Trustees' Report for the Year Ending 5th April 2023

Introduction & Executive Summary

This financial year marked the Foundation's 14th Anniversary, and the year has seen us move away from Covid allowing us to travel and meet up freely again. We have made the most of it during the year with nine visits to different organisations up and down the country. This not only helps build relationships but opens our eyes to the incredible charitable work that is happening around the country. There's nothing like face to face meetings.

Notably during this year we made a commitment to Alzheimers Research UK to donate £419,023 over the next few years in support of Prof Adrian Isaacs research work on Fronto-temporal dementia. This has resulted in a sharp increase in the total amount granted this year. The first instalment of this was donated in October 2022, to mark my late husband's birthday. He suffered from Fronto -temporal Dementia for several years, and as a principal donor of the Lynda Tree Foundation, it felt a fitting tribute.

The welfare of children and young people have always been a key focus for our organisation. This year, I'm delighted that we have supported the largest number of these charities since we began. These cover the whole country with many in different parts of England, with CHAS and PKAVS in Scotland, and Home Start Cymru in Wales.

The one area we have fallen short on is our percentage target of grants to Environmental Concerns partly due to the target being skewed by the large donation to Alzheimers Research.

To all the charities we currently support, we send our best wishes and encouragement. It has been a privilege to see the work and depth of care within the organisations, and to see the difference they make to others.

We would again like to thank Jonathan Wood, our accountant, John David and the team at Rathbone Greenbank, WYCAS and Coutts & Co for their work with us and we send our best wishes for the coming year.

The trustees present their report and the financial statements for the period ended 5 April 2023 which have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) – Charities SORP (FRS 102) and the Charities Act 2011.

Kindest regards to you all,

Lynda Duttine
Chair of the Lyndal Tree Foundation

a) Reference and Administrative Details of the Charity

Name	The Lyndal Tree Foundation
Charity Number	1125024
Trustees	Lynda Duttine (Chair) Sue Fidler Jennifer Brodie Steve Duttine
Address	PO Box 330 Ilkley LS29 1GD
Accountant	Jonathan Wood
Independent Examiner	Simon Bostrom FCIE WYCAS West Yorkshire Community Accounting Service 34 Lupton St, Leeds LS10 2QW
Bankers	Coutts & Co 440 Strand, London WC2R 0QS
Investment Managers	Rathbone Greenbank Investments 10 Queens Square Bristol BS1 4NT

b) Structure, Governance and Management

As of 5 April 2023, there have been no changes to the Foundation's Structure, Governance and Management from that set up in year one apart from the change in investment managers which was concluded towards the end of the 2015-16 financial year, the retirement of a Trustee, Antony Duttine and the change of bankers to Coutts & Co following the transfer of the Adam & Co business.

Registration and Governing Document

The Lyndal Tree Foundation was established and registered with the Charities Commission in the summer of 2008 (13 May 2008 as amended 26 June 2008).

The Trust deed dated 13 May 2008, as amended 26 June 2008, stipulates the following:

"The trustees shall hold the capital and income of the trust fund upon trust to pay and apply the income, and all or such parts of the capital, at such times, in such manner and subject to such restrictions (if any) as the trustees think fit, for such charitable purposes for the benefit of the public as the trustees in their absolute discretion determine."

Trustee Recruitment, Induction and Training

The Foundation is run by four trustees who undertake various roles in the organisation on a voluntary basis. There are no current plans to recruit any new trustees and there are no formal processes of induction or training of trustees at this time.

- The Foundation's Trustees meet on a bi-annual basis with a minimum presence of three trustees required to define a trustees' meeting.
- The Trust Deed stipulates there must be agreement between at least three trustees to approve decisions.

Lynda Duttine remains in the position of Chair of the Trustees, and has held this position since the launch of the Foundation. There are currently no plans to review this.

Steven Duttine continues to act as treasurer. He is the principal liaison for Coutts & Co bank, Jonathan Wood, Rathbones, and the independent examiners.

The broad roles of the individual Trustees have remained largely unchanged; Lynda Duttine, Sue Fidler and Jennifer Brodie continue to deal mainly with the Foundation's grant making and visits, whilst Steven Duttine works more with the Foundation's financial organisation.

The Trustees take a particular interest in keeping in contact and visiting with charities (particularly those where the intention is to provide support more regularly than one-off grants). The visits are made at the discretion of the trustees and no expenses are sought from the Foundation.

Statement of Public Benefit

The Trustees of The Lyndal Tree Foundation confirm that they have complied with their duty to have due regard to the guidance on public benefit published by the Commission in exercising their powers or duties. The objectives and related activities set out in section (c) demonstrate this in more detail.

Organisational Relationships

The Lyndal Tree Foundation has engaged these organisations.

- Jonathan Wood is the Foundation's accountant.
- Coutts & Co remain the Foundation's bank.
- Simon Bostrom FCIE from WYCAS is the Foundation's independent examiner.
- Rathbone Greenbank manages the Foundation investments.

Risk Management

The Trustees currently consider the primary risk to the Foundation lies in its investment portfolio's performance.

The Foundation's capital has exposure to equity markets, both in the UK and overseas. Therefore, the portfolio manager's performance alongside wider economic factors such as the performance of the markets and currency exchange rates, will impact the value of the Foundation's investments. Since the capital's growth and income is the primary source of the Foundation's granting budget, these factors will have a bearing on the budget of the Foundation. This risk is present in both the short and long term.

To try and mitigate the risks raised by this, a number of steps have been taken:

- To reduce the short-term influence of the markets, the trustees try to hold reasonable cash reserves, in order that grants intended for short term aren't directly reliant on the current interest and capital growth produced.
- The trustees are also prepared for the Foundation's capital to fluctuate. By separating the investment income from capital growth, the trustees have the option to continue making donations from income even if the Foundation makes a net loss.

c) Objectives & Activities

During the 2022-2023 reporting period, the objectives were:

Objective 1:

Retain capital surplus to one million pounds + CPI from founding date (2008)

Related Activities:

The Trustees have continued to increase the target reserve level in line with inflation (CPI) this brings the reserve level to £1,547,840.44. At the close of this reporting period, the balance of the Foundation is £1,901,204.

The Foundation's assets now sit at 23% above the reserve level, this compares to 49% above last year. The Trustee's note that, whilst still affording significant buffer, this is a sharp decline on last year. This is due to significant increase in grant making, coupled with two years of comparatively high inflation.

Objective 2:

Make grants amounting to >5% of the Foundation's reserve level based on the 5th April 2022 figure, for grant making taking place between 5th April 2022 – 5th April 2023 this will be a figure surplus to £77,392.02.

Related Activities:

The total gifted this year was £241,000 and is over the 5% minimum threshold.

Objective 3:

Make grants to environmental charities of >20% (total amount granted rather than number of charities supported) for the reporting period.

Related Activities:

Grants totalling £17,000 were made to environmental organisations, this accounts to only 7.05% of the amount granted and as such is below the target. This was in part due to larger than usual grants being made this year. If measured against the 5% of the reserve level minimum grant-making target, this figure would have represented 22% of the total.

d) Achievements & Performances

The activities prioritised for 2022/23 that have been achieved include:

- Retain capital surplus to one million pounds + CPI from founding date.
- Make grants amounting to >5% of the Foundation's reserve level based on the 5th April 2022 figure, for grant making taking place between 5th April 2022 – 5th April 2023 this will be a figure surplus to £77,392.02.

Objectives relating to the next reporting year are discussed in 'Plans for future periods' under section (i).

Charitable Donations

The Foundation continues to support a wide range of organisations - seventeen received grants over the course of the year. The amount granted increased this year from £139,000 to £241,000 – these grants take the total grants made to date to £1,815,008.

The organisations supported this year were all registered in the UK. The donations require, and received, the approval of three or more board members. Most of the organisations supported made written requests to the Foundation for consideration, others were approached by the Trustees and encouraged to submit a written request for consideration. In other cases, particularly with larger national charities, where good information is available on their structure and function, no written request has been sought.

The recipients of grants in 2022/23 reporting period were:

Alzheimer's Research UK

The UK's leading Alzheimer's research charity aiming to find a cure for dementia.

Beacon

Beacon was set up to address the needs of the many asylum seekers in the Bradford District. The different projects offer practical support and strive to raise awareness of the issues surrounding asylum.

The Beamsley Project

Based in the Yorkshire Dales, the Beamsley Project provides specially designed holiday accommodation for people with disabilities and their carers.

Cancer Support Yorkshire

Cancer Support Yorkshire has centres in Bradford & Skipton and provides practical and emotional support to those affected by a cancer diagnosis

CHAS

CHAS offers family support service for babies, children and young people with life-shortening conditions. This includes palliative care, family respite and support – through hospices, homecare services and hospital presence.

Children's Heart Surgery

Children's Heart Surgery provide life-saving medical equipment for Congenital Heart Units, parent accommodation for families and vital ward resources. We also fund staff training, scientific research and new clinical roles.

Home Start Cymru

Home-Start is a local community network of trained volunteers and expert support helping families with young children through their challenging times.

Lifelites

Lifelites provides specialist technology for children in children's hospices across the British Isles.

Leuchie House

Located near Edinburgh, Scotland, Leuchie House is dedicated to providing caring respite breaks for people and their families living with long term conditions.

Marine Conservation Society

The Marine Conservation Society is a UK based not-for-profit organization working with businesses, governments and communities to clean and protect oceans.

Motivation

Motivation is a global disability charity and social enterprise that provides wheelchairs and services to disabled people in developing countries.

Perth & Kinross Association of Voluntary Services - PKAVS

PKAVS supports unpaid carers, people recovering from mental illness and minority communities, and works to strengthen the voluntary sector.

REACT

React works to give children with life-shortening illnesses comfort, dignity and where possible, greater independence.

Tall Ships Youth

Tall Ships Youth is a youth development charity that helps young people redefine their horizons through life-changing adventures at sea.

Yorkshire Air Ambulance

Yorkshire Air Ambulance is an independent Air Ambulance charity, providing a life-saving rapid response emergency service to 5 million people across Yorkshire.

Yorkshire Dales Millenium Trust

The Yorkshire Dales Millenium Trust helps to look after some of the most spectacular and precious landscapes in England.

World land trust

It raises money to buy and then protect environmentally-threatened land in Africa, Asia, and Central and South America.

e) Financial Review

The Lyndal Tree Foundation is a grant-making Foundation. These grants are primarily funded by interest produced from capital held. As of 5 April 2023, the Foundation's assets total £1,901,204, decreasing by £232,217 from 5 April 2022. Unrealised losses amounted to £198,662.

The Foundation's capital has arisen through significant donations the Foundation received in its first years alongside Gift Aid, interest, investment growth and donations since. Combined, these have seen an increase in the Foundation's funds from establishment.

The Trustees do not solicit donations but acknowledge the prospect of further contributions; the Foundation's long term strategy continues to be one of self-sustenance. Further small to medium capital donations would be expected to result in an increase in grants in the short and medium term, whereas larger donations may cause a review of the base level of capital we hold.

f) Investment Policy & Review

The Investment Mandate given to Rathbones stipulates the following:

Mandate

- The aim of the portfolio is to grow assets ahead of inflation.
- The investment period is >10 years
- There is no fixed target for income, the portfolio is managed under a total return mandate.

- The portfolio is benchmarked to the WMA Growth Index.
- Through risk profile questionnaires, Rathbones have classified the Foundation as having a medium risk profile which they define as:

A medium risk portfolio will aim over time to achieve returns above the rate of inflation and should reflect the majority of the fluctuation in value of major equity markets. A medium risk portfolio will differ from a lower risk portfolio by being less diversified by asset classes and /or having greater exposure to equities, which may include shares in smaller and medium-sized companies and/or emerging markets. A medium risk portfolio would be suitable for investors with a medium time horizon and capacity to accept a temporary or, rarely, permanent capital loss.

Holdings

- The investment portfolio is made up of 70% – 80% equity.
- The portfolio is managed on a predominantly segregated basis with the majority of UK exposure held in direct equity investments, with managed funds giving exposure to global markets and specialist sectors.
- The portfolio has exposure to various industrial sectors and geographical regions.
- A 'B account' includes a holding of WHEB Sustainability Fund. This is held on a non-discretionary basis.
- All income is paid out to the Foundation's account at Coutts & Co.

Restrictions & Positive Screening

- The portfolio includes negative screening which prohibits investments in companies that derive more than 10% of their income from either tobacco or defence.
- There is a positive bias for ethically focused holdings such as sustainability or environmental engaged funds.
- Stocks are also benchmarked against peers to allow best practices to be acknowledged. This would allow holdings of company which demonstrated sector leading approaches in a potentially negative industry. e.g. an airline which proactively seeks to reduce carbon emissions.

g) Grantmaking Strategy

The Foundation makes grants in two ways; providing one-off grants, and through regular support. If providing regular support, the Trustees will review the grant after an agreed period of time. The regular payments made so far have been agreed to be made on an annual or monthly basis and have generally committed to no longer than three years of funding before review.

h) Reserves Policy

It was initially the expectation of the Trustees that the capital of the Foundation should generally remain above £1,000,000. In recent years, significant contributions combined with good investment returns has seen the Foundation's holdings increase to £1,901,204. There was no mandate in place for the Foundation to grow, but Trustees feel it appropriate to approximately factor in inflation (with data sourced on CPI from Office National Statistics UK¹). This has been applied to the initial £1,000,000 which means that figure in real terms is equivalent to £1,547,840.

Period (Apr-Apr)	CPI (ONS)	CPI Adjusted Reserve Level
		£1,000,000
2008-2009	2.3%	£1,023,000
2009-2010	3.7%	£1,060,851
2010-2012	4.5%	£1,108,589
2011-2012	3.0%	£1,141,847
2012-2014	2.4%	£1,169,251
2013-2014	1.8%	£1,190,298
2014-2015	-0.1%	£1,189,108
2015-2016	0.3%	£1,192,675
2016-2017	2.7%	£1,224,877
2017-2018	2.2%	£1,251,824
2018-2019	2.0%	£1,275,861
2019-2020	0.8%	£1,287,075
2020-2021	1.5%	£1,306,382
2021-2022	9.0%	£1,423,956
2022-2023	8.7%	£1,547,840

i) Plans for Future Periods

For the upcoming reporting period April 2023 to March 2024, the Trustees of The Lyndal Tree Foundation see the following objectives as priorities:

1. Retain capital surplus to one million pounds + CPI from founding date.
2. Make grants amounting to >5% of the Foundation's reserve level based on the 5th April 2023 figure, for grant making taking place between 5th April 2023 – 5th April 2024 this will be a figure surplus to £77,392.

¹ Source: <https://www.ons.gov.uk/economy/inflationandpriceindices/bulletins/consumerpriceinflation/october2022>

j) Trustee Remuneration

No trustee has received any remuneration during this year. Trustee expenses also amounted to £nil.

No trustee had any personal interest in any contract or transaction entered into by the Foundation. The Trustees note that Lynda Duttine also sits as a trustee of The Beamsley Project, a charity supported by The Lyndal Tree Foundation. She receives no remuneration for this role at The Beamsley Project and has no commercial interest in the organisation. Lynda, nor the other Trustees of The Lyndal Tree, considers that there is any conflict of interest between these roles.

Charges for all financial institutions, including auditors and accountants, are paid for by the Foundation, as is the cost of the PO Box. Visits are made at the discretion of the Trustees and no expenses are sought from the Foundation. All other costs are personally covered by the Trustees.

k) Taxation

As a charity, The Lyndal Tree Foundation is exempt from tax on income and gains falling with section 505 of the 1998 Taxes Act and Section 256 of the Taxation of Chargeable Gains Act of 1992.

Statement of Trustees' Responsibilities

The Trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England & Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Trustees and signed on its behalf:

STEVEN DUTTINE

Steven Duttine
Trustee

Date: 30 January 2024

Independent Examiner's Report

I report to the charity trustees on my examination of the accounts of the charity for the year ended 5 April 2023, which are set out on pages 14 to 22.

Responsibilities and basis of report

As the charity trustees you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's accounts as carried out under section 145 of the 2011 Act. In carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Signed:

SIMON BOSTROM FCIE

Notes to the Financial Statements

1 Accounting policies

(a) Basis of preparation of financial statements and assessment of going concern

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these accounts. The financial statements have been prepared in accordance with the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) – (Charities SORP (FRS 102)) and the Charities Act 2011.

The trust constitutes a public benefit entity as defined by FRS 102.

The trustees consider that there are no material uncertainties about the Trust's ability to continue as a going concern.

(b) Incoming resources - charitable activities

Recognition of incoming resources

These are included in the Statement of Financial Activities (SOFA) when:

- the Charity becomes entitled to the resources;
- it is probable that the resources will be received;
- any performance condition attached to the item(s) have been met; and
- the monetary value can be measured with sufficient reliability.

Tax reclaims on donations and gifts

Incoming resources from tax reclaims are included in the SOFA at the same time as the gift to which they relate.

Investment Income

This is included in the accounts when receivable and can be measured reliably.

Investment gains and losses

This includes any gain or loss on the sale of investments and any gain or loss resulting from revaluing investments to market value at the end of the year.

(c) Expenditure and Liabilities

Liability recognition

Liabilities are recognised once there is a legal or constructive obligation committing the Charity to pay out resources, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

Grants payable without performance conditions

These are recognised when a commitment has been made and there are no conditions to be met relating to the grant which remain in the control of the Charity.

Irrecoverable VAT

Irrecoverable VAT is charged against the category of resources expended for which it was incurred.

Costs of raising funds

The costs of generating funds consist of investment management costs and certain legal fees.

Charitable activities

Costs of charitable activities include grants made, governance costs and related support costs.

(d) Investments

Investments quoted on a recognised stock exchange are valued at mid-market value at the year end. Other investment assets are included as Trustees' best estimate of market value.

Unrealised and realised gains and losses are shown net in the statement of financial activities.

(e) Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

(f) Financial instruments

The trust only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

(g) Fund accounting

The general fund comprises free reserves for use in the day to day operation of the Charity.

The expendable endowment fund has been invested to generate income which is spent for the purpose of the Charity as and when the Trustees see fit.

(h) Critical accounting policies and key sources of estimate uncertainty

In the application of the company's accounting policies, the Trustees are required to make judgments, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, on in the period of the revision and future periods where the revision affects both current and future periods.

There are no estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities.

2	Investment income	2023 £	2022 £
	Dividend income	29,880	27,455
	Bank interest	407	0
		30,267	27,455
3	Investment management costs	2023 £	2022 £
	Investment management fees	11,593	13,418

4 Analysis of charitable expenditure

The charity undertakes its charitable activities through grant making and awarded grants to a number of institutions in furtherance of its charitable activities.

	Grants to institutions £	Support £	Total 2023 £	Total 2022 £
Funded from unrestricted funds:				
Medical research	150,000	-	150,000	0
International (adults and Children)	10,000	-	10,000	35,000
Health and social welfare of adults	-	-	-	-
Health and social welfare of children	12,000	-	12,000	22,000
Health and social welfare of Adults and children	47,000	-	47,000	51,000
Relief of Sickness and Injury	5,000	-	5,000	3,000
Environmental	17,000	-	17,000	283
