2025 ANNUAL REPORT GIVE HOPE TRUST

ETHIOPIA

We hope this report finds you well. Your partnership continues to transform lives through Give Hope Ethiopia. We are proud to announce that the Give Hope Trust now supports 71 students, providing the essential resources they need to thrive in school and in health. We are deeply grateful for your role in this growth.

Beneficiaries at Yeka, Tafo and Yerer who are supported by Give Hope Trust were receiving donations in the past year, 2025. Among the supports given to these beneficiaries;

Nutrition and Sanitation Support: - Give Hope Ethiopia employs a holistic approach to care for our 71 beneficiaries across three centres. By providing consistent monthly nutritional support and essential sanitation assistance throughout the past year, we have ensured that these children have the physical foundation necessary for healthy growth and development.

School Stationery Materials and Tutorial support: - To ensure our students started the year on equal footing, Give Hope Ethiopia provided every child with a new backpack, exercise books, and stationery. Beyond the practical benefits, this distribution fostered a vibrant atmosphere of pride and motivation. For parents, this intervention provided vital economic relief, allowing them to focus on supporting their children's long-term educational journey.

We believe that every child deserves the chance to excel in the classroom. Through our tailored tutorial program, students receive the extra attention they need to master challenging subjects and build confidence in their studies. These sessions do more than just reinforce school lessons—they provide a supportive environment where children can turn academic hurdles into opportunities for growth.

Annual trip: - The joy of play is essential for every child’s mental and physical health. To support this, Give Hope Ethiopia organizes special trips that allow our students to simply be children—reducing stress and building a positive outlook. Last year, the children enjoyed a memorable day at one of the capital's largest play centres, where they shared a day of fun, laughter, and refreshments and they visited Adwa Victory Museum. These moments are vital in helping them return to their studies with refreshed spirits.

Impact and Results:-

It is truly inspiring to witness the transformation in these 71 students’ lives. Today, our students are healthier, more energized, and deeply committed to their education. We are seeing consistent academic progress, but perhaps most rewarding is the renewed confidence and enthusiasm these children now carry with them. Your support has made this vibrant growth possible.

Challenge: -

Due to budget constraints, we are unable to provide tutorial support customized for each child's specific grade level at this time. Consequently, students from different grade levels are grouped together for combined English and Math tutorial sessions. Although this enables us to offer crucial assistance, it does not facilitate the personalized learning experiences we strive to achieve.

Solution: - As much as we can, we tried to solve the challenge we encountered. In collaboration with our tutoring staff, we have prioritized differentiated instruction to ensure that lessons are as grade-appropriate as possible. By adapting the curriculum within our combined sessions, we strive to meet the specific academic standards and learning objectives relevant to each student’s level of study.

Looking Forward:- Your generosity has sparked a profound transformation in the lives of these 71 students, and we are energized to build on this momentum. We believe that with your continued partnership, even greater change is possible. In the year ahead, we will continue providing the comprehensive care our children rely on, while looking for new ways to grow our services and touch more lives.

We are truly moved by your belief in our vision and your extraordinary kindness. It is an honour to have you by our side as a partner. Together, we are doing more than providing support—we are empowering these children to dream big and reach the bright futures they deserve. We extend our sincere thanks once more for your significant support. We welcome the opportunity to discuss our work with you further and are happy to provide any additional details you may need.

Thank You!

2025 ANNUAL REPORT GIVE HOPE TRUST

ZAMBIA

LUYANDO COMMUNITY SCHOOL

2025 was an eventful year with the first term beginning on 13 January and the year ended on 5 December 2025 of the third term.

2025 ACTIVITIES

The year began with 371 learners and ended with 377 learners. We have maintained a staff of 10 teachers and 2 support staff.

We embarked on an ambitious project to rehabilitate our kitchen. We have put in a cooking area with a chimney, a sink, black board area to cater for a home economics class and seating areas. We are currently at 90% completion. Before and after pictures will surely be shared. Our greatest challenge has been labour force.

Our production unit was active throughout the year though watering became a challenge when the pump broke down twice coupled with the challenges of load shedding. The determined children from different grades, led by their respective teachers, have learned to appreciate farming as a business because the finances they realize from their small land portions have been managed by them. It was a joy to see them having end of year snacks from the same finances.

Mr. Martin Zuch visited us three times this year. These surprise visits made us feel appreciated and encouraged. Mr. Matthew Raymond came by throughout the year to check on our wellbeing and to encourage all of us here.

The few children on the sponsorship program with the help of their class teachers updated their sponsors through letters as required. We desire to have more children on this program next year especially that one girl on the program has left town.

We had over 7 thefts/burglaries in one staff house (the headteachers) during the course of the year. All took place between 8am and 10am. This security lapse has given us the drive to embark on a deliberate program to lobby for fencing next year 2026. Burglar bars have since been put up in all the windows and broken windows replaced.

The feeding program has been the icing on a cake for our children who have greatly improved their school attendance. We still have none-school going children who join in the feeding from time to time and we are glad to be of service. We are hoping SHEMA Dev. Ltd will still bless us with the porridge mixture and sugar. We have cultivated a maize field to cater for the feeding of our children in part next year. Maybe we can even grow some sweet potatoes if we are able to purchase some sweet potato vines.

2025 ANNUAL REPORT GIVE HOPE TRUST

KENYA

Carol Wanyama says. 'At Covenant Lilies Education Centre we are committed to giving our vulnerable children a quality education. We are shaping the next generation into being stars in their community. Thank you Greenside Parish and Pauline Wilcox for supporting our children to receive school uniforms and shoes, for enabling them to have a taught swimming lesson once a year and for the 40 parishioners in Winlaton who contribute £40 a month to provide lunch for the children, some of whom would otherwise have to go without anything to eat.'

Covenant Lilies Children and new school uniforms

In the classroom

Carol with UK supporters David and Pauline, Rosemary and Mike.

A warm welcome received from the children.

A proud moment for Grade 1 children (above)

And younger children aspiring to graduate.

Many had no experience of swimming. Since 2024, there's an annual trip to a local secondary school for one taught lesson.

Enjoying playtime after the swimming lesson too!

The children concentrate, whether it's participating in craft activities (left),

or 'heads down' in their exercise books. (right)

Enjoying a visit to the Animal Orphanage

Back in the classroom, working hard.

GIVE HOPE ETHIOPIA 2023 ANNUAL REPORT

REFLECTING ON 2023

Let all children grow and live to their full potential!

As we approach the conclusion of 2023, it's with great pleasure and gratitude that we share a comprehensive reflection on the numerous impactful endeavours undertaken over the past year. We, at Give Hope Ethiopia, have remained committed to our purpose of uplifting and empowering individuals, families, and communities in Ethiopia. Let's take a moment to celebrate the collective achievements and profound impact of these initiatives.

In **February**, we launched our year with heartfelt dedication and compassion, ensuring the provision of essential sanitary materials and nutrition at the four operational centres. This foundational effort set the tone for the impactful months that followed.

Moving into **March and April**, a significant milestone marked our journey when we facilitated a three-day Basic Business Skills Training for 25 single mothers. This powerful initiative was made possible through the generous support received from Advent Olathe Lutheran Church.

In **May**, the delivery of annual clothing to 160 sponsored children and the provision of essential sanitary materials and nutrition support for 23 beneficiaries in the rural village of Yerer Kontoba reinforced our commitment to holistic support and community engagement.

By the glorious arrival of **June**, we were able to raise donations to uplift these single mothers, providing invaluable support on their path to transcending poverty. Empowering them with start-up materials, we aimed to enable a diverse range of businesses, ranging from baking and selling Injera to undertaking the preparation and sale of snacks coupled with tea and coffee, among various other entrepreneurial ventures.

The fervour of summer culminated in **July and August**, as we successfully concluded our summer program, embarking on a mission to cultivate personal growth, creativity, and empowerment. Witnessing the artistic exploration of the young girls through crochet and encouraging the artistic pursuits of the young men in pottery crafts was particularly awe-inspiring.

Forward in **September**, the bustling atmosphere at the bazaar at Selam Children's Village No. 1 became a beacon of success as our young artisans showcased their handmade creations, drawing a supportive local crowd and generating substantial sales - a testament to the community's recognition of their remarkable talent.

In **October**, the collective efforts of the students at Ohio State University led to the provision of essential educational materials for 74 students in need.

Additionally, our cherished children, who have immensely benefited from the sponsorship program, expressed their profound gratitude through heartfelt, handwritten letters to their sponsors.

November saw a remarkable milestone, as Shewaye's unwavering dedication directly benefited 25 single mothers, igniting hope and transformation through a sustained partnership with Give Hope Ethiopia.

As we reflect on these achievements, we extend our heartfelt gratitude to our esteemed sponsors and stakeholders. Your unwavering support has been the cornerstone of our impact, empowering us to continue our mission with passion, dedication, and an unwavering commitment to transforming lives.

As we eagerly look towards 2024 and the promise of a new year, we remain wholeheartedly committed to our vision of creating a brighter, more empowered future for Ethiopia.

HAPPY NEW YEAR!

LUYANDO COMMUNITY SCHOOL

2023 Report

We have watched them grow, and now they are ready for their new life chapter to be written!

Most of the children graduating from Grade 7 began their nursery phase with us, and today, the 1st of December 2023, we celebrated their graduation from Luyando School. What a day!

The excitement from the parents and guardians was electric. The graduates could not believe that the long awaited day had arrived especially that they are the initiators of such a celebration. Though dressed in borrowed gowns, the children proudly danced and watched their fellow pupils present various items to the delight of all the spectators. We are trusting God to have our own gowns in the next graduation.

MAKING COMPOST AT LUYANDO

Graduation Day

Parents were dumbstruck seeing deserving pupils appreciated with small gifts. This will serve as motivation for the rest of the learners who kept buzzing about how their future graduation day will be lit up.

As far as farming goes, we are getting organised, and so far our planting is almost complete. So that is a plus for us! We are growing maize, and have planted one field with cover crops to improve its fertility.

We are done with end of year assessments and our open day will be next week Wednesday. So by the start of next week we shall know which children will be progressing to which grade. Otherwise we have already entered our Grade 7 candidates for the National ECZ Examination to take place end of 2024.

We end by thanking all of you for your continued prayers and support. We are wishing all of you a very merry Christmas and prosperous new year 2024.
