AMBASSADORS OUTREACHES ANNUAL TRUSTEE MEETING REPORTS 2025

DATE: 29TH DECEMBER 2025

TRUSTEE MEMBERS IN ATTENDANCE: Mr Y. Olanrewaju; Mrs B. Solotan; Ms A. Oni (Formerly known as Mrs Bojuwoye) and Mr O. Solotan.

REVIEW OF THE YEAR 2025

1. CHURCH MEMBERS WELFARE: 2025 was a year of great mercies of God upon the entire family of God at the Ambassadors Outreaches. God did multiple wonders in the lives of the members and beneficiaries of this charity organisation ranging from new home dedication, admission to universities, success in examinations and career openings, progress and so on.
2. FAMILY & MARRIAGES: We thank God for upholding every family and marriages in the ministry. Three new members join the Church in 2025, and we are trusting God in Year 2026 that there shall be greater addition to the Church in Jesus mighty name. A new member launched her perfume products for women and with her son is working towards the men's version of the perfume. Glory to God.
3. YOUTHS PROGRESS: We thank God for the good success of all our youths in the year 2025. One of our youths and another young adult who recently came from overseas are currently studying for a master's degree in London and those in colleges and Universities are making good progress.
4. MINISTRIES AND OUTREACH PROGRAMMES: As in previous years, we endeavour by the grace of God to offer all the outreach programmes of the ministry in the year successfully to the glory of God. The 21st year anniversary of the ministry in July 2025 was a great success and God exceeded our expectations.

For the fourth Year running, the Eyes, Ears, Hands & Feet of Jesus global outreach programme (social gospel outreach) started in 2022 December, continued this year by ministering to the physical needs of about 40 people - widows, widowers and needy (compared to thirty in 2024) in the Owowo community of the Ifo-Ota Local Government area of Ogun state, Nigeria. Food stuffs including, Rice, Semolina, Oil and a cash gift of five thousand Naira was given to each widow.

A young female student by the name Ibukunola Kuye with no father identified in 2022 as qualified for academic support and sponsorship that gained admission to one of the Polytechnics in Ogun state, Nigeria, where she pursued a national diploma course in Laboratory technology has successfully completed her Ordinary National Diploma with a GPA of 2.92 Upper credit to the glory of God. She is now in the process of doing a mandatory one-year industrial attachment. She was supported with the payment of her tuition fees and course materials including accommodation for the two years course. The funding of her scholarship and the Widows outreach was not from the Church fund. This year, generous individuals and families from the Church gave voluntarily and generously towards the programme. The receiving people in the community were very grateful to God and the ministry for the showing of the love of God to them for the fourth year running especially at such a time of growing despair and economic challenge.

5. MAIN EXPENDITURES:

Considering the increase to the annual cost of leasing the facility that the ministry uses coupled with significant increase to the utility cost, We are currently looking actively for a building to purchase in line with the mandate received from the trustee to do so. We are working with local commercial agencies to secure appropriate building to buy. Two adults from the Church viewed a building in Tilbury in the Year 2025 but we did not put an offer on it because of the long distance to where most of our members are currently located.

I can also report that by the grace of God, the ministry continues to meet its financial obligations, thanks to the faithfulness of the members of the ministry that regularly supports the work through their generous contributions.

6. 2026 PROGRAMMES: We continue to hope and pray that we would become strong to plant other Churches in the nation and overseas as God makes ways for us. All our current programmes will be continued in the coming year. We are still hopeful that the plan to set up a Food bank in the Church will materialise in the Year 2026, our major challenge being people who will volunteer to run it.

ONGOING EFFORTS FOR IMPLEMENTING SUGGESTIONS:

The following issues and suggestions raised by the trustee members in dialogue:

- a. The need to reach out to Dr Sam Goddy – We have not been able to reach him probably because he spent more times outside the UK following remarriage.
- b. Various connections suggested at the Redbridge, Barking & Dagenham, Newham boroughs for getting information on council properties that might be available for sale as part of our drive to buy a property for our charity organisation – we plead with trustees to continue to help us investigate this area.
- c. Various funding initiatives were suggested by Mr Olanrewaju Adeboye and Mrs Solotan for the charity including charity box in the church, building fund collection and the sale of building blocks to people – Efforts would be made to set this up by January 2026.
- d. Suggestion to increase the frequency of trustee meetings to quarterly is set for implementation in the new year. The schedule for quarterly trustee meetings in 2026 will be as follows:
Sunday 29th March 2026.
Sunday 28th June 2026
Sunday 27th September 2026
Sunday 27th December 2026 (This will be our annual Trustee Meeting Report for 2026)

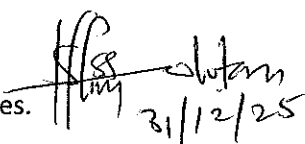

APPRECIATION: Finally, we are using this medium to express our appreciation to all our volunteers, workers, ministers and all who continues to help move this mission on.

Once again, we pray that the Year 2026 will be a year of great grace, great mercies and great help for notable progress. We pray that it will be a year of enduring and unspeakable joy full of glory in Jesus mighty name. Amen.

Yours in His service,

Pastor Simeon Solotan

Ambassadors Outreaches.

AMBASSADORS OUTREACHES ANNUAL TRUSTEE MEETING REPORTS 2024

DATE: 19TH January 2025

TRUSTEE MEMBERS IN ATTENDANCE: Mr Y. Olanrewaju; Mrs B. Solotan; Ms A. Oni (Formerly known as Mrs Bojuwoye) and Mr O. Solotan.

REVIEW OF THE YEAR 2024

1. CHURCH MEMBERS WELFARE: 2024 was a year of great mercies of God upon the entire family of God at the Ambassadors Outreaches. God did multiple wonders in the lives of the members and beneficiaries of this charity organisation ranging from homes and Church dedications, admission to universities, graduations from universities, success in examinations and career openings and so on.
2. FAMILY & MARRIAGES: We thank God for upholding every family and marriages in the ministry. Two new members join the Church in 2024, and we are trusting God in Year 2025 that there shall be greater addition to the Church in Jesus mighty name.
3. YOUTHS PROGRESS: We thank God for the good success of all our youths in the year 2024. Three of our youths graduated from the university in 2024 and additional two completed post graduate qualifications to the glory of God.
Spiritually, the youths and their leaders continue to make spiritual progress as they continue to get involved in every area of ministry endeavours.
4. MINISTRIES AND OUTREACH PROGRAMMES: As in previous years, we endeavour by the grace of God to offer all the outreach programmes of the ministry in the year successfully to the glory of God. The 20th year anniversary of the ministry in July 2024 was a great success and God exceeded our expectations.
Ministers were consecrated unto the Lord on the last day of the anniversary and new leaders appointed into different department of the ministry operations.
For the third Year running, the Eyes, Ears, Hands & Feet of Jesus global outreach programme (social gospel outreach) started in 2022 December, continued last year by ministering to the physical needs of thirty widows, widowers and needy (compared to twenty in 2023) in the Owowo community of the Ifo-Ota Local Government area of Ogun state, Nigeria. Food stuffs including, Rice, Semolina, Oil and a cash gift of five thousand Naira was given to each widow. A young female student by the name Ibukunola Kuye with no father identified in 2022 as qualified for academic support and sponsorship gained admission to one of the Polytechnics in Ogun state, Nigeria, where she is pursuing a national diploma course in Laboratory technology. She is now in the second year of her diploma programme. She is being supported with the payment of her tuition fee and course materials, The funding of her scholarship and the Widows outreach was not from the Church fund. The receiving people in the community were very grateful to God and the ministry for the showing of the love of God to them for the third year running especially at such a time of growing despair and economic challenge.
5. MAIN EXPENDITURES:
Considering the increase to the annual cost of leasing the facility that the ministry uses coupled with significant increase to the utility cost, I am proposing that we start looking for a building that we can buy for the ministry provided our bankers can arrange a mortgage for

funding the purchase. Our current lease has a break clause after two years, and it is this break clause, that I am suggesting that we work towards for the switch. We would need the concerted effort of the trustee and members in sourcing the building and in funding the purchase should we need additional fund. I see a lot of benefit to us in buying our own facility at this point which will include, more rooms to take care of the ministry to different age groups in the Church; a better control of utility bills which I believe our current landlords are not being fair in their charges and most certainly, an opportunity to have a place that can be opened up for more community access and usage, not forgetting that such a purchase would be an appreciating capital asset for the ministry. I can also report that by the grace of God, the ministry continues to meet its financial obligations, thanks to the faithfulness of the members of the ministry that regularly supports the work through their generous contributions.

6. 2025 PROGRAMMES: We continue to hope and pray that we would become strong to plant other Churches in the nation and overseas as God makes ways for us. All our current our drive programmes will be continued in the coming year. We hope that the plan to set up a Food bank in the Church will materialise in the Year 2025, our year of open doors.

AOB

The following issues and suggestions were raised by the trustee members in dialogue:

- a. The need to reach out to Dr Sam Goddy, one of the trustee members who has not been active and find out if he is still available to serve the charity and if his circumstances does not allow him, then we should look towards replacing him.
- b. Various connections suggested at the Redbridge, Barking & Dagenham, Newham boroughs for getting information on council properties that might be available for sale as part of our drive to buy a property for our charity organisation.
- c. Various funding initiatives were suggested by Mr Olanrewaju Adeboye and Mrs Solotan for the charity including charity box in the church, building fund collection and the sale of building blocks to people.
- d. Increasing the frequency of trustee meetings to quarterly suggested by Mrs Solotan and approved by all members. Next trustee meeting is therefore scheduled for the 1st Monday in April – 7th April from 8.20 – 9.20pm.

APPRECIATION: Finally, we are using this medium to express our appreciation to all our volunteers, workers, ministers and all who continues to help move this mission on.

Once again, we pray that the Year 2025 will be a year of great grace, great mercies and great help. We pray that it will be a year of notable open doors in Jesus mighty name. Amen.

Yours in His service,

Pastor Simeon Solotan

Ambassadors Outreaches.

REVIEW OF THE YEAR 2023

1. CHURCH MEMBERS WELFARE: 2023 has been a year of great mercies of God upon the entire family of God at the Ambassadors Outreach. There were a number of health challenges amongst family members in the Church but out of them all, the Lord delivers them. A number of charity activities went to members of the Church in the Year under review particularly to new members who arrived from overseas in the year.
2. FAMILY & MARRIAGES: We thank God for upholding every family and marriages in the ministry. Two new families joined the Church in the year and God blessed another family in the Church with a healthy baby girl, to God alone be all the glory for the safe delivery and post-delivery good health for mother and child. The year 2023 has been a year of increase for the Church numerically and spiritually.
3. YOUTHS PROGRESS: We thank God for the good success of all our youths in the year 2023. Out of the five youths from the Church currently pursuing undergraduate courses in the University, one has successfully completed her degree in Pharmacology, and another is set to finish in the new year with a job offer already; what a good God we have. Two of our youths successfully completed their master's degree in the course of the year.
4. MINISTRIES AND OUTREACH PROGRAMMES: As in previous years, we endeavour by the grace of God to offer all the outreach programmes of the ministry in the year successfully to the glory of God with the exception of the Christmas family banquet which was replaced by in-house and community outreach on the 10th, 17th and 24th December championed by the youths.

For the second Year running, the Eyes, Ears, Hands & Feet of Jesus global outreach programme (social gospel outreach) started last year, continued this year by ministering to the physical needs of twenty widows and widowers (compared to ten widows in 2022) in the Owowo community of the Ifo-Ota Local Government area of Ogun state, Nigeria. Food stuffs including, Rice, Semolina, Oil and a cash gift of five thousand Naira was given to each widow. A young female student by the name Ibukunola Kuye with no father identified last year as qualified for academic support and sponsorship gained admission to one of the Polytechnics in Ogun state, Nigeria, where she is pursuing a national diploma course in Laboratory technology. She is being supported with the payment of her tuition fee and course materials, The funding of this outreach was not from the Church fund, but generous people joined us to separately fund this outreach. The receiving people in the community were very grateful to God and the ministry for the showing of the love of God to them for the second year running especially at such a time of growing despair and economic challenge.

Also, our outreach to the local Food Bank is being carried on.

5. MAIN EXPENDITURES:

In light of the increase to the annual cost of leasing the facility that the ministry uses coupled with significant increase to the utility cost, I am proposing that we start looking for a building that we can buy for the ministry provided our bankers can arrange a mortgage for funding the purchase. Our current lease has a break clause after two years, and it is this break clause, that I am suggesting that we work towards for the switch. We would need the concerted effort of the trustee and members in sourcing the building and in funding the purchase should we need additional fund. I see a lot of benefit to us in buying our own facility at this point which will include, more rooms to take care of the ministry to different age groups in the Church; a better control of utility bills which I believe our current landlords are not being fair in their charges and most certainly, an opportunity to have a place that can be opened up for more community access and usage, not forgetting that such a purchase would be an appreciating capital asset for the ministry. I can also report that by the grace of God, the ministry continues to meet its financial obligations, thanks to the faithfulness of the members of the ministry that regularly supports the work through their generous contributions. We have some outstanding bills covering utility bills and add-ons from the Landlord for this last quarter of the Year 2023; arrangements are being made to pay off these bills.

6. 2024 PROGRAMMES: The ministry will be celebrating twenty years of existence and outreaches in July 2024. We hope to make it a memorable event to all beneficiaries of this ministry and it is hope that on or before the dates, an ordination of Pastors and Deacons will be a highlight. We continue to hope and pray that we would become strong to plant other Churches in the nation and overseas as God makes ways for us. All our current programmes will be continued in the coming year.
7. APPRECIATION: Finally, we are using this medium to express our appreciation to all our volunteers, workers, ministers and all who continues to help move this mission on.

Once again, we pray that the Year 2024 will be a year of great grace, great mercies and great help. We pray that it will be a year of God's multiple wonders and wonderful work in Jesus mighty name. Amen.

Yours in His service,

Pastor Simeon Solotan

Ambassadors Outreaches.
