FINANCIAL REVIEW

The level of donations within the charity increased slightly this year compared to last as parishioners begin to return to physical attendance in church.

The church expenditure continue to be supported by the income from claiming gift aid repayments on donations and rental income from Vodafone placing a mask in the church garden.

Additionally, extra income was achieved this year by the sale of the church van, to reduce expenses in the short term.

The charity continues to hold most of its funds in cash for easy access and to ensure that the payment of the mortgage and building maintenance.

The Trustees recognises the need to continue to accumulate reserves to ensure mortgage payments and building maintenances are met.

The only loan outstanding at the end of the financial year is the mortgage held against the property. The outstanding mortgage stands at approximately £164K.

No major capital expenditure was made during the financial year in regards of fixed assets.

The charity's principal funding source continues to be from donations from members in church and online in the form of offerings, tithes and other donations.

PLANS FOR THE FUTURE

Youth Outreach Programme: In future years, the charity would consider the consolidation of previous development in the area of youth outreach programmes and ministering to the needs of various social groups within and outside the church. One of the initiative that is still being nurtured, is to run a community musical instrument training, there by empowering the youths with a lifelong extracurricular skill.

Counselling: To continue to review and improve the various support programmes we currently offer to people within and outside the church. Such programmes includes counselling sessions to the lonely, needy, unemployed and sick. Referrals are made when needed.

Accommodation: The Charity completed the construction of the Church Property in 2012. In the coming years, the charity will continue to further explore the various options that are available to it in order to adopt the best possible option to putting the building facilities to best use of the community.

The options that are still been explored includes the building of an external marquee to be used for social functions and renting out of rooms to different companies to use as temporary workspace. Additionally, the charity is also contemplating other options such as hiring out the premises for the use of running yoga or dance classes.

Transportation: The charity sold the church van during the financial year to save cost in the short term as most parishioners are still attending services online.

TRUSTEES' RESPONSIBILITY

The trustees will diligently execute their responsibilities as confer on them by the Trust Deed of RCCG Life Oasis 2007 and any subsequent amendment(s).

Approved by the Board on 23rd of Oct 2022 and signed on its behalf
