We have a huge amount of respect for our well-wishers and contributors who have allowed us to accomplish our current goals year on year at Valan Hospital. The progress the charity has made since establishing Valan Hospital has been an overwhelming success across the various faculties and departments of the hospital. These departments are operational on a day-to-day basis and are a means of hope to many sick and unwell people.

We are proud to announce The Valan Homeopathic Medical College has had its' First Year of students taking advantage of the excellent educational services. The Medical College provides opportunities to students living near Valan Hospital to educate themselves in the medical field and in turn produce state of the art doctors. This is important to the people in and around Valan as they would otherwise be travelling many miles to gain access to such knowledge and expertise. The medical students are enjoying their experiences at the College and are making fantastic progress during their first year of their medical studies.

Alongside annual Eye Camps, Valan hospital operated numerous other camps including Cancer Screening, Dental and Heart Camps. The overall departmental progress from 2022-2023 indicates that over 78,000 patients overall benefited from the different services provided at Valan Hospital. A breakdown of this figure shows that amongst these patients, 42,752 patients made use of the Outpatient Department and rendered its service. 570 delivery patients were admitted at Valan Hospital to acquire their support, service and excellent skill in bringing a new-born child safely into this world. 4,789 X-rays were carried out. Inpatient department accounted for 4553 patients and the eye department, 3719 patients benefited from these facilities including 1004 cataract operations successfully carried out.

Valan Hospital operates as a non- profit organisation and each year intends to improve the services and facilities of the hospital to ensure patients receive the best treatments and services in the locality. In accordance with our goal and the help of our well wishers and donors The Homeopathic Medical College at Valan Hospital is now open to Medical students in and around Valan. The Medical College aims to provide an educational institution that provides medical education within the hospital. In making this hospital a success, we are constantly open to improvement and advice from well wishers who aim to make this venture, as much of a success as we aspire. Changes are constantly made to the running of the hospital to ensure all patients are treated equally and benefit from the best service possible. It is our aim to give the people of those in surrounding areas of the hospital, a better standard of living by providing a healthcare service in close proximity.

A special thanks to all our well-wishers, nurses, doctors, volunteers and committee member for their great efforts in making this hospital a success and valuable to the local communities.
