**REPORT OF THE TRUSTEES  
for the Year Ended 31 March 2025**

**OBJECTIVES AND ACTIVITIES**

**Public benefit**

Ardhmeria is not set up with financial management in mind - it is set up in response to a Community need, by founders who have a passion to create change and deliver on a mission. The staff members as well as volunteers have worked hard during the year and have managed all aspects of the work delivered by Ardhmeria such as the Albanian supplementary schools across London, community engagement, development and maintenance of parental skills, communications and many other areas of administration.

Similarly, those who sit on a charity's trustee board, or spend their days working for it, we all become involved because we believe in Ardhmeria's objectives, aims and aspirations - all the trustees' members are particularly financially literate or competent. Yet from the day that we gain our first income, financial management becomes a consideration; a factor impacting upon the charity's success. As the charity has grown, financial issues have become more prominent, presenting challenges, insight, threats and opportunities, and how finance is approached comes to play a key role in the determining the charity's actions, impact and sustainability.

The Financial year 2024/25 was both a challenge and progress for Ardhmeria. The organisation achieved notable success in delivering its programmes and engaging with its community. We would like to thank all those who provided funding and helped us continue, develop and implement our projects, and every one setting up and taking Ardhmeria forward, my fellow directors, our members and everyone who has given us support and guidance over the last year. Without all the Community donation and other funding Ardhmeria quite simply wouldn't exist.

**ARDHMERIA LIMITED**  
**REPORT OF THE TRUSTEES**  
**for the Year Ended 31 March 2025**

**OBJECTIVES AND ACTIVITIES**

**Achievements and Performance:**

Trustees, members, volunteers and staff have demonstrated significant commitment to all of Ardhmeria's service users in developing and implementing projects that support the wider agenda of the organisation.

The financial position of Ardhmeria is set on pages 7 to 8. In 2024-25 total income was £86,294 (2023-24: £32,037) reflecting strong community engagement, grant success, and partnership working. Funding was primarily sourced from parent contributions, local business donations, the Young Westminster Supplementary School, and Main Grant funding. Total expenditure was £59,257, primarily for teaching, rent, events, and professional services. The organisation achieved a net surplus of £27,037, which has strengthened the financial position for future work.

We gratefully acknowledge the support of funders, especially Sport England and Young Westminster Supplementary School, whose contributions enabled ongoing delivery of Albanian language classes, cultural events, and integration activities. These included both face-to-face and online learning as well as engagement with over 100 disadvantaged young people through sports, employability, and skills-building activities.

As an organisation, we are committed to staff retention and their ongoing development; all staff are trained on aspects such as such safeguarding children and vulnerable adults, health and safety and first aid and they are encouraged and supported in their attempts for significant relevant Continuing Professional Development (CPD).

**Reserves**

Our Charity trustees have a fundamental duty to manage the Charity's assets in the best interests of its beneficiaries, in this case our Community as a stakeholders.

The trustees consider the current level of reserves appropriate, given the support from funders and continued donor engagement. Ardhmeria does not currently aim to hold significant reserves but ensures sustainability through careful financial planning and stewardship.

**Our plans for the future**

The report provides a summary of the charity's plans for the future, including its aims and objectives and details of any activities planned to achieve them. We continue to benefit from long running consistent funding and voluntary support in the community and do not foresee a material risk on the ability to continue as an organization on an ongoing bases. There are a number of challenges we will focus on for the year ahead and future years, as summarised below:

- Change management - we believe that the past is for reference not for residence. We learn from the past but live present and plan for the future. This is a statement, we know, but it defines that we are recipient to change.
- Continue to strengthen and broaden our supplementary Albanian language classes this year. We are in the process of identifying areas with a significant number of Albanian children of the 5-16 group age and will then working with Local Authorities and schools directly and parents to secure premises and school attendance.
- The Board will regularly review the five-year plan for the organisation ensuring it is current with the community needs. The chair of the board is responsible for coordinating this by each year and ensuring Board approval.
- Create new opportunities for development and activity, focusing on:
  - Services for young people, work in partnership with Local Authorities and other agencies to provide support to unaccompanied Minors from the community
  - Find ways to provide services to other young people from the community including identity, sports, drama events, home work groups etc.

## **ARDHMERIA LIMITED**

### **REPORT OF THE TRUSTEES for the Year Ended 31 March 2025**

#### **OBJECTIVES AND ACTIVITIES**

- Services to the older people in the community; continue the research to inform the numbers and need for services to this client group and then identifying ways of developing and implementing. An example is exploring the possibility to become a sheltered housing enabler/provider.

- Be the leading organisation amongst the Albanian community to engage and develop a cohesive approach to our community work. Be the focal point of contact for government and voluntary organisations for the benefit of the community.

- Become an advisory organisation to relevant organisations on issues affecting the Albanian community in the UK.

- Work closely with the governments of the UK, Albania, Kosova as well as relevant other organisations in order to continuously improve the services to the community.

The Director and the Board aims to have a target driven organisation, with high calibre outputs and standards. Our approach will be SMART to everything we do for the organisation and its service users. We will continue to review the needs to ensure that the mother tongue and other activities remain appropriate for our service users development.

The trustees are confident in the charity's ability to continue delivering high-impact, community-led programs in the coming years.

As outlined above, in our professional opinion and assessment, the organisation is solvent and well managed financially.

ARDHMERIA LIMITED

REPORT OF THE TRUSTEES  
for the Year Ended 31 March 2024

OBJECTIVES AND ACTIVITIES

Public benefit

Ardhmeria is not set up with financial management in mind - it is set up in response to a Community need, by founders who have a passion to create change and deliver on a mission. The staff members as well as volunteers have worked hard during the year and have managed all aspects of the work delivered by Ardhmeria such as the Albanian supplementary schools across London, community engagement, development and maintenance of parental skills, communications and many other areas of administration.

Similarly, those who sit on a charity's trustee board, or spend their days working for it, all become involved because we believe in Ardhmeria's objectives, aims and aspirations - all the trustees' members are particularly financially literate or competent. Yet from the day that we gain our first income, financial management becomes a consideration; a factor impacting upon the charity's success. As the charity has grown, financial issues have become more prominent, presenting challenges, insight, threats and opportunities, and how finance is approached comes to play a key role in the determining the charity's actions, impact and sustainability.

The Financial year 2023/24 was a challenging one for Ardhmeria. We would like to thank all those who providing funding and helped us continue, develop and implement our projects, and every one setting up and taking Ardhmeria forward, my fellow directors, our members and everyone who has given us support and guidance over the last year. Without all the community donation and other funding Ardhmeria quite simple wouldn't exist.

## ARDHMERIA LIMITED

### REPORT OF THE TRUSTEES for the Year Ended 31 March 2024

#### OBJECTIVES AND ACTIVITIES

##### Achievements and Performance:

Trustees, members, volunteers and staff have demonstrated significant commitment to all of Ardhmeria's service users in developing and implementing projects that support the wider agenda of the organisation.

The financial position of Ardhmeria is set on pages 7 to 8. In 2023-24 we managed to secure an income of £32,037 (2022-23 : £23,003) via grant funding, partnership working and stakeholder involvement.

We have formed and sustained an excellent working relationship with boroughs and organisations across Greater London and the wider region such as Hammersmith, Barnet, Greenwich, Walthamstow, Brent and Lewisham.

We thank our funders; Main Grant (Sports England) John Lyons NRCSE and Young Westminster Supplementary School for supporting us during a difficult period. The grant funding enabled us to continue to deliver Albanian language classes through online teaching and face to face; invest in IT equipment and continue our Social Integration and Cultural Celebration projects in Westminster at St Augustine School. Around 60 disadvantaged young people engaged with us throughout various sports, employability and key skills workshops programs through which they build strong friendship networks which supports them throughout their life.

As an organisation, we are committed to staff retention and their ongoing development; all staff are trained on aspects such as safeguarding children and vulnerable adults, health and safety and first aid and they are encouraged and supported in their attempts for significant relevant Continuing Professional Development (CPD).

#### Reserves

Our Charity trustees have a fundamental duty to manage the Charity's assets in the best interests of its beneficiaries, in this case our Community as a stakeholders.

The Trustees do not consider it necessary to hold significant level of reserves due to commitment of the current funders to invest in the ongoing charitable objectives. The Trustees are comfortable that the current level of reserves, together with the continued access to grant funding, are sufficient to maintain the short, medium and long term sustainability of Ardhmeria. Accordingly, there are no concerns regarding the charity's ability to continue to operate in future periods.

#### Our plans for the future

The report provides a summary of the charity's plans for the future, including its aims, objectives and details of any activities planned to achieve them. We continue to benefit from long running consistent funding and voluntary support in the community and do not foresee a material risk on the ability to continue as an organisation on an ongoing basis. There are a number of challenges we will focus on for the year ahead and future years, as summarized below:

- Change management - we believe that the past is for reference not for residence. We learn from the past but live present and plan for the future. This is a statement, we know, but it defines that we are recipient to change.

- Continue to strengthen and broaden our supplementary Albanian language classes this year. We are in the process of identifying areas with a significant number of Albanian children on the 5-16 group age and will then be working with Local Authorities and schools directly and parents to secure premises and school attendance.

- The Board will regularly review the five-year plan for the organisation ensuring it is current with the community needs. The chair of the board is responsible for coordinating this by each year and ensuring Board approval.

- Create new opportunities for development and activity, focusing on:

- Services for young people, work in partnership with Local Authorities and other agencies to provide support to unaccompanied Minors from the community;

## ARDHMERIA LIMITED

### REPORT OF THE TRUSTEES for the Year Ended 31 March 2024

#### OBJECTIVES AND ACTIVITIES

- Find ways to provide services to other young people from the community including identity, sports, drama events, home work groups etc;
- Services to the older people in the community; continue the research to inform the numbers and need for services to this client group and then identifying ways of developing and implementing. An example is exploring the possibility to become a sheltered housing enabler/provider;
- Be the leading organisation amongst the Albanian community to engage and develop a cohesive approach to our community work. Be the focal point of contact for government and voluntary organisations for the benefit of the community; .
- Become an advisory organisation to relevant organisations on issues affecting the Albanian community in the UK;
- Work closely with the governments of the UK, Albania, Kosova as well as relevant other organisations in order to continuously improve the services to the community.

The Director and the Board aims to have a target driven organisation, with high calibre outputs and standards. Our approach will be SMART to everything we do for the organisation and its service users. We will continue to review the needs to ensure that the mother tongue and other activities remain appropriate for our service users development.

Our future plans are financed primarily from grants, donations and from our reserves. The Trustees need to maintain an equitable balance ensuring our current service users benefit whilst, at the same time, ensuring a sound infrastructure and financial base are preserved.

As outlined above, in our professional opinion and assessment, the organisation is solvent and well managed financially.

### **REPORT OF THE TRUSTEES** **for the Year Ended 31 March 2021**

#### **OBJECTIVES AND ACTIVITIES**

##### **Public benefit**

Ardhmeria is not set up with financial management in mind - it is set up in response to a Community need, by founders who have a passion to create change and deliver on a mission. The staff members as well as volunteers have worked hard during the year and have managed all aspects of the work delivered by Ardhmeria such as the Albanian supplementary schools across London, community engagement, development and maintenance of parental skills, communications and many other areas of administration.

Similarly, those who sit on a charity's trustee board, or spend their days working for it, we all become involved because we believe in Ardhmeria's objectives, aims and aspirations - all the trustees' members are particularly financially literate or competent. Yet from the day that we gain our first income, financial management becomes a consideration; a factor impacting upon the charity's success. As the charity has grown, financial issues have become more prominent, presenting challenges, insight, threats and opportunities, and how finance is approached comes to play a key role in the determining the charity's actions, impact and sustainability.

The Financial year 2020/21 was a challenging one for Ardhmeria. We would like to thank all those who providing funding and other supporters who helped us continue, develop and implement our projects, and every one setting up and taking Ardhmeria forward, my fellow directors, our members and everyone who has given us support and guidance over the last year, without all the Community donation and other funding Ardhmeria quite simple wouldn't exist.

### **REPORT OF THE TRUSTEES** **for the Year Ended 31 March 2021**

#### **OBJECTIVES AND ACTIVITIES**

##### **Achievements and Performance:**

Trustees, members, volunteers and staff have demonstrated significant commitment to all of Ardhmeria's service users in developing and implementing projects that support the wider agenda of the organisation.

The financial position of Ardhmeria is set on pages ?? to ??. In 2020-21 we managed to secure an income of £38,751 via grant funding, partnership working and stakeholder involvement. The Covid 19 situation has had an impact on the operations of the Charity including home working and online teaching and coaching in place of face to face. Many activities which involved community gatherings or travel have had to be cancelled. In response to that we invested in technology and moved our operations online and organised and run various successful projects.

We have formed and sustained an excellent working relationship with boroughs and organisations across greater London and the wider region such as Hammersmith, Barnet, Greenwich, Walthamstow, Brent, Lewisham.

We thank our funders; The national Lottery Community Fund, Sport England, Main Grant, Johns Lyons NRCSE and Young Westminster Supplementary school for supporting us during a difficult period. The grant funding enabled us to continue to deliver Albanian language classes through online teaching and face to face; invest in IT equipment's and around 35 disadvantaged young people engaged on live online zoom sessions through which our qualified teachers delivered educational, employability and key skills workshops.

As an organisation, we are committed to staff retention and their ongoing development; all staff are trained on aspects such as such safeguarding children and vulnerable adults, health and safety and first aid and they are encouraged and supported in their attempts for significant relevant Continuing Professional Development (CPD).

##### **Reserves**

Our Charity trustees have a fundamental duty to manage the Charity's assets in the best interests of its beneficiaries, in this case our Community as a stakeholders.

The Trustees do not consider it necessary to hold significant level of reserves due to commitment of the current funders to invest in the ongoing charitable objectives. The Trustees are comfortable that the current level of reserves, together with the continued access to grant funding, are sufficient to maintain the short, medium and long term sustainability of Ardhmeria. Accordingly, there are no concerns regarding the charity's ability to continue to operate in future periods.

##### **Our plans for the future**

The report provides a summary of the charity's plans for the future, including its aims and objectives and details of any activities planned to achieve them. The COVID 19 situation is rapidly evolving and is having an impact on the operations of Ardhmeria. We continue to benefit from long running consistent funding and voluntary support in the community and do not expect the COVID 19 situation to have a material impact on the ability to continue as an organization on an ongoing bases.

There are a number of challenges we will focus on for the year ahead and future years, as summarized below:

- Change management - we believe that the past is for reference not for residence. We learn from the past but live in the present and plan for the future. This is a statement, we know, but it defines that we are recipient to change.
- Continue to strengthen and broaden our supplementary Albanian language classes this year. We are in the process of identifying areas with a significant number of Albanian children in the 5-16 age group and will then working with Local Authorities and schools directly and parents to secure premises and school attendance.
- The Board will regularly review the five-year plan for the organisation ensuring it is current with the community needs. The chair of the board is responsible for coordinating this by each year and ensuring Board approval.
- Create new opportunities for development and activity, focusing on:

## **ARDHMERIA LIMITED**

### **REPORT OF THE TRUSTEES** **for the Year Ended 31 March 2021**

#### **OBJECTIVES AND ACTIVITIES**

- Services for young people, work in partnership with Local Authorities and other agencies to provide support to unaccompanied Minors from the community
- Find ways to provide services to other young people from the community including identity, sports, drama events, home work groups etc.
- Services to the older people in the community; continue the research to inform the numbers and need for services to this client group and then identifying ways of developing and implementing. An example is exploring the possibility to become a sheltered housing enabler/provider.
- Be the leading organisation amongst the Albanian community to engage and develop a cohesive approach to our community work. Be the focal point of contact for government and voluntary organisations for the benefit of the community.
- Become an advisory organisation to relevant organisations on issues affecting the Albanian community in the UK.
- Work closely with the governments of the UK, Albania, Kosova as well as relevant other organisations in order to continuously improve the services to the community.

The Director and the Board aims to have a target driven organisation, with high calibre outputs and standards. Our approach will be SMART to everything we do for the organisation and its service users. We will continue to review the needs to ensure that the mother tongue and other activities remain appropriate for our service users development.

Our future plans are financed primarily from grants, donations and from our reserves. The trustees need to maintain an equitable balance ensuring our current service users benefit whilst, at the same time, ensuring a sound infrastructure and financial base are preserved.

As outlined above, in our professional opinion and assessment, the organisation is solvent and well managed financially.
