TRINITY FAMILY CENTRE REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31ST AUGUST 2025

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31st March 2025. The trustees have adopted the provisions of the Statement of Recommended Practice (SORP) 'Accounting and Reporting by Charities' issued in March 2005.

Trinity Family Centre is an independent charity supported by Trinity Methodist Church

AIM

- i** To improve the quality of life for people of all ages, cultures, and disabilities, in an area of high deprivation, reduce social isolation and build a stronger sense of community by providing affordable facilities for recreation and physical activity; empowering personal and social development within a safe, secure, friendly environment.

CHAIRPERSON'S REPORT

- i** Trinity Family Centre has continued to grow in numbers with increased demand as a result of the cost-of-living crisis. On average 338 adults and 81 children use the Centre each month, totaling 6380 visits during the year. We continue to receive regular food donations from Ocado through the Experience Project, which we pass on to the community through our community freezer, fridge, and general store. We have distributed grants of £6,000 from Southend Emergency Fund to support people struggling with the cost-of-living crisis. 58 families and individuals have benefitted in the form of Aldi food vouchers and gas and electric payments.

The premises have been significantly improved through various grants providing new windows, new LED motion sensor lighting and the refurbishment of the sports hall floor.

During the Easter holiday we worked with SECH to provide healthy meals for young people on the HAF project, with children benefitting from fun activities and sports. An 11 week digital training course was run in partnership with SAC. We continue to work closely with other local voluntary organisations including Southend Age Concern, Southend Mencap, South Essex Advocacy Service, Experience Project, CAST (Community & Asylum Seekers Together), Active Life, A Breath of Light Yoga, Southend Care Ltd, SBC Employability Team, and Essex Community Rehabilitation Company (Probation Service). In the last year 98.2 % of users reported an increase of social connections and feeling less isolated. 91% of users reported being more actively involved in the community. 93.6 % of users reported feeling more self-confident and positive. On Christmas Day and Boxing Day 2024, 231 free meals were provided to the community in partnership with Southend Age Concern and Waitrose.

PROJECTS

i POP IN: Pensioners' group offers low-cost lunches every Monday afternoon, a variety of entertainment, monthly seated fitness (provided by Active Life) plus seated yoga, quizzes and the opportunity to form friendships. Subsidised transport ensures that restricted mobility does not limit attendance.

EAT IN: Weekly community café on Tuesday lunch time, serving low cost home cooked meals, which is open to all. This used by a cross section of the community; there is a diverse ethnicity and a broad age range. People are able to socialize and many friendship groups have been formed.

WELCOME IN: 3 morning sessions for parents, grandparents and carers with pre-school children. Offering play and creative learning facilities and a chance to socialise and make new friends. Support networks are fostered amongst adults while their children play and develop. Low cost breakfasts are available.

FAMILY CLUB: families and children have access to sports facilities and computers, as well as healthy, affordable meals after school on Tuesdays. Children from different school's mix, and those from single parent families experience extended friendships which also provide practical and emotional support. It provides large safe space for those living in restricted accommodation.

Trinity Gems: A session on Wednesday morning, dedicated to supporting adults with learning disabilities is provided once a week. Activities include arts and crafts, sports and access to the internet with one-to-one support provided to develop computer skills.

ON THE FRINGE: providing retail training at TFC charity shop to a wide range of people on the fringe of society. Beneficiaries included 6 young people (NEET), 5 adults with learning disabilities, 12 community service placements and 5 people for whom English is a second language. We work closely with Southend Borough Council Employability Team, Better Start, Southend Care Ltd and Essex Community Rehabilitation Company (Probation Service). Volunteers with learning disabilities are supported by Making It Work team (Southend Care Ltd). We also supported 4 young people on work experience.

CHARITY SHOP

First opened in 2007 to provide affordable new and second-hand goods for the community (our prices are the lowest in the town!), the charity shop provides volunteering opportunities for the lonely and isolated and also raises funds for Trinity Family Centre. In recent years it has developed its role to provide Community Work Placements and to offer retail training and work experience with other agencies.

Staff & Volunteers

i Trinity Family Centre employs 6 part-time staff. 32 volunteers who have helped at the charity shop and projects during the past year, plus 35 who have volunteered at special events i.e. Christmas meals. We continue to provide opportunities to build self-esteem, reduce mental health issues and increase a sense of belonging. This last year 5808 hours have been donated by volunteers to ensure the wellbeing of our community. We could not run without their time and commitment.

Local Need

Trinity Family Centre is situated in Milton Ward, an area of multiple deprivation that falls within the 10% most deprived in the country. It is adjacent to Westborough Ward, which is the most densely populated ward in Southend, which is the 7th most densely populated area in UK outside of the London Boroughs. Southend on Sea is ranked in the 20% most deprived areas in the country, with the highest percentage of residents receiving Housing Benefit- 19%, and the third highest percentage of residents receiving Council Tax Benefit in Essex. 11 of Southend's 17 wards have a higher proportion of children living in poverty than the England average. 40.2% of residents in Milton ward live in part converted or shared housing including bedsits.

The objectives of Trinity Family Centre are line with outcomes for Southend City Council:
SOUTHEND 2050 themes: Pride & Joy; Safe & Well; Opportunity & Prosperity, Connected & SMART.

- enable inclusive community projects which provide opportunities for people of all ages to participate, grow skills, confidence and social connection and make a positive contribution to tackling inequalities
- more Southenders agree that people from different backgrounds are valued and get on well together
- residents feel the benefits of social connection, in building and strengthening their local networks through common interests and volunteering.
- Southend is a leading digital city that reflects equity of digital provision for the young, vulnerable and disadvantaged.

STRUCTURE, GOVERNANCE AND MANAGEMENT

i The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006. Committee Members' Responsibilities in Relation to the Financial Statements Law applicable to charities in England and Wales require the Executive Committee to prepare financial statements for each financial year which give a true and fair view of the charity's financial activities during the year and of its financial position at the end of the year. The trustees have made decisions to fulfil these purposes with due regard to the Charity Commission's public benefit guidance.

Treasurer's Report

i We have had a very challenging year financially; grants are reducing while the demands are growing. Grants are harder to find and those that we regularly receive from are having to reduce the amount they give due to higher demands. There has, however, been a couple of financial green shoots. One was over £1000 raised by our trustee, Kevin, when he did a charity run; he plans to do it again this year. Another was a personal donation of £4000 from a person who wishes to remain anonymous. Not only has this money helped tremendously it has also demonstrated the faith and value that these individuals have in TFC. We continue to seek funding, one of the ways is through Easy Fundraising, it costs you nothing but if you ever shop on line many firms will make a donation to your chosen charity i.e. Trinity Family Centre. To find out how you can do this please ask. We thank all those who have given us grants this year, raised money and made donations. Without the support of Trinity Methodist Church we could not continue.

Volunteer help	The value of any voluntary help received is not included in the accounts but is described in the trustees' annual report.
Income from interest, royalties and dividends	This is included in the accounts when receipt is probable and the amount receivable can be measured reliably.
Income from membership subscriptions	Membership subscriptions received in the nature of a gift are recognised in Donations and Legacies. Membership subscriptions which gives a member the right to buy services or other benefits are recognised as income earned from the provision of goods and services as income from charitable activities.
Settlement of insurance claims	Insurance claims are only included in the SoFA when the general income recognition criteria are met (5.10 to 5.12 FRS102 SORP) and are included as an item of other income in the SoFA.
Investment gains and losses	This includes any realised or unrealised gains or losses on the sale of investments and any gain or loss resulting from revaluing investments to market value at the end of the year.

2.3 EXPENDITURE AND LIABILITIES

Liability recognition	Liabilities are recognised where it is more likely than not that there is a legal or constructive obligation committing the charity to pay out resources and the amount of the obligation can be measured with reasonable certainty.
Governance and support costs	Support costs have been allocated between governance costs and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice. Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.
Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
Grants payable without performance conditions	Where there are no conditions attaching to the grant that enables the donor charity to realistically avoid the commitment, a liability for the full funding obligation must be recognised.
Redundancy cost	The charity made no redundancy payments during the reporting period.
Deferred income	No material item of deferred income has been included in the accounts.
Creditors	The charity has creditors which are measured at settlement amounts less any trade discounts
Provisions for liabilities	A liability is measured on recognition at its historical cost and then subsequently measured at the best estimate of the amount required to settle the obligation at the reporting date
Basic financial instruments	The charity accounts for basic financial instruments on initial recognition as per paragraph 11.7 FRS102 SORP. Subsequent measurement is as per paragraphs 11.17 to 11.19, FRS102 SORP.

2.4 ASSETS

Tangible fixed assets for use by charity	These are capitalised if they can be used for more than one year, and cost at least <input type="text"/>
	They are valued at cost.
	The depreciation rates and methods used are disclosed in note 9.2.
Intangible fixed assets	The charity has intangible fixed assets, that is, non-monetary assets that do not have physical substance but are identifiable and are controlled by the charity through custody or legal rights. The amortisation rates and methods used are disclosed in note 9.5
	They are valued at cost.
Heritage assets	The charity has heritage assets, that is, non-monetary assets with historic, artistic, scientific, technological, geophysical or environmental qualities that are held, and

scientific, technological, geophysical or environmental qualities that are held and maintained principally for their contribution to knowledge and culture. The depreciation rates and methods used as disclosed in note 9.6.1.4.

They are valued at cost.

Investments

Fixed asset investments in quoted shares, traded bonds and similar investments are valued at initially at cost and subsequently at fair value (their market value) at the year end. The same treatment is applied to unlisted investments unless fair value cannot be measured reliably in which case it is measured at cost less impairment.

Investments held for resale or pending their sale and cash and cash equivalents with a maturity date of less than 1 year are treated as current asset investments

Stocks and work in progress

Stocks held for sale as part of non-charitable trade are measured at the lower or cost or net realisable value.

Goods or services provided as part of a charitable activity are measured at net realisable value based on the service potential provided by items of stock.

Work in progress is valued at cost less any foreseeable loss that is likely to occur on the contract.

Debtors

Debtors (including trade debtors and loans receivable) are measured on initial recognition at settlement amount after any trade discounts or amount advanced by the charity. Subsequently, they are measured at the cash or other consideration expected to be received.

Current asset investments

The charity has investments which it holds for resale or pending their sale and cash and cash equivalents with a maturity date less than one year. These include cash on deposit and cash equivalents with a maturity date of less than one year held for investment purposes rather than to meet short term cash commitments as they fall due.

They are valued at fair value except where they qualify as basic financial instruments.

Year ended 31 March 2025

1. General information

The company is a private company limited by guarantee, registered in England and Wales. The address of the registered office is Unit 7a Radford Crescent, Billericay, Essex, CM12 0DU.

2. Statement of compliance

These financial statements have been prepared in compliance with the provisions of FRS 102, Section 1A, 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Turnover

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer (usually on despatch of the goods); the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in the statement of comprehensive income, except to the extent that it relates to items recognised in other comprehensive income or directly in capital and reserves. In this case, tax is recognised in other comprehensive income or directly in capital and reserves, respectively.

Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Tangible assets

Tangible assets are initially recorded at cost, and are subsequently stated at cost less any accumulated depreciation and impairment losses.

Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in capital and reserves, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in capital and reserves in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in capital and reserves in respect of that asset, the excess shall be recognised in profit or loss.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fittings fixtures and equipment	- 25%	reducing balance
---------------------------------	-------	------------------

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of tangible assets, the depreciation is revised prospectively to reflect the new estimates.

Impairment

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

When it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

Financial instruments

A financial asset or a financial liability is recognised only when the company becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Debt instruments are subsequently measured at amortised cost.

Where investments in non-convertible preference shares and non-puttable ordinary shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in profit or loss. All other such investments are subsequently measured at cost less impairment.

Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Other financial instruments are subsequently measured at fair value, with any changes recognised in profit or loss, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.
