

Fund for Action Through Education (FATE)

Annual Report 2020

Trustees Annual Report

Charity Name	Fund for Action Through Education (FATE)
Registered Charity Number	1125401 (Registered in England and Wales)
Governance and Constitution	Model Trust Deed, dated 3 rd January 2008
Address	P.O. Box 4166, Bracknell, RG42 9JU
Trustees	Sarah Noor Sarah Nutbrown John Yeomans (New trustees are appointed in accordance with the Deed)

Objectives and Activities

The object of the charity is to advance the education and improve the welfare of underprivileged children and young adults in developing countries

The charity's main activity in support of this object is to match underprivileged children with the ability and desire to learn, with sponsors who will provide funds to cover the cost of their education. The charity also raises funds to cover additional costs in relation to the education and welfare of the children we support and their families.

Achievements and Performance

The trustees have complied with their duties, having due regard for the Charity Commission's guidance on public benefit, particularly in regard to education, delivering identifiable benefits to the public.

January 2020 began with FATE celebrating the graduation and independence of 2 of its sponsored students. Their wonderful sponsors remained as sponsors and are now sponsoring 2 new young students through their education.

In March FATE held a very successful fundraising event at Bodeites House in Charterhouse School where funds were raised for the children of Wema Centre and 2 new sponsors came forward.

The impact of Covid-19 through 2020 was considerable, affecting the education of all the children supported by FATE. However through smaller groups and remote learning, the children were able to keep up with their studies and crucial education.

Towards the end of 2020, 2 further students graduated from the FATE Sponsorship programme, becoming fully independent and making way for 2 more children to enjoy the gift of a great education.

In December 2020, FATE joined forces with a couple of amazing companies, **Kamac Group** and **Diversified US** who helped us to send over Christmas Cuddly Toys to every single child at the Wema Centre Home for Orphaned and Abandoned Children.

Additional donations from **Paradon Homes** and **ASystems DK** were gratefully received as well as the incredible ongoing support and donations from **John and Annabelle Yeomans** to help cover FATE's admin costs meaning 100% sponsorship funds continue to reach the children they are raised for.

FATE would like to thank all its fantastic sponsors, donors and corporate supporters for helping us to make such a difference.

Financial Review

Result and Funds

Income rose in 2020 to £28,328 from £17,910 in 2019, which reflects the increased number of children sponsored and the successful fundraising event held in March 2020. This is a healthy increase, and, after expenditure of £20,160, left a reserve of £8,168. (No funds are held as a custodian trustee on behalf of others).

Reserves Policy

It is the policy of the charity to commit to help the children we support throughout the lifetime of their education. For some children this will take them right through university and for others this may be up to secondary school followed by vocational training.

In order to meet this commitment, we have been fundraising and building our reserves to ensure we can continue to support all our beneficiaries for a period of at least 12 months, even if any of our sponsors or corporate donors were to cease their support and we were unable to secure replacements immediately.

Plans for future periods

Costs are expected to continue to increase over the coming years, as a result of the sponsored children progressing through their education and anticipated rises in costs for transport, food and other essential items.

The charity has plans through 2021 and 2022 to focus on increasing our donations from corporate and individual sponsorships to ensure we can cover these increasing costs. The strengthening value of the British Pound (£) against the continuously weakening Kenya Shilling (KSH) will go some way to manage these costs.
