Report of the Trustees for the year ended 31st March 2022

The Trustees present their report with the financial statements of the charity for the year ended 31st March 2022. The Trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

Structure, governance and management

The Ray Harris Charitable Trust was constituted under a trust deed dated 14 November 2007 and is a registered charity, number 1122811. The Trust does not actively fundraise and seeks to continue the charitable work as desired by the Trustees through the investment of its existing resources.

The Trustees who have served throughout the year and since the year end are set out on page 1. Trustees are appointed by the board of Trustees and may serve without limitation other than as imposed by law. New Trustees are inducted by the existing Trustees and the procedure includes imparting knowledge of the history of the charity, its constitution including an understanding of its trust deed and other deeds and documents, the charity's objects and the Trustees' current policies. The Trustees meet twice per annum, and the day to day administration of the charity is delegated to the Secretary. All Trustees give of their time freely and no trustee remuneration was paid in the year. Details of any trustee expenses and related party transactions are disclosed within the notes to the accounts. Trustees are required to disclose all relevant interests and register them with the Secretary and, in accordance with the Trust's policy, withdraw from decisions where a conflict of interest arises. Current related party transactions are disclosed in Note 7 to the accounts.

The Trustees have considered the major risks which the charity faces and confirm that systems have been established to manage those risks. The Trustees consider that the variability of investment return on the portfolio constitutes the charity's major financial risk and volatility in the global stock market has demonstrated this over recent years. However, the Trustees regularly review the performance of the portfolio and that of the investment manager to ensure that the total return of the portfolio is in line with comparable indices.

Objectives and activities

The objects of the charity are to pay or apply the income and capital of the trust fund to such charitable organisations or for such other general charitable purposes as the Trustees in their discretion think fit.

The Trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the charity's aims and objectives and in planning future activities and setting grant making policy for the year.

The charity carries out its objects by inviting applications for funding from both individuals and charitable organisations. Support is focussed on West Wiltshire with particular emphasis on Trowbridge, North Wiltshire south of the M4, and the Bath area. That objective is met by making grants to a range of charities in the target area covering a wide spectrum of charitable causes in the fields of the arts, education, medicine and mental health, youth organisations and projects, social welfare and conservation. Additionally the Trustees make grants to individuals within the target area, supporting education, aid for the disabled and social welfare.

Report of the Trustees for the year ended 31st March 2022

The Trustees were pleased to support charitable institutions and individuals during the year in line with the charity's objectives.

Achievements and performance

There are no restrictions on the charity's power to invest. The investment strategy is set by the Trustees for a period of three years and takes account of recent demand for funds and the quality of the grant applications. The Trustees consider the income requirements, capital grant funding requirements, the risk profile and the investment manager's view of the market prospects in the medium term. This strategy is set within an overall policy which states that the trust fund is to be invested to obtain an annual increase in the value of the fund which, as a minimum, matches inflation, and to produce a reasonable income yield in line with the yield on the FTSE-100 Share Index. The Trustees review their investment strategy with their investment manager annually, and also receive interim reports.

During the period the charity's investments increased in value by £30,325 [2021 increased by £717,376].

Financial review

The trust receives income from its investments. The results for the year are shown on page 5. The Trustees consider the results to be satisfactory given the current market conditions.

The trust fund is entirely unrestricted, and produced an income of £57,368[2021 £50,161]. Grants and related management expenses funded out of both capital and income totalled £76,063 [2021 £66,889].

The Trustees ensure that their grant making policy accords with their available resources each year and as they can make distributions from both capital and income, the Trustees consider that there is no need for a specific reserve.

Plans for future periods

The Trustees consider that the trust fund is sufficient to ensure the future of this trust, and for it to carry out its charitable objectives, for the foreseeable future.

Examination of the Trust.

The Trustees have asked G Speirs FCA of Haines Watts Chartered Accountants to undertake the independent examination of the Trust.

Approved by the Trustees and signed on their behalf by:

Jeremy John Thring
Chairman

..... 2022
Date

Independent examiner's report to the Trustees of The Ray Harris Charitable Trust

I report on the accounts of the Trust for the year ended 31 March 2022, which are set out on pages 5 to 13.

Responsibilities and basis of report

As the charity's trustees you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I confirm that there are no other matters to which your attention should be drawn to enable a proper understanding of the accounts to be reached.

Notes to the financial statements for the year ended 31st March 2022

1 ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011. The financial statements have been prepared under the historical cost convention except for the investments which are stated at fair value.

The financial statements have been prepared to give a 'true and fair' view and have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a 'true and fair view'. This departure has involved following Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued in December 2017 and effective from 1 January 2019 rather than the Accounting and Reporting by Charities: Statement of Recommended Practice effective from 1 April 2015 which has since been withdrawn.

The financial statements are prepared in sterling which is the functional currency of the charity and are rounded to the nearest £.

The accounts have been prepared on the assumption that the charity is able to continue as a going concern, which the trustees consider appropriate having regard to the current level of unrestricted reserves. The Trustees have also considered the impact of COVID-19 (see note 10). There are no material uncertainties about the charity's ability to continue as a going concern.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Grants payable are charged in the year when the offer is conveyed to the recipient except in those cases where the offer is conditional, such as grants being recognised as expenditure when the conditions attaching are fulfilled.

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

Notes to the financial statements for the year ended 31st March 2022

Investments

Listed investments held at the year end are valued at fair value being current market value at that date. Investment income from dividends is included in incoming resources while realised and unrealised losses and gains on investments are shown separately on the statement of financial activities (SOFA). Realised gains and losses are calculated on investment disposals during the year as the difference between the opening market value and the proceeds received on sale. Unrealised gains and losses are calculated on investment holdings at the year end as the difference between the closing market value and the opening market value or purchase value during the year.

Debtors

Debtors are recognised at the settlement amount due. Prepayments are valued at the amount prepaid.

Creditors

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

Taxation

The charity is exempt from tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objects at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Financial Instruments

The charity only has financial assets and liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

Short term liquid investments and cash

Cash at bank is held to meet short-term cash commitments as they fall due rather than for investment purposes and includes all cash equivalents held in the form of short-term highly liquid investments. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of changes in value.
