The trust constitutes a public benefit entity as defined by FRS 102.

(d) Incoming resources

All incoming resources are recognised once the charity has entitlement to the resources, it is certain that the resources will be received and the monetary value of incoming resources can be measured with sufficient reliability. The following specific policies are applied to particular categories of income:

- Voluntary income is received by way of donations and is included in full in the Statement of Financial Activities when receivable.
- Donated services and facilities are included at the value to the charity where this can be quantified. The value of services donated by volunteers has not been included in these accounts, except where the services provided are in the nature of professional services where a fee would otherwise be charged, in which case the donated service is valued at their chargeable rate.
