

WHEEL OF HOPE CHARITABLE TRUST U.K.

TRUSTEES REPORT APRIL 2020 TO MARCH 2021

No schools have been open since March 2020 so we could not run Happy Home. But through the help of our teachers, we have managed to get food, medical supplies, sanitizers and masks etc. as necessary to the families of the children who normally attend. The lease on Happy Home ended in August 2020 but until children are allowed back to school it is not practical to find a new venue. All the desks etc are being stored at Suresh's house (Managing Trustee of Wheel of Hope India).

The Covid pandemic has prohibited customers at the Kovalam and Kumily Homestays and to generate income we decided to start a farming project as food is the current priority.

We began by upgrading an old cow shed at Suresh's parents house and purchased some chickens which have recently started laying. We also bought a cow which has just produced a baby and fortunately this is female. At Suresh's own house we have approximately 50 geese and ducks which too have just started laying. We also have rabbits which are breeding.

Although allowed to roam freely in the garden during the day they have to be caged at night. These cages have to be very strong and made with fine metal mesh to protect the inhabitants from snakes and what they call here in India Tree Cats. I think in the West we would call them Civets and they attack like foxes.

These cages are quite costly but a necessity if the stock is to survive. They all of course have to be fed and their special food is expensive even though we get it in 50kg. sacks and augment it with cheap grade rice which has to be cooked. They also need to be given various medication from time to time. The rabbit litters in particular need various medicine in their drinking water to build up their immune systems. Fortunately Suresh's wife can give any injections required as she was a nurse before they married. It is a big learning curve. We are getting there slowly but will take many months before we see any profit and are able to employ staff.

Wheel of Hope India owns a piece of land called Lakeside and eventually it is hoped that all the animals can be transferred there and enable the numbers to be increased. Although we have a well and electricity at Lakeside, plus a small one room dwelling, before any transfer can be made the whole area needs to be fine wire meshed on top of the surrounding wall. A large pond has to be dug and various cages constructed. We hope to have several cows and goats at this property so sheds will be needed for these animals for their safety at night.

All this of course will cost many thousands of pounds (one full grown cow costs around £500) but as the saying goes 'great oaks from little acorns grow' and eventually we hope that this will help fund Happy Home and the new Tuition/Dance Centre which we had planned to open before the pandemic. We also hope to be able to employ someone to look after Lakeside who will be able to live in the little house perhaps with their family.

During the year we have had many donations, some very substantial, for which we are most grateful. This has enabled us to start the farming project and give financial help to those in need but it is not a bottomless pit. The Covid pandemic has hit everyone very hard and we can only hope that Vaccinations, Testing and Vaccine Passports will enable people to travel and that tourism will again be one of the mainstays of people not only here in India but all over the world.

The Charities Commission

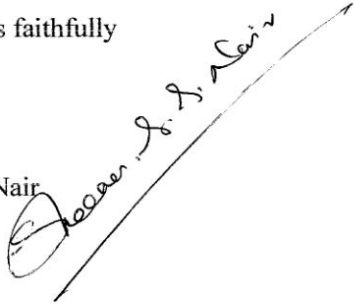

Dear Sirs

Wheel of Hope Charitable Trust U.K
Registration Number 1124940

This is to certify that I have examined and checked the Account Books of the above Charity and verify that this is a true record of the Income and Expenditure for the Year 1st April 2020 to 5th April 2021.

Yours faithfully

S.S. Nair

A handwritten signature in black ink, appearing to read 'S.S. Nair', is written diagonally across the page. The signature is fluid and cursive, with a long horizontal stroke extending to the right.
