

## Trustees' Annual Report for the period

From	Period start date			To	Period end date		
	1st	April	2020		31st	March	2021

### Section A Reference and administration details

**Charity name** Support and Love via Education International

**Other names charity is known by** S.A.L.V.E. International

**Registered charity number (if any)** 1126793

**Charity's principal address** 69 Thornbridge Crescent

Chesterfield

Derbyshire

**Postcode** S40 2JH

#### Names of the charity trustees who manage the charity

	Trustee name	Office (if any)	Dates acted if not for whole year	Name of person (or body) entitled to appoint trustee (if any)
1	Helen Huthwaite (nee Bolton)			Whole Trustee Board
2	Hannah Bird (nee Graham)	Chairperson		Whole Trustee Board
3	Lis Silver	Vice Chairperson		Whole Trustee Board
4	Euan Graham			Whole Trustee Board
5	Claire Lister	Treasurer		Whole Trustee Board
6	Ruth Till			Whole Trustee Board
7	Paul Mosley			Whole Trustee Board

#### Names and addresses of advisers (Optional information)

Type of adviser	Name	Address
Legal	Kirkland & Ellis International LLP	30 St Mary Axe, London EC3A 8AF, United Kingdom

#### Name of chief executive or names of senior staff members (Optional information)

Nicola Sansom: CEO  
Alfred Ochaya: Ugandan Director

## Section B Structure, governance and management

### Description of the charity's trusts

**Type of governing document :**

Trust Deed

**How the charity is constituted:**

Charitable Trust

**Trustee selection methods:**

Unanimous vote by trustee board after consulting all of the team.

### Additional governance issues (Optional information)

**Induction and training of new trustees:**

New trustees will be inducted and trained by existing trustees and the CEO. Materials from the Charity Commission such as "The Essential Trustee" and Bates Wells Braithwaite's "Duties of a Charity Trustee" and the "Charity Good Governance Code" will be referenced as part of this induction to give them a wider base of knowledge about the roles and responsibilities of becoming a trustee.

**Organisational structure:**

S.A.L.V.E. International in the UK, is working to raise funds and increase learning, partnerships and advocacy to further our programme work in Uganda and to champion the rights of street-connected children all over the world. S.A.L.V.E. International in Uganda, is focussed on our direct programme work in Uganda. S.A.L.V.E. International is governed by both a UK and a Ugandan board, recruited for their specific skills and expertise, to ensure S.A.L.V.E. is delivering the best quality work possible. The UK and Ugandan boards work together to set the number of staff needed to run the programmes in both Uganda and the UK, based on project plans and budgets available. This is further supported by volunteers in Uganda and the UK, who enrich our team capacity and skill base.

**Wider network and partnerships:**

S.A.L.V.E. is dedicated to working with others to continuously improve our programmes so that we are offering the best service possible to the children and adults we exist to benefit. S.A.L.V.E. is a member of the Consortium for Street Children - a global network which raises street children's voices, promotes their rights and improves their lives. S.A.L.V.E. is also a member of the Small Charities Coalition and the Small International Development Charities Network – to share good practice and learn from other organisations.

**Major risks, safeguarding and risk management:**

The policies and systems to mitigate risk and ensure safeguarding of adult and child service users are laid out in our organisational policy documents and registers which are reviewed and updated at board meetings as needed, and on an annual basis as a minimum. Staff and volunteers are given training in these key policies in their induction and then on an annual basis as a minimum. We also actively look for additional training to help to further develop our knowledge in this key area and keep developing our safeguarding policy and practice. Extra-ordinary board meetings can be called in the rare occasion that it is needed to manage risk or any safeguarding cases.

## Section C Objectives and activities

**Support and Love Via Education International:**

S.A.L.V.E. International has been working since 2008, to meet the needs of children living and working on the streets of Jinja, Uganda. S.A.L.V.E. is providing opportunities so that no child should have to call the streets their home in Jinja, Uganda. Specifically as set out in our governing document by;

- i) The advancement of education for children living rough on the streets of Uganda (who in this document will be referred to as the "children").
- ii) The provision of housing, food and clothing for the children.
- iii) The advancement and improvement of Ugandan education facilities.

The trustees have had to regard the guidance set out by the Charity Commission on public benefit. The Charity is working for the public's benefit by reducing homelessness, increasing access to education and reducing poverty in Uganda.

### **S.A.L.V.E. does this specifically through:**

- **Street Outreach services** to build trusting relationships with the children; including street walks, sports sessions and Drop in Centre services (separate centres are available for boys and girls).
- Having two **Halfway Homes** (one for boys and one for girls) that provide counselling, shelter, food, clothing and education to children as they transition away from the streets.
- A **Drug Rehabilitation Centre** that provides addiction rehabilitation services, counselling, shelter, food, clothing and education to boys as they transition away from the streets.
- **Family Resettlement** and reintegration services, to help children successfully settle back to their extended family.
- **Family parenting skills** and **Business Empowerment training** to help family members of children, and older youth who were living on the streets to cope better with challenging situations in their lives, develop their skill base and financially sustain themselves.
- **Educational Support** for children who whose families could not otherwise have afforded to take them back to school or enrol them in vocational courses.
- **Educational Training** in permaculture sustainable farming techniques, how to run a social enterprise making environmentally friendly cooking briquettes and life skills.
- **Research** to expand our relevant knowledge and expertise so that we can further increase our impact, for example research into why some street-connected children return to the streets, and also research into which other organisations are operating in our area and how we could refer people to them if they are in need of support but don't fall within our remit and expertise.
- **Community Education** and **building partnerships** to ensure that we are working as effectively as possible to reduce the number of children coming to the streets and reducing the barriers to children leaving the streets.
- **Advocating** and raising awareness of the rights of children living on the streets and the realities of their lives.

### **Additional details of objectives and activities**

#### **Grant making:**

We are a programme delivery organisation and as such do not offer grants to other organisations.

#### **Volunteers:**

S.A.L.V.E. is able to make such an impact due to the dedication and hard work of our incredible volunteers in the UK and Uganda.

S.A.L.V.E.'s volunteers allow us to increase our knowledge and skills in a variety of areas such as communications, fundraising, design, law, HR, video making, finance, business skills and entrepreneurship, social work, teaching, environmental building, permaculture etc.

S.A.L.V.E. offers learning and development opportunities to all volunteers and many of them have gone on to work in the charity sector to further share their skills.

### Adaptation and hope

NICOLA SANSON (CEO)

This year has been a rollercoaster where we have had to adapt and change how we work again and again due to changing COVID-19 restrictions.

It has been so important to us to be able to still be there for the children and families we support in Uganda when they have needed us most. This has involved us having to open an Emergency Quarantine Centre in Jinja for children still on the streets and create a COVID bubble at our main site for the children who were staying there. We also gave out emergency aid in the form of food, soap and phone counselling to families.

I am so proud of what we have achieved together in these difficult times. As a long term development charity, adapting successfully to give out emergency supplies and setting up a new Emergency Quarantine Centre, at short notice, involved a huge amount of work. This wouldn't have been possible without the incredible kindness we received from supporters all over the world. We are all so incredibly grateful that you chose to stand by us at this time.

I also want to thank our amazing team of staff and volunteers who were determined to make sure that we were still able to provide our often life-saving services in the face of so much uncertainty and rapid change. You are an inspiration and have ensured that the children and families we exist to support have been able to stay hopeful and stay together, despite the challenges they faced.

The pandemic is still ongoing, but reflecting on all we have managed to achieve in the last year fills me with hope. S.A.L.V.E. will continue to be resilient and keep adapting and improving our services for street-connected children in Uganda no matter what. This is made possible by our incredible and supportive community. Thank you for all your solidarity and support.

'Without S.A.L.V.E. my family would have starved during lockdown.'

S.A.L.V.E. gives us hope that the future can be better.'

MAMA MOSES

UK Charity Number: 1126793

Ugandan NGO number: MIA/NB/2019/07/2297

## COVID-19 SUPPORT

The strict COVID-19 lockdown in Uganda forced us to change the way we worked since all transport was banned and schools were closed. We transitioned to provide emergency care to some of the most vulnerable people in their time of greatest need.

1,600

vulnerable people accessed counselling, soap and food (including over 401,000 meals).

54

children were cared for at the Emergency Quarantine Centre we set up to give children on the streets shelter during the strict lockdown

30

children were cared for at our Halfway Homes and Drug Rehab Centre during the main lockdown

[www.salveinternational.org](http://www.salveinternational.org)

UK Charity Number: 1126793

Ugandan NGO number: MIA/NB/2019/07/2297

## STREET OUTREACH

320

children living on the streets of Jinja accessed our Street Outreach programme through our Drop-In Centres, street walks and sports sessions

248 boys

72 girls \*

\*Please note girls make up approximately 25% of the children living and working on the streets of Jinja.

## HALFWAY HOMES

74

children stayed in our Halfway Homes, where they were given vital food, medical care, education and counselling to prepare them for life away from the streets

48 children

were referred to our Halfway Homes directly off the streets

26 children

were children we had previously resettled home but needed extra support

[www.salveinternational.org](http://www.salveinternational.org)

UK Charity Number: 1126793

Ugandan NGO number: MIA/NB/2019/07/2297

## DRUG REHABILITATION

24

children attended our Drug Rehabilitation programme. This programme offers specialist support for children who used drugs as a coping mechanism whilst living on the streets of Jinja

The children are given counselling, medical care and educational classes. They also learn practical skills such as permaculture farming and how to make briquettes (an environmentally friendly cooking fuel), which will be valuable to themselves and their families once they are resettled.

## HOME RESETTLEMENT

63

children were resettled safely home to their families as part of our Family Resettlement programme

We believe all children deserve to grow up in a loving and caring home environment. We aim to resettle children back to their families or a foster family if necessary. The needs of a child are assessed individually and both individual and family counselling are offered.

95%

of these children have remained settled back home for six months or longer

[www.salveinternational.org](http://www.salveinternational.org)

UK Charity Number: 1126793

Ugandan NGO number: MIA/NB/2019/07/2297

## EDUCATION

119

children have been supported through our Educational Sponsorship programme

Our Educational Support programme helps children to access an education, who may otherwise not be able to. Street-connected children don't get to go to school. Our programme supports these children to attend education institutions and/or vocational programmes so they can build a brighter future for themselves and their family.

7 children

have graduated this year, we're so excited to see what they do next!

## BUSINESS EMPOWERMENT

30

new businesses were created as part of our Business Empowerment programme

These businesses included specialised support in these three areas:

- 10 Permaculture farming businesses
- 10 Single mother's businesses
- 10 Urban focussed businesses

[www.salveinternational.org](http://www.salveinternational.org)

UK Charity Number: 1126793

Ugandan NGO number: MIA/NB/2019/07/2297

## ADVOCACY

### Inequality Question at the Youth Climate Summit

Our monthly debate led by the children on the streets was highlighted at the Youth Climate Summit in November 2020. In the last year, our debate forum has been viewed by 11,633 people and generated 751 responses.

### S.A.L.V.E. in the media

We reached over 5.5 million people this year through our radio, TV and newspaper articles covering topics such as street-connected children and their needs through COVID-19, child labour and gender-based violence. Wherever possible we give opportunities to the children themselves to participate and advocate for their rights.

## PARTNERSHIPS

We believe in the power of partnerships and we are lucky to have some amazing partners who support our programmes in Uganda. Here are two of our amazing partners from this year.

### Tales to Inspire

Tales to Inspire continue to kindly share the story of S.A.L.V.E. through live events, blogs, books and podcasts. They have inspired many people to get involved with our work and have generously donated part of the proceeds from their new book to provide children being resettled home with a fruit tree to plant to signify new beginnings.

### Nalu Afrika

Nalu Afrika generously donate a percentage of their profits to support S.A.L.V.E.'s single mothers business training and start-up programme. Their kind donations have given single mothers the opportunity to build their family's future.

[www.salveinternational.org](http://www.salveinternational.org)

UK Charity Number: 1126793

Ugandan NGO number: MIA/NB/2019/07/2297

## PERMACULTURE

We believe that learning sustainable farming skills and ways of working with the natural resources we have is important for everyone.

82

permaculture training sessions were delivered

205

children and family members benefited from this training

We have also increased our own food production at our S.A.L.V.E. learning farm to help reduce costs and increase our sustainability.

## FUTURE PLANS

### Reaching more children

The COVID-19 pandemic has pushed even more children to the streets. We want to expand our high-quality support programmes to give more children the chance to benefit and turn their lives around.

### Expanding specialised support for girls

We want to expand our services to ensure that girls make up a minimum of 25% of the children we support, in keeping with the current ratio of boys to girls on the streets in Jinja.

### Strengthening families

COVID-19 has tipped many more families over the edge into poverty. We want to give families the training and support they need to develop their income and reduce the risk of their children returning to the streets.

### Improving our funding sustainability

We have developed some amazing partnerships since S.A.L.V.E. began. We will continue to strengthen these links by delivering high impact projects and communicating our results clearly. We will also explore new partnerships and social enterprise opportunities.

## Section E

## Financial review

### Charities reserve policy:

The reserves policy of S.A.L.V.E. International is set by the Trustees as part of the budget setting process for each financial year. We have taken into account Government and Charities Commission guidance on setting a reserves policy, in particular Annex 1 of the Government's guidance.

Whilst many recommendations suggest reserves of between 3 and 9 months operating costs, we have to balance this against the fact that we are a small charity, and are mindful of the very real need every day of our service users, and the still large number of young people living on the streets that we are unable to reach.

The 2020-21 financial year has proved to be successful in terms of raising funds, however, one thing we have learned from the "new post pandemic world", is the increased uncertainty around income flows, as well as potentially life threatening impacts of lockdowns on our service users, who we would seek to potentially provide emergency support to where we are able.

Whilst we have always reviewed our reserves policy annually previously, the "new post pandemic world" has meant that the Trustees have considered our policy more regularly, and continue to do so. Two things are worth noting :

- Our previous three months plus redundancies policy held us in good stead when the pandemic hit, particularly when a funder withdrew a large grant with little notice.
- The increased uncertainties of the future would possibly lead us to consider an increase in the reserves policy in the future. This is being closely monitored.

Our reserves policy is currently set to keep unrestricted reserves of at least three months' running (operational) costs. This would enable core activities to continue for three months should the charity need to wind up operations completely, or should an unforeseen, significant or temporary shortfall in income and/or cash flow occur. We believe that three months would be enough time for us to do an emergency fundraising campaign to be able to raise the funds needed to continue operating (and indeed, the response to our emergency appeal for the sudden loss of a large grant during the pandemic was outstanding). Additionally any redundancy costs that the charity would incur if winding down operations is also included in the financial reserve on top of the three months of running costs. This is to ensure that the charity could meet all of its legal obligations in case of closure.

In the 2020- 2021 financial year, our target was to have reserves of three months' running costs, calculated at £50,000 (based on a budgeted expenditure of £197,000), plus £7,809, which we estimate would cover redundancy costs should the charity have to close. So our aim was to have unrestricted reserves of £57,809 in total for the financial year April 2020 – March 2021.

Our unrestricted reserves at the end of March 2021 were in fact £76,340, which is higher than the minimum required by our reserves policy. This is due to the fact that some of our budgeted expenditure for the 2020-21 financial year could not take place due to COVID-19 restrictions. However, we anticipate that this will rectify itself in the new financial year as some of the COVID-19 restrictions in Uganda are lifted and the activities that had been postponed with in the last financial year will be able to take place. Our operational expenditure will increase as we plan for increased activities, thus the reserves target has been increased for the April 2021 – March 2022 financial year. In this financial year, the reserves target has been set at £65,680, which would cover three months running costs, and £7,751 of redundancy costs that would legally be owed in case of closure.

#### **Details of any funds materially in deficit:**

N/A

### **Further financial review details (Optional information)**

#### **Fundraising:**

S.A.L.V.E. has a mixed approach to fundraising to reduce risk so that we are not overly reliant on one source of income. This includes; grants from Trusts, Foundations and Corporates, specific project or salary funding, regular and one off giving (including child educational sponsorship), community fundraising events (sponsored challenges, community events and dances), running a small charity Lottery and claiming gift aid. We have adapted some of these events or explored new virtual options to help us to continue raising much needed funds while complying with COVID regulations.

We are also growing and developing both a goat and a briquette (environmentally friendly cooking fuel) social enterprise income generating programme within Uganda and selling second-hand items and Ugandan crafts within the UK.

S.A.L.V.E. complies with the fundraising code of practice; we do our own fundraising through our staff and volunteers and don't hire professional third party fundraisers to fundraise on our behalf. Most of our fundraisers are volunteers being supported by our staff team. We offer training to anyone fundraising for us on how to safeguard vulnerable people both in terms of the way the service users and the work of the charity is portrayed, and how requests for donations are made. The charity received no complaints about its fundraising practice in the last year.

#### **Expenditure in relation to charity's core aims:**

S.A.L.V.E. is continuing to invest in assets in Uganda, developing our five acre site by building upon it. This will help to improve the organisation's self-sustainability by reducing monthly outgoings such as rent and

food and increase the number of services that we can offer. This financial year we invested in improving our Permaculture farm so that we could grow more of our own food to allow us to be able to support more children by reducing our food bill. It also teaches the children useful farming skills they can put into practice when they are resettled home to their families.

### Investment:

S.A.L.V.E. trustees review higher interest, risk free, ethical investment opportunities for the charities reserves at board meetings and make decisions accordingly. The Co-operative Bank has been chosen to be our main UK Bank Account as we felt their ethical investment policy was in keeping with our values and vision and it also offers the practical advantages of a high street bank. We also have a Barclays bank account that we continue to operate as a backup option, but we hold very little money within it.

### Currency exchange:

S.A.L.V.E. is proactive in following the currency exchange between Ugandan shillings and British pounds. We aim to have a minimum of 3 financial brokerages services that fit our ethical investment policies who we invite to bid for our currency exchange transactions. The CEO works with our Finance Committee to make sure that we get the best deal possible in the market for our currency. In this financial year we invested in forward contracts to help us to budget and plan more effectively with a fixed exchange rate guaranteed for part of our expenditure. This helps us to be less easily affected by the exchange value of the pound fluctuating.

Independent Examiner's Report

Report to the trustees/  
members of

Charity Name

Support and Love Via Education

On accounts for the year  
ended

31 March 2021

Charity no  
(if any)

1126793

Set out on pages

1-2

(remember to include the page numbers of additional sheets)

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/03/2021.

Responsibilities and  
basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent  
examiner's statement

~~[The charity's gross income exceeded £250,000 and I am qualified to undertake the examination by being a qualified member of [insert name of applicable listed body]]. Delete [ ] if not applicable.~~

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination (other than that disclosed below \*) which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
