Related Parties

During the year there were no transactions with related parties (2024: none).

Risk management

The Trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to manage exposure to the major risks.

Vovos Better World Fund consider that the main areas of risk to the charity are:

- the current economic situation and its impact on the charity's income in respect of its asset base and other sustainable funding streams; and
- loss of key personnel.

In order to mitigate investment risk the charity operates a highly diversified investment portfolio. The personnel of the charity comprise the Board of Trustees, whose performance is assessed regularly. Induction and training procedures provided by the charity ensure that the Trustees are adequately trained to perform the governance function required by the charity.

The Trustees have also considered the other key risks the charity is exposed to and provide the following comments:

- price risk: the charity's income is dependent on the performance of its quoted investments. The diversified nature of its portfolio helps mitigate and changes in price of individual equity instruments;
- credit risk: the charity obtains the vast majority of its realised income in the form of interest and dividends which are paid in a timely manner; and
- liquidity and cash flow risks: the charity maintains free cash reserves of an equal or greater amount than its current liabilities. Expenditure on charitable activities is made once due consideration has been made of the charity's cash position by the Board of Trustees.

Objectives and activities

Vovos Better World Fund is a Development Trust which was founded in February 2008 as a Company Limited by Guarantee and as a registered Charity for the granting of funds to individuals or organisations in accordance with the purpose of the charity which cover environmental, social and cultural objectives.

Public benefit

In accordance with our duties as stated in section 17(5) of the 2011 Charities Act, we have considered the guidance provided by the Charity Commission in regard to public benefit. This public benefit has been demonstrated by the activities undertaken since the inception of the charity outlined above.

Achievements and performance

During the year the Trustees made charitable distributions to institutions and made grants totalling £50,382 (2024: £27,663).

Income from investments amounted to £66,099 (2024: £49,427) (including tax recoverable) during the year.

The Trustees intend to continue providing adequate resources to fund charitable payments for the foreseeable future. In view of this, the results shown in the statement of financial activities and the balance sheet is considered satisfactory.

Financial review

The Charity has generated a surplus for the year of £206,991 (2024: surplus of £80,364). This includes an unrealised gain on investments of £223,989 (2024: gain of £99,294) and a realised gain on disposal of investments of £8,523 (2024: loss of £8,254).

VOVOS BETTER WORLD FUND

TRUSTEES' REPORT (INCORPORATING THE DIRECTORS' REPORT) – CONTINUED

FOR THE YEAR ENDED 29 FEBRUARY 2025

Having examined the Charity's requirement for reserves in the light of the main risks to the organisation, the Board has established a policy whereby the grants given in future periods are maintained by the realised returns made on investments.

At the year end the Charity's reserves were tied into investments. The Board will closely monitor the reserves position to ensure they meet future obligations. At the year end, free reserves totalled £10,933 (2024: £14,374).

Grant expenditure is linked to investment income generated. It is the policy of the Charity that the capital investment base is maintained in order for the charity to generate future investment income which can be used for further public benefit. The Trustees consider that reserves at the current level will ensure that, in the event of a significant drop in funding, they will be able to continue the Charity's current activities while consideration is given to ways in which additional funds may be raised.

Plans for the future

The charity intends to continue to provide grants for environmental, social and cultural charitable organisations both within the UK and internationally. This is already evidenced by donations made in the reporting year ending 28 February 2025.

Trustees' responsibilities in relation to the accounts

The Trustees, who are also the directors of Vovos Better World Fund for the purpose of company law, are responsible for preparing the Trustees' Report and the accounts in accordance with applicable law and United Kingdom Accounting Standards.

Company law requires the trustees to prepare accounts for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that year.

In preparing these accounts, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the accounts comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Vovos Better World Fund is a Development Trust which was founded in February 2008 as a Company Limited by Guarantee and as a registered Charity for the granting of funds to individuals or organisations in accordance with the purpose of the charity which cover environmental, social and cultural objectives.

Public benefit

In accordance with our duties as stated in section 17(5) of the 2011 Charities Act, we have considered the guidance provided by the Charity Commission in regard to public benefit. This public benefit has been demonstrated by the activities undertaken since the inception of the charity outlined above.

Achievements and performance

During the year the Trustees made charitable distributions to institutions and made grants totalling £27,663 (2023: £43,572).

Income from investments amounted to £49,427 (2023: £132,292) (including tax recoverable) during the year.

The Trustees intend to continue providing adequate resources to fund charitable payments for the foreseeable future. In view of this, the results shown in the statement of financial activities and the balance sheet is considered satisfactory.

Financial review

The Charity has generated a surplus for the year of £80,364 (2023: deficit of £59,692). This includes an unrealised gain on investments of £99,294 (2023: gain of £110,966) and a realised loss on disposal of investments of £8,254 (2023: loss of £139,795).

VOVOS BETTER WORLD FUND

TRUSTEES' REPORT (INCORPORATING THE DIRECTORS' REPORT) – CONTINUED

FOR THE YEAR ENDED 29 FEBRUARY 2024

Having examined the Charity's requirement for reserves in the light of the main risks to the organisation, the Board has established a policy whereby the grants given in future periods are maintained by the realised returns made on investments.

At the year end the Charity's reserves were tied into investments. The Board will closely monitor the reserves position to ensure they meet future obligations. At the year end, free reserves totalled £14,374 (2023: £3,218).

Grant expenditure is linked to investment income generated. It is the policy of the Charity that the capital investment base is maintained in order for the charity to generate future investment income which can be used for further public benefit. The Trustees consider that reserves at the current level will ensure that, in the event of a significant drop in funding, they will be able to continue the Charity's current activities while consideration is given to ways in which additional funds may be raised.

Plans for the future

The charity intends to continue to provide grants for environmental, social and cultural charitable organisations both within the UK and internationally. This is already evidenced by donations made in the reporting year ending 29 February 2024.

Trustees' responsibilities in relation to the accounts

The Trustees, who are also the directors of Vovos Better World Fund for the purpose of company law, are responsible for preparing the Trustees' Report and the accounts in accordance with applicable law and United Kingdom Accounting Standards.

Company law requires the trustees to prepare accounts for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that year

In preparing these accounts, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the accounts comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

TRUSTEES' REPORT (INCORPORATING THE DIRECTORS' REPORT) – CONTINUED

FOR THE YEAR ENDED 28 FEBRUARY 2023

Related Parties

During the year there were no transactions with related parties (2022: none).

Risk management

The Trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to manage exposure to the major risks.

Vovos Better World Fund consider that the main areas of risk to the charity are:

- the current economic situation and its impact on the charity's income in respect of its asset base and other sustainable funding streams; and
- loss of key personnel.

In order to mitigate investment risk the charity operates a highly diversified investment portfolio. The personnel of the charity comprise the Board of Trustees, whose performance is assessed regularly. Induction and training procedures provided by the charity ensure that the Trustees are adequately trained to perform the governance function required by the charity.

The Trustees have also considered the other key risks the charity is exposed to and provide the following comments:

- price risk: the charity's income is dependent on the performance of its quoted investments. The diversified nature of its portfolio helps mitigate and changes in price of individual equity instruments;
- credit risk: the charity obtains the vast majority of its realised income in the form of interest and dividends which are paid in a timely manner; and
- liquidity and cash flow risks: the charity maintains free cash reserves of an equal or greater amount than its current liabilities. Expenditure on charitable activities is made once due consideration has been made of the charity's cash position by the Board of Trustees.

Objectives and activities

Vovos Better World Fund is a Development Trust which was founded in February 2008 as a Company Limited by Guarantee and as a registered Charity for the granting of funds to individuals or organisations in accordance with the purpose of the charity which cover environmental, social and cultural objectives.

VOVOS BETTER WORLD FUND

TRUSTEES' REPORT (INCORPORATING THE DIRECTORS' REPORT) – CONTINUED

FOR THE YEAR ENDED 28 FEBRUARY 2023

Having examined the Charity's requirement for reserves in the light of the main risks to the organisation, the Board has established a policy whereby the grants given in future periods are maintained by the realised returns made on investments.

At the year end the Charity's reserves were tied into investments. The Board will closely monitor the reserves position to ensure they meet future obligations. At the year end, free reserves totalled £3,123,500 (2022: £3,183,192).

Grant expenditure is linked to investment income generated. It is the policy of the Charity that the capital investment base is maintained in order for the charity to generate future investment income which can be used for further public benefit. The Trustees consider that reserves at the current level will ensure that, in the event of a significant drop in funding, they will be able to continue the Charity's current activities while consideration is given to ways in which additional funds may be raised.

Plans for the future

The charity intends to continue to provide grants for environmental, social and cultural charitable organisations both within the UK and internationally. This is already evidenced by donations made in the reporting year ending 28 February 2023.

TRUSTEES' REPORT (INCORPORATING THE DIRECTORS' REPORT)

FOR THE YEAR ENDED 28 FEBRUARY 2022

The Trustees present their report and accounts for the year ended 28 February 2022.

The accounts have been prepared in accordance with the accounting policies set out in note 2 to the accounts and comply with the company's Memorandum and Articles of Association, the Companies Act 2006 the Charities Act 2011 and the Financial Reporting Standard applicable in the UK and Republic of Ireland – (Charities SORP (FRS 102)).

Structure, governance and management

The organisation is a charitable company, limited by guarantee, incorporated and registered as a charity on 28 February 2008 with the Charity Commission. The company was established under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association. In the event of the company being wound up members are required to each contribute an amount not exceeding £1.

The Trustees, who are also the directors for the purpose of company law, and who served during the year were:

Mr Josué Tanaka

Mrs Noemi Kopp

None of the Trustees has any beneficial interest in the company. All of the Trustees are members of the company and guarantee to contribute £1 in the event of a winding up.

Methods of recruiting, appointing and training new Trustees

The Directors of the company are also Charity Trustees for the purposes of charity law and under the company's Articles are known as members of the Management Committee. The members of the Management Committee are elected at the Annual General Meeting (AGM) according to the requirements of the Memorandum and Articles of Association. At each Annual General Meeting (AGM) the Chairman of the Trustees shall be elected by the Trustees from their number for a term not exceeding one year.

When considering co-opting Trustees, the Board has regard for the requirement for any specialist skills needed.

Induction

New Trustees undergo an induction meeting with Mr Josué Tanaka to brief them on the charity and the context within which it operates and their legal obligations under charity and company law.

All Trustees give of their time freely, and no remuneration was paid in the year or the prior year.

VOVOS BETTER WORLD FUND

TRUSTEES' REPORT (INCORPORATING THE DIRECTORS' REPORT) – CONTINUED

FOR THE YEAR ENDED 28 FEBRUARY 2022

Related Parties

During the year there were no transactions with related parties (2021: none).

Risk management

The Trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to manage exposure to the major risks.

Vovos Better World Fund consider that the main areas of risk to the charity are:

- the current economic situation and its impact on the charity's income in respect of its asset base and other sustainable funding streams; and
- loss of key personnel.

In order to mitigate investment risk the charity operates a highly diversified investment portfolio. The personnel of the charity comprise the Board of Trustees, whose performance is assessed regularly. Induction and training procedures provided by the charity ensure that the Trustees are adequately trained to perform the governance function required by the charity.

The Trustees have also considered the other key risks the charity is exposed to and provide the following comments:

- price risk: the charity's income is dependent on the performance of its quoted investments. The diversified nature of its portfolio helps mitigate and changes in price of individual equity instruments;
- credit risk: the charity obtains the vast majority of its realised income in the form of interest and dividends which are paid in a timely manner; and
- liquidity and cash flow risks: the charity maintains free cash reserves of an equal or greater amount than its current liabilities. Expenditure on charitable activities is made once due consideration has been made of the charity's cash position by the Board of Trustees.

Objectives and activities

Vovos Better World Fund is a Development Trust which was founded in February 2008 as a Company Limited by Guarantee and as a registered Charity for the granting of funds to individuals or organisations in accordance with the purpose of the charity which cover environmental, social and cultural objectives.

Public benefit

In accordance with our duties as stated in section 17(5) of the 2011 Charities Act, we have considered the guidance provided by the Charity Commission in regard to public benefit. This public benefit has been demonstrated by the activities undertaken since the inception of the charity outlined above.

Achievements and performance

During the year the Trustees made charitable distributions to institutions and made grants totalling £38,282 (2021: £25,056).

Income from investments amounted to £40,191 (2021: £34,925) (including tax recoverable) during the year.

The Trustees intend to continue providing adequate resources to fund charitable payments for the foreseeable future. In view of this, the results shown in the statement of financial activities and the balance sheet is considered satisfactory.

Financial review

The Charity has generated a deficit for the year of £3,795 (2021: surplus of £165,875). This includes an unrealised gain on investments of £53,843 (2021: £158,084) and a realised gain on disposal of investments of £3,605 (2021: £79,740).

VOVOS BETTER WORLD FUND

TRUSTEES' REPORT (INCORPORATING THE DIRECTORS' REPORT) – CONTINUED

FOR THE YEAR ENDED 28 FEBRUARY 2022

Having examined the Charity's requirement for reserves in the light of the main risks to the organisation, the Board has established a policy whereby the grants given in future periods are maintained by the realised returns made on investments.

At the year end the Charity's reserves were tied into investments. The Board will closely monitor the reserves position to ensure they meet future obligations. At the year end, free reserves totalled £3,183,192 (2021: £3,186,987).

Grant expenditure is linked to investment income generated. It is the policy of the Charity that the capital investment base is maintained in order for the charity to generate future investment income which can be used for further public benefit. The Trustees consider that reserves at the current level will ensure that, in the event of a significant drop in funding, they will be able to continue the Charity's current activities while consideration is given to ways in which additional funds may be raised.

Plans for the future

The charity intends to continue to provide grants for environmental, social and cultural charitable organisations both within the UK and internationally. This is already evidenced by donations made in the reporting year ending 28 February 2023.

Trustees' responsibilities in relation to the accounts

The Trustees, who are also the directors of Vovos Better World Fund for the purpose of company law, are responsible for preparing the Trustees' Report and the accounts in accordance with applicable law and United Kingdom Accounting Standards.

Company law requires the trustees to prepare accounts for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that year

In preparing these accounts, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the accounts comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

TRUSTEES' REPORT (INCORPORATING THE DIRECTORS' REPORT)

FOR THE YEAR ENDED 28 FEBRUARY 2021

The Trustees present their report and accounts for the year ended 28 February 2021.

The accounts have been prepared in accordance with the accounting policies set out in note 2 to the accounts and comply with the company's Memorandum and Articles of Association, the Companies Act 2006 the Charities Act 2011 and the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) – (Charities SORP (FRS 102)).

Structure, governance and management

The organisation is a charitable company, limited by guarantee, incorporated and registered as a charity on 28 February 2008 with the Charity Commission. The company was established under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association. In the event of the company being wound up members are required to each contribute an amount not exceeding £1.

The Trustees, who are also the directors for the purpose of company law, and who served during the year were:

Mr Josué Tanaka

Mrs Noemi Kopp

None of the Trustees has any beneficial interest in the company. All of the Trustees are members of the company and guarantee to contribute £1 in the event of a winding up.

Methods of recruiting, appointing and training new Trustees

The Directors of the company are also Charity Trustees for the purposes of charity law and under the company's Articles are known as members of the Management Committee. The members of the Management Committee are elected at the Annual General Meeting (AGM) according to the requirements of the Memorandum and Articles of Association. At each Annual General Meeting (AGM) the Chairman of the Trustees shall be elected by the Trustees from their number for a term not exceeding one year.

When considering co-opting Trustees, the Board has regard for the requirement for any specialist skills needed.

Induction

New Trustees undergo an induction meeting with Mr Josué Tanaka to brief them on the charity and the context within which it operates and their legal obligations under charity and company law.

Related Parties

During the year there were no transactions with related parties.

Risk management

The Trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to manage exposure to the major risks.

Vovos Better World Fund consider that the main areas of risk to the charity are:

- the current economic situation (including the effect of the global COVID-19 pandemic) and its impact on the charity's income in respect of its asset base and other sustainable funding streams; and
- loss of key personnel.

In order to mitigate investment risk the charity operates a highly diversified investment portfolio. The personnel of the charity comprise the Board of Trustees, whose performance is assessed regularly. Induction and training procedures provided by the charity ensure that the Trustees are adequately trained to perform the governance function required by the charity.

The Trustees have also considered the other key risks the charity is exposed to and provide the following comments:

- price risk: the charity's income is dependent on the performance of its quoted investments. The diversified nature of its portfolio helps mitigate and changes in price of individual equity instruments;
- credit risk: the charity obtains the vast majority of its realised income in the form of interest and dividends which are paid in a timely manner; and
- liquidity and cash flow risks: the charity maintains free cash reserves of an equal or greater amount than its current liabilities. Expenditure on charitable activities is made once due consideration has been made of the charity's cash position by the Board of Trustees.

Objectives and activities

Vovos Better World Fund is a Development Trust which was founded in February 2008 as a Company Limited by Guarantee and as a registered Charity for the granting of funds to individuals or organisations in accordance with the purpose of the charity which cover environmental, social and cultural objectives.

Public benefit

In accordance with our duties as stated in section 17(5) of the 2011 Charities Act, we have considered the guidance provided by the Charity Commission in regard to public benefit. This public benefit has been demonstrated by the activities undertaken since the inception of the charity outlined above.

Achievements and performance

During the year the Trustees made charitable distributions to institutions and made grants totalling £25,056 (2020: £43,127).

Income from investments amounted to £34,925 (2020: £51,523) (including tax recoverable) during the year.

The Trustees intend to continue providing adequate resources to fund charitable payments for the foreseeable future. In view of this, the results shown in the statement of financial activities and the balance sheet is considered satisfactory.

Financial review

The Charity has generated a surplus for the year of £165,875 (2020: £219,508). This includes an unrealised gain on investments of £158,084 (2020: £219,754) and a realised gain on disposal of investments of £79,740 (2020: £25,481).

VOVOS BETTER WORLD FUND

TRUSTEES' REPORT (INCORPORATING THE DIRECTORS' REPORT) – CONTINUED

FOR THE YEAR ENDED 28 FEBRUARY 2021

Having examined the Charity's requirement for reserves in the light of the main risks to the organisation, the Board has established a policy whereby the grants given in future periods are maintained by the realised returns made on investments.

At the year end the Charity's reserves were tied into investments. The Board will closely monitor the reserves position to ensure they meet future obligations. At the year end, free reserves totalled £3,186,987 (2020: £3,021,112).

Grant expenditure is linked to investment income generated. It is the policy of the Charity that the capital investment base is maintained in order for the charity to generate future investment income which can be used for further public benefit. The Trustees consider that reserves at the current level will ensure that, in the event of a significant drop in funding, they will be able to continue the Charity's current activities while consideration is given to ways in which additional funds may be raised.

Plans for the future

The charity intends to continue to provide grants for environmental, social and cultural charitable organisations both within the UK and internationally. This is already evidenced by donations made in the reporting year ending 28 February 2022.

Trustees' responsibilities in relation to the accounts

The Trustees, who are also the directors of Vovos Better World Fund for the purpose of company law, are responsible for preparing the Trustees' Report and the accounts in accordance with applicable law and United Kingdom Accounting Standards.

Company law requires the trustees to prepare accounts for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that year

In preparing these accounts, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the accounts comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

On behalf of the Board of Trustees

2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
