The trustees oversee the day-to-day activities and running of the Church to fulfil the object of the Charity . The Trustees consult regularly with members of the Church in deciding on key issues of the Church.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To promote and enhance the spiritual, physical, and socio-economic wellbeing of members through corporate worship and outdoor activities. Offering corporate worship on Sundays, helping individuals with socio-religious as well as socio-economic needs. The church organises evangelism and weekly radio broadcast in the community in fulfilment of its objectives. In furtherance of its objectives, the charity also collaborates with sister congregations around London to socialise and edify the brethren and members of the public at large.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

In planning our activities for the year, we reflected on the Charity Commission's guidance on public benefit at our trustee meetings and provided the following:

We provided benevolence to members of the church and the local community members. Our evangelism programme helped to restore vulnerable members of the public suffering from marital difficulties, social exclusion and family life issues.

We helped build spiritual friendship among members and impacted positively on the spiritual and moral well-being of adults and youth members of the church through workshops and weekly prayer sessions. We distributed audio teachings about Christian virtues to members of the public and reached out to countless homes with our radio evangelism broadcast on Saturdays.

These activities benefited the members and the local community in developing positive attitudes while providing opportunities for socialisation of members of the church and the public at large.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;

Summary of the main achievements of the charity during the year

Sunday Worship Service: The Church meet on every Sunday throughout the year (52 Weeks) to worship. Attendance to our worship service range between 69-85 worshippers per Sunday. Members enjoyed spiritual songs, bible teachings and sermons. The church regularly received visiting preachers and brethren from London and beyond who came to edify and worshipped with the congregation.

Conversion and Baptism: Through the evangelism programme of the Church, four members of the public converted(baptised) into the Christian when they accepted Christ as their personal saviour. They have subsequently been worshipping with the church while studying the doctrine and teachings of the Church of Christ as a non-denominational Church.

Community Socialisation and Trip: In keeping with the objective of promoting the physical and social wellbeing of members, the Church successfully organised a trip to Brighton for outdoor activities and socialisation. To this end, the Church organised a variety of socio-physical activities across the age groups in athletics, football, tag of war, and singing to improve the social and physical well-being of the members etc.

Section E Financial review

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

In planning the activities for the year, the church factored in new laws affected the operation of the organisation as a Charity, and reflected on the Charity Commission's guidance on public benefit at our trustee meetings and provided the following:

The church provided benevolence to members and the local community at large. The Church was able to support members and the public who approached the Charity for financial assistance for food, funeral donations, homelessness etc. Our evangelism programme attracted many needing emotional and spiritual support in dealing with personal challenges. The Church broadcast live evangelism programmes on the local radio and in a YouTube channel with open access to members of the public for spiritual and emotional growth. As a result, vulnerable members of the public reached out to the Charity for various kinds of support, particularly, those with marital difficulties, and social exclusion issues.

The Church was successful in building spiritual fellowship and friendship among its members and impacted positively on moral education of the Youth members of church through workshops and weekly prayer sessions.

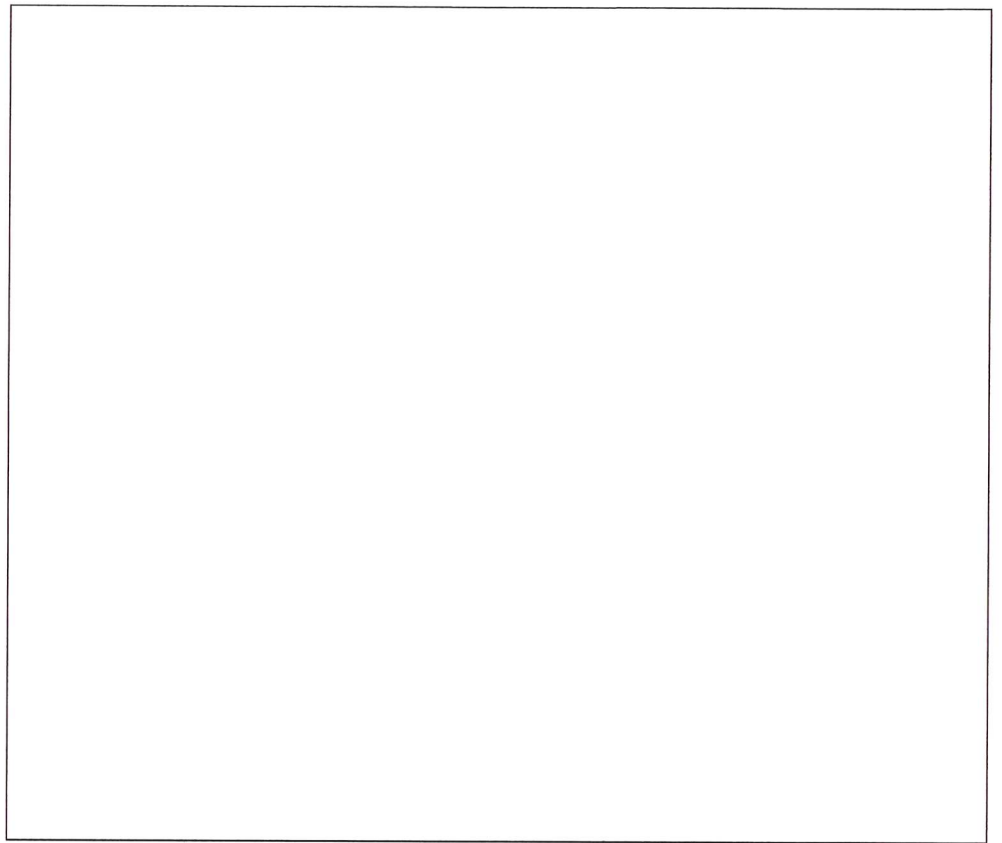

Additionally, the Church succeeded in distributing audio teachings about Christian virtues to members of the public and reached out to countless homes with inspirational WhatsApp messages, together with radio evangelism broadcast on Saturdays.

These activities benefited the members and the local community in developing positive attitudes while providing opportunities for socialisation of members of the church and the wider public.

To promote and enhance the spiritual, physical, and socio-economic wellbeing of members through corporate worship and outdoor activities.

Offering corporate worship on Sundays, helping those in need, organising evangelism and social welfare activities in London.

In planning our activities for the year, we reflected on the Charity Commission's guidance on public benefit at our trustee meetings and provided the following:

We provided benevolence to members of the church and the local community members. Our evangelism programme helped vulnerable members of the public in marital difficulties, and social exclusion to be restored to family life.

We helped build spiritual friendship among members and impacted positively on morals of adult and youth members of church through workshops and weekly prayer sessions.

We distributed audio teachings about Christian virtues to members of the public and reached out to countless homes with our radio evangelism broadcast on Saturdays.

These activities benefited the members and the local community in developing positive attitudes while providing opportunities for socialisation of members of the church and the public at large.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Summary of the main achievements of the charity during the year

Sunday Worship Service: The Church meet on every Sunday throughout the year (52 Weeks) to worship. Attendance to our worship service range between 69-85 worshippers per Sunday. Members enjoyed spiritual songs, bible teachings and sermons. The Church continued to receive visitors across London who came in to worship.

Conversion and Baptism: Through the evangelism programme of the Church, three members of the public converted to the Christian faith. They were subsequently baptised to become members of the Church and have since being worshipping regularly with the Church.

Community Socialisation and Trip: In keeping with the objective of promoting the physical and social wellbeing of the members, the Church successfully organised a trip to Portsmouth for outdoor activities and evangelism. Consequently, the Church organised a variety of socio-physical activities across the age groups to cater for the varied interests of members of the church throughout the year.

Section E Financial review

Brief statement of the charity's policy on reserves

Cash at bank at 31/12/22 was £50,000 in unrestricted funds. The main financial challenge to the Church is that the cost of living crisis has affected weekly free will collection on Sunday worship services.
