Treasurers Report

1st April 2024 to 31st March 2025

Current Position

Accounts now run 1st April to 31st March.

Balance as of 31st March 2025 - £75,151.21

Period in Numbers

The Balance at the start of the year was £101,846.86

Incomings for the year were £37,710 (down from £55,833 in 2023/24)

Outgoings for the year were £64,406 (up from £48,667 in 2023/24)

Difference was **-£26,696**

The main source of income comes from member fees and is supplemented by fund raising and the excellent work Kat does in obtaining grants.

Expenses remained static throughout the year and consist mainly of wages and pension for Sam and Chloe, the services Kat supplies, Tracing Steps, Vodafone and Room Hire, plus one or two ad hoc payments.

We raised less than we spent this year, which is a concern. It is my view that income need to at least match expenditure year on year for the charity to sustain itself.

Based on this year we need to raise an additional £25k to £30k per year, rather than reduce spending (and impact on the quality of service).

HMRC and Charities Commission

We are currently up to date in all areas. Everything is filed. Contact details are all correct.

Invoices

Outstanding invoices being managed by Sam, with my assistance and is ongoing. Payments are generally up to date.

Cost Increases

No charge increases for 2024/25 but prices increased from 1st of April 2025 for 12 months.

Summary

**Salford
& Trafford**
the brain injury association

Costs are up this year and income down. This needs to change.

Fees from members does not cover the costs, so fundraising is very important, especially if we want to invest more in the service and continue to provide valuable services to our members.

It's clear that the group will be more sustainable, the more paying members we have but that will not bridge the £25k to £30k shortfall we currently have.
