Charity name: Tŷ Cariad Africa

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>To relieve poverty, sickness and distress and to provide access to education amongst orphans and vulnerable children in sub-Saharan Africa.</p> <p>We partner with organisations that promote tracing, re-linking and resettlement of children in their families and extended communities wherever possible.</p>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>The main objective for the charity is to raise money to support Victory Child Care Project, a Child Care Institution for orphans and vulnerable children on the outskirts of Kampala. Money raised pays for:-</p> <ul style="list-style-type: none">• School fees, food, children's medical bills, salaries and any other necessary items as required at the Children's Home.• Costs involved in resettling children with family members and foster families – including school fees, medical bills and social worker costs for support and monitoring.• As part of the local community strengthening and empowering programme, we aim to relieve poverty and reduce abandonment. Within this programme, the following projects are funded:-<ul style="list-style-type: none">– a Community Education Support Project (CESP), which strengthens the local community around the Children's Home by providing sponsorship for children to attend school, who without this support

		<p>would otherwise be unable to attend school due to the cost.</p> <ul style="list-style-type: none"> – Health support programmes that look to provide emergency medical aid for those who need it. – Income Generating Grants have been given to parents of children already supported by the Community Education Support Project to further strengthen families and communities, and to give these families an opportunity to sustainably reduce poverty. – Funds were raised this year to feed and support local Ugandan families at Christmas. Food hampers and gifts were given to the community families, and a Christmas feast was provided for all children living at the Home. <p>One of the main ways in which we support the Children's Home in Uganda is by general fundraising in the UK, together with individuals who sponsor the project monthly. Donations are sent directly to the project. When possible, the charity provides funds to enable the organisation to expand and develop.</p> <p>We also support other similar Non-Government Organisations (NGO's) working within Uganda.</p>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	<p>All funds spent during the financial year have been in support of the key objectives of the charity.</p> <p>As Trustees of the charity, we have had due regard for the Charity Commission's guidance on public benefit and have ensured that our activities comply with the key principles of this requirement.</p>

		<p>NGO's (Non-Government Organisations) operating within sub-Saharan Africa with similar values to ourselves.</p> <p>As well as financial support, we also look to either support or receive support from these partners to strengthen the joint impact in delivering services and support for orphans and vulnerable children in sub-Saharan Africa. This non-financial support can relate to, but is not limited to:- management support, finance and accountability, project management, project delivery, sharing funding news, general encouragement.</p> <p>N.B. Before supporting projects, relationships are developed, financial studies undertaken to ensure full financial accountability, and a Memorandum of Understanding drawn up between both parties outlining responsibilities and procedures.</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>This financial year was unexpectedly challenging due to the Covid 19 pandemic which has affected fundraising activities in the UK and activities at the Victory Child Care Project's Children's Home in Uganda.</p> <p>At the beginning of the financial year, we were extremely concerned as to how the pandemic may affect people's giving and the charity's income, but we are pleased to be able to say a big thank you to all who have donated and enabled us to continue to support orphans, vulnerable children and communities in Uganda. Our income for this financial year was down by £5,245, cutbacks in the UK were made to balance this, and expenditure in Uganda also decreased with schools being closed for much of the year.</p> <p>We are even more delighted to be able to say that none of the staff or the children we support in Uganda have contracted the virus, and we hope that this continues to be true in the years to come.</p> <p>Here is some more information about specific projects.</p> <p>VICTORY CHILD CARE PROJECT – TY CARIAD, NAMUGONGO, KAMPALA, UGANDA (VCCP)</p> <ul style="list-style-type: none"> • A total of £60,464 was spent on overseas work in Uganda during the financial year, all of which was sent to VCCP. • The project has continued to work closely with the Ugandan Police and the Ugandan Government to provide a safe haven for children who have been abandoned, lost or trafficked. These children come to stay while the social workers and police search for relatives. <p>Having built a large room at the end of the independent block specifically for children staying at the project for temporary care, disruption is minimised when there are new arrivals, and they move straight into</p>

		<p>the new room, which is their own safe place.</p> <p>At the start of the year there were 40 children living at the Home. During the year, 20 children were admitted for care; 13 children were resettled with family members (2 of them were long-term recipients of care at the Children's Home, both requiring support for medical bills and school fees); 2 children were fostered without the need for support for medical bills and school fees. The financial year ended with 45 children living at the Home.</p> <ul style="list-style-type: none"> • Education Costs. All children were sent home from school on March 20th 2020 due to the Corona Virus pandemic, with just 13 children starting back in 2020, and 23 children starting back between January and March 2021. <p>Throughout the pandemic, all children at the Home have been home schooled. VCCP has provided workbooks and other scholastic materials for all children at the Home, those usually supported in the local community, and those who have been resettled or fostered.</p> <p>This financial year the total cost of education (school fees, requirements and scholastic materials) was £8,325 – down £16,488 from last year – which equates to roughly to 2 terms worth of costs.</p> <ul style="list-style-type: none"> • Unfortunately, due to the pandemic, the “Keeping Girls in School” project which targets the most vulnerable girls in Primary education who cannot afford sanitary wear, and are likely to miss out on school as a result did not operate. It is hoped that the 712 girls from 16 schools who were enrolled in this project, have benefitted from the reusable sanitary packs which they were given last financial year during the pandemic.

		<ul style="list-style-type: none"> As in the previous three years, before Christmas we ran an appeal to help feed Ugandan families at Christmas. This year however, due to the financial hardships which many in the UK were enduring, we did not advertise it as fervently as we have in previous years. <p>A total of £3,497 was raised and was used:-</p> <ul style="list-style-type: none"> to provide food for the Christmas season's celebrations for the 50 children and staff at the Children's Home; to provide a Christmas Party for all the children at the Children's Home with bouncy castles, a trampoline, a puppet show, Father Christmas, a clown, Face painting, chicken and chips, soda, a cake and more; 41 Food Packages for community families, families of resettled and fostered children, and families of staff who give their time each Christmas. Each package included bread, sugar, soda, eggs, spices, margarine, beef, chicken, pasta, cooking oil, milk and more. Each package contained enough for 20 meals/servings. In total the food packages provided for 141 children, 87 adults, and neighbours! <ul style="list-style-type: none"> Throughout the year, the social work team have been in contact with the children and families supported outside of the Children's Home, and when restrictions have allowed, they have visited them with food parcels, education support packages, and have carried out assessments and counselling as and when required. <p>The vehicle (and its driver) have been kept busy, and unfortunately is taking its toll on the vehicle. £5,988 has been spent on a replacement vehicle which is due to arrive from Hong Kong at the end of April 2021.</p>
--	--	---

		<ul style="list-style-type: none"> • The balance of £42,654 was spent on running costs in Uganda, including staff salaries (£20,050 - an increase of £1,304); 2 months reserves in Uganda for April and May (£11,000) and the balance of £11,604 being spent on food & other project costs. • <i>Total transaction costs of £402 were incurred during the financial year. £203 on restricted funds, and £199 on unrestricted funds. These are the charges from our online partners for collecting credit and debit card payments made online - JustGiving, GlobalGiving, GoCardless and Stripe.</i> <p>A summary of this year's highlights:- ("VCCP" – refers to Victory Child Care Project-Ty Cariad Children's Home)</p> <ul style="list-style-type: none"> • April 2020 <ul style="list-style-type: none"> ○ Home schooling continues for all children at the Children's Home. ○ Easter celebration for all children and staff. ○ Food relief received from the office of the Prime Minister. ○ Supporting Vulnerable Ugandan Children in Communities appeal launched. • May 2020 <ul style="list-style-type: none"> ○ 10 boys received for temporary care. ○ First recipients of Supporting Vulnerable Ugandan Children in Communities appeal receive support. • July 2020 <ul style="list-style-type: none"> ○ Some of the children at the Home produce informational dramas about Covid. • September 2020 <ul style="list-style-type: none"> ○ Schools partially reopen for children due to sit end of school exams. • October 2020 <ul style="list-style-type: none"> ○ Children and staff update the display boards at the Home. ○ Home learning books are purchased and distributed to

Amount of reserves held	Para 1.22	At the end of the financial year, we were in a position where we held 1 month of reserves in the UK, but with 2 months reserves in VCCP in Uganda.
Reasons for holding zero reserves	Para 1.22	N/A
Details of fund materially in deficit	Para 1.24	N/A
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	N/A

Additional information (optional)

You may choose to include further statements where relevant about:

The charity's principal sources of funds (including any fundraising)	Para 1.47	<p>Finances have been raised mainly through word of mouth and through existing contacts.</p> <p>An unrestricted grant was received from Openwork Foundation of £5,000.00 for Covid support.</p> <p>Gift Aid totalling £7,990.92 was received in the financial year, £521.03 less than the previous year.</p> <p>All funds spent during the financial year have been in support of the key objectives of the charity.</p>
Investment policy and objectives including any social investment policy adopted	Para 1.46	Tŷ Cariad Africa does not have any investments, and therefore, has no investment policy.
A description of the principal risks facing the charity	Para 1.46	<p>Tŷ Cariad Africa needs to strengthen its regular giving to be able to support more children in sub-Saharan Africa. Even though the Trustees see this as majorly important and one of the main goals for its UK operations again for the forthcoming financial year, it is not seen as a risk in regard to its current level of support for VCCP.</p> <p>Financial support for partners since 2018-19 (other than the Victory Child Care Project-Ty Cariad Children's Home VCCP) has been reduced to protect financial support for</p>

		<p>VCCP. As financial support for the other partner organisations has reduced, non-financial support has increased – administrative, project management etc.</p> <p>The amount of money required by Tÿ Cariad Africa to support the work of VCCP depends on the exchange rate from sterling to Ugandan shillings. We are fortunate that the exchange rate has been stable for a number of years, and, as we have done this financial year, may again use forward contracts so that we are aware of the exchange rates for part of our future transfers to Uganda.</p> <p>As we come to the end of the financial year, we are aware that even though the Covid 19 pandemic has not been as prevalent in Uganda as it has in the UK, there could still be a substantial risk to our operations in the years ahead. We will respond swiftly with due diligence to do as much as possible to limit and reduce risks as they arise.</p>
