Structure, governance and management

Related Parties

During the year there were no transactions with related parties (2022: none).

Risk management

The Trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to manage exposure to the major risks.

Vovos Better World Fund consider that the main areas of risk to the charity are:

- the current economic situation and its impact on the charity's income in respect of its asset base and other sustainable funding streams; and
- loss of key personnel.

In order to mitigate investment risk the charity operates a highly diversified investment portfolio. The personnel of the charity comprise the Board of Trustees, whose performance is assessed regularly. Induction and training procedures provided by the charity ensure that the Trustees are adequately trained to perform the governance function required by the charity.

The Trustees have also considered the other key risks the charity is exposed to and provide the following comments:

- price risk: the charity's income is dependent on the performance of its quoted investments. The diversified nature of its portfolio helps mitigate and changes in price of individual equity instruments;
- credit risk: the charity obtains the vast majority of its realised income in the form of interest and dividends which are paid in a timely manner; and
- liquidity and cash flow risks: the charity maintains free cash reserves of an equal or greater amount than its current liabilities. Expenditure on charitable activities is made once due consideration has been made of the charity's cash position by the Board of Trustees.

Objectives and activities

Vovos Better World Fund is a Development Trust which was founded in February 2008 as a Company Limited by Guarantee and as a registered Charity for the granting of funds to individuals or organisations in accordance with the purpose of the charity which cover environmental, social and cultural objectives.

Public benefit

In accordance with our duties as stated in section 17(5) of the 2011 Charities Act, we have considered the guidance provided by the Charity Commission in regard to public benefit. This public benefit has been demonstrated by the activities undertaken since the inception of the charity outlined above.

Achievements and performance

During the year the Trustees made charitable distributions to institutions and made grants totalling £43,572 (2022: £38,282).

Income from investments amounted to £132,292 (2022: £40,191) (including tax recoverable) during the year.

The Trustees intend to continue providing adequate resources to fund charitable payments for the foreseeable future. In view of this, the results shown in the statement of financial activities and the balance sheet is considered satisfactory.

Financial review

The Charity has generated a deficit for the year of £59,692 (2022: deficit of £3,795). This includes an unrealised gain on investments of £110,966 (2022: gain of £53,843) and a realised loss on disposal of investments of £139,795 (2022: gain of £3,605).

VOVOS BETTER WORLD FUND

TRUSTEES' REPORT (INCORPORATING THE DIRECTORS' REPORT) – CONTINUED

FOR THE YEAR ENDED 28 FEBRUARY 2023

Having examined the Charity's requirement for reserves in the light of the main risks to the organisation, the Board has established a policy whereby the grants given in future periods are maintained by the realised returns made on investments.

At the year end the Charity's reserves were tied into investments. The Board will closely monitor the reserves position to ensure they meet future obligations. At the year end, free reserves totalled £3,123,500 (2022: £3,183,192).

Grant expenditure is linked to investment income generated. It is the policy of the Charity that the capital investment base is maintained in order for the charity to generate future investment income which can be used for further public benefit. The Trustees consider that reserves at the current level will ensure that, in the event of a significant drop in funding, they will be able to continue the Charity's current activities while consideration is given to ways in which additional funds may be raised.

Plans for the future

The charity intends to continue to provide grants for environmental, social and cultural charitable organisations both within the UK and internationally. This is already evidenced by donations made in the reporting year ending 28 February 2023.

Trustees' responsibilities in relation to the accounts

The Trustees, who are also the directors of Vovos Better World Fund for the purpose of company law, are responsible for preparing the Trustees' Report and the accounts in accordance with applicable law and United Kingdom Accounting Standards.

Company law requires the trustees to prepare accounts for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that year.

In preparing these accounts, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the accounts comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

On behalf of the Board of Trustees

2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view which is not a matter considered as part of an independent examination; or
