THE REDEEMED CHRISTIAN CHURCH OF GOD, IMMANUEL SANCTUARY
Notes forming part of the financial statements for the year ended 31 March 2022

1. Accounting Policies

The principal accounting policies are summarised below. The accounting policies have been applied consistently throughout the year and in the preceding year.

(a) Basis of Accounting

The financial statements have been prepared under the historical cost convention, as modified by the inclusion of fixed assets investments at market value, and in accordance with the Companies Act 2006 and the Statement of Recommended Practice: Accounting and Reporting by Charities issued in March 2005.

(b) Fund Accounting

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity. Unrestricted funds may include a revaluation reserve representing the restatement of investment assets at market values where applicable. Designated funds are unrestricted funds earmarked by the Trustees for particular purposes. Restricted funds are subjected to restrictions on their expenditure imposed by the donor or through the terms of an appeal.

(c) Incoming Resources

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income: Voluntary income is received by way of grants, donations and gifts and is included in full in the Statement of Financial Activities when receiveable. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Donated services and facilities are included at the value to the charity where this can be quantified. The value of services provided by volunteers has not been included in these accounts.

(d) Resources expended

Expenditure is recognised on an accrual basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates: Costs of generating funds comprise the costs associated with attracting voluntary income. Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly.

(e) Fixed Assets

Fixed assets (excluding investments) are stated at cost less accumulated depreciation. The costs of minor additions or those costing below £100 are not capitalised.

Depreciation shall be charged at rates calculated to write off the cost of each asset over its expected useful life, which in this case is not applicable as the charity have no asset yet.

Notes forming part of the financial statements for the year ended 31 March 2005

1. Accounting Policies

The principal accounting policies are summarised below. The accounting policies are applied consistently throughout the year and in the preceding year.

(a) Basis of Accounting

The financial statements have been prepared under the historical cost convention. Investments in fixed assets and investments at market value, and in accordance with the Statement of Recommended Practice: Accounting and Reporting for Charities, issued in March 2005.

(b) Fund Accounting

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the objectives of the charity. Unrestricted funds may include a revaluation reserve and a reserve for the restatement of investment assets at market values where applicable. Designated funds are unrestricted funds earmarked by the Trustees for particular purposes. Restricted funds are subject to restrictions on their expenditure imposed by the donor or through the terms of the gift.

(c) Incoming Resources

All incoming resources are included in the statement of financial activities where the amount can be quantified with reasonable accuracy. The policies are applied to particular categories of income: Voluntary income is received from donations and gifts and is included in full in the Statement of Financial Activities. Grants, where entitlement is not conditional on the delivery of a specific performance, are recognised when the charity becomes unconditionally entitled to them.

Donated services and facilities are included at the value to the charity where the value can be quantified with reasonable accuracy. The value of services provided by volunteers has not been included in these accounts.

(d) Resources expended

Expenditure is recognised on an accrual basis as a liability is incurred. Expenditure which cannot be fully recovered, and is reported as part of the expenditure to which it relates. Costs of generating funds comprise the costs associated with attracting voluntary contributions. Charitable expenditure comprises those costs incurred by the charity in the delivery of its services for its beneficiaries. It includes both costs that can be allocated directly to the services and those that are shared between services.

(e) Fixed Assets

Fixed assets (excluding investments) are stated at cost less accumulated depreciation. Minor additions or those costing below £100 are not capitalised.

Depreciation shall be charged at rates calculated to write off the cost of each asset over its useful life, which in this case is not applicable as the charity have no asset yet.
