for the year ended 31 December 2023 (Continued)**

In planning the activities of the charity, the Trustees have considered the Charity Commission's guidance on public benefit and, in particular, the specific guidance on charities for the advancement of religion.

Achievements and Performance

The Orthodox Parish of the Annunciation in Oxford (the Parish) is a member of the Deanery of Great Britain which is itself under the Greek Archdiocese of Thyateira and Great Britain headed by Archbishop Nikitas. The Archdiocese itself is part of the Ecumenical Patriarchate of Constantinople.

During the year the charity continued to pursue its main objectives by seeking to advance and promote the Orthodox Christian Faith in the community of Oxford and the surrounding area. Sunday services, and those on weekday Feasts, resumed the pre-pandemic pattern. The Sunday afternoon zoom meeting was eventually discontinued as parishioners were able to return to church. The numbers of parishioners remain steady.

The parish property at 3 St. Mary's Road, off Iffley Road, Oxford, continues to provide valuable income from its rental to postgraduate students at the University. The management of this property is operated very effectively by the agents Penny & Sinclair.

The new accounts with Barclays are now functioning, but difficulties continue with HMRC in relation to the transition of the treasurership.

Financial Review

The Parish has liquid assets of around £58,000 and more fixed assets of just over £512,000, giving a total asset level of just over £570,000. This level of assets has increased by £6,000 over the year.

The total income for the year was £49,281 and total expenditure on charitable activities amounted to £44,399 leaving a surplus of £4,882.

Reserves Policy

The trustees have decided that any significant expenditure should at all times be covered by the Parish's liquid reserves, without relying on income from donations or from other sources. The aim of this policy is to protect the Parish from the risks associated with the uncertainty of future income from donations or property rental.

Structure, Governance and Management

Governing Document

The charity is governed by its constitution as adopted on 29 November 2006 and the founding Trust deed dated 18 August 1975. It is registered as a charity with the Charity Commission

Responsibilities and Basis of Report

As the charity's trustees you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the charity's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent Examiner's Statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

NOTES TO THE ACCOUNTS
for the year ended 31 December 2023

1. Accounting Policies

The principal accounting policies adopted, judgments and key sources of estimation and uncertainty in the preparation of the financial statements are as follows:

a) Basis of Preparation

The Financial Statements have been prepared in accordance with the second edition of the Charities Statement of Recommended Practice issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and the Charities Act 2011.

b) Public Benefit Entity

The Orthodox Parish of the Annunciation in Oxford meets the definition of a public benefit entity under FRS 102.

c) Going Concern

The Trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern.

d) Income Recognition Policies

Items of income are recognised and included in the accounts when all of the following criteria are met:

- The charity has entitlement to the funds;
- any performance conditions attached to the items of income have been met or are fully within the control of the charity;
- there is sufficient certainty that receipt of the income is considered probable; and
- the amount can be measured reliably.

For legacies entitlement is taken as the earlier of:

- The date on which the charity is aware that Probate has been granted;
- the estate has been finalised and notification has been made by the Executors to the Trust that a distribution will be made; or
- when a distribution is received from the Estate.

Receipt of a legacy, in whole or in part, is only considered probable when the amount can be measured reliably and the Charity has been notified of the Executors intention to make a distribution. Where legacies have been notified to the Charity, or the Charity is aware of the granting of the probate, and the criteria for income recognition have not been met, then the legacy is treated as a contingent asset and disclosed if material.

Income received in advance of a specific performance or provision of other specified service is deferred until the criteria for income recognition are met.

NOTES TO THE ACCOUNTS
for the year ended 31 December 2023 (Continued)

e) Donated Services and Facilities

Donated services or facilities are recognised as income when the charity has control over the item, any conditions associated with a donated item have been met, the receipt of economic benefit from the use by the Charity of the item is probable and that economic benefit can be measured reliably. On receipt, donated services and facilities are recognised on the basis of the value of the gift to the Charity which is the amount the charity would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market; a corresponding amount is then recognised in expenditure in the period of receipt.

f) Interest Receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the Charity; this is normally upon notification of the interest paid or payable by the bank.

g) Fund Accounting

Unrestricted funds are available to spend on activities that further any of the purposes of the Charity. Designated funds are unrestricted funds of the Charity which the trustees have decided at their discretion to set aside to use for a specific purpose. Restricted funds are donations which the donor has specified are to be solely used for the particular areas of the Charity's work or for specific projects being undertaken by the Charity.

h) Expenditure and Irrecoverable VAT

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

i) Fixed Asset Investments

The charity holds a property at 3 St Mary's Road. This property is not depreciated.

j) Debtors

Trade and other debtors are recognised at the settlement amounts due after any trade discount offered. Prepayments are valued at the amount prepaid after taking account of any trade discounts due.

k) Cash at Bank and in Hand

Cash at bank and cash in hand includes cash and short-term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.
