and principal place of business is Unit A, 1–3 Canfield Pl, South Hampstead, London NW6 3BT.

**b) Basis of preparation**

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) – (Charities SORP FRS 102), The Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006/Charities Act 2011.

Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy or note.

In applying the financial reporting framework, the trustees have made a number of subjective judgements, for example in respect of significant accounting estimates. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The nature of the estimation means the actual outcomes could differ from those estimates. Any significant estimates and judgements affecting these financial statements are detailed within the relevant accounting policy below.

**c) Public benefit entity**

The charitable company meets the definition of a public benefit entity under FRS 102.

**d) Going concern**

The trustees consider that there are no material uncertainties about the charitable company's ability to continue as a going concern.

The trustees do not consider that there are any sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

**e) Income**

Voluntary income is received by way of donations and gifts and is included in full in the statement of financial activities when receivable.

Revenue grants are credited to the statement of financial activities when received or receivable whichever is earlier.

Where unconditional entitlement to grants receivable is dependent upon fulfilment of conditions within the charity's control, the incoming resources are recognised when there is sufficient evidence that conditions will be met. Where there is uncertainty as to whether the charity can meet such conditions the incoming resource is deferred.

**f) Interest receivable**

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the bank.

**g) Fund accounting**

Restricted funds are to be used for specific purposes as laid down by the donor. Expenditure which meets these criteria is charged to the fund.

Unrestricted funds are donations and other incoming resources received or generated for the charitable purposes.

**h) Expenditure and irrecoverable VAT**

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Costs of raising funds relate to the costs incurred by the charitable company in inducing third parties to make voluntary contributions to it, as well as the cost of any activities with a fundraising purpose
- Expenditure on charitable activities includes the costs of the scholarship programme and other educational activities undertaken to further the purposes of the charity and their associated support costs

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

**1 Accounting policies (continued)**

**i) Grants payable**

Grants payable are made to third parties in furtherance of the charity's objects. Single or multi-year grants are accounted for when either the recipient has a reasonable expectation that they will receive a grant and the trustees have agreed to pay the grant without condition, or the recipient has a reasonable expectation that they will receive a grant and that any condition attaching to the grant is outside of the control of the charity.

Provisions for grants are made when the intention to make a grant has been communicated to the recipient but there is uncertainty about either the timing of the grant or the amount of grant payable.

**j) Allocation of support costs**

Resources expended are allocated to the particular activity where the cost relates directly to that activity. However, the cost of overall direction and administration of each activity, comprising the salary and overhead costs of the central function, is apportioned on the following basis which are an estimate, based on staff time, of the amount attributable to each activity.

Where information about the aims, objectives and projects of the charity is provided to potential beneficiaries, the costs associated with this publicity are allocated to charitable expenditure.

Where such information about the aims, objectives and projects of the charity is also provided to potential donors, activity costs are apportioned between fundraising and charitable activities on the basis of area of literature occupied by each activity.

Support and governance costs are re-allocated to each of the activities on the following basis which is an estimate, based on staff time, of the amount attributable to each activity

▪ Raising Funds	10%
▪ Scholarship programme	50%
▪ Other projects	40%

Governance costs are the costs associated with the governance arrangements of the charity. These costs are associated with constitutional and statutory requirements and include any costs associated with the strategic management of the charity's activities.

**k) Operating leases**

Rental charges are charged on a straight line basis over the term of the lease.

**l) Tangible fixed assets**

Items of equipment are capitalised where the purchase price exceeds £750. Depreciation is charged on a straight line basis at 25%

**m) Debtors**

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

**n) Cash at bank and in hand**

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

**o) Creditors and provisions**

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

**p) Financial instruments**

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

**q) Investments**

Investments are a form of basic financial instrument and are initially recognised at their transaction value and subsequently measured at their fair value as at the balance sheet date using the closing quoted market price. Any change in fair value will be recognised in the statement of financial activities and any excess of fair value over the historic cost of the investments will be shown as a fair value reserve in the balance sheet. Investment gains and losses, whether realised or unrealised, are combined and shown in the heading "Net gains/(losses) on investments" in the statement of financial activities. The charity does not acquire put options, derivatives or other complex financial instruments.

Notes to the financial statements

For the year ended 31 August 2020

1 Accounting policies (continued)

r) Financial instruments

With the exception of the listed investments described above, the charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

s) Foreign exchange

Monetary assets and liabilities in foreign currencies are translated into dollars at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into dollars at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the net incoming resources for the year.

**5 Net expenditure for the year**

This is stated after charging:

	2020 \$	2019 \$
Operating lease rentals:		
▪ Property	6,480	15,011
Auditor's remuneration (excluding VAT):		
▪ audit	9,159	7,663

**6 Staff costs and numbers**

Staff costs were as follows:

	2020 \$	2019 \$
Salaries and wages	75,400	55,785
Staff pension costs	3,749	2,414
Social security costs	2,857	733
	<b>82,006</b>	<b>58,932</b>
<b>Total emoluments paid to staff were:</b>	<b>75,400</b>	<b>55,785</b>

No employee earned more than \$80,229 during the year (USD equivalent of GBP 60,000).

The total employee benefits including pension contributions of the key management personnel were \$47,083 (2019: \$41,944).

The average weekly number of employees (head count based on number of staff employed) during the period was 2 (2019: 2).

The charity trustees were not paid or received any other benefits from employment with the charity in the year (2019: \$nil). No charity trustee received payment for professional or other services supplied to the charity (2019: \$nil).

There were no trustees' expenses relating to attendance at meetings of the trustees.

## 7 Related party transactions

There were the following related party transactions for the year ended 31 August 2020 US\$101,170 (2019: US\$126,654).

During the year donations totalling US\$96,966 (2019: US\$126,654) were received from The Asfari Foundation. The Asfari Foundation is a related party as Mrs Sawsan Asfari, a trustee of Galilee Foundation, has majority control over the Asfari Foundation with her immediate family members. Grants from the Asfari Foundation funded grants to the Arab Cultural Center (Scholarship Fund) and a grant to cover costs related to the expansion of the Scholarship Programme to Al-Quds, as well as to fund the Galilee Foundation's organisational development and capacity building in accordance with the conditions of the donations.

In 2020 the charity paid US\$6,082 (2019: \$548) to the Asfari Foundation in respect of the rental of office space.

Other aggregate donations from related parties were US\$ 4,292 (2019: NIL).

## 8 Taxation

The charitable company is exempt from corporation tax as all its income is charitable and is applied for charitable purposes.

## 9 Investments
