## Accounts and Annual Report

JRHF raises money from caring people in the UK to support it's work in Zithulele, South Africa. Every penny of monies raised, including Gift Aid claimed goes to South Africa. There are a core group of around 10 people who have made monthly donations, some since the start of the charity in 2008. Larger one-off donations make up the rest of the income. Generally the charity has raised some £15K - £20K annually, but this year, because of a large donation from an individual, the total exceeded £25K; hence the need for this report and summary accounts.

All monies raised are sent via banking network to the JRHF account in South Africa, where funds are used to contribute to various projects throughout the year.
