Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The charity's financial position (cash balance) at the end of the period, 31 st March 2025) is lower than the prior period due expenses being higher than income. Driven mostly by a combination of (i) lower grant income, regular donations and fundraising activities, and (ii) lower spend (but to a lesser extent) on program activities, offset by an increase in investment in charity sustainability activities (infrastructure in Lesotho, such as land purchase).
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	The charity's policy is to maintain reserves at an appropriate level throughout the period which should be equivalent to six months' worth of budgeted project costs. This may include taking advantage of weaknesses in the South African Rand to buy ZAR in advance at a preferential rate and maintain a reserve with the currency exchange company.
Amount of reserves held	Para 1.22	The charity has reserves of £12,187 (2022: £12,187). However, as mentioned above, the charity has a policy to maintain at approximately six months' worth of budgeted project costs (however this has been agreed amongst Trustees to be at least 12 months, where possible). All assets are held in cash or cash equivalents, with liquidity restrictions of less than 3 months.
Reasons for holding zero reserves	Para 1.22	N/a
Details of fund materially in deficit	Para 1.24	N/a
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	N/a – see above.

Investment policy and objectives including any social investment policy adopted	Para 1.46	The charity holds all assets in cash in GBP. No investments outside of cash are made.
A description of the principal		The charity's principal finance risks include:

risks facing the charity	Para 1.46	<ol style="list-style-type: none"> 1. Loss of key donors or a reduction in the amount received in donations 2. Fluctuation in FX rates, in particular between GBP and ZAR and any associated charges thereto 3. Rising food costs in Lesotho 4. Extraordinary circumstances such as those caused by the Covid-19 pandemic, which could impact all three factors above, and also impact the sustainability initiatives of the charity. 5. Macro-economic conditions such as global inflation and geopolitical instability. 6. Loss of funding and/or infrastructure due to governmental cuts in aid and grants, resulting in a knock-on impact on Msizi Africa and its mission

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The charity's financial position (cash balance) at the end of the period, 31 st March 2021) is higher than the prior period due a combination of (i) initiatives enacted during 2020 responding to the Covid-19 pandemic, resulting in a review of funding provided to villages to ensure the longevity of the charity, and (ii) higher than anticipated fundraising events, particular resulting from virtual initiatives. Thus, the fundraising receipts exceeded the grants/donations paid during 2020, however this is also partially due to a timing difference in the payments for program costs, since Q1 2020 they are paid in advance (prior to this, the payment was often made in arrears).
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	The charity's policy is to maintain reserves at an appropriate level throughout the period which should be equivalent to six months' worth of budgeted project costs. This may include taking advantage of weaknesses in the South African Rand to buy ZAR in advance at a preferential rate and maintain a reserve with the currency exchange company.
Amount of reserves held	Para 1.22	The charity has reserves of £12,187 (2020: £12,187). However, as mentioned above, the charity has a policy to maintain at approximately six months' worth of budgeted project costs (however this has been agreed amongst Trustees to be at least 12 months, where possible). All assets are held in cash.
Reasons for holding zero reserves	Para 1.22	N/a
Details of fund materially in deficit	Para 1.24	N/a
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	N/a – see above.

The charity's principal sources of funds (including any fundraising)	Para 1.47	The main sources of funds are from regular donors (individuals and corporate) as well as periodic fundraising events (such as quizzes)
Investment policy and objectives including any social investment policy adopted	Para 1.46	The charity holds all assets in cash in GBP. No investments outside of cash are made.
A description of the principal risks facing the charity	Para 1.46	The charity's principal finance risks include: 1. Loss of key donors or a reduction in

		<p>the amount received in donations</p> <ol style="list-style-type: none"> 2. Fluctuation in FX rates, in particular between GBP and ZAR and any associated charges thereto 3. Rising food costs in Lesotho 4. Extraordinary circumstances caused by the ongoing Covid-19 pandemic, which could impact all three factors above, and also impact the sustainability initiatives of the charity.

You may choose to include further statements where relevant about:

Policies and procedures adopted for the induction and training of trustees	Para 1.51	Periodic reporting requirements exist for all projects receiving funding. Trustees provide training and guidance on processes to meet these requirements.
The charity's organisational structure and any wider network with which the charity works	Para 1.51	The charity is structured as a Trustee led organization and is entirely led by volunteers. There are no directors or reporting structures, but the Trustees must communicate updates to the group.

Other		There is a child protection policy in place that we adhere to strictly. Each project has committed to adhering with this policy. Responsibilities and
basis of report

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended **31/03/2021**.

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

**Independent

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.
