# **INGA FOUNDATION TRUSTEES' ANNUAL REPORT FOR THE PERIOD ENDED 31<sup>ST</sup> MARCH 2023**

## **History, Objectives and activities of the Charity**

The charity was first formed on 22<sup>nd</sup> August 2007: Charity Commission registration no. 1124688.

The objectives of the charity are:

The education of the general public in agroforestry techniques and in particular but without prejudice to the generality of the foregoing:

- to promote the Inga theories of alley cropping in the neo-tropical areas of central America and other humid tropic sites around the world;
- to support the work of the demonstration farms, associated seed banks and on-farm trials established by the University of Cambridge Inga Research Project and its partners;
- to increase the knowledge understanding and appreciation of non-governmental organisations, community and farming organisations, of any matters relating to subsistence agriculture, forestry, horticulture, silviculture, agronomics and land management, and
- to make available, or to facilitate the encouragement of the provision of access to, any demonstration projects, research or educational materials relating to the objects.

The main activity in delivering this objective will be the support of specific projects in Central America.

## **Management and Governance arrangements**

The constitution requires that there be no fewer than three trustees and a maximum of 7.

The Trustees during the year were:

Michael Hands

Terence Pennington

Timothy Bayliss-Smith

William Vanderbilt

Trustees are appointed by ordinary resolution of the Board of Trustees. The Board of Trustees holds regular meetings and is required to hold at least two per year. Risks to the charity are reviewed and policy set at these meetings.

## **Procedures and policy for grant-making**

Projects which the charity may wish to support are discussed and evaluated by the Board of Trustees and are assessed according to their contribution towards the objectives of the charity.

## **Achievements and performance of the Trust**

Field operations in our target countries have continued in exact accordance with the stated Objects of the Charitable Trust. The main highlights of the year are:

- Extension work to subsistence farming families has continued in the Foundation's principal project area in two river catchments on the Cordillera Nombre de Dios, Honduras, as planned. Much of this has involved existing families extending their plantings.

- We have now completed the eleventh year of our Land for Life Program. The program's strategic objective remains the same as originally conceived in 2012: Proof-of-concept at landscape scale. However, we have added the further objective of bringing the model, at landscape scale, to the attention of the highest levels of the Honduran Government.
- Inga Foundation (USA) continues to give invaluable support in fund-raising.
- The accommodation and teaching building at the Las Flores demonstration farm has been completed. We can now accommodate and feed around eight people at a time. Solar panels on the roof and our standby generator ensure that teaching can include live presentations.
- The farm is now connected to the internet via fibre cable. This is a most valuable asset there.
- The Foundation's agreement with the German coffee chain Tchibo and their Honduran intermediary Beneficio de Café Montecristo S.A. (BECAMO) to train pairs of technicians and coffee farmers in Inga agroforestry has borne fruit. The in-depth training of BECAMO nominees is intended to provide the means of diversifying production and imparting resilience to climatic extremes on their smallholdings. In total, 16 people, in four groups, have been trained in this way; each group staying for two weeks in any given month.
- The 12 ha. demonstration farm at Las Flores in the Cuero valley continues its function in demonstrating all components of the Guama Model.
- This past year has been characterised by high rainfall and lack of prolonged sunny conditions. We have no indication as to whether this condition will prevail, or whether we shall see a neutral year before the next El Niño phenomenon kicks in. These climatic oscillations affect access within the valleys and, of course, they exert a profound effect on the well-being of the trees; especially through prolonged drought.

### **Financial review**

The charity has raised significant funds and has continued to support its main charitable projects. The charity has made a surplus in the year of £17,947. This has increased the funds carried forward. The charity holds reserves of £53,148.

Signed on behalf of the Trustees

Mike Hands (Trustee)

## **Independent Examiner's Report to the Trustees**

I report on the accounts of the Inga Foundation for the period ended 31<sup>st</sup> March 2023, which are set out on pages 5 to 9.

### **Respective responsibilities of trustees and examiner**

The charity's trustees consider that an audit is not required for this year under the Charities Act 2011 (the Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts;
- to follow the procedures laid down in the General Directions given by the Charity Commission; and
- to state whether particular matters have come to my attention.

### **Basis of the independent examiner's report**

My examination was carried out in accordance with the General Directions given by the Charity Commissioners. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently I do not express an audit opinion on the view given by the accounts.

### **Independent examiner's statement**

In the course of my examination, no matter has come to my attention:

- (1) which gives me reasonable cause to believe that in, any material respect, the trustees have not met the requirements to ensure that:
  - proper accounting records are kept in accordance with the Act; and
  - accounts are prepared which agree with the accounting records and comply with the accounting requirements of the Act; or
- (2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

## **Notes to the Financial Statements**

### **1 Accounting Policies**

#### **Basis of Accounting**

The financial statements have been prepared under the historical cost accounting rules and the Statement of Recommended Practice: Accounting and Reporting by Charities 2015.

#### **Fund Accounting**

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

Desinated funds are unrestricted funds earmarked by the Management Committee for a particular purpose.

Restricted funds are subjected to restrictions on their expenditure imposed by the donor or through terms of an appeal.

#### **Incoming Resources**

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

Voluntary income is received by way of grants, donations and gifts and is included in full in the Statement of Financial Activities when receivable. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Donated services and facilities are included at the value to the charity where this can be quantified. The value of services provided by volunteers has not been included in these accounts.

Investment income is included when receivable.

Incoming resources from charitable trading activity are accounted for when earned.

Incoming resources from grants, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance.

#### **Resources expended**

Expenditure is recognised on an accrual basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates:

Costs of generating funds comprise the costs associated with attracting voluntary income and the costs of trading for fundraising purposes.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include the audit fees and costs linked to the strategic management of the charity.

All costs are allocated between the expenditure categories of the SoFA on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly, others are apportioned on an appropriate basis

# **INGA FOUNDATION TRUSTEES' ANNUAL REPORT FOR THE PERIOD ENDED 31<sup>ST</sup> MARCH 2022**

## **History, Objectives and activities of the Charity**

The charity was first formed on 22<sup>nd</sup> August 2007: Charity Commission registration no. 1124688.

The objectives of the charity are:

The education of the general public in agroforestry techniques and in particular but without prejudice to the generality of the foregoing:

- to promote the Inga theories of alley cropping in the neo-tropical areas of central America and other humid tropic sites around the world;
- to support the work of the demonstration farms, associated seed banks and on-farm trials established by the University of Cambridge Inga Research Project and its partners;
- to increase the knowledge understanding and appreciation of non-governmental organisations, community and farming organisations, of any matters relating to subsistence agriculture, forestry, horticulture, silviculture, agronomics and land management, and
- to make available, or to facilitate the encouragement of the provision of access to, any demonstration projects, research or educational materials relating to the objects.

The main activity in delivering this objective will be the support of specific projects in Central America.

## **Management and Governance arrangements**

The constitution requires that there be no fewer than three trustees and a maximum of 7. The Trustees during the year were:

Michael Hands

Terence Pennington

Timothy Bayliss-Smith

William Vanderbilt

Trustees are appointed by ordinary resolution of the Board of Trustees. The Board of Trustees holds regular meetings and is required to hold at least two per year. Risks to the charity are reviewed and policy set at these meetings.

## **Procedures and policy for grant-making**

Projects which the charity may wish to support are discussed and evaluated by the Board of Trustees and are assessed according to their contribution towards the objectives of the charity.

## **Achievements and performance of the Trust**

Field operations in our target countries have continued in exact accordance with the stated Objects of the Charitable Trust. The main highlights of the year are:

- Extension work to subsistence farming families has continued in the Foundation's principal project area in two river catchments on the Cordillera Nombre de Dios Honduras, as planned. Much of this has involved existing families extending their plantings.

- In Madagascar, Davis Randriamampionona continues to introduce his Acacia-based system to the communities around his base at Ifarantsa.
- In Honduras, we estimate that the total number of trees planted since 2012, in all configurations of the Guama Model, is now around 5 million.
- Increasing interest has been shown in the Guama Model by other Government agencies in Honduras. These include: Forestry; Food Security and Agriculture.
- The Foundation was entrusted by the local Agriculture Ministry (SAG) to distribute many tonnes of fertilizer and seed of basic grains. These were donated to "Guamero" families in both river valleys. Similarly, the quasi-government agency CREDIA entrusted us to distribute tools and equipment costing \$48,000.
- Inga Foundation (USA) continues to give invaluable support in fund-raising.
- The Foundation has an agreement with the German coffee chain Tchibo and their Honduran intermediary Beneficio de Café Montecristo S.A. (BECAMO) to train pairs of technicians and coffee farmers in Inga agroforestry as a means of diversifying production and imparting resilience to climatic extremes on their smallholdings.
- The 12 ha. demonstration farm at Las Flores in the Cuero valley is now fulfilling its function in demonstrating all components of the Guama Model. The old decaying house has been razed and has been replaced by a more substantial structure capable of housing small numbers of visitors.

#### **Financial review**

The charity has raised significant funds and has continued to support its main charitable projects. The charity has made a deficit in the year of £16,055. This has been funded from brought forward. The charity holds reserves of £35,202.

Signed on behalf of the Trustees

*Michael Hands*

Mike Hands (Trustee)

## **Inga Foundation**

### **Independent Examiner's Report to the Trustees**

I report on the accounts of the Inga Foundation for the period ended 31<sup>st</sup> March 2022, which are set out on pages 5 to 9.

#### **Respective responsibilities of trustees and examiner**

The charity's trustees consider that an audit is not required for this year under the Charities Act 2011 (the Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts;
- to follow the procedures laid down in the General Directions given by the Charity Commission; and
- to state whether particular matters have come to my attention.

#### **Basis of the independent examiner's report**

My examination was carried out in accordance with the General Directions given by the Charity Commissioners. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently I do not express an audit opinion on the view given by the accounts.

#### **Independent examiner's statement**

In the course of my examination, no matter has come to my attention:

- (1) which gives me reasonable cause to believe that in, any material respect, the trustees have not met the requirements to ensure that:
  - proper accounting records are kept in accordance with the Act; and
  - accounts are prepared which agree with the accounting records and comply with the accounting requirements of the Act; or
- (2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

## **Notes to the Financial Statements**

### **1 Accounting Policies**

#### **Basis of Accounting**

The financial statements have been prepared under the historical cost accounting rules and the Statement of Recommended Practice: Accounting and Reporting by Charities 2015.

#### **Fund Accounting**

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

Desinated funds are unrestricted funds earmarked by the Management Committee for a particular purpose.

Restricted funds are subjected to restrictions on their expenditure imposed by the donor or through terms of an appeal.

#### **Incoming Resources**

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

Voluntary income is received by way of grants, donations and gifts and is included in full in the Statement of Financial Activities when receivable. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Donated services and facilities are included at the value to the charity where this can be quantified. The value of services provided by volunteers has not been included in these accounts.

Investment income is included when receivable.

Incoming resources from charitable trading activity are accounted for when earned.

Incoming resources from grants, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance.

#### **Resources expended**

Expenditure is recognised on an accrual basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates:

Costs of generating funds comprise the costs associated with attracting voluntary income and the costs of trading for fundraising purposes.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include the audit fees and costs linked to the strategic management of the charity.

All costs are allocated between the expenditure categories of the SoFA on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly, others are apportioned on an appropriate basis

# **INGA FOUNDATION TRUSTEES' ANNUAL REPORT FOR THE PERIOD ENDED 31<sup>ST</sup> MARCH 2021**

## **History, Objectives and activities of the Charity**

The charity was first formed on 22<sup>nd</sup> August 2007: Charity Commission registration no. 1124688.

The objectives of the charity are:

The education of the general public in agroforestry techniques and in particular but without prejudice to the generality of the foregoing:

- to promote the Inga theories of alley cropping in the neo-tropical areas of central America and other humid tropic sites around the world;
- to support the work of the demonstration farms, associated seed banks and on-farm trials established by the University of Cambridge Inga Research Project and its partners;
- to increase the knowledge understanding and appreciation of non-governmental organisations, community and farming organisations, of any matters relating to subsistence agriculture, forestry, horticulture, silviculture, agronomics and land management, and
- to make available, or to facilitate the encouragement of the provision of access to, any demonstration projects, research or educational materials relating to the objects.

The main activity in delivering this objective will be the support of specific projects in Central America.

## **Management and Governance arrangements**

The constitution requires that there be no fewer than three trustees and a maximum of 7.

The Trustees during the year were:

Michael Hands

Terence Pennington

Timothy Bayliss-Smith

William Vanderbilt

Trustees are appointed by ordinary resolution of the Board of Trustees. The Board of Trustees holds regular meetings and is required to hold at least two per year. Risks to the charity are reviewed and policy set at these meetings.

## **Procedures and policy for grant-making**

Projects which the charity may wish to support are discussed and evaluated by the Board of Trustees and are assessed according to their contribution towards the objectives of the charity.

## **Achievements and performance of the Trust**

Field operations in our target countries have continued in exact accordance with the stated Objects of the Charitable Trust. However, progress in the field operations has been hindered, but not halted, by two major externalities: Restrictions in movement due to the COVID pandemic and Climate Breakdown.

- Most members of the field team contracted SARS-COVID-19, but I am pleased to say that all have recovered.

- Our Director of Field Operations was granted a police permit to drive in, and around, La Ceiba. Thus, the field work continued largely as normal, but with reduced impact as our extension team became individually unwell; and as families isolated themselves.
- The back-to-back Hurricanes, Eta and Iota, within a 10-day period in November 2020 caused massive and widespread flooding and havoc in northern Honduras. Inga Foundation aided the Municipality of La Masica in opening road access to the communities living around our demonstration farm at Las Flores. Field work was disrupted for some weeks.
- To the best of our knowledge, all Inga plantings survived the category 4 and 5 storms intact. Neither soil nor trees were lost and many families pruned and planted their alley plots in February 2021. All took good crops of basic grains.
- Extension work to subsistence farming families continued in Honduras and Madagascar as planned.
- In Madagascar, Davis Randriamampionona continues to introduce his Acacia-based system to the communities around his base at Ifarantsa. This young project is now achieving considerable success.
- In Honduras, extension of the Inga alley-cropping system and other agroforestry components of the Guama Model continued at approximately 75% of expectation in the catchments of the Cangrejal and Cuero rivers.
- In Honduras, we estimate that the total number of trees planted since 2012, in all configurations of the Guama Model, has now exceeded 4.5 million.
- To the best of our knowledge, no family of the 420 now adopting or using Inga-based agroforestry systems has reverted to slash-and-burn agriculture.
- Work at the community of Betania, at the headwaters of the Cuero river has continued with the construction and stocking of a tree nursery there. The families in Betania are unanimous in wanting the Guama Model.
- Our Carbon model for the program estimates a net CO<sub>2</sub> emissions avoidance and sequestration of 333,000 tonnes accumulated during the course of the program to the end of 2020
- Inga Foundation (USA) continues to give invaluable support in fund-raising.
- The Arboretum at Las Flores is flourishing. The presence of the trees in former degraded open pasture has resulted in the appearance of three fresh water springs.

#### **Financial review**

The charity has raised significant funds and has continued to support its main charitable projects. The charity has made a surplus in the year of £13,792. This has been used to increase reserves to enable the charity to push forward its work in future years. The charity holds reserves of £51,257.

Signed on behalf of the Trustees

*Michael Hands*

Mike Hands (Trustee)

## Independent Examiner's Report to the Trustees

I report on the accounts of the Inga Foundation for the period ended 31<sup>st</sup> March 2021, which are set out on pages 5 to 9.

### **Respective responsibilities of trustees and examiner**

The charity's trustees consider that an audit is not required for this year under the Charities Act 2011 (the Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts;
- to follow the procedures laid down in the General Directions given by the Charity Commission; and
- to state whether particular matters have come to my attention.

### **Basis of the independent examiner's report**

My examination was carried out in accordance with the General Directions given by the Charity Commissioners. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently I do not express an audit opinion on the view given by the accounts.

### **Independent examiner's statement**

In the course of my examination, no matter has come to my attention:

- (1) which gives me reasonable cause to believe that in, any material respect, the trustees have not met the requirements to ensure that:
  - proper accounting records are kept in accordance with the Act; and
  - accounts are prepared which agree with the accounting records and comply with the accounting requirements of the Act; or
- (2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

## **Notes to the Financial Statements**

### **1 Accounting Policies**

#### **Basis of Accounting**

The financial statements have been prepared under the historical cost accounting rules and the Statement of Recommended Practice: Accounting and Reporting by Charities 2015.

#### **Fund Accounting**

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

Desinated funds are unrestricted funds earmarked by the Management Committee for a particular purpose.

Restricted funds are subjected to restrictions on their expenditure imposed by the donor or through terms of an appeal.

#### **Incoming Resources**

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

Voluntary income is received by way of grants, donations and gifts and is included in full in the Statement of Financial Activities when receivable. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Donated services and facilities are included at the value to the charity where this can be quantified. The value of services provided by volunteers has not been included in these accounts.

Investment income is included when receivable.

Incoming resources from charitable trading activity are accounted for when earned.

Incoming resources from grants, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance.

#### **Resources expended**

Expenditure is recognised on an accrual basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates:

Costs of generating funds comprise the costs associated with attracting voluntary income and the costs of trading for fundraising purposes.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include the audit fees and costs linked to the strategic management of the charity.

All costs are allocated between the expenditure categories of the SoFA on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly, others are apportioned on an appropriate basis
