Vision and Mission

Our vision - A united and thriving Dorset built on a culture of giving and philanthropy.

Our Mission – Raising funds for those most in need in Dorset.

The Foundation is a Quality Accredited member of UK Community Foundations (UKCF), the umbrella body for the network of Community Foundations.

Structure, Governance and Management

Establishment

Dorset Community Foundation is a charity which was founded on 14 June 2000. It acts as a conduit to local philanthropy, linking private and public funders with small community projects across Dorset. It is an accredited member of UK Community Foundations, a national association which promotes and supports 46 Community Foundations across the country.

Board Appointments

The Memorandum of Articles and Association of the charitable company provide for an unlimited number of trustees who are directors of the company all of whom must be members (at the time of writing those on the Board of Trustees are the company's only members). At each AGM any trustee who is due to retire after their three-year term, who remains qualified, may be reappointed for a maximum of three consecutive periods of office. The Board of Trustees meet four times per year and to the date of this report are shown on page 1.

Trustees' Induction and Training

New Trustees undergo an induction process to brief them on their statutory obligations under charity and company law; the Articles of Association; the charity's activities; organisation and decision making; current business plan and recent financial performance. For ongoing training purposes the Board undertakes ad hoc training as required, holds an annual away day to look at specific elements of the Foundation's work and engages with seminars and regional meetings organised by UKCF.

Remuneration of Key Management personnel

The pay and remuneration of the charity's key management personnel, including senior management who have key responsibilities, are set by the Finance and General Purposes Committee which is chaired by the Treasurer. The charity adopts a 'market-based' approach to pay and associated employment terms. Pay is subject to benchmarking within relevant markets and is reviewed annually.

Board Subcommittees

The Board has two subcommittees:

A Finance & General Purposes Committee which ensures the proper administration of the charity including:

- Financial management, the setting and reviewing of budgets and overseeing investment performance
- Developing efficient management information systems, controls and procedures
- Recruiting and managing staff, agreeing salaries and conditions of employment
- Health and safety matters
- Managing risk
- Planning for Board meetings including regular oversight of the Charity's three-year business plan
- Governance including trustee development and succession

DORSET COMMUNITY FOUNDATION

REPORT OF THE TRUSTEES – CONTINUED

For The Year Ended 31 March 2021

A Grants & Impact Committee which:

- Oversees grants made by grants panels and ensures these are in line with Foundation policy and strategy
- Keeps abreast of the needs in the area of benefit, the funding environment and other issues relevant to the Foundation's engagement with the community
- Reviews grant making procedures and application processes
- Recommends grant making strategy and targets to the Board
- Carries out appropriate analysis and follow up of grant making to fully assess and report on the impact of the grant making programmes and outcomes delivered
- Identify ways other than grant making for the Foundation to contribute appropriately to meeting the needs of local communities and monitor progress on the initiatives prioritised

Fund Development is overseen by the full Board of Trustees which seeks to secure income by methods including:

- Identify and influence potential private, public and individual sources of funding
- Establish targets and ensure actions are taken to maximise statutory, private, legacy and endowment opportunities
- Ensure the Foundation has the right skills and tools to extend its funding base
- Oversee effective relationship management in donor development
- Scrutinise the relevant elements of the Foundations business plan
- Ensure all Board members and staff are actively involved in delivering these functions

Important decisions for the charity impacting on its strategy and financial position are made by the Board at Trustee meetings. During the pandemic these have been held more regularly to allow prompter response to changing circumstances. Decisions on grants and awards are made by panels set up for the purpose with oversight from the Grants and Impact committee. The Chief Executive has operational control and makes decisions on matters affecting the daily running of the Foundation, with trustee input where necessary.

Grant Making

The Foundation has a key role in grant management and distribution to Dorset voluntary or community groups, and in the case of the Bursary scheme for individuals. The Foundation provides support and outreach to enable organisations to receive funding and understand the terms and conditions of their grant award, and the monitoring and evaluation processes that are required.

All grantee organisations receive an 'End of Grant' monitoring form, which may be followed up by a visit from a member of the staff team or Trustees who will evaluate the progress and effectiveness of the grant. The Foundation will ask for monies to be returned if, for any reason, the group is unable to use the grant for its original, defined purpose - unless alternative conditions or a grant variation has been agreed prior to expenditure.

Risk Management

The principal identified risks to which the charity is exposed are integrated into the business plan to ensure they are regularly reviewed. The Charity also maintains a risk register which is reviewed by the Finance & General Purposes Committee and reported to the Board at each quarterly meeting.

Fundraising Regulator

The Foundation demonstrates its commitment to good fundraising practice and follows the Code of Fundraising Practice and the Fundraising Promise. The Foundation does not use professional fundraising agencies. No complaints have been registered against the Foundation during the year under review. We are registered with the Fundraising Regulator.

Objectives and Activities of the Foundation for the Public Benefit

Our activities are determined by our charitable objects:

- The promotion of any charitable purposes for the benefit of the community in Dorset, including Poole and Bournemouth and its immediate neighbourhood and in particular the advancement of education, the protection of good health both mental and physical and the relief of poverty
- Other exclusively charitable purposes in the United Kingdom and elsewhere which are in the opinion of the Directors beneficial to the community with a preference for those in the area of benefit

Our aim is to bring the benefits of local philanthropy, especially long-term support, to grass roots community projects across Dorset. To that end, Dorset Community Foundation holds funds on behalf of individuals, families, trusts, companies and statutory bodies investing them to provide further income for our charitable aims. We then engage with groups or individuals on behalf of these funders, promoting their criteria, making awards and collecting feedback. The trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Foundation's aims and objectives and in planning future activities and setting the grant making policy for the year.

Achievements and Financial Performance 2020-21

Review of Achievements

The foundation has made a significant difference to the local Dorset community by its activities and grant making. We are pleased to record that in the last financial year we have distributed £1,413,178 in 368 grants to local groups and 427 individuals.

- The Neighbourhood Grants Programme distributed £81,970 to 24 local groups.
- Our Bursary Programme (incl STEM) continued to help young people in further education at our local colleges. 71 students were supported with £36,969.
- Our Surviving Winter Appeal distributed £74,150 to older people in fuel poverty. This year we supported 354 households in fuel poverty in Dorset through our partner Citizens Advice East Dorset & Purbeck, who distribute Surviving Winter grants of £200 per household by co-ordinating applications made via Citizens Advice offices across Dorset.
- New funds set up this year include, The Paul Comes Fund, Dorset Coronavirus Community Fund (DCMS), Dorset Coronavirus Community Fund (Restricted), Dorset Coronavirus Community Fund (DEFRA), BCP Council Fund, David and Quinta Woodward Family Fund and the Made by Sport Fund.

Future Plans

A new Strategic plan has been approved for 2021-24. The high profile of the Foundation during the pandemic and the numerous new links it has developed with partners, including the local councils has meant that the organisation is ideally placed to develop and evolve to maximise the impact it can make in a county with so many in need, as evidenced by the Hidden Dorset 2 report.

2021 will include the 21st anniversary of the formation of the Foundation and the trustees wish to publicise and promote the good work the Foundation has done in that time so as to give the charity a firm platform to work on going forward. No organisation can stand still and as the needs of our beneficiaries and potential donors change we have to adapt and we hope we have reflected this in our new Strategic plan.

Our limited resources will continue to be directed towards our main aim of impactful grant-making. The experience of the current year will be put to good use as we continue to work with current, and develop future, partners who will work with us to continue making a significant impact right across Dorset.

DORSET COMMUNITY FOUNDATION

REPORT OF THE TRUSTEES – CONTINUED **For The Year Ended 31 March 2021**

Financial Review

The key performance indicators for the Foundation are:

	2021	2020
Growth / (decline) in endowment funds	531,728	(271,260)
Grants payable	1,413,178	396,762
Movement in Unrestricted funds surplus / (deficit)	47,061	(21,981)

The Key Performance Indicators demonstrate that the Foundation has continued to demonstrate its value to the community with an enhanced level of grants made, which is well above the level envisaged in the Strategic and Operational plan. Achieving this level of success is fundamental to our mission as this is where we can see the impact the Foundation has on those in need in Dorset. Our endowment funds have increased significantly, mainly due to good performance of investments, despite the distribution grants from the Dorset Performing Arts fund, a flexible endowment. Historically the instructions to fund managers are to achieve a return of 3.5%, generating sufficient income for grant making programmes. During the year the reduction in dividends paid, both generally and in particular in certain sectors that would otherwise be attractive for investment, has meant that a total return policy is being implemented which aims for inflation plus 4%. This is of course a long-term target but was exceeded in the current period. Raising endowment funds is always a challenge but the team continue to develop leads, both for living donors and for legacies and the Trustees are confident we remain on the right track, although we have been unable to grow the endowment as fast as envisaged.

Core funding remains a priority. Free reserves, defined as the level of unrestricted reserves less those reserves represented by fixed assets at the year end were at £45,598 (2020: £490), is slightly in excess of the target of three months unrestricted expenditure.

The Trustees are committed to ensuring the long-term sustainability of the Foundation by ensuring appropriate levels of reserves are held. This can be achieved; maintaining high levels of activity, both in new endowment and in grant making, where a proportion can be allocated to core funding; by direct grants and fundraising for core funding which are now a focus of the Trustees; by seeking funding of our programmes from our other funds, primarily from capital growth above inflation, where that is allowed; and by reducing costs generally.

All of these matters continue to be addressed on an ongoing basis. The current year to 31 March 2021 was a very active one for the Foundation as it took a significant role in distributing Covid pandemic monies. As a result of this significant extra work more funds have been available for core funding. It also saw a continuation of the cost reduction programme commenced in 2020.

The Foundation continued to monitor the impact of the grants made to beneficiaries. This is a key aspect of the Foundations' work and purpose – the experienced staff employed by the Foundation review and assess the suitability of organisations for grants and monitor the results. The Grants Impact Committee oversees that element of the Charity's activity and has confirmed that it is satisfied with the charity's activities in this area.

Incoming Resources

The Foundation's total incoming resources for 2020/21 was £1,739,975, representing an increase on last year of £1,106,719. The overall funds of the Foundation increased by £545,110 to £3,268,403.

Investment Policies

Central to the Foundation's mission is the development of endowment funds, providing sustainable support for local communities in the long term whilst tackling need and deprivation through appropriate, targeted financial support. The investment objective is to maximize the "total return" over the medium and long term, without taking undue risk. The aim is to maintain the capital value of the fund, allowing for inflation, and to generate a return (whether from capital gains, dividends or interest) for core costs and grants programmes. The Trustees may make decisions to realise capital from growth from time to time to support the grants programmes.

Our stock market investments are managed by Smith and Williamson, CCLA and Quilter Cheviot.

Funds received under the Community First Match Challenge are invested, as a condition of the scheme, in the COIF Charity Investment Fund managed by CCLA. This fund has performed well compared with investment markets generally and the trustees are satisfied with the returns obtained.

In 2016 we decided to join with the Community Foundations in Devon, Somerset and Wiltshire in a co-investment strategy. The group invests with Smith & Williamson and Quilter Cheviot.

Current asset funds not immediately required are held in bank deposit accounts.

DORSET COMMUNITY FOUNDATION

REPORT OF THE TRUSTEES – CONTINUED **For The Year Ended 31 March 2021**

Restricted Income Funds

Our restricted income funds as of 31st March 2021 totalled £169,175 (31st March 2020 £202,854).
These funds are not regarded as free reserves by the trustees.

Reserves Policy

A considerable part of the Foundation's income has consisted of statutory and non-statutory funding schemes which are uncertain and relatively short-term. The trustees believe it is necessary to retain reserves at a level to maintain operations between the time such schemes end and before new ones are secured. The awarding of new funding streams to the Foundation is subject to competition from other organisations and cannot be relied upon with any certainty. Free reserves must also be maintained to cover statutory obligations to our staff should that prove necessary.

The Board have decided this represents approximately three months unrestricted expenditure; this represents approximately £40,000.

The unprecedented level of activity and grant making during the period, together with cost savings on overheads, both planned and those forced on the Foundation by the pandemic, has resulted in the Foundation reporting a surplus on unrestricted funds. This surplus has increased free reserves to a level consistent with target level mentioned above. It is the intention of the Board of Trustees to maintain reserves at a similar level in future years.

Trustees' Responsibilities Statement for Charitable Companies

The trustees (who are also directors of Dorset Community Foundation for the purposes of company law) are responsible for preparing the Trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare full financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources including the income and expenditure of the charitable company for the year.

In preparing these financial statements the trustees are required to:

- Select suitable accounting policies and then apply them consistently
- Observe the methods and principles in the Charities SORP 2015 (FRS102)
- Make judgements and estimates that are reasonable and prudent
- State whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in operation

The trustees are responsible for keeping records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

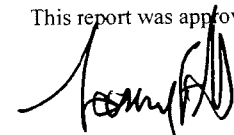

- There is no relevant audit information of which the charitable company's auditor is unaware and
- The trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Auditors

The charity's auditors are willing to remain in office and a proposal to re-appoint will be put forward at the forthcoming Annual General Meeting.

This report has been prepared in accordance with the special provisions of part 15 of the Companies Act 2006 relating to small companies.

This report was approved by the Board of Trustees and authorised for issue on 13th December 2021 and is signed on its behalf by:-

Jeremy Mills
(Chair)-Trustee

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF DORSET COMMUNITY FOUNDATION

Opinion

We have audited the financial statements of Dorset Community Foundation (the 'charitable company') for the year ended 31 March 2021 which comprise the Statement of Financial Activities, the Balance Sheet, the Cash Flow Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 March 2021 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty related to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charitable company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Report of the Independent Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Report of the Trustees for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Report of the Trustees has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the Report of the Trustees.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF DORSET COMMUNITY FOUNDATION

Responsibilities of trustees

As explained more fully in the Statement of Trustees' Responsibilities, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Our responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Independent Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

We obtained an understanding of the legal and regulatory framework applicable to the charity and the sector in which they operate. We obtained an understanding of how the charity are complying with the legal and regulatory framework. We assessed the susceptibility of the charity's financial statements to material misstatement, including how fraud might occur. Audit procedures performed by the engagement team included:

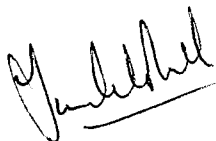

1. Identifying and assessing the design effectiveness of controls in place to prevent and detect fraud.
2. Understanding how those charged with governance considered and addressed the potential for override of controls.
3. Challenging assumptions and judgements made by management in its accounting estimates.
4. Identifying and testing journal entries; and
5. Assessing the extent of compliance with the relevant laws and regulations.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Independent Auditors.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

DORSET COMMUNITY FOUNDATION

NOTES TO THE FINANCIAL STATEMENTS **For The Year Ended 31 March 2021**

1. ACCOUNTING POLICIES

Accounting convention and basis of preparation

Dorset Community Foundation is a private limited company registered in England. In the event of the Charity being wound up, the liability in respect of the guarantee is limited to £10 per member of the Charity. The address of the registered office is given in the charity information on page 1 of these financial statements. The nature of the charity's operations and principal activities are set out on pages 2 and 3.

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2020)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value.

The Trustees have considered the projected unrestricted income and expenditure of the charity in the twelve month period from the date of signing of the accounts. Although levels of income cannot be projected with certainty, as they arise from projects undertaken during the year, the Trustees are confident that, the steps that have been taken to increase core income and reduce core costs will ensure a substantially improved financial position. In the light of these considerations the Trustees believe it is appropriate to prepare the accounts on a going concern basis.

Incoming resources

All incoming resources are included on the Statement of Financial Activities when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy.

The following specific policies are applied to particular categories of income:

Donations and Legacies

Voluntary income is received by way of grants, donations, legacies and gifts and is recognised in the Statement of Financial Activities when receivable.

Charitable Activities

Incoming resources from grants (including government grants), where related to performance and specific deliverables are accounted for as the charity earns the right to consideration by its performances. Where the grant has been received but the right to consideration has not been earned as at the financial year end, the income is deferred.

Investment income

Investment income is accounted for in the period in which the charity is entitled to receipt.

Resources expended

Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources. Grants offered subject to conditions which have not been met at the year-end date are noted as a commitment but not accrued as expenditure.

Charitable activities

Costs of charitable activities include grants made and support costs as shown in note 5.

Governance costs

Governance costs comprise all costs involving the public accountability of the charity and its compliance with regulation and good practice. These costs include costs related to statutory audit and legal fees together with an apportionment of overhead and support costs.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Office equipment	- 25% on cost and 15% on reducing balance
------------------	-------------------------------------------

Investments

Investments are recognised initially at fair value which is normally the transaction price excluding transaction costs. Subsequently, they are measured at fair value with changes recognised in "net gains/(losses) on investments" in the Statement of Financial Activities if the shares are publicly traded or their fair value can otherwise be measured reliably.

Current asset investments are short term highly liquid investments and are held at fair-value. These include cash on deposit and cash equivalents with a maturity of less than one year.

DORSET COMMUNITY FOUNDATION

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED **For The Year Ended 31 March 2021**

Taxation

The charity is exempt from corporation tax on its charitable activities.

Cash at bank and in hand

Cash at bank and in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

Debtors and creditors receivable / payable within one year

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in expenditure.

Financial Instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

Pensions

The charity has a defined contribution pension scheme. The cost of contributions to the scheme are charged to the Statement of Financial Activities as they become payable.

Fund accounting

Unrestricted funds are available for use at the discretion of the Trustees in furtherance of the general objectives of the charity.

Restricted funds are subject to restrictions on their expenditure imposed by the donor or through the terms of a grant.

Endowment funds are expendable and are accumulated to provide a regular source of income in respect of both the charity's grant aid programme and grant making support costs.

Details of the nature and purpose of each fund is set out in note 17.

Critical accounting judgements and key sources of estimation uncertainty

In the application of the accounting policies, Trustees are required to make judgements, estimates and assumptions about the carrying values of assets and liabilities are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. In the Trustees view there are no estimates and assumptions that have significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Prior Year Adjustment

In the year to 31 March 2019 a cash balance totalling £6,979 held by one of the charity's investment managers was omitted from the accounts, thus understating cash in the balance sheet and restricted reserves by this amount. This has been rectified by a prior year adjustment increasing prior year dividend income and increasing cash held at that date. The dividend income has been allocated to funds during the years ended 31 March 2020 and 31 March 2021.
