Moroccan Children's Trust

Report of the Trustees
for the year ended 31 August 2024

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 August 2024. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

Independent Examiner's Report to the Trustees of Moroccan Children's Trust

Independent examiner's report to the trustees of Moroccan Children's Trust ('the Company')
I report to the charity trustees on my examination of the accounts of the Company for the year ended 31 August 2024.

Responsibilities and basis of report
As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under Section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under Section 145(5) (b) of the 2011 Act.

Independent examiner's statement
I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by Section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of Section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The charitable company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 August 2024.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 August 2024 in accordance with Section 476 of the Companies Act 2006.

The trustees acknowledge their responsibilities for
(a) ensuring that the charitable company keeps accounting records that comply with Sections 386 and 387 of the Companies Act 2006 and
(b) preparing financial statements which give a true and fair view of the state of affairs of the charitable company as at the end of each financial year and of its surplus or deficit for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the charitable company.

These financial statements have been prepared in accordance with the provisions applicable to charitable companies subject to the small companies regime.

The financial statements were approved by the Board of Trustees and authorised for issue on ..... 15/5/25 ..... and were signed on its behalf by:

.....
O Roy - Trustee

The notes form part of these financial statements

1. ACCOUNTING POLICIES

Basis of preparing the financial statements
The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income
All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure
Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Taxation
The charity is exempt from corporation tax on its charitable activities.

Fund accounting
Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

The Volunteer Programme supports people who wish to volunteer for the charity in Morocco. Those individuals make a financial contribution to their living costs and the charity provides board and lodging, and practical support for their volunteering whilst they are in Taroudannt.

Centre Amane is the charities social work centre for children and families in difficult circumstances. This ensures caregivers have the capacity to care for their children independently. They believe in deinstitutionalisation, the idea that children thrive best in safe and loving home-not residential centres. Through gatekeeping practices, they keep families together by providing the support required for them to stay together.

OUR INTERNATIONAL PARTNERS & SUPPORTERS

Thank you to our major funders, supporters, international businesses, and donors who have contributed to our organisation. Because of your generosity we can support the most vulnerable in Morocco.

OUR LOCAL PARTNER

Since 2014, the Moroccan children's trust (MCT) has worked closely with its Moroccan partner, Fondation Amane Pour La Protection de L'Enfance (FAPE). Our unique partnership with FAPE provides Moroccan expertise and knowledge in all of our projects. Together, we share a vision in developing systems to protect children from violence and neglect.

FAPE primarily works from Centre Amane, a social centre in Taroudant. Together, we have gained international and national recognition for our work in child protection. MCT staff along with FAPE social workers implement our projects and commit to the following:

Coordination between public and political bodies in the region with the objective of creating and implementing an effective child protection system.

Advocacy and **awareness raising** regionally, nationally and internationally about issues that lead to marginalisation and social exclusion.

Reinforcement and **mobilisation** of local and international volunteers in support of humanitarian development.

We collaborate with local actors and government leaders in child protection. A **participatory approach** shapes the ways we work with local stakeholders when:

- designing and implementing project ideas; and understanding the needs of children and families,
- gaining the support and expertise of local professionals such as judges, lawyers, teachers, and health professionals,
- seeking long-term impact through policy change.

OUR VISION & MISSION

Our vision is to create a **safe and fulfilling environment** in which vulnerable children are able to **thrive and grow**; a Morocco in which children and families living in poverty or disadvantage can count on effective and appropriate support to help them realise their potential. To achieve this, we will continue to work in three key areas at the local level: social work with vulnerable children and their families; **development of child protection systems** throughout the region; and supporting the **improvement of the national birth registration system**.

Our mission is to support and improve conditions for vulnerable children and their families in Morocco. We draw upon both Moroccan and international expertise in social work, paediatrics, education, safeguarding and children's rights. Moreover, our work continues to play an important role in shaping Morocco's newly established child protection system.

A small British charity that works to uphold and protect the rights of all Moroccan children

OUR OBJECTIVES

(1) To advance the education of the public in subjects relating to sustainable development and the protection, enhancement and rehabilitation of the environment. To promote study and research in such subjects provided that the useful results of such study are disseminated to the public at large. Sustainable development means "development" that meets the needs of the present without compromising the ability of future generations to meet their own needs".

(2) To act as a resource for young people up to the age of 25 living in Morocco by providing advice and assistance and by organising programmes as a means of:
(a) advancing in life and helping young people by developing their skills, capacities and capabilities to enable them to participate in society as independent, mature and responsible individuals;
(b) advancing education;
(c) reducing unemployment;
(d) providing recreational and leisure activity in the interest of social welfare for people who have need by reason of their youth, age, infirmity or disability, poverty or social and economic circumstances, with a view to improving the conditions of life of such persons.

(3) To carry out any purpose for the benefit of the public in Morocco which is charitable according to the law of England and Wales, as the trustees in their discretion decide.

FINANCIAL OVERVIEW

CENTRE AMANE
Social Work

Centre Amane supports children and families to stay together. We strongly believe in and advocate for **deinstitutionalisation**, the idea that children thrive best in a safe and loving family. Therefore, at Centre Amane we provide a range of services shaped by our five pillars.

Our Approach

The Five Pillars

Our social work approach ensures we provide **holistic** social services. We build on the principles of **relational** social work and ensure there are clear **transitions** from our entry points to our exit points. This is framed by being **child-centred** and family-focused and always ensuring to be **professional** in our practice by respecting best practices in child protection regarding confidentiality, transparency, and accountability.

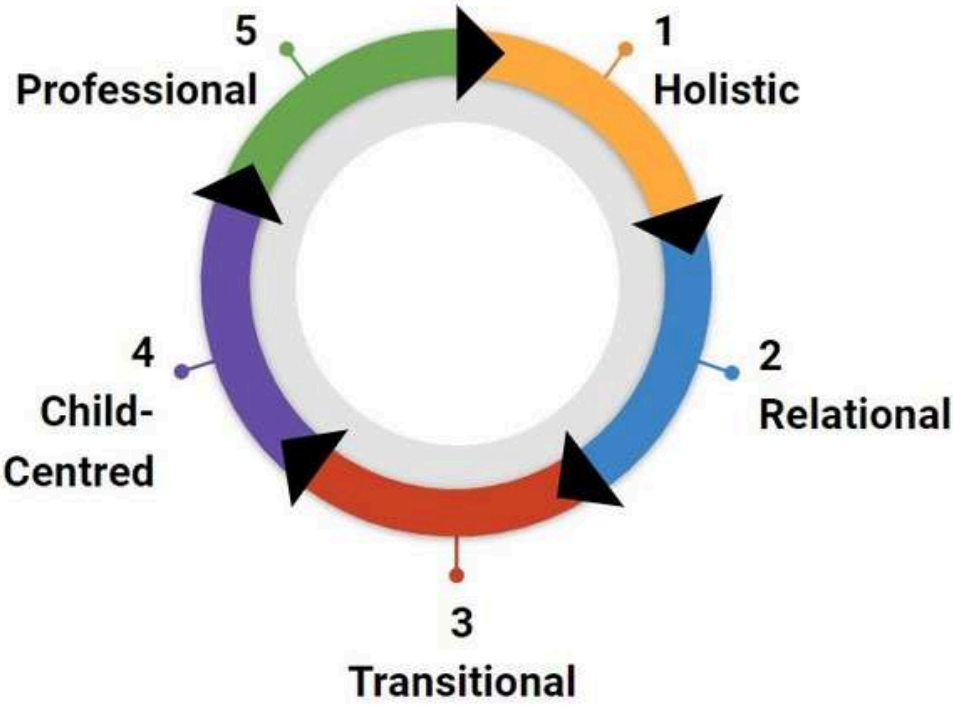
Meets international standards for wellbeing and equality

Following the standards set by the **UN Convention of the Rights of the Child**, MCT adheres to a strict child protection and safeguarding policy. Our social work aligns with the **UN Sustainable Development Goals (SDGs)**, most notably in promoting health and wellbeing, quality education, and gender equality.

Sustainability and Collaboration

We innovate and **advocate** for lasting change towards a child protection system that will impact on future generations. The voices of children, families, and all staff members are integral to our work and the heart of our programmes which are **participatory** and strive for evidence-based action.

The Five Pillars



Child Protection Unit

In 2023, Centre Amane was appointed Child Protection Unit (UPE) for the province of Taroudant by the Ministry of Solidarity, Women, Family and Social Development (MSFFDS).

This opportunity is an important step towards achieving our objectives of developing a child protection system through our safeguarding and social work practice.

Recognition as a UPE will enable us to better respond to the needs of the community, ensure better collaboration with local stakeholders, and institutionalise Centre Amane's services.

Civil Registration & Legal Aid

The lack of an official identity card affects almost every aspect of the lives of unregistered Moroccan children. They are assigned to a lifetime of **secondary citizenship** and are unable to access social services to which they should be entitled by birth. At Centre Amane, the process of ID Registration has become part of **our core social work practice** which supports the reintegration of families into society.

There is still a need to support the generalisation and legislative reform of birth registration for children. This means that, in the meantime, families still require individualised support in the civil registration process.

42

INDIVIDUALS

SUCCESSFULLY OBTAINING CIVIL REGISTRATION

126

CIVIL REGISTRATION CASES

WORKED WITH IN 2023

Support to Access Health Services

The first step in our health services offered at the Centre Amane is to ensure that children and their families are covered by national health insurance through the CNSS and AMO systems. Once children and families are insured, they can receive subsidised healthcare.

Our social workers also monitor the health of families and children to facilitate access to health services, such as emergency services, private consultations, understanding prescriptions, and purchasing medications.

31

VISITS TO HEALTH SERVICES

Participatory Women's Group

Participatory women's groups promote positive parenting practices and reduce rates of child abuse, neglect and abandonment. In 2023 we ran **9 workshops** providing a safe space for women who are stigmatised and marginalised within their communities.

The themes and activities are chosen with the participation of the women and the three types of activities are 1) presentations by a facilitator; 2) focus group on a topic chosen in advance; and 3) a handcraft activity. The impact of the women's group targets community development to create and encourage a culture of community-based child protection practice.

33
PARTICIPANTS

9
WORKSHOPS

School Support & Activities

Social Integration

Our social workers liaise with teachers to support children in their schooling. In addition, the social worker responsible for monitoring the children's progress at school draws up a weekly programme of support sessions, incorporating activities that encourage positive feelings towards education and learning.

We also involve the children in extra-curricular activities (music, theatre, sport, etc.) with local associations to develop new talents and hobbies, as well as to reduce risks of street-connection.

88
MEETINGS
WITH TEACHERS AND COACHES

Street Work

Advocacy and outreach are **essential** to conducting the services of Centre Amane. They raise awareness of our services to other child protection professionals and general community members, including street-connected children and their families. This is vital for our referral system and allows effective collaboration to support plans that take advantage of the formal and informal sectors of the **child protection system in Taroudant.**

Meetings with Local Professionals

We conducted 188 meetings with local actors in 2023. While **teachers and school directors** make up the largest number of meetings, we also met with **the authorities, tribunals, other local associations, and the general community.**

Street Work

In 2023, we conducted **57 patrols**. Street patrols are conducted throughout the week, allowing our social workers to strengthen our informal relationships with the local community and to identify children who are street-connected. Through our street patrols social workers receive new referrals that need processing at the Centre.

Referrals

In 2023, we received **190 referrals**. Most referrals come from **community members** or **walk-ins**. This shows us that our outreach efforts are making an important impact on the community. Significantly, many of these referrals were a direct result of the community link created through the Participatory Women's Group activities.

REFERRALS RECEIVED

Foster Care

FAPE's foster care programme provides a family-based alternative care for children who would otherwise be placed in institutional care. Within a family environment, we are able to ensure that our foster children can access health care, psychological support and education. The foster care programme is made possible thanks to our sponsorship programme and our monthly sponsors, who are committed to giving the gift of a loving home that every child deserves.

12
SPONSORS
PROVIDING CHILDREN WITH A LOVING HOME

10
CHILDREN
IN FOSTER FAMILIES

The Foster Care Process

Social workers collaborate with local residential centres and the courts to conduct a series of activities and sessions to assess children for potential foster care placement.

Prospective families are identified through our awareness raising workshops and are invited to undergo an evaluation process to become foster families.

Staff work with the child throughout the pre-placement process to ensure a child's successful transition from institutional to family care.

After extensive training, interviews, and screening from our social workers, families are matched with a child.

Social workers provide regular support to families post- placement to ensure needs are met. If possible and within the best interests of the child, contact is retained with their biological family.

Sponsorship Programme

Our sponsorship programme is critical to ensuring that the needs of our foster care children are met. We invite our supporters around to world to consider joining our programme and receiving updates on their sponsored child. More information can be found in our **Foster Care Handbook**.

Earthquake Relief

Following the powerful magnitude 7 earthquake that hit Morocco on the 8th September 2023, MCT and FAPE have steered their efforts to provide emergency aid and long-term psycho-social support to the affected communities in the greater province of Taroudant. Given the impact of such a natural disaster, the psychological care and protection of children against violence, abuse, exploitation and neglect is an urgent priority.

3554
PEOPLE RECEIVING URGENT AID

72
VILLAGES RECEIVING EMERGENCY RESPONSE

22
MUNICIPALITIES SUPPORTED

Earthquake Relief Efforts

With a high rate of families and children affected by the earthquake in the province of Taroudant, and the severity of the destruction and loss, earthquake-affected populations suffer from lack of shelter and appropriate living conditions, lack of access to health and education, and the emotional shock that occurs post-crisis. Humanitarian crises often have devastating long-term effects on children's lives. Child protection risks faced by children include family separation, psychosocial distress, physical or sexual abuse, economic exploitation, injury and even death.

Following our emergency intervention in the first month after the earthquake to distribute essential aid to the affected communities, we designed a medium and long-term psychosocial support programme in the most affected villages. As part of this, we implemented a "Safe Spaces" project, aimed at providing psychological support to children and families, as well as raising community awareness on child protection practice through the following areas of intervention:

- **Holistic assessment of villages**
- **Organising and preparing “Safe Space” activities**

Koulna Maa Baadna

From 2021 to 2023 FAPE and MCT implemented the Koulna Maa Baadna project, the first mapping of the child protection system of Souss Massa. Funded by the European Union, the project aimed at identifying and mobilising child protection assets within the community, civil society and government services in order to strengthen local capacity.

70
ACTIVITIES ACROSS THE REGION

963
LOCAL PROFESSIONALS PARTICIPATING IN TRAINING ACTIVITIES

6
MAPPING TOOLKITS DEVELOPED

The Koulna Maa Baadna project was completed in March 2023 in the five communities of Biougra, Ouled Teima, Taroudant, Tata and Tiznit. During its two years of implementation, the project was carried out in two phases: phase 1 consisted of mapping the child protection systems in each province and phase 2 used the results of the mapping to develop targeted training modules for local child protection professionals.

The study was shaped by three approaches to understanding child protection systems:

- Asset-Based Community Development
- Participatory Action Research
- Systems Approach to Child Protection

We used a mixed methods design which included quantitative and qualitative methods.

Once the mapping phase was complete, we were able to code and analyse the data collected from the activities implemented. Overall, we received **4670 data points.**

Drawing on these results, we implemented the second phase of the project throughout 2022. We used key themes identified in the first phase of the project to design targeted training workshops for local actors to strengthen capacity and collaboration. **45 workshops** were implemented with a total of **963 professionals.**

The first three months of 2023 were dedicated to drafting and finalising the **6 toolkits** that were developed and derived from the project's activities and data collection (one toolkit for each target community and one regional toolkit).

The final results of the project were presented at a regional conference attended by more than **120 government and civil society actors** working in child protection in the Souss Massa region.

Advocacy & Capacity Building

Mouvement Enfance Maroc

MEM
حـــركة طـفولة المـغرب
Mouvement Enfance Maroc

FAPE is a founding member of the national collective **Mouvement Enfance Maroc**, a network of around 200 members working in child protection across the country. In 2023, the movement was invited to participate in a meeting with the Ministry of Solidarity, Women, the Family and Social Development (MSFFDS) on the development of a legal framework for an integrated child protection system. 2023 was also a preparatory year for the alternative report to the United Nations Committee on the Rights of the Child in Geneva. The movement is working with other national collectives to draw up a report on the current state and recommendations for children's rights in Morocco.

Réseau de la Promotion des Droits de l'Enfant

We are co-founders and leaders of the regional collective - **Le Réseau de la Promotion des Droits de l'Enfant** - made up of around 100 members working with children in the Souss Massa region. In 2023, the network organised workshops in Tiznit with regional civil society organisations. The network also organised meetings with institutional actors, such as Entraide Nationale, Health, Education, and the Public Ministry during the year to share their observations and recommendations regarding the situation of vulnerable children in the Souss Massa region.

الشبكة الجهوية للنهوض بحقوق الطفل
سوس ماسة -

International Bureau for Children's Rights

BUREAU INTERNATIONAL DES DROITS DES ENFANTS

As part of the partnership between FAPE and the **International Bureau for Children's Rights (IBCR)**, we took part in 1 workshop during 2023 organised by IBCR with other local partners in Morocco aimed at sharing and implementing best practice in social work across the country. FAPE also participated in the development of a framework for child participation, including an exchange visit to Tunisia and consultation workshops with children at the Centre Amane. Finally, we took part in an exchange visit to the Ivory Coast, which was attended by several African countries.

Research
Improving Practices

Strengthening relationships for child protection across the Maghreb: Promoting knowledge-sharing and building capacity for research between the United Kingdom, Mauritania, Morocco, and Tunisia.

Our research aims to develop methods, strategies and interventions to respond to child abuse and neglect that can be replicated in Morocco, Mauritania, Tunisia, the whole Maghreb region and other low- and middle-income countries. In 2023, we carried out the following activities:

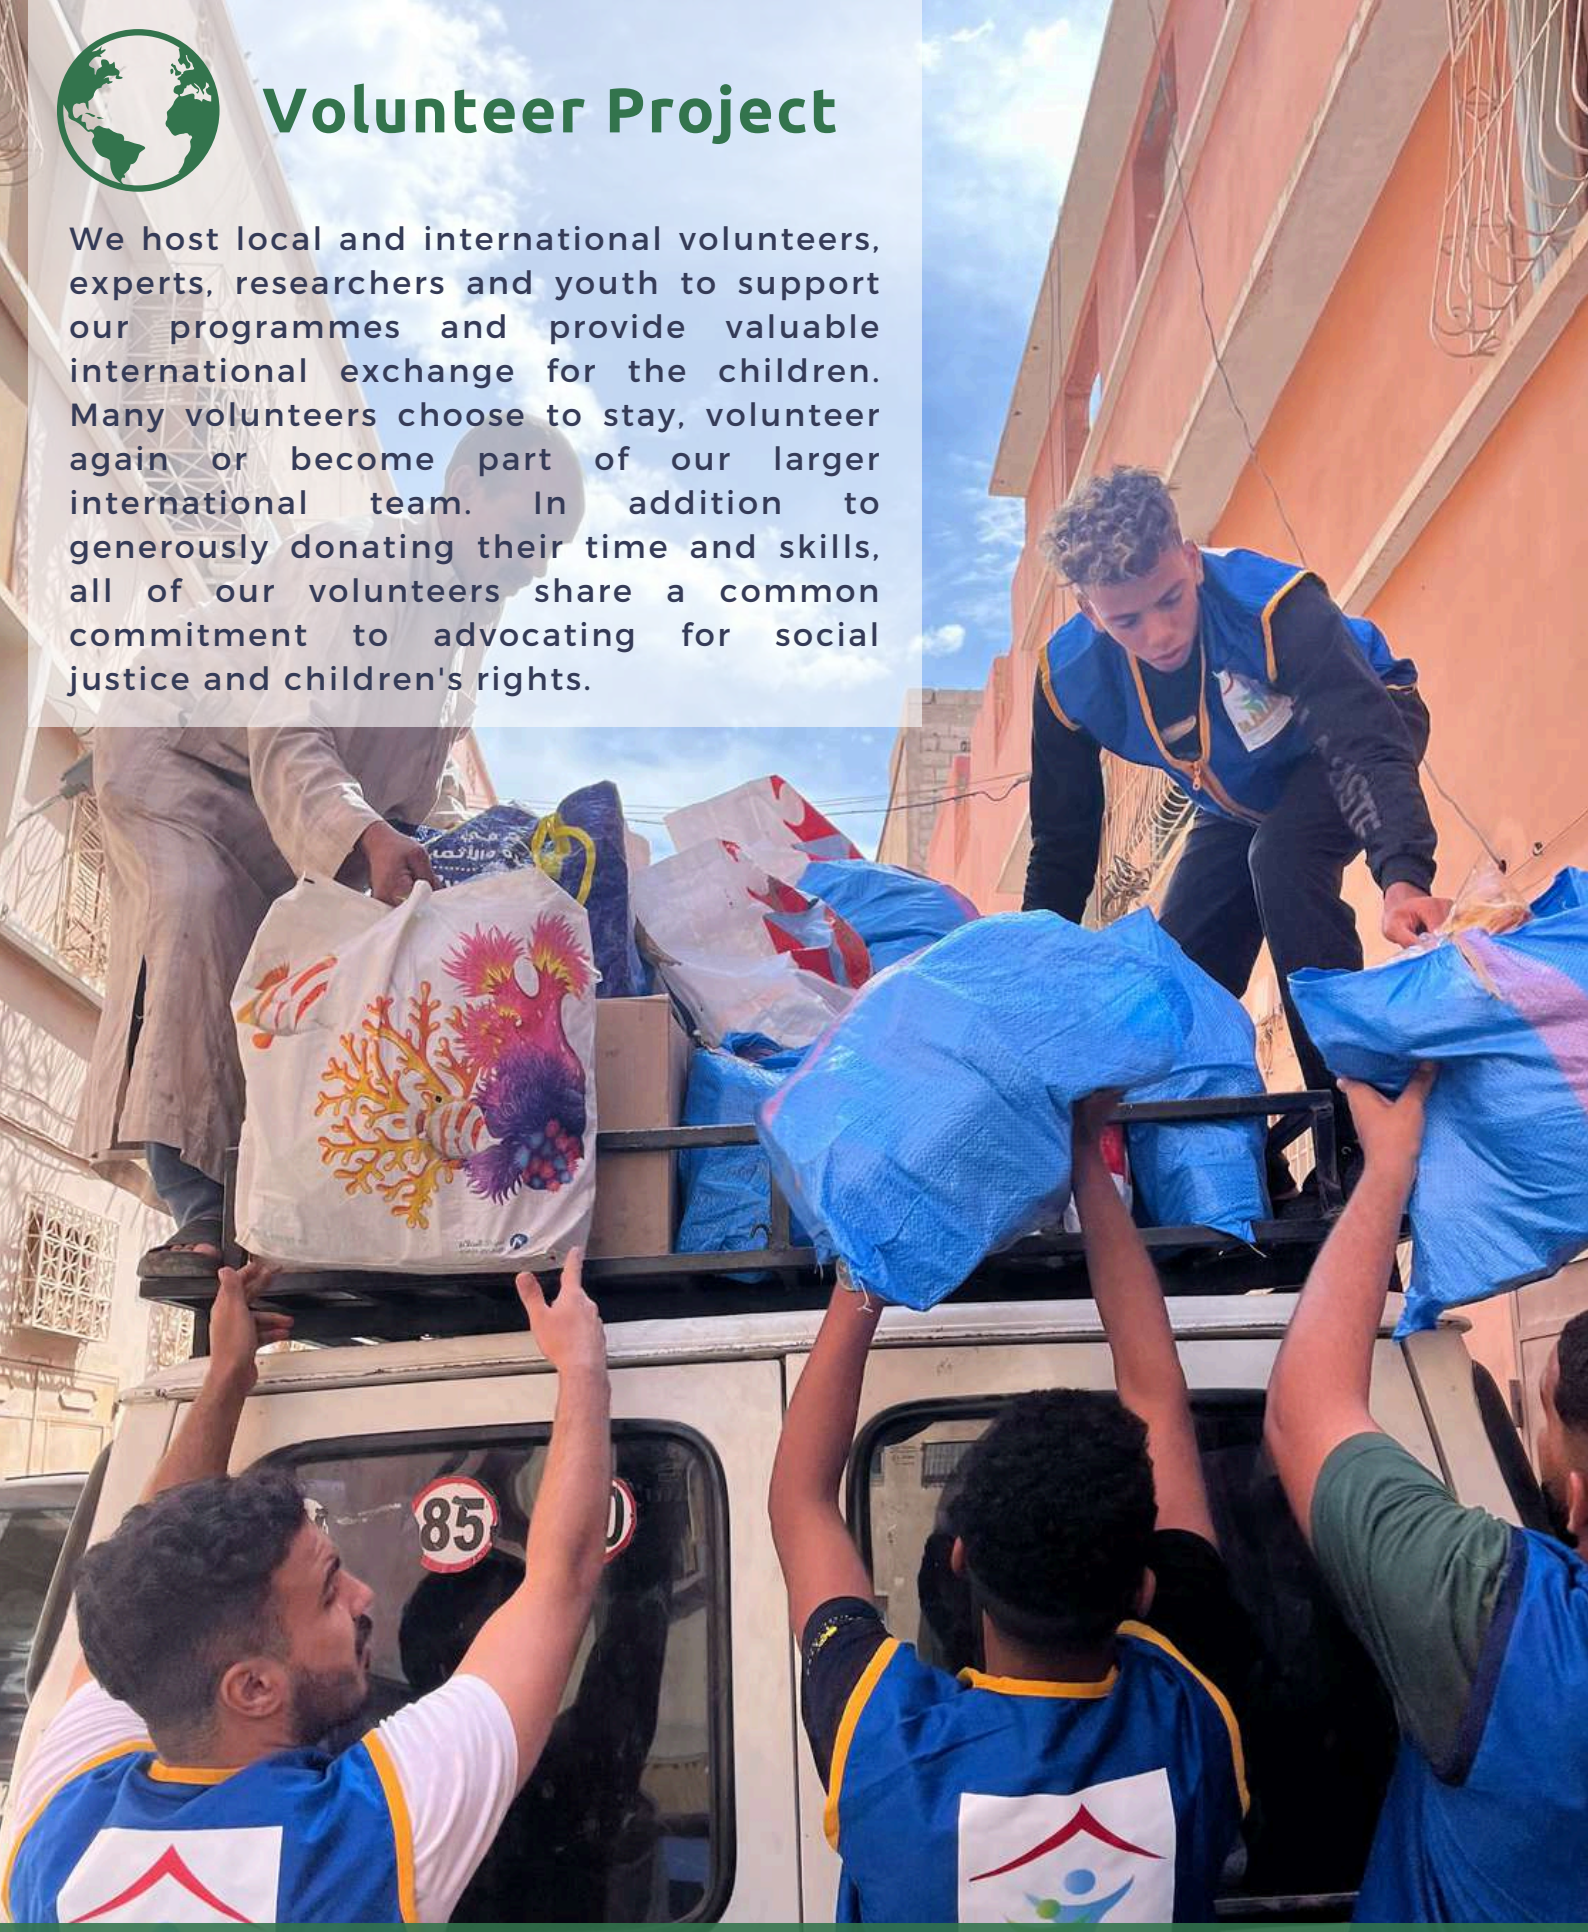
- All partners from Tunisia, Mauritania and Wales travelled to Morocco to take part in the Koulna Maa Baadna conference organised by FAPE. They also had the opportunity to meet the director of the law faculty at Ibn Zhor University as well as professionals from the province of Taroudant to discuss intra-agency coordination mechanisms for child protection.

- A number of Workshops under the SECURE project "Strengthening Child Safeguarding Research Through Professional Exchange" were held with community members in Taroudant (parents at risk of abandonment, front-line workers from local civil society organisations, and various child protection professionals) to understand the strengths and needs in child protection in the province.

- A publication in the journal "Children and Youth Services Review Volume 157" was produced in collaboration with researchers from Swansea University in Wales and the University of Pittsburgh in the United States. Based on research carried out in Morocco, Tunisia and Mauritania, the article highlights the high rates of child institutionalisation in the Maghreb and opportunities to develop and adapt existing child safeguarding and alternative care structures and practice between countries in the greater region.

Volunteer Project

We host local and international volunteers, experts, researchers and youth to support our programmes and provide valuable international exchange for the children. Many volunteers choose to stay, volunteer again or become part of our larger international team. In addition to generously donating their time and skills, all of our volunteers share a common commitment to advocating for social justice and children's rights.



8

INTERNATIONAL VOLUNTEERS

50+

LOCAL VOLUNTEERS

Volunteer Project

The volunteer project saw an exceptional response at the end of 2023 following the earthquake on the 8th of September. MCT and FAPE's national and international networks came together in a remarkable way to support the emergency response in the weeks following the earthquake, during which we welcomed and worked with more than **50 local volunteers** and **8 international volunteers.**

Among the local volunteers, we would like to thank those who have supported us at local, regional and national level, in particular:

- Operation Atlas
- Le Cercle des Diamants
- Union de l'Enseignement et de la Formation Libre au Maroc Section Settat
- Pfizer Morocco Doctors
- Kiwanis Club Casablanca
- Individual volunteers

We would also like to thank our international volunteers from the development committee for the technical support they provided during our emergency response actions.

Thank you to all of our wonderful volunteers!

Our work would not have been possible without your help and support.
We would also like to thank the support of the ***Development Committee***

Independent Examiner's Report to the Trustees of Moroccan Children's Trust

Independent examiner's report to the trustees of Moroccan Children's Trust ('the Company')
I report to the charity trustees on my examination of the accounts of the Company for the year ended 31 August 2023.

Responsibilities and basis of report
As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under Section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under Section 145(5) (b) of the 2011 Act.

Independent examiner's statement
I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by Section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of Section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The charitable company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 August 2023.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 August 2023 in accordance with Section 476 of the Companies Act 2006.

The trustees acknowledge their responsibilities for
(a) ensuring that the charitable company keeps accounting records that comply with Sections 386 and 387 of the Companies Act 2006 and
(b) preparing financial statements which give a true and fair view of the state of affairs of the charitable company as at the end of each financial year and of its surplus or deficit for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the charitable company.

These financial statements have been prepared in accordance with the provisions applicable to charitable companies subject to the small companies regime.

The financial statements were approved by the Board of Trustees and authorised for issue on ..... 24/04/2024 ..... and were signed on its behalf by:

.....
O Roy - Trustee

The notes form part of these financial statements

1. ACCOUNTING POLICIES

Basis of preparing the financial statements
The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income
All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure
Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Taxation
The charity is exempt from corporation tax on its charitable activities.

Fund accounting
Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

The Volunteer Programme supports people who wish to volunteer for the charity in Morocco. Those individuals make a financial contribution to their living costs and the charity provides board and lodging, and practical support for their volunteering whilst they are in Taroudannt.

Centre Amane is the charities social work centre for children and families in difficult circumstances. This ensures caregivers have the capacity to care for their children independently. They believe in deinstitutionalisation, the idea that children thrive best in safe and loving home-not residential centres. Through gatekeeping practices, they keep families together by providing the support required for them to stay together.

9. RELATED PARTY DISCLOSURES

There were no related party transactions for the year ended 31 August 2023.

Independent Examiner's Report to the Trustees of Moroccan Children's Trust

Independent examiner's report to the trustees of Moroccan Children's Trust ('the Company')
I report to the charity trustees on my examination of the accounts of the Company for the year ended 31 August 2023.

Responsibilities and basis of report
As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under Section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under Section 145(5) (b) of the 2011 Act.

Independent examiner's statement
I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by Section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of Section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The charitable company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 August 2023.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 August 2023 in accordance with Section 476 of the Companies Act 2006.

The trustees acknowledge their responsibilities for
(a) ensuring that the charitable company keeps accounting records that comply with Sections 386 and 387 of the Companies Act 2006 and
(b) preparing financial statements which give a true and fair view of the state of affairs of the charitable company as at the end of each financial year and of its surplus or deficit for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the charitable company.

These financial statements have been prepared in accordance with the provisions applicable to charitable companies subject to the small companies regime.

The financial statements were approved by the Board of Trustees and authorised for issue on ..... 24/04/2024 ..... and were signed on its behalf by:

.....
O Roy - Trustee

The notes form part of these financial statements

1. ACCOUNTING POLICIES

Basis of preparing the financial statements
The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income
All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure
Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Taxation
The charity is exempt from corporation tax on its charitable activities.

Fund accounting
Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

The Volunteer Programme supports people who wish to volunteer for the charity in Morocco. Those individuals make a financial contribution to their living costs and the charity provides board and lodging, and practical support for their volunteering whilst they are in Taroudannt.

Centre Amane is the charities social work centre for children and families in difficult circumstances. This ensures caregivers have the capacity to care for their children independently. They believe in deinstitutionalisation, the idea that children thrive best in safe and loving home-not residential centres. Through gatekeeping practices, they keep families together by providing the support required for them to stay together.

9. RELATED PARTY DISCLOSURES

There were no related party transactions for the year ended 31 August 2023.

OUR INTERNATIONAL PARTNERS & SUPPORTERS

Thank you to our major funders, supporters, international businesses, and donors who have contributed to our organisation. Because of your generosity we can support the most vulnerable in Morocco.

OUR LOCAL PARTNER

Since 2014, the Moroccan children's trust (MCT) has worked closely with its Moroccan partner, Fondation Amane Pour La Protection de L'Enfance (FAPE). Our unique partnership with FAPE provides Moroccan expertise and knowledge in all of our projects. Together, we share a vision in developing systems to protect children from violence and neglect.

FAPE primarily works from Centre Amane, a social centre in Taroudant. Together, we have gained international and national recognition for our work in child protection. MCT staff along with FAPE social workers implement our projects and commit to the following:

Coordination between public and political bodies in the region with the objective of creating and implementing an effective child protection system.

Advocacy and **awareness raising** regionally, nationally and internationally about issues that lead to marginalisation and social exclusion.

Reinforcement and **mobilisation** of local and international volunteers in support of humanitarian development.

We collaborate with local actors and government leaders in child protection. A **participatory approach** shapes the ways we work with local stakeholders when:

- designing and implementing project ideas; and understanding the needs of children and families,
- gaining the support and expertise of local professionals such as judges, lawyers, teachers, and health professionals,
- seeking long-term impact through policy change.

OUR VISION & MISSION

Our vision is to create a **safe and fulfilling environment** in which vulnerable children are able to **thrive and grow**; a Morocco in which children and families living in poverty or disadvantage can count on effective and appropriate support to help them realise their potential. To achieve this, we will continue to work in three key areas at the local level: social work with vulnerable children and their families; **development of child protection systems** throughout the region; and supporting the **improvement of the national birth registration system**.

Our mission is to support and improve conditions for vulnerable children and their families in Morocco. We draw upon both Moroccan and international expertise in social work, paediatrics, education, safeguarding and children's rights. Moreover, our work continues to play an important role in shaping Morocco's newly established child protection system.

A small British charity that works to uphold and protect the rights of all Moroccan children

OUR OBJECTIVES

(1) To advance the education of the public in subjects relating to sustainable development and the protection, enhancement and rehabilitation of the environment. To promote studyand research in such subjects providedthat the useful results of such study are disseminated to the public at large. Sustainable development means "development" that meets the needs of the present without compromising the ability of future generations to meet their own needs".

(2) To act as a resource for young people up to the age of 25 living in Morocco by providing advice and assistance and by organising programmes as a means of:
(a) advancing in life and helping young people by developing their skills, capacities and capabilities to enable them to participate in society as independent, mature and responsible individuals;
(b) advancing education;
(c) reducing unemployment;
(d) providing recreational and leisure activity in the interest of social welfare for people who have need by reason of their youth, age, infirmity or disability, poverty or social and economic circumstances, with a view to improving the conditions of life of such persons.

(3) To carry out any purpose for the benefit of the public in Morocco which is charitable according to the law of England and Wales, as the trustees in their discretion decide.

CENTRE AMANE
Social Work

Centre Amane supports children and families to stay together. We strongly believe in and advocate for **deinstitutionalisation**, the idea that children thrive best in a safe and loving family. Therefore, at Centre Amane we provide a range of services shaped by our five pillars.

Our Approach

The Five Pillars

Our social work approach ensures we provide **holistic** social services. We build on the principles of **relational** social work and ensure there are clear **transitions** from our entry points to our exit points. This is framed by being **child-centred** and family-focused and always ensuring to be **professional** in our practice by respecting best practices in child protection regarding confidentiality, transparency, and accountability.

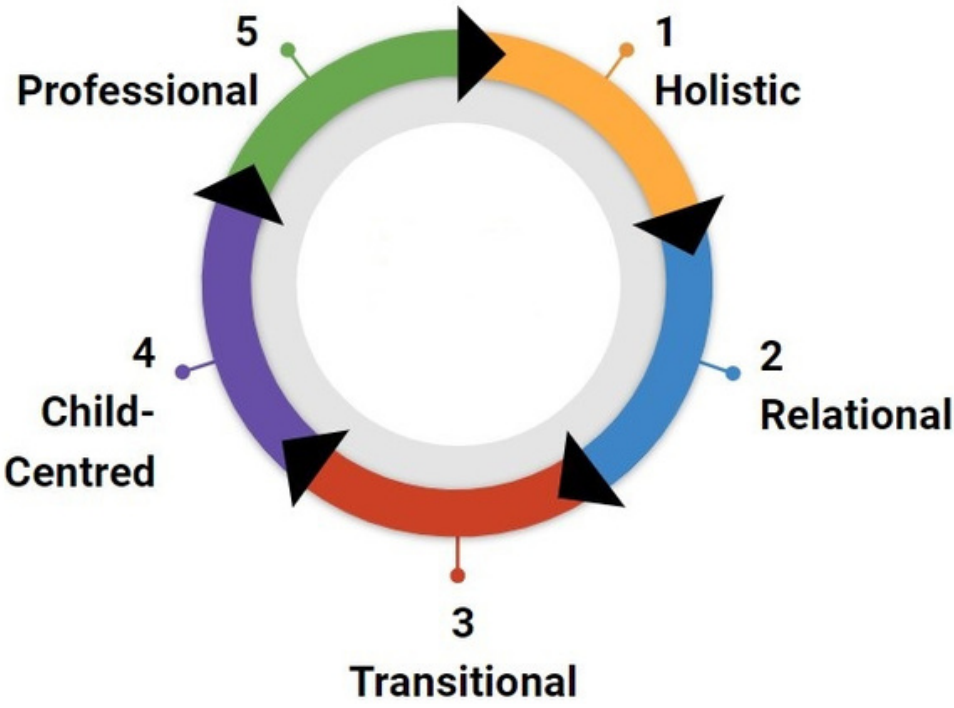
Meets international standards for wellbeing and equality

Following the standards set by the **UN Convention of the Rights of the Child**, MCT adheres to a strict child protection and safeguarding policy. Our social work aligns with the **UN Sustainable Development Goals (SDGs)**, most notably in promoting health and wellbeing, quality education, and gender equality.

Sustainability and Collaboration

We innovate and **advocate** for lasting change towards a child protection system that will impact on future generations. The voices of children, families, and all staff members are integral to our work and the heart of our programmes which are **participatory** and strive for evidence-based action.

The Five Pillars



What Sustainable Development Goals do we focus on?

Participatory Women's Group

Participatory women's groups foster **positive parenting practices** and reduce rates of child abuse, neglect and abandonment. In 2022 we implemented **29 workshops**. The Women's Group provides a **safe space** for those who face stigmatisation and ostracisation in the community.

34
PARTICIPANTS

Support to Access Health Services

The first stage in the health support service offered by Centre Amane entails ensuring children and families are insured through the free national government health insurer RAMED. When children and families are insured, they are able to receive free or heavily subsidised healthcare.

71
VISITS TO HEALTH SERVICES

School Support & Activities

Social Integration

Our social workers **liaise with teachers** to support children in their schooling. We also integrate children into **extracurricular activities with local associations**, such as the youth centre *Dar Shabab*.

180
MEETINGS WITH TEACHERS AND COACHES

Street Work

Advocacy and outreach are **essential** to conducting the services of Centre Amane. They raise awareness of our services to other child protection professionals and general community members, including street-connected children and their families. This is vital for our referral system and allows effective collaboration to support plans that take advantage of the formal and informal sectors of the **child protection system in Taroudant.**

Meetings with Local Professionals

We conducted 763 meetings with local actors in 2022. While **teachers and school directors** make up the largest number of meetings, we also met with **the authorities, tribunals, other local associations, and the general community.**

Street Work

In 2022, we conducted **137 patrols**. Street patrols are conducted throughout the week, allowing our social workers to strengthen our informal relationships with the local community and to identify children who are street-connected. Through our street patrols social workers receive new referrals that need processing at the Centre.

Referrals

In 2022, we received 286 referrals. Most referrals come from **community members** or **walk-ins**. This shows us that our outreach efforts are making an important impact on the community. Significantly, many of these referrals were a direct result of the community link created through the Participatory Women's Group activities.

763

MEETINGS WITH LOCAL ACTORS

137

STREET PATROLS

286

REFERRALS RECEIVED

Civil Registration & Legal Aid

The lack of an official identity card affects almost every aspect of the lives of unregistered Moroccan children. They are assigned to a lifetime of **secondary citizenship** and are unable to access social services to which they should be entitled by birth. At Centre Amane, the process of ID Registration has become part of **our core social work practice** which supports the reintegration of families into society.

Civil Registration Case Study: Siblings

Rachid (15yrs), Hussein (12yrs), Mohamed (11yrs) and Amine (9yrs) are four siblings who never obtained their civil registration. Their parents, who had never been married, moved frequently from city to city looking for better opportunities and each sibling was born in a different city.

In March 2022, the director of the school where Rachid was studying reached out to FAPE, requesting support for Rachid's family to obtain his birth certificate. A Centre Amane social worker conducted a home visit for the family and learned that Rachid had other siblings who also didn't have their birth certificates.

After a few months of working with the family and after numerous meetings with public institutions and associations working in the cities where the siblings were born, we collected the necessary documents for each child's case and succeeded in obtaining all of the children's birth certificates. These complexe cases of siblings are not uncommon and require intense social support to the family as well as coordination with legal actors across the country.

Foster Care

FAPE's foster care programme provides a family-based alternative care for children who would otherwise be placed in institutional care. Within a family environment, we are able to ensure that our foster children can access health care, psychological support and education. The foster care programme is made possible thanks to our sponsorship programme and our monthly sponsors, who are committed to giving the gift of a loving home that every child deserves.

CHILDREN
IN FOSTER FAMILIES

516
COMMUNITY MEMBERS
ATTENDED WORKSHOPS

The Foster Care Process

Social workers collaborate with local residential centres and the courts to conduct a series of activities and sessions to assess children for potential foster care placement.

Prospective families are identified through our awareness raising workshops and are invited to undergo an evaluation process to become foster families.

Staff work with the child throughout the pre-placement process to ensure a child's successful transition from institutional to family care.

After extensive training, interviews, and screening from our social workers, families are matched with a child.

Social workers provide regular support to families post- placement to ensure needs are met. If possible and within the best interests of the child, contact is retained with their biological family.

Sponsorship Programme

Our sponsorship programme is critical to ensuring that the needs of our foster care children are met. We invite our supporters around to world to consider joining our programme and receiving updates on their sponsored child. More information can be found in our **Foster Care Handbook**.

Koulna Maa Baadna

From 2021 to 2023 FAPE and MCT implemented the Koulna Maa Baadna project, the first mapping of the child protection system of Souss Massa. Funded by the European Union, the project aimed at identifying and mobilising child protection assets within the community, civil society and government services in order to strengthen local capacity.

70
ACTIVITIES ACROSS THE REGION

963
LOCAL PROFESSIONALS PARTICIPATING IN TRAINING ACTIVITIES

6
MAPPING TOOLKITS DEVELOPED

Koulna Maa Baadna continued in 2022 until the end of March 2023 in the five communities of **Biougra, Ouled Teima, Taroudant, Tata and Tiznit.** There were two phases of KMB; Phase 1: consisting of mapping the child protection systems in each province. Phase 2 used the findings of the mapping to develop targeted training for local child protection professionals.

The study was shaped by three approaches to understanding child protection systems:

- Asset-Based Community Development
- Participatory Action Research
- Systems Approach to Child Protection

We used a mixed methods design which included quantitative and qualitative methods.

Once the mapping phase was complete, we were able to code and analyse the data collected from the activities implemented. Overall, we received **4670 data points.**

Drawing on these results, we implemented the second phase of the project throughout 2022. We used key themes identified in the first phase of the project to design targeted training workshops for local actors to strengthen capacity and collaboration. **45 workshops** were implemented with a total of **963 professionals** on the following themes:

- Intra-agency collaboration and the systems approach to child protection
- Gatekeeping practices
- Communications and advocacy
- Positive parenting practices
- Confidentiality and data management
- Working with disabled children
- Human resources and administrative management
- Financial management

We are drawing on the results of the project to develop mapping and training toolkits in Arabic, French and English.

HIMAYA+

In 2022 FAPE and MCT implemented the HIMAYA+ project, funded by the European Union and in partnership with UNICEF Morocco. The project aimed to provide support to families and children in the provinces of Agadir and Inezgane to access local services related to health, education and civil registration.

2263
VULNERABLE FAMILIES SUPPORTED

HIMAYA+

Improving referral pathways and access to social services is a proven mechanism to support child safeguarding. Within Morocco, Civil Registration, government subsidised health care, and government subsidised education are key social services available for all Moroccans. When working with vulnerable populations, a critical first step towards stability and autonomy is ensuring access to these services. The project HIMAYA+ was based on **4 guiding principals**:

1. Awareness raising activities with the local community about accessing services related to health, civil registration, and education.
2. Identification, assessment and referral of families presenting potential risks of separation or abandonment.
3. Implementing Participatory Women's Groups as a way of creating peer-to-peer support for mothers.
4. Strengthening intra-agency collaboration with local actors from various sectors (justice, health, education, local associations, etc.)

In adopting our social work model at Centre Amane, HIMAYA+ was guided by the same principles of relational and transitional social work to support families and children in the provinces of Agadir and Inezgane.

Mouvement Enfance Maroc

MEM
حـــركة طـفولة المـغرب
Mouvement Enfance Maroc

FAPE is a founding member of the **National Mouvement Enfance Maroc,** a network of approximately 200 members working in child protection across the country. During 2022 and the beginning of 2023, the collective focused on preparing a set of recommendations to present to government representatives. The Mouvement held 6 meetings with Parliamentary stakeholders, the Ministry of Justice, the National Council for Human Rights, and the Ministry of Social Development to begin sharing the recommendations for initial feedback. The Mouvement's collaboration with government stakeholders is crucial to developping local child protection services.

Réseau de la Promotion des Droits de l'Enfant

We are also the joint founders and leaders of a regional collective – **Le Réseau de la Promotion des Droits de l'Enfant** – consisting of approximately 100 members working with children in the Souss-Massa region. The network serves as an opportunity to raise awareness of good child-protection practices. It encourages these practices in all levels of civil society and the private sector through training sessions and workshops. The network also organised a regional conference at the end of 2022 in honor of international children's day .

الشبكة الجهوية للنهوض بحقوق الطفل
سوس ماسة -

International Bureau for Children's Rights

BUREAU INTERNATIONAL DES DROITS DES ENFANTS

As part of FAPE's 7-year partnership with the **International Bureau for Children's Rights** (IBCR), FAPE attended 4 workshops over the course of 2022 and the beginning of 2023 hosted by IBCR with other local partners in Morocco. The workshops aim to share and implement social work best practice across the country and understand what is needed to develop an integrated child protection system in Morocco.

Research
Improving Practices

Strengthening relationships for child protection across the Maghreb: Promoting knowledge-sharing and building capacity for research between the United Kingdom, Mauritania, Morocco, and Tunisia.

Our research aims to develop methods, strategies, and interventions to respond to child abuse and neglect that can be replicated in Morocco, Mauritania, Tunisia, throughout the Maghreb region, and in other Low- and Middle-Income Countries. We conducted **9 workshops** with **86 participants** across Morocco, Mauritania and Tunisia. Key to developing future research, we also met with and gained the support of collaborating institutional partners through the following activities:

- Moroccan and UK partners travelled to Tunisia to conduct workshops with professionals at Voix de L'Enfant in Mahdia and meet with key local child protection and child health stakeholders.
- Moroccan and Tunisian partners travelled to Swansea to present at the PRIME Centre Wales Annual Conference, meet with safeguarding leads at Public Health Wales and City and County of Swansea Council and Professor Helen Griffiths, Pro-Vice-Chancellor for Research & Innovation (Swansea University).
- UK and Moroccan partners travelled to Mauritania to conduct workshops with local child protection professionals and meet with the Director General of the National Center for University Service and President of the University of Nouakchott, Professor Wane Mohamedoune.
- All partners travelled to Morocco, to present at the Koulna Maa Baadna conference organised by FAPE, met with the Head of the Faculty of Law at Ibn Zhor University, and conducted a workshop on research methods with postgraduate law students, child protection and health professionals and legislators.

Volunteer Project

We host local and international volunteers, experts, researchers and youth to support our programmes and provide valuable international exchange for the children. Many volunteers choose to stay, volunteer again or become part of our larger international team. In addition to generously donating their time and skills, all of our volunteers share a common commitment to advocating for social justice and children's rights.

20

INTERNATIONAL VOLUNTEERS

FROM FRANCE AND IRELAND

2

LOCAL VOLUNTEERS

Volunteer Project

FatimaZahra Ouaazzi & Ayman M'zough both volunteered at Centre Amane, working to support with civil registration cases. We value our local volunteers and the hands-on support they are able to provide to our Social Workers and Administrative team at Centre Amane. We would also like to thank our partner **La Maison Anglaise** for their support and group visits to share our work with visitors from around the world.

Just Ask is an organisation based in Dublin, transforming the lives of vulnerable children and youth by providing educational support, extracurricular activities, and a safe space to spend their free time. Each year we are fortunate that the organisation plans a trip to visit us with a group of their youth to organise activities at the Centre Amane. This year's trip included a visit to the Croco-Park in Agadir, a first for the children in our programme!

Ensemble avec les Enfants is a French association that has been a long-term partner of MCT and FAPE. The organisation provides social support services to children and adolescents in difficult circumstances. Each year a group of child protection specialists from their team visit our Centre Amane and organise activities for the children and families. This past year we were fortunate to welcome them twice and exchange with them on best practice and the future development of child protection in Morocco.

Thank you to all of our wonderful volunteers!

Our work would not have been possible without your help and support.
We would also like to thank the support of the
Centre Amane Committee *and the* ***Development Committee***

Report of the Trustees
for the year ended 31 August 2022

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 August 2022. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

Independent Examiner's Report to the Trustees of Moroccan Children's Trust

Independent examiner's report to the trustees of Moroccan Children's Trust ('the Company')
I report to the charity trustees on my examination of the accounts of the Company for the year ended 31 August 2022.

Responsibilities and basis of report
As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under Section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under Section 145(5) (b) of the 2011 Act.

Independent examiner's statement
I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by Section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of Section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The charitable company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 August 2022.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 August 2022 in accordance with Section 476 of the Companies Act 2006.

The trustees acknowledge their responsibilities for
(a) ensuring that the charitable company keeps accounting records that comply with Sections 386 and 387 of the Companies Act 2006 and
(b) preparing financial statements which give a true and fair view of the state of affairs of the charitable company as at the end of each financial year and of its surplus or deficit for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the charitable company.

These financial statements have been prepared in accordance with the provisions applicable to charitable companies subject to the small companies regime.

The financial statements were approved by the Board of Trustees and authorised for issue on .24.05.2023..... and were signed on its behalf by:

The notes form part of these financial statements

Notes to the Financial Statements for the year ended 31 August 2022

1. ACCOUNTING POLICIES

Basis of preparing the financial statements
The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income
All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure
Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Taxation
The charity is exempt from corporation tax on its charitable activities.

Fund accounting
Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

The Volunteer Programme supports people who wish to volunteer for the charity in Morocco. Those individuals make a financial contribution to their living costs and the charity provides board and lodging, and practical support for their volunteering whilst they are in Taroudannt.

Centre Amane is the charities social work centre for children and families in difficult circumstances. This ensures caregivers have the capacity to care for their children independently. They believe in deinstitutionalisation, the idea that children thrive best in safe and loving home- not residential centres. Through gatekeeping practices, they keep families together by providing the support required for them to stay together.

9. RELATED PARTY DISCLOSURES

Annual Report

Zaina has served as the unofficial "mother" of the MCT volunteer house since 2013

I have always loved meeting the beautiful people that stay with us. As much as I give to them, their kindness and selflessness always gives me more. They are never strangers but become part of my family. I feel what they feel and share in their moments of happiness and sadness. The hardest part of my job is when I have to say goodbye.

TO OUR SUPPORTERS,

Thank you to all our supporters who have allowed us to help Moroccan families at their most vulnerable moment, and to ensure that other families do not experience the same difficulties. Special thanks go to Penny Appeal, our British charity partner whose collaboration has ensured that Centre Amane's work has continued to set new standards of excellence.

The Covid-19 pandemic created some huge challenges to our being able to continue our programmes: social work is hard to enact without social contact. Thanks to the courage and resilience of our teams, we were able to maintain our networks, support people through hard times, and emerge from multiple lockdowns with our vision and values intact. If anything, the restrictions of the pandemic have given us inspiration to be more creative and connect with people. The web platform created as part of the Bidaya Kawiya project for care-leavers has reached three-quarters of a million people, providing essential knowledge and understanding for and about a group of young people which receives very little other support.

We have gone on to make new connections and new friendships, forming a research partnership with Swansea University that allowed us to develop new insights on our work and share them with a new and wider audience. This partnership has also led us to Tunisia, to share our experiences with like-minded social workers who face the same challenges, and to see how our different approaches can be mutually educational.

The spirit of learning and development through partnership that informs MCT and FAPE's work now carries that work across international boundaries. But we still ensure that families in Taroudant Province can access emergency assistance when they need it, that organisations across Souss-Massa can continue to build their capacity to support children and families across a socially and geographically diverse region, and that through our continued advocacy we shape the national conversation on how a social protection system that works for all children and families can be built.

MCT and FAPE bring many people together to improve all their lives, mine included; I commend this report on this year's work to you.

With Gratitude,
Moroccan Children's Trust Team

OUR INTERNATIONAL PARTNERS & SUPPORTERS

Thank you to our major funders, supporters, international businesses, and donors who have contributed to our organisation. Because of your generosity we can support the most vulnerable in Morocco.

OUR LOCAL PARTNER

Since 2014, the Moroccan children's trust (MCT) has worked closely with its Moroccan partner, Fondation Amane Pour La Protection de L'Enfance (FAPE). Our unique partnership with FAPE provides Moroccan expertise and knowledge in all of our projects. Together, we share a vision in developing systems to protect children from violence and neglect.

FAPE primarily works from Centre Amane, a social centre in Taroudant. Together, we have gained international and national recognition for our work in child protection. MCT staff along with FAPE social workers implement our projects and commit to the following:

Coordination between public and political bodies in the region with the objective of creating and implementing an effective child protection system.

Advocacy and **awareness raising** regionally, nationally and internationally about issues that lead to marginalisation and social exclusion.

Reinforcement and **mobilisation** of local and international volunteers in support of humanitarian development.

We collaborate with local actors and government leaders in child protection. A **participatory approach** shapes the ways we work with local stakeholders when:

- designing and implementing project ideas; and understanding the needs of children and families,
- gaining the support and expertise of local professionals such as judges, lawyers, teachers, and health professionals,
- seeking long-term impact through policy change.

OUR VISION & MISSION

Our vision is to create a **safe and fulfilling environment** in which vulnerable children are able to **thrive and grow**; a Morocco in which children and families living in poverty or disadvantage can count on effective and appropriate support to help them realise their potential. To achieve this, we will continue to work in three key areas at the local level: social work with vulnerable children and their families; **development of child protection systems** throughout the region; and supporting the **improvement of the national birth registration system**.

Our mission is to support and improve conditions for vulnerable children and their families in Morocco. We draw upon both Moroccan and international expertise in social work, paediatrics, education, safeguarding and children's rights. Moreover, our work continues to play an important role in shaping Morocco's newly established child protection system.

A small British charity that works to uphold and protect the rights of all Moroccan children

OUR OBJECTIVES

(1) To advance the education of the public in subjects relating to sustainable development and the protection, enhancement and rehabilitation of the environment. To promote studyand research in such subjects providedthat the useful results of such study are disseminated to the public at large. Sustainable development means "development" that meets the needs of the present without compromising the ability of future generations to meet their own needs".

(2) To act as a resource for young people up to the age of 25 living in Morocco by providing advice and assistance and by organising programmes as a means of:
(a) advancing in life and helping young people by developing their skills, capacities and capabilities to enable them to participate in society as independent, mature and responsible individuals;
(b) advancing education;
(c) reducing unemployment;
(d) providing recreational and leisure activity in the interest of social welfare for people who have need by reason of their youth, age, infirmity or disability, poverty or social and economic circumstances, with a view to improving the conditions of life of such persons.

(3) To carry out any purpose for the benefit of the public in Morocco which is charitable according to the law of England and Wales, as the trustees in their discretion decide.

FINANCIAL OVERVIEW

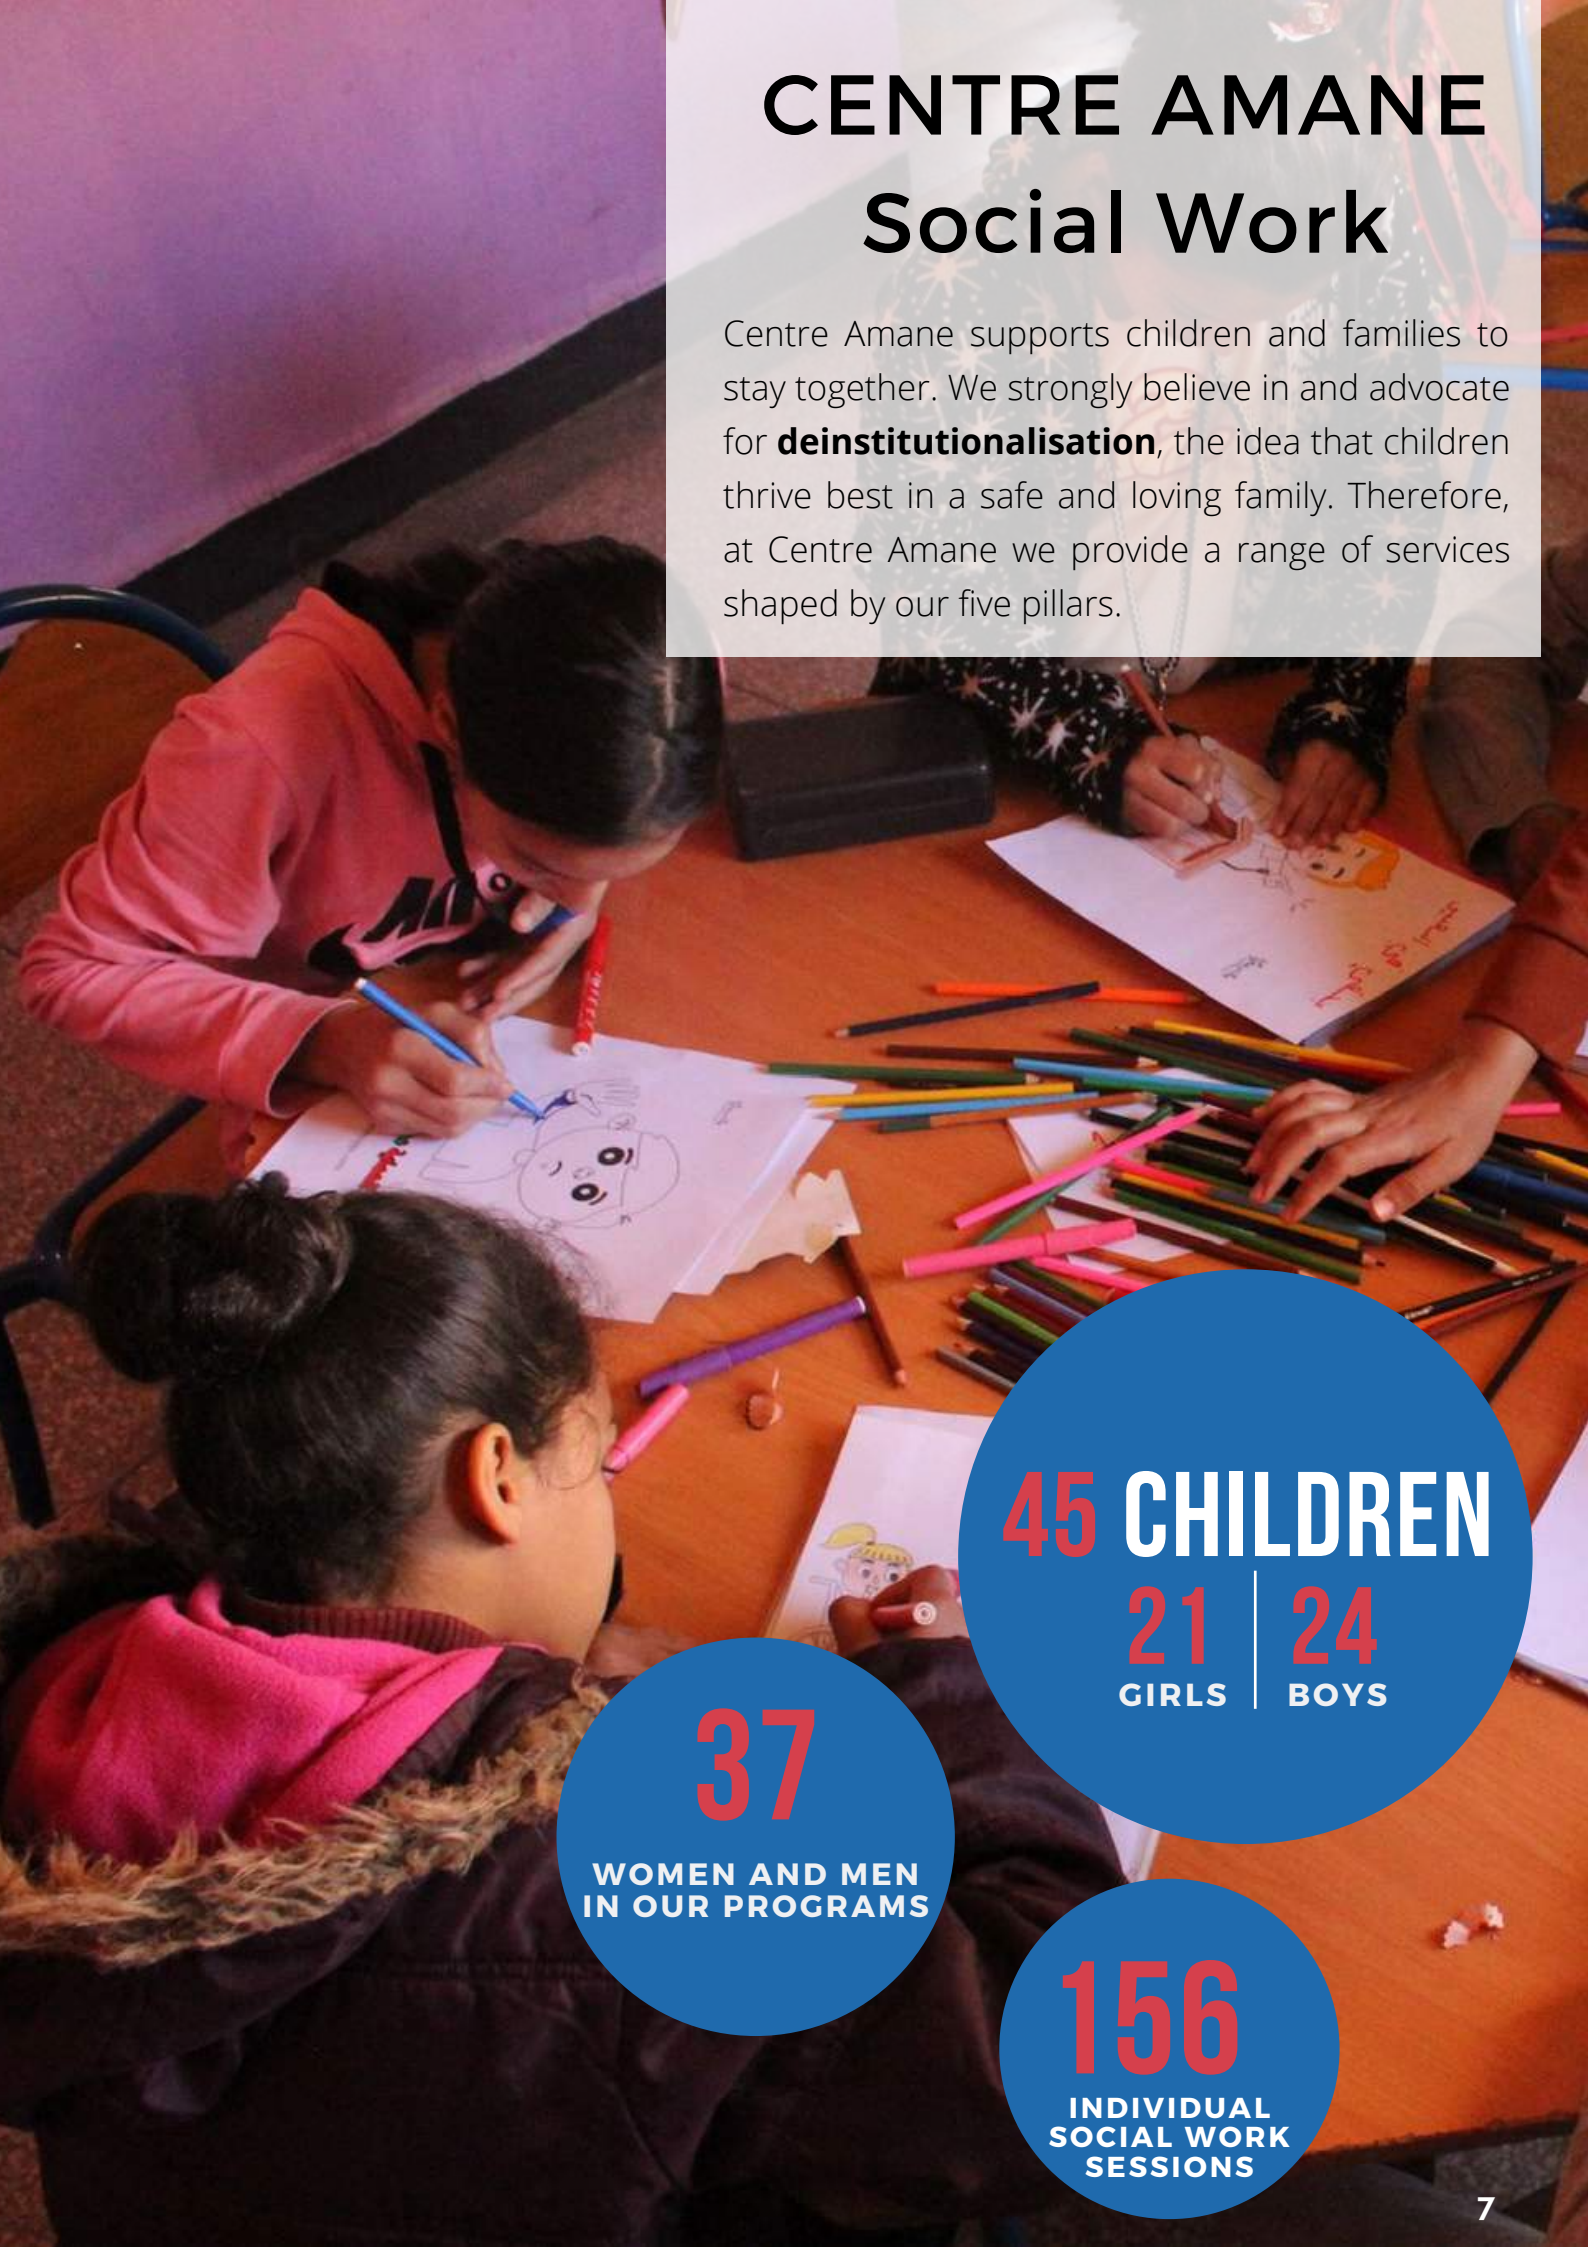
CENTRE AMANE
Social Work

Centre Amane supports children and families to stay together. We strongly believe in and advocate for **deinstitutionalisation**, the idea that children thrive best in a safe and loving family. Therefore, at Centre Amane we provide a range of services shaped by our five pillars.



Our Approach

The Five Pillars

Our social work approach ensures we provide **holistic** social services. We build on the principles of **relational** social work and ensure there are clear **transitions** from our entry points to our exit points. This is framed by being **child-centred** and family-focused and always ensuring to be **professional** in our practice by respecting best practices in child protection regarding confidentiality, transparency, and accountability.

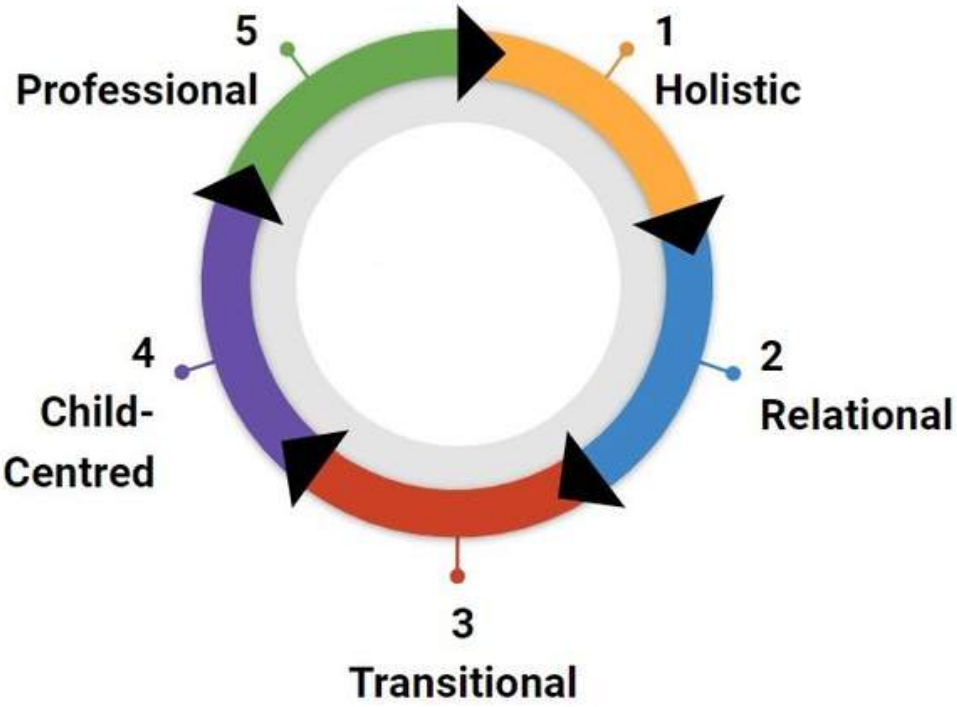
Meets international standards for wellbeing and equality

Following the standards set by the **UN Convention of the Rights of the Child**, MCT adheres to a strict child protection and safeguarding policy. Our social work aligns with the **UN Sustainable Development Goals (SDGs)**, most notably in promoting health and wellbeing, quality education, and gender equality.

Sustainability and Collaboration

We innovate and **advocate** for lasting change towards a child protection system that will impact on future generations. The voices of children, families, and all staff members are integral to our work and the heart of our programmes which are **participatory** and strive for evidence-based action.

The Five Pillars



What Sustainable Development Goals do we focus on?

Participatory Women's Group

Participatory women's groups foster **positive parenting practices** and reduce rates of child abuse, neglect and abandonment. The Participatory Women's Group provides a **safe space** for those who face stigmatisation and ostracisation in the community.

17
REGULAR PARTICIPANTS

Support to Access Health Services

The first stage in the health support service offered by Centre Amane entails ensuring children and families are insured through the free national government health insurer RAMED. When children and families are insured they are able to receive free or heavily subsidised healthcare.

113
VISITS TO HEALTH SERVICES

School Support & Activities

Social Integration

Our social workers **liaise with teachers** to support children in their schooling. We also integrate children into **extracurricular activities with local associations**, such as the youth centre *Dar Shabab*.

127
MEETINGS WITH TEACHERS AND COACHES

A Women's Group Case Study: Hakima

Hakima moved to Taroudant from her rural village when she became pregnant. She was estranged from her family because of the stigma attached to being a single mother. With few connections and speaking only Tacelḥit, the only work available to her was in taboo areas. She began to use illicit substances and was aggressive to those around her. Hakima's child was malnourished and was often left alone on the streets.

Our Women's Group enabled Hakima to gain autonomy over her life. When Hakima and her daughter were integrated into Centre Amane, their social work plan included one-to-one social work and psychologist sessions, and Hakima joined the Participatory Women's Group. Hakima was initially very defensive and aggressive toward the other women, but thanks to the understanding of her peers in the Women's Group, Hakima gradually began to participate more in the group. She had the opportunity to discuss subjects such as sex education, developing skills, confidence and parenting methods.

Today, Hakima has stopped using illicit substances and has a stable income. Hakima has a better understanding of how to care for her children by preparing healthy meals and taking them for regular medical check-ups. She also draws on Centre Amane's subsidised access to childcare whilst she is at work.

Street Work

Advocacy and outreach are **essential** to conducting the services of Centre Amane. They raise awareness of our services to other child protection professionals and general community members, including street-connected children and their families. This is vital for our referral system and allows effective collaboration to support plans that take advantage of the formal and informal sectors of the **child protection system in Taroudant.**

Meetings with Local Actors

We conducted 487 meetings with local actors in 2021. While **teachers and school directors** make up the largest number of meetings, we also met with **the authorities, tribunals, other local associations, and the general community.**

Street Work

Once lockdown restrictions were lifted, we were able to go back to running patrols with additional patrols conducted with the Ministry for Labour and Professional integration, to identify cases of child labour in Taroudant. In 2021, we conducted **115 patrols**.

Referrals

In 2021, we processed 194 referrals. Most referrals come from **community members** or **walk-ins**. This shows us that our outreach efforts are making an important impact on the community. Significantly, many of these referrals were a direct result of the community link created through the Participatory Women's Group activities.

487

MEETINGS WITH LOCAL ACTORS

115

STREET PATROLS

232

REFERRALS RECEIVED

Civil Registration & Legal Aid

The lack of an official identity card affects almost every aspect of the lives of unregistered Moroccan children. They are assigned to a lifetime of **secondary citizenship** and are unable to access social services to which they should be entitled by birth. At Centre Amane, the process of ID Registration has become part of **our core social work practice** which supports the reintegration of families into society.

An ID case study: Zeina

When the COVID-19 pandemic first began, Zeina and her husband Mourad found themselves struggling to support their family financially. As Zeina's birth was never registered, she had no ID documents and had been unable to register the birth of her children. Without ID documents they were unable to access government services. No ID also meant that Zeina was unable to enrol her children at school.

Zeina was referred to Centre Amane by a friend, and we appointed a social worker specialising in ID registration to work with the family. He supported Zeina in gathering the necessary legal documents and submitting the request for ID papers for herself and her children. This included gathering a comprehensive family history and visiting the hospitals where Zeina, her parents and her children were born to file for birth certificates.

In 2021, Zeina and her children received their ID papers and the children were able to resume their schooling.

ID CASES

WORKED WITH IN 2021

Vivre en Famille

In 2021, FAPE's ongoing project funded by the French Embassy, Vivre en Famille, continued to work with families and local stakeholders to raise awareness of the social services available in Taroudant. We led a series of workshops with local service providers on collaboration for child safeguarding.

Social Work Project with the Social Ministry

In 2021 MCT and FAPE launched a project with the Ministry of Solidarity, Women, Family and Social Development of Morocco. The project works alongside the services provided by Centre Amane, focusing particularly on cases of child street-connection and single mothers.

4

TRAINING SESSIONS WITH LOCAL ACTORS

6

WORKSHOPS IN SCHOOLS

CASE STUDY:
RAHMA

Rahma was in an abusive marriage with a husband who was not contributing to the family. Rahma found it difficult to raise her three children with no support, and as such they were often left alone or on the street. The children were struggling at school and were living in an abusive home where they felt unloved and undervalued.

Our work with Rahma consisted of providing her and her family with social work support. Rahma was integrated into the women's group, and her children began to attend school support sessions and extra-curricular activities at Centre Amane. The close-knit community that Rahma found at Centre Amane provided the support that she needed to be able to leave the abusive relationship. We supported Rahma in establishing her own business, a small breakfast café, which has been very successful and now provides her and her family with a stable income. With tutoring at Centre Amane, Rahma's children have begun to enjoyschool and achievegood grades.

Protecting Children from the Dangers of Child Labour

In collaboration with the Ministry of Labour & Professional Integration, this programme aimed to prevent child labour in Taroudant. We conducted workshops at local schools, and with parent associations and local union members. We also created a steering committee of local stakeholders. We also joined the labour minister on their weekly patrols, and children identified were integrated into Centre Amane's referral system.

CASE STUDY: HAMZA

Hamza, aged 12, was identified during one of our patrols working at a mechanics garage. Following a series of visits and conversations, our social worker approached Hamza and his family. Through our collaborative agreement with the Ministry of Labour and Professional Integration, we opened an investigation into the case. This initial investigation revealed that Hamza's parents were not his biological parents and that they had pushed him into work to contribute to the family income.

Once integrated into Centre Amane, our social work team worked with Hamza, his family and his employer to enable Hamza to return to school. The outcomes of this intervention were a programme to develop Hamza's employer's awareness of child labour and the termination of Hamza's employment at the garage. With the support of social workers, Hamza was reintegrated into school. This was achieved by our team of social workers working with Hamza's family to support both the mother and father to find stable work and incomes.

Hamza is now working hard at school and receives support from Centre Amane's tutoring service. He also has been integrated into the extra-curricular sports classes provided by Centre Amane

Foster Care

FAPE's foster care programme provides a family-based alternative care solution for children who would otherwise be placed in institutional care. Within a family environment, we are able to ensure that our foster children can access health care, psychological support and education. The foster care programme is made possible thanks to our sponsorship programme and our monthly sponsors, who are committed to giving the gift of a loving home that every child deserves.

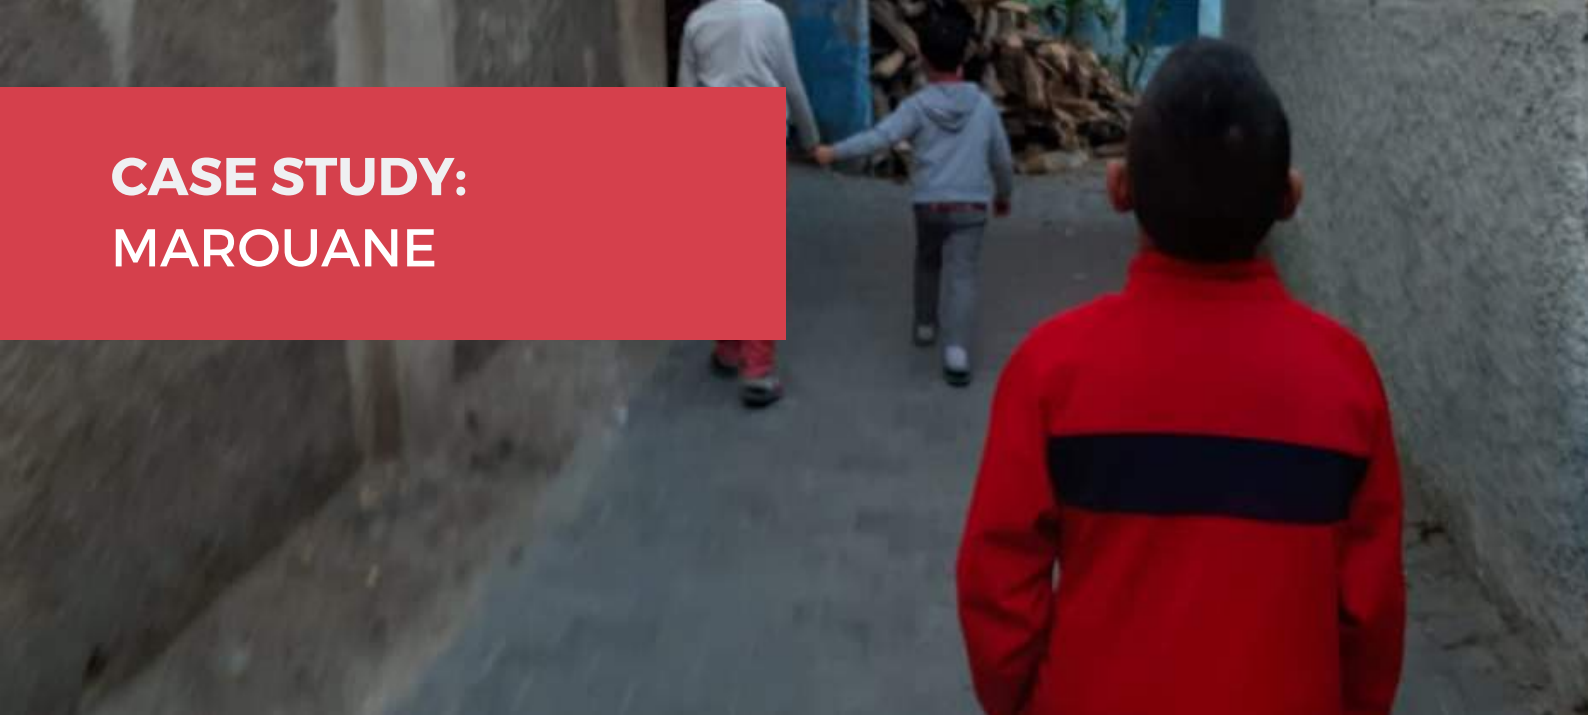
PROVIDING CHILDREN WITH A LOVING HOME



CASE STUDY: MAROUANE

Marouane entered our foster care programme in 2021. After living in an institution for many years, our social work team carried out a needs assessment to ensure that he would be provided with the appropriate support to grow and thrive in a foster family.

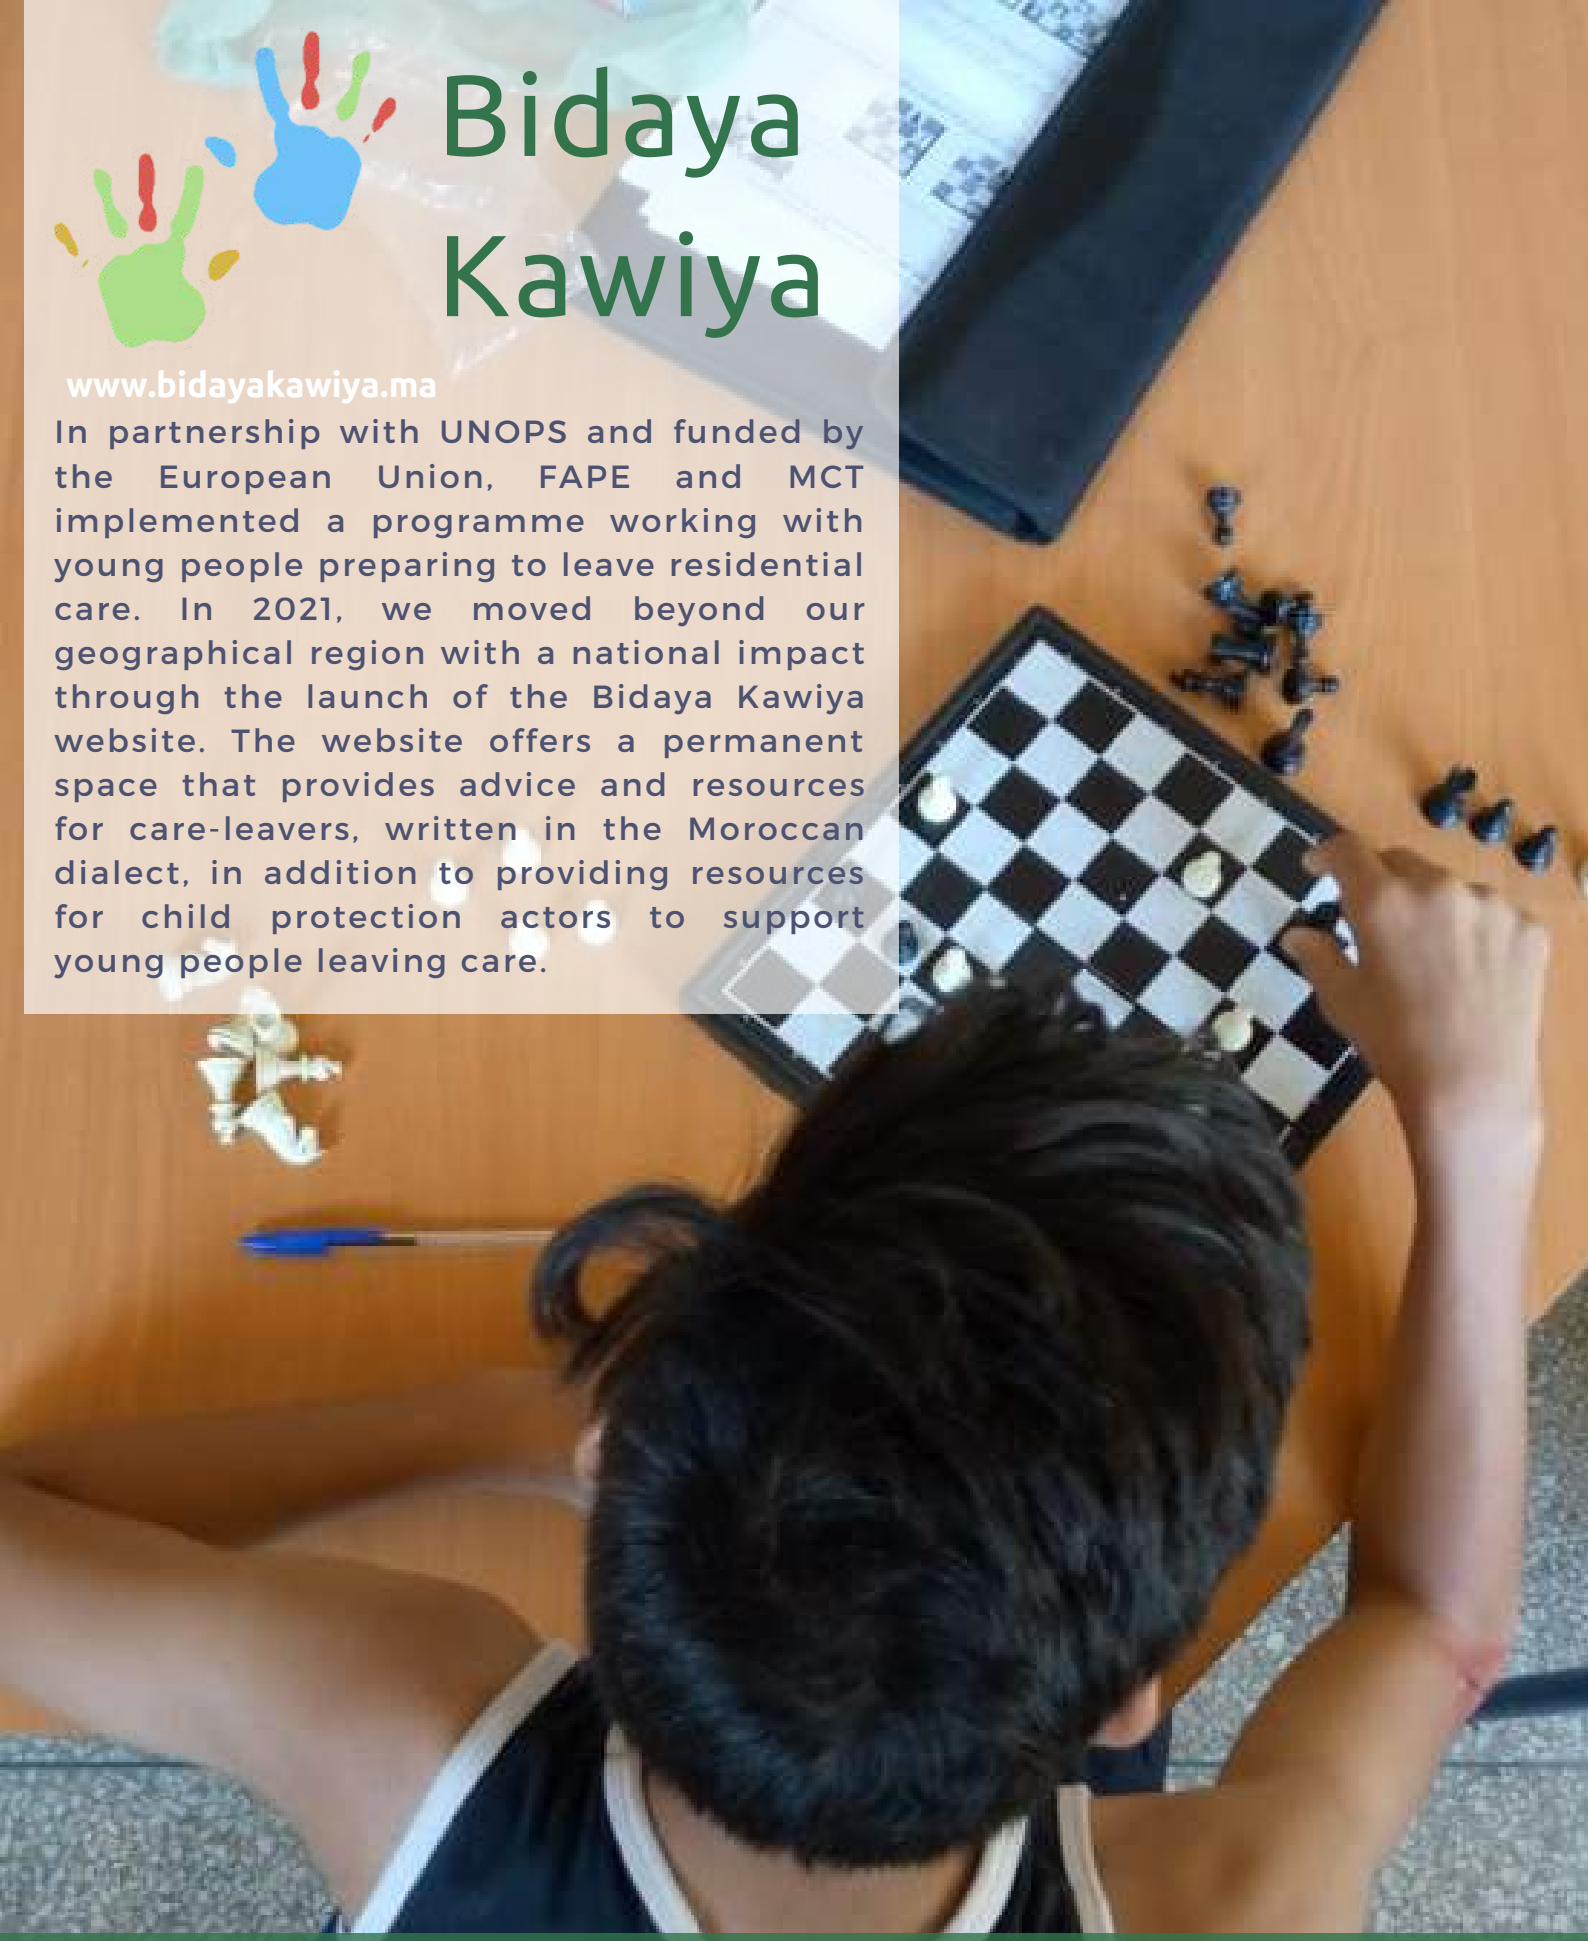
Oncewe were ableto identify Marouane's needs, he was matched and placed with a foster family. After successful placement into his new family environment, we were able to identify Marouane's needs further, notably in education. We found that Marouane struggled in school, which is not uncommon for children living in institutions. The social worker also noticed that Marouane struggled with his speech, further impacting his ability to read and write. In response, we sought support from a speech therapist, and Marouane began weekly sessions. Marouane was diagnosed with dyslexia. This allowed us to create targeted learning plans in collaboration with his foster parents and teachers to ensure Marouane's specific educational needs could be met.

Our foster care programme provided an opportunity for Marouane to receive learning support in a stable and loving family environment, something that would not have been possible otherwise for a child living in an institution.

Bidaya Kawiya

www.bidayakawiya.ma

In partnership with UNOPS and funded by the European Union, FAPE and MCT implemented a programme working with young people preparing to leave residential care. In 2021, we moved beyond our geographical region with a national impact through the launch of the Bidaya Kawiya website. The website offers a permanent space that provides advice and resources for care-leavers, written in the Moroccan dialect, in addition to providing resources for child protection actors to support young people leaving care.



750,000
VIEWS ON VIDEO CAMPAIGN

20%
POST-CLICK RATE FROM SMS CAMPAIGN

2000
PROFESSIONALS TARGETED

To ensure long-term sustainability, we launched the Bidaya Kawiya website;
www.bidayakawiya.ma

The Bidaya Kawiya website is the first Arabic language website for care leavers to access resources and advice on life skills, such as time management, foodshopping, cleaning a house, accessing health care, renting, finding a job, building and maintaining relationships.

Raising Awareness

To launch the website and raise awareness of the experiences of care leavers we developed a social media video campaign across Facebook and YouTube. Our video campaign consisted of three videos targeting:

General Public - We've all been there, now imagine doing it alone

Care Leavers - Having a plan and a route

Professionals - Supporting care leavers

The Way: Towards Hope and Employment for Women and Youth

In 2020, FAPE and MCT began The Way project with the Middle East Partnership Initiative (MEPI). This programme provides women in Souss-Massa with the social support required to access training and work. Women are given the opportunity to gain the skills needed to support their children and career goals.

27
LIFE SKILLS TRAININGS

CASE STUDY: AMINA

Having fled an abusive marriage, Amina was divorced and living at her parents' house with two young children. Financially dependent on her parents, Amina wanted to become self-sufficient so that she could support her family. Amina felt isolated, alone, and powerless to change her situation.

The Way programme offered Amina a way forward through social work and employment support services, as well as a developing a close-knit community of women with similar life experiences to her own. Amina began a training programme in a hotel school in Agadir, giving her the skills to become a professional chef and a basic understanding of hospitality.

After several months of training, Amina joined an organisation, first as an apprentice and now as a full-time instructor, where she teaches Moroccan and international cooking and pastry-making to more than 20 women. Amina is working hard, determined to provide herself and her children with the opportunity to thrive and be happy.

Koulna Maa Baadna

In 2021 FAPE and MCT launched the Koulna Maa Baadna project, the first mapping of Souss Massa. Funded by the European Union, the project aims to understand the strengths that exist in each community and how to capitalise on those strengths in order to reinforce local capacity. The first year of the project has consisted of our five teams implementing a series of activities in five different provinces across the Souss-Massa region with the goal of identifying and mobilising child protection assets within the community, civil society and government services.

196
ACTIVITIES ACROSS THE REGION

2095
PARTICIPANTS (PROFESSIONALS & COMMUNITY MEMBERS)

1062
CHILDREN PARTICIPATING

In 2021, Koulna Maa Baadna was launched in the five communities of **Biougra, Ouled Teima, Taroudant, Tata and Tiznit.** We identified the ways different professionals from different sectors carry out child protection, but also the ways the general community, children, young people and people with disabilities contribute to the system through the existing formal and informal mechanisms.

We conducted the following activities across the region:

- Workshops and focus groups with frontline workers, managers, government representatives, adults with physical disabilities, lay community members, and youth aged 14-20.
- Interviews with parents and carers of disabled children.
- Community awareness spaces.
- Meetings with government representatives.
- Drawing competition with children ages 6-13.

We used the following methods to map the child protection system in each community:

- Asset-Based Community Development
- Participatory Action Research
- Systems Approach to Child Protection

These methods were applied through different exercises and activities, one of which was a ranking exercise (pictured right), where participants were asked to rank factors that make children feel safe and unsafe within their community.

We also adapted our tools for activities with children by asking them to draw what active citizenship means to them (pictured right). For us, children feeling safe within a community starts with them being able to be active citizens.

In 2022, we are drawing on the results to develop mapping toolkits in Arabic, French and English.

Advocacy & Capacity Building

Mouvement Enfance Maroc

MEM
حركة طفولة المغرب
Mouvement Enfance Maroc

FAPE is a founding member of the **National Mouvement Enfance Maroc,** a network of approximately 200 members working in child protection across the country. During 2021, the collective worked on a report analysing the impact of the COVID-19 pandemic on children in Morocco, due to be published in 2022. Research projects like this are crucial to give child protection actors a greater understanding of the climate within which they are working and the ever-changing needsof the children their servicesprotect.

Réseau de la Promotion des Droits de l'Enfant

We are also the joint founders and leaders of a regional collective – **Le Réseau de la Promotion des Droits de l'Enfant** – consisting of approximately 100 members working with children in the Souss-Massa region. The network serves as an opportunity to raise awareness of good child-protection practices. It encourages these practices in all levels of civil society and the private sector through training sessions and workshops.

الشبكة الجهوية للنهوض بحقوق الطفل

The New Generation of Child Protection Champions

جامعة الأخوين
AL AKHAWAYN UNIVERSITY

FAPE held a two-part seminar series and workshop on Participatory Action Research, the role of academics and Child Protection with students at **Al-Akhawayn University** in Ifrane. Over 150 students participated.

Research
Improving Practices

Strengthening relationships for child protection across the Maghreb: Promoting knowledge-sharing and building capacity for research between the United Kingdom, Morocco, and Tunisia.

Building on our previous GCRF/UKRI funded research – Improving child welfare in southern Morocco: engaging with local families and stakeholders to develop safeguarding and fostering policies (IMPact) – we sought to develop research, strategies, and interventions to respond to child abuse and neglect that can be replicated in Morocco and Tunisia, throughout the Maghreb region, and in other Low- and Middle-Income Countries.

Our research consisted of workshops with women and child protection professionals in Tunisia, (pictured right) with the aim to:

1. Foster knowledge-sharing and relationship-building within the Maghreb
2. Gain an understanding of the key factors that contribute to child abuse, abandonment, and institutionalisation
3. Directly contribute to the development of further projects
4. Build and strengthen innovation capacity

We were also fortunate to be able to host Professor Sana El Mhamdi in Taroudant and learn from her workshop on child safeguarding in Tunisia (pictured below).

Volunteer Project

We host local and international volunteers, experts, researchers and youth to support our programmes and provide valuable international exchange for the children. Many volunteers choose to stay, volunteer again or become part of our larger international team. [VR1] In addition to generously donating their time and skills, all of our volunteers share a common commitment to advocating for social justice and children's rights.

13

INTERNATIONAL VOLUNTEERS

FROM 3 COUNTRIES (BURKINA FASO, FRANCE, UK)

5

LOCAL VOLUNTEERS

Volunteer Project

Asmae Anddam & Soukaina Zinouf both volunteered at Centre Amane, working with the teacher to provide tutoring and extra-curricular activities.

Hajar Kordja has been a volunteer with FAPE for many years now, and donates her time to a range of projects. 2021 has seen Hajjar contributing to the IMPact research project with transcription and translation of qualitative data as well as sitting on the advisory board.

Wafae Garnou started volunteering with FAPE in October 2021. She supported us with our administration and financial reporting.

D'Ici et D'Ailleurs is a French association that organises humanitarian volunteer trips abroad for teachers. During the Summer of 2021, a group of 12 volunteer teachers came to Taroudant and ran a series of summer activities and workshops with the children at Centre Amane

Flora Ouédraogo came to volunteer with FAPE for 6 six months through IBCR (Tthe International Bureau for Children's Children's Rights) to develop our child protection policies.

Ros Spearing is a fundraising specialist who volunteered through MCT, undertaking a target analysis of their fundraising methods to support FAPE.

Thank you to all of our wonderful volunteers!

Our work would not have been possible without your help and support.
We would also like to thank the support of the ***Centre Amane Committee !***

Moroccan Children's Trust

Report of the Trustees
for the year ended 31 August 2021

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 August 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

Independent Examiner's Report to the Trustees of Moroccan Children's Trust

Independent examiner's report to the trustees of Moroccan Children's Trust ('the Company')
I report to the charity trustees on my examination of the accounts of the Company for the year ended 31 August 2021.

Responsibilities and basis of report
As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement
I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The charitable company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 August 2021.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 August 2021 in accordance with Section 476 of the Companies Act 2006.

The trustees acknowledge their responsibilities for

(a) ensuring that the charitable company keeps accounting records that comply with Sections 386 and 387 of the Companies Act 2006 and

(b) preparing financial statements which give a true and fair view of the state of affairs of the charitable company as at the end of each financial year and of its surplus or deficit for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the charitable company.

These financial statements have been prepared in accordance with the provisions applicable to charitable companies subject to the small companies regime.

The financial statements were approved by the Board of Trustees and authorised for issue on ..... 4/4/22 ..... and were signed on its behalf by:

.....
C E Hands - Trustee

1. ACCOUNTING POLICIES

Basis of preparing the financial statements
The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income
All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure
Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Taxation
The charity is exempt from corporation tax on its charitable activities.

Fund accounting
Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

The Volunteer Programme supports people who wish to volunteer for the charity in Morocco. Those individuals make a financial contribution to their living costs and the charity provides board and lodging, and practical support for their volunteering whilst they are in Taroudannt.

Centre Amane is the charities social work centre for children and families in difficult circumstances. This ensures caregivers have the capacity to care for their children independently. They believe in deinstitutionalisation, the idea that children thrive best in safe and loving home- not residential centres. Through gatekeeping practices, they keep families together by providing the support required for them to stay together.

MOROCCAN
CHILDREN'S TRUST

April 2020 -March 2021

Annual Report

TO OUR SUPPORTERS,

Thank you to everyone who has supported us, shared our story on social media, and donated to help protect the lives of vulnerable children and families in Morocco. We are delighted to celebrate our 10-year anniversary and look forward to decades of social work to come.

This year across the world the pandemic has restricted the lives of people around the globe and placed dismaying and often invisible boundaries on our work, our mobility and our social contact. Centre Amane supports many families for whom invisible barriers are an everyday experience, those erected by shame, stigma, violence, or even just the lack of an official document. Whilst our team has faced new challenges as we have learnt to deliver social services at a social distance, the families with whom we work are deeply familiar with isolation and loss.

This year we also reached ten years of Centre Amane providing life-changing social support to children and families in Taroudant. We have seen this extraordinary work joined by a foster family programme, an identity papers programme, and work to support care leavers and women seeking employment, as well as participatory research programmes developed with the support of the European Union and in collaboration with Swansea University.

As the world begins to open up, we also hope to support many more children and families to move past the barriers that have appeared in front of them. It is my privilege to be associated with a team and with work that carry such hope for the future and such an ambitious vision of what kind of change is possible.

With Gratitude,

Moroccan Children's Trust Team

OUR INTERNATIONAL PARTNERS & SUPPORTERS

Thank you to our major funders, supporters, international businesses, and donors who have contributed to our organisation. Because of your generosity we can support the most vulnerable in Morocco.

OUR LOCAL PARTNER

Since 2014, the Moroccan children's trust (MCT) has worked closely with its Moroccan partner, Fondation Amane Pour La Protection de L'Enfance (FAPE). Our unique partnership with FAPE provides Moroccan expertise and knowledge in all of our projects. Together, we share a vision in developing systems to protect children from violence and neglect.

FAPE primarily works from Centre Amane, a social centre in Taroudant. Together, we have gained international and national recognition for our work in child protection. MCT staff along with FAPE social workers implement our projects and commit to the following:

Coordination between public and political bodies in the region with the objective of creating and implementing an effective child protection system.

Advocacy and **awareness raising** both regionally and nationally about issues that lead to marginalisation and social exclusion.

Reinforcement and **mobilisation** of national and international volunteers in support of humanitarian development.

We collaborate with local actors and government leaders in child protection. A **participatory approach** shapes the ways we work with local stakeholders when:

- designing and implementing project ideas; and understanding the needs of children and families,
- gaining support and expertise of local professionals such as judges, lawyers, teachers, and health professionals,
- seeking long-term impact through policy change.

FINANCIAL OVERVIEW

August 2019 - August 2020

TOTAL INCOME: £72,542

TOTAL EXPENSE: £96,018

The Moroccan Children's Trust has a policy on holding reserves.

Below is the total cost associated with running Centre Amane, shared with our in-country partner FAPE. While expenditures exceeded income, MCT's reserves covered the difference.

OUR VISION & MISSION

Our vision is to create a **safe and fulfilling environment** in which vulnerable children are able to **thrive and grow**; a Morocco in which children and families living in poverty or disadvantage can count on effective and appropriate support to help them realise their potential.To achieve this we will continue work in three key areas at the local level: **social work** with vulnerable children and their families; **development of child protection systems** throughout the region; and supporting the **improvement of the national birth registration system**.

Our mission is to support and improve conditions for vulnerable children and their families in Morocco. We draw upon both Moroccan and international expertise in social work, paediatrics, education, safeguarding and children's rights, and our work continues to play an important role in shaping Morocco's newly established child protection system.

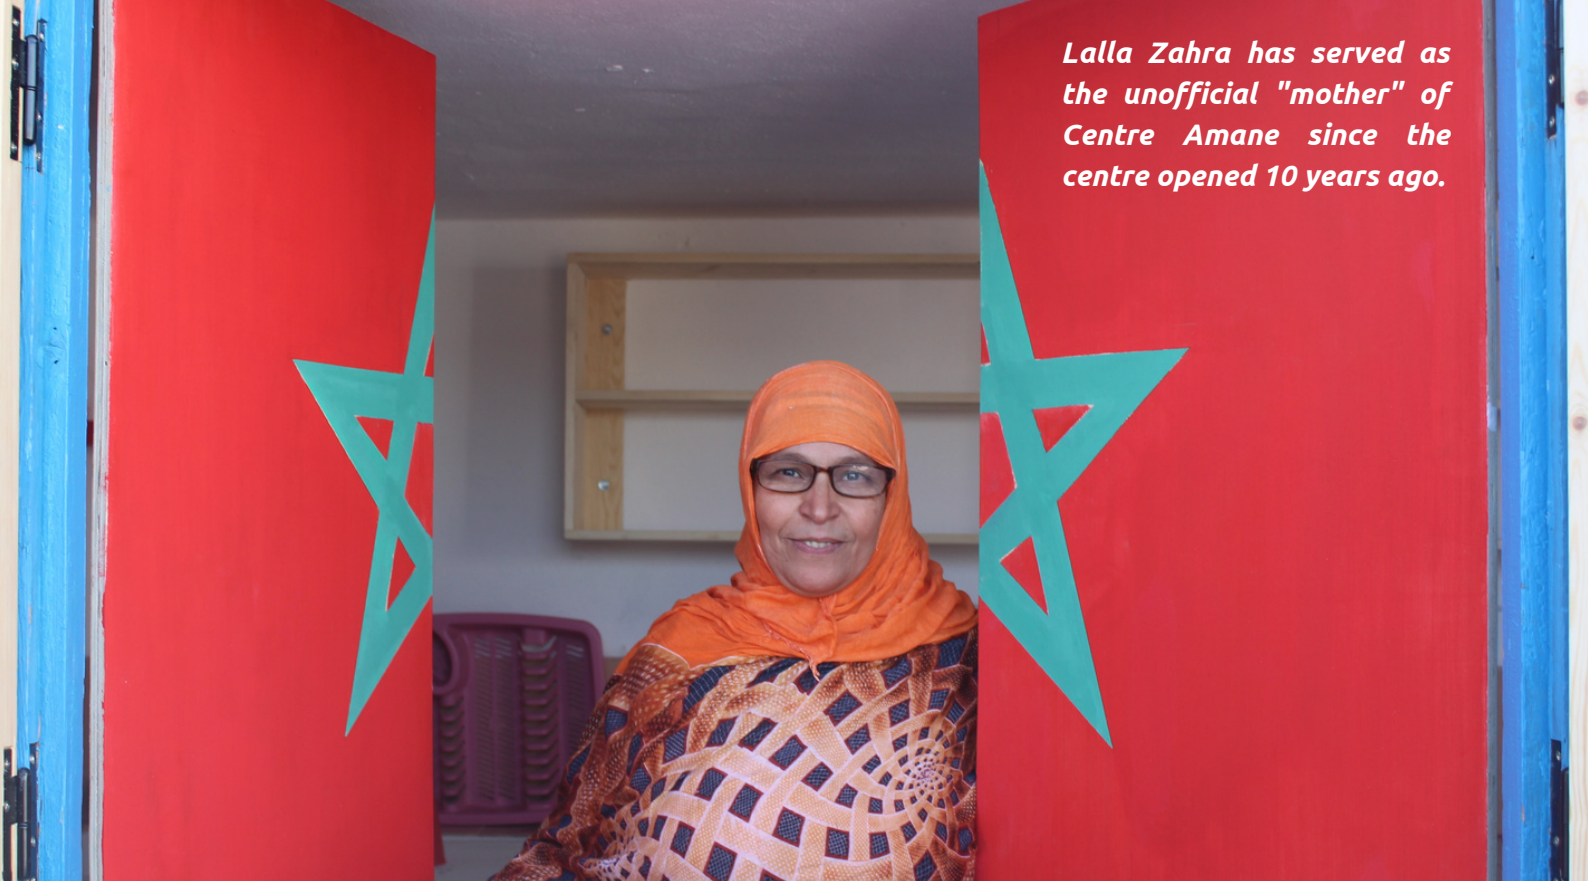
A small British charity that works to uphold and to protect the rights of all Moroccan children

OUR OBJECTIVES

(1) To advance the education of the public in subjects relating to sustainable development and the protection, enhancement and rehabilitation of the environment, and to promote study and research in such subjects provided that the useful results of such study are disseminated to the public at large. Sustainable development means "development" which meets the needs of the present without compromising the ability of future generations to meet their own needs".

(2) To act as a resource for young people up to the age of 25 living in Morocco by providing advice and assistance and organising programmes of physical, educational and other activities as a means of:
(a) advancing in life and helping young people by developing their skills, capacities and capabilities to enable them to participate in society as independent, mature and responsible individuals;
(b) advancing education;
(c) relieving unemployment;
(d) providing recreational and leisure time activity in the interests of social welfare for people living in the area of benefit who have need by reason of their youth, age, infirmity or disability, poverty or social and economic circumstances, with a view to improving the conditions of life of such persons.

(3) To carry out any purpose for the benefit of the public in Morocco which is charitable according to the law of England and Wales, as the trustees in their discretion decide.



Lalla Zahra has served as the unofficial "mother" of Centre Amane since the centre opened 10 years ago.

*"**I will never forget** to what extent my life changed after I worked at Centre Amane. It has become a part of my life. I never imagined that I would have the ability to help others and contribute to other families' successes the way I have been able. I am happy that I belong to such an amazing team that always supports the work I do, and I **am so delighted to serve the children** hoping that my giving will never be drained"*

Capacity Building & Advocacy

CENTRE AMANE
Social Work

MCT supports Centre Amane programmes for children and families in difficult circumstances to ensure caregivers have the capacity to care for their children independently. We believe in **deinstitutionalisation,** the idea that children thrive best in safe and loving homes –not residential centres. Through **safeguarding** practices we keep families together by providing the support required for them to stay together. Therefore, **each case at Centre Amane always involves the whole family.**

INDIVIDUAL SOCIAL WORK SESSIONS

Social Work is...

The Five Pillars

Our social work approach is about ensuring we provide a collection of **holistic** social services. We build on the principals of **relational** social work and ensure there are clear **transitions** from our entry points to our exit points. This is framed by being **child-centred** and family-focused and always ensuring to be **professional** in our practice by respecting best practices in child protection regarding confidentiality, transparency, and accountability.

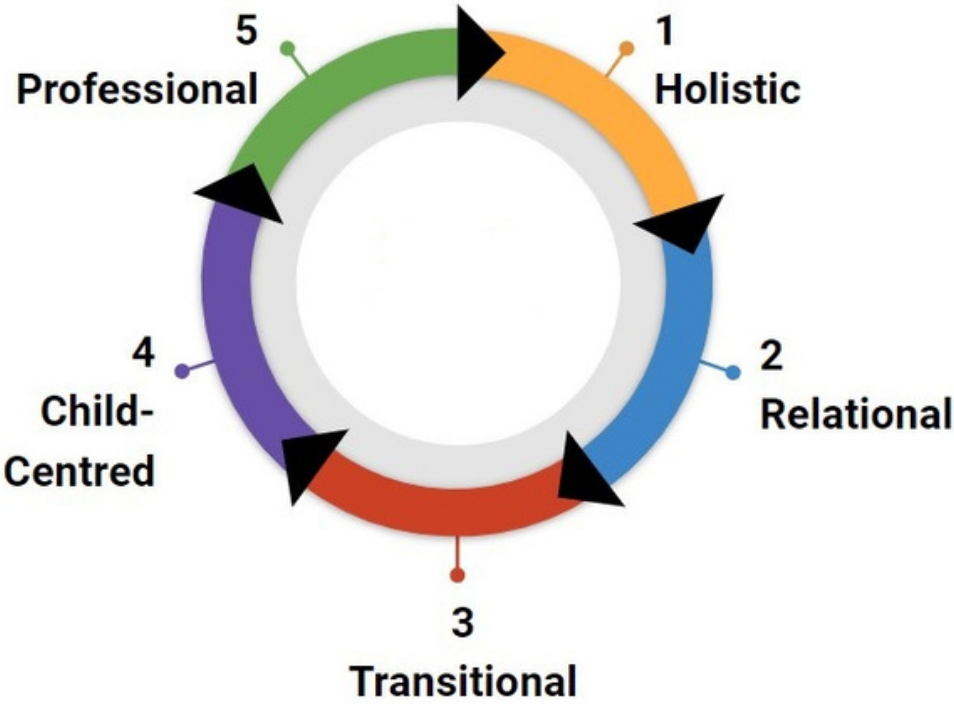
Meets international standards for wellbeing and equality

Following the standards set by the **UN Convention of the Rights of the Child**, MCT adheres to a strict child protection and safeguarding policy. Our social work aligns with the **UN Sustainable Development Goals (SDGs)**, most notably in promoting health and wellbeing, quality education, and gender equality.

Sustainability and Collaboration

We innovate and **advocate** for lasting change towards a child protection system that will impact on future generations. The voices of children, families, and all staff members are integral to our work and the heart of our programmes which are **participatory** and strive for evidence-based action.

The Five Pillars



What Sustainable Development Goals do we focus on?

CASE STUDY:
FATIMA AND MAHA

In 2020, we were able to close a case that we had supported for two years. This family consists of two girls – Fatima, aged 13, and her sister Maha, aged 8 – and their parents.

Initially, both Fatima and Maha were **severely behind in their schooling**. Maha was stuck in the first year of primary school, having repeated the grade three times, and Fatima was at risk of not entering middle school. Additionally, our family assessment found that the parents relationship was unstable.

Over the last two years, we worked with Fatima and Maha at Centre Amane. They regularly attended the centre and received **targeted one-on-one tutoring sessions**.

Both sisters were able to be integrated into judo through **our partnership with the instructor**. We also supported the parents through **individual and family-based therapeutic sessions**. The mother was also able to gain confidence and strategies for dealing with emotional stress in relationships through our **women's group.**

On closing the case we found Fatima and Maha now excel at school. We were able to support both parents to gain employment at the same farm. Working together has helped the parents build their bond and supported the family to gain the financial stability. **Both girls are now able to live in a happy, safe, and supportive family environment.**

Advocacy & Outreach

Advocacy and outreach are **essential** to conduct the services of Centre Amane. They raise awareness of our services to other child protection professionals and to general community members, including street-connected children and their families. This is vital for our referral system and allows effective collaboration to support plans that take advantage of the formal and informal sectors of the **child protection system in Taroudant.**

Meetings with Local Actors

We conducted 629 meetings with local actors in 2020. While **authorities and tribunals** make up the largest number of meetings, also regularly met with **school directors, other local associations, and the general community.**

Street Work

The COVID lockdown limited the ability of Centre Amane staff to conduct street work or patrols. However, between the months of September and March, once lockdown restrictions were lifted, we were able to conduct 56 patrols throughout Taroudant.

Referrals

In 2020, we processed 137 referrals. Most referrals come from **community members** or **walk-ins**. This shows us that our outreach efforts are making an important impact on the community: Significantly, many of these referrals were a direct result of the community link created through the women's group activties.

629

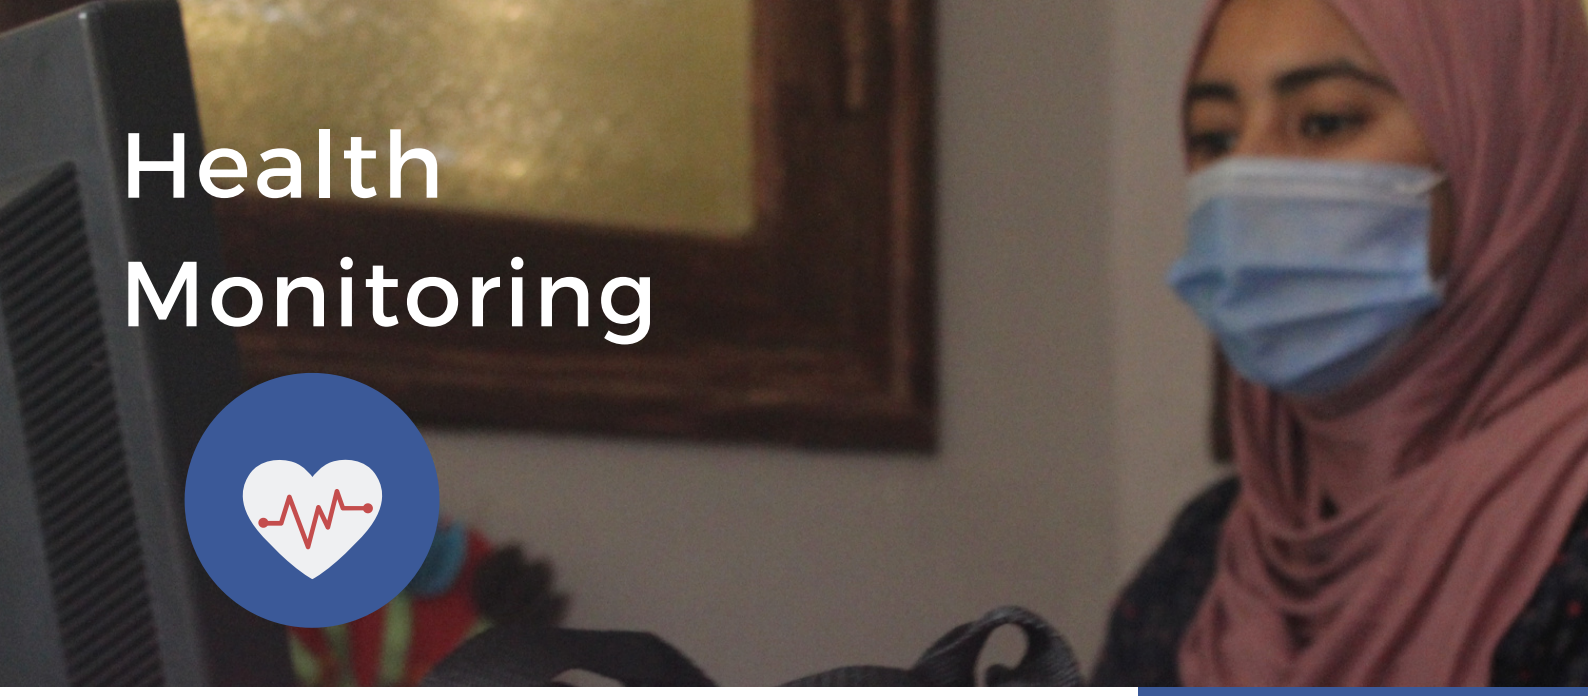
MEETINGS WITH LOCAL ACTORS

52

STREET PATROLS

137

REFERRALS



Health Monitoring

Monitoring the health of all children and families is a major task of Centre Amane. Social workers connect and often accompany children and families to visit medical practitioners. **This was particularly important during COVID-19.** In 2020, due to COVID-19, Centre Amane was forced to close its doors from March until June. While the physical centre was closed, Centre Amane quickly adapted its services to meet the changing needs of children and families during the pandemic.

Our work would not have been possible without the generosity of our funder, Penny Appeal, which allowed us to reallocate our funds, and UNICEF, which awarded FAPE emergency COVID-19 funding that was able to be used to benefit the children and families of Centre Amane.

FOOD BASKETS

Centre Amane provided food baskets to **86 families,** consisting of **344 individuals**, to meet increased food insecurity.

WHATSAPP FORUMS

Social workers provided ongoing support via WhatsApp forums, reaching **71 women and children.**

PPE

209 individuals were provided with personal protective equipment, such as face masks, gloves, and hand sanitizer.

87

FAMILIES TO ACCESS GOVERNMENT SUPPORT

36

FAMILIES PROVIDED RENT ASSISTANCE

39

TABLETS WITH SIM CARDS DISTRIBUTED TO CHILDREN

Women's Support Group

For 10 years Centre Amane has hosted weekly women's support group with mothers of children at the centre. **In 2020, we moved online** and kept a regular forum for our women's support group members and even gaining more.

A Link to the Community

The Women's Group Supporting Referrals

In late February 2020, our social workers approached a group of **street-connected children.** Through our street work activities, they had regularly seen these children playing in the main square of Taroudant. They appeared **malnourished,** and were regularly begging for money or food.

After asking the children and people in the neighbourhood, we were able to contact their mother, Maryam. Maryam was involved in sex work and regularly used illicit substances. She did now want to work with us and was afraid we would report her to the authorities.

Fortunately, **members of the women's group knew the woman**. When Maryam asked them about Centre Amane, they were able to explain the support she could receive and they convinced Maryam to contact the women's group social worker as she was thinking of abandoning her children.

The women's group supported us to perform a complete family assessment of Maryam and her children. We are slowly integrating the mother into the women's group activities, including the WhatsApp forum. Significantly, we are able to keep the children off the street by opening the centre doors to them every day. They now to come to us regularly as they now see it as a **"safe place"** where they can play with other children, eat, shower, and have their health monitored.

WORKSHOPS

(PRE-COVID)

School Support & Activities

Social Integration

T

Our social workers **liaise with teachers** to support children in their schooling. We also integrate children into **extracurricular activities with local associations.** Centre Amane also offers its own range of activities and support services.

Gaining Additional Perspectives

Survey results from Teachers/Children and Coaches/Children

At the end of 2020, social workers conducted surveys with some of the individuals who provide support to the children at Centre Amane: teachers and coaches. Social workers conducted **34 surveys with students and their teachers** and **9 surveys with children and their coaches**.

Children said...

.... that they enjoy going to school and extracurricular activities.

Teachers said...

... students always come prepared with the necessary materials and arrive on time.

... students are well behaved and get along with other students.

Coaches said...

.... doing the surveys improved their relationship with the social worker and made them want to be more involved in supporting the children with Centre Amane.

43

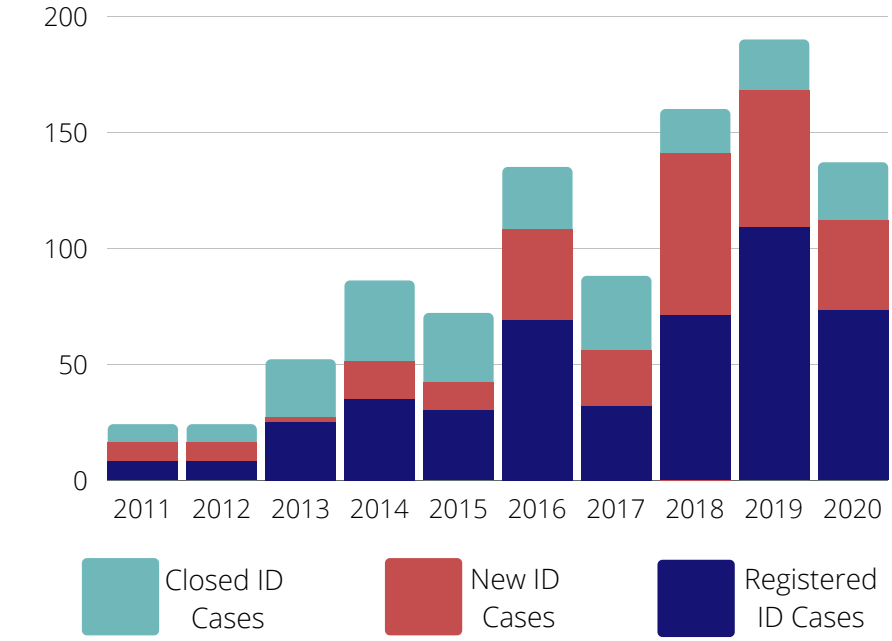
SURVEYS

WITH TEACHERS AND COACHES

National ID Registration & Legal Aid

The lack of an official identity card affects almost every aspect of the lives of unregistered Moroccan children. They are assigned to a lifetime of **secondary citizenship** and unable to access social services to which they should be entitled to by birth. At Centre Amane, the process of ID Registration has become part of **our core social work practice** which supports the reintegration of families into society.

Success over the Years



25

INDIVIDUALS

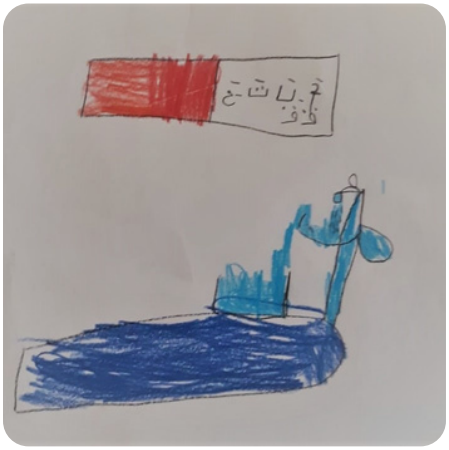
SUCCESSFULLY REGISTERED

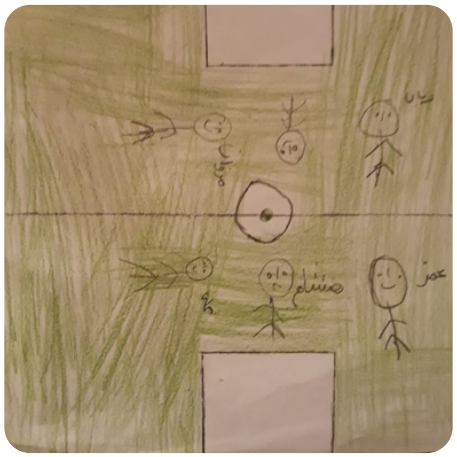
98

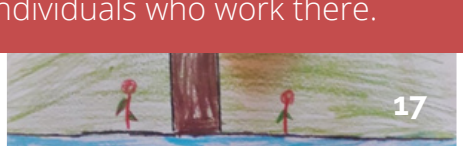
ID CASES

WORKED WITH IN 2020

In 2020, 45% of cases came directly through Centre Amane, 13% from schools, and the remainder from various actors in the child protection sector.

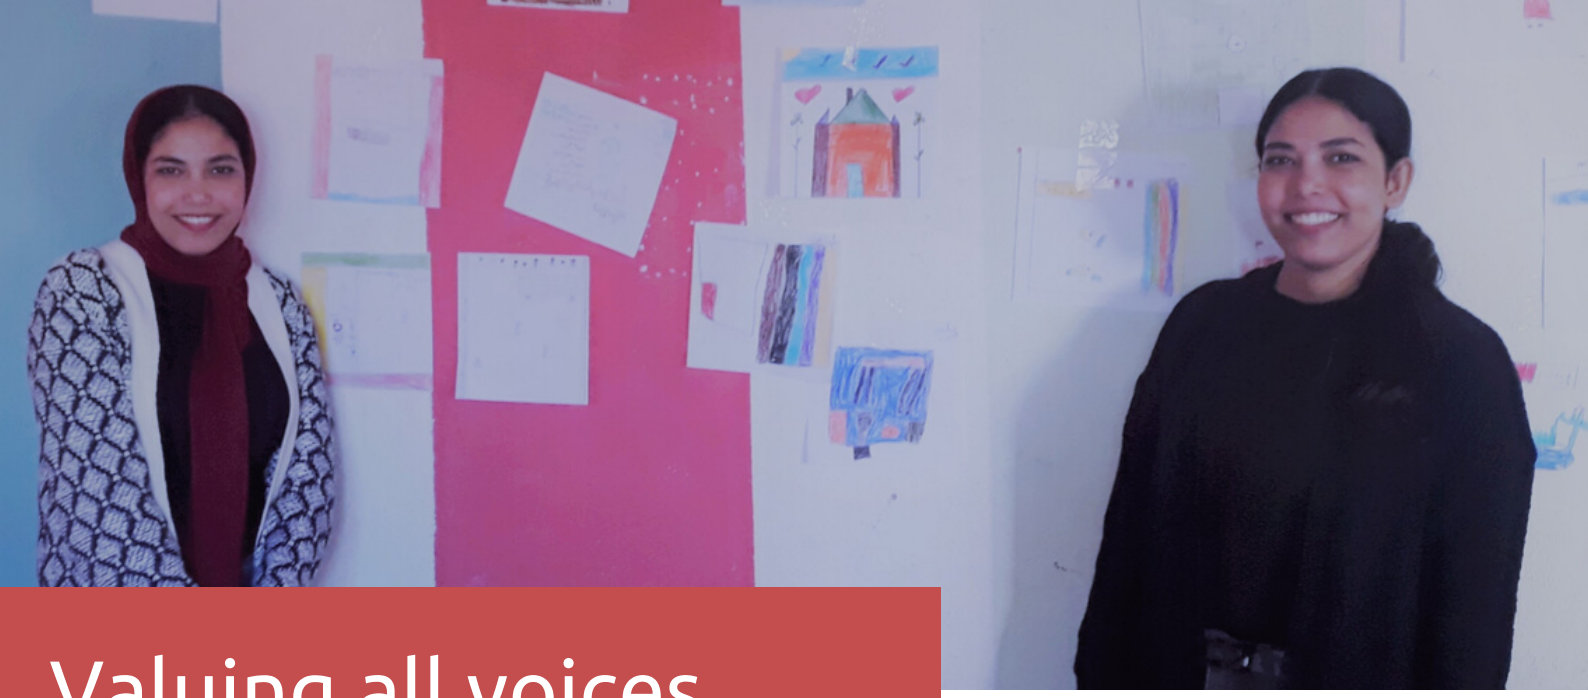






PARTICIPATORY MONITORING AND EVALUATING

Taking a **participatory approach** is about allowing all actors engaged in the services of Centre Amane an equitable role in decision making. This allows us to **continue to better understand** the experiences of the children and families who use Centre Amane and the individuals who work there.



Valuing all voices

When developing the evaluation activities and conducting them, we practice **reflexivity.** This means the evaluation process is one where we acknowledge our position and the way it can shape what children, families, and staff share.

In 2020, children's activities were conducted by volunteers, Fatima-Zahra and Suaad (pictured above), who had informal relationships with children through the activities they had conducted with them throughout the year. Secondly, women's activities were conducted by a social worker for Bidaya Kawiya, a MCT/FAPE project external to Centre Amane. Lastly, our Programmes Officer met WITH each staff member of Centre Amane to gain their individual, anonymised feedback on their programs before having the opportunity to discuss the collection of results as a team.

The evaluation activities consisted of:

- drawing activities with children (<12) at the centre
- 1 focus group with children (>12) at the centre
- 3 focus groups with 15 female caregivers
- 5 full day workshops with all staff

In 2021, we will use the results from our evaluation activities to...

We repainted the Centre Amane premises at the beginning of 2021

Arrange French classes for children who have begUn their schooling in French

Begin literacy and numeracy classes for members of the women's group

Create guidebooks and training materials to better outline the work of Centre Amane

Foster Care

MCT's foster care programme provides a family based alternative care solution for children who would otherwise be placed in institutional care. Within a family environment, we are able to ensure our foster children's access TO health care, psychological support, and education. The foster care programme is made possible thanks to our sponsorship programme and our monthly sponsors who are committed to giving the gift of a loving home that every child deserves.

Alternative Care
Improving Practices

IMPact: Improving child welfare in Southern Morocco: engaging with local families and stakeholders to develop safeguarding and fostering policies

Foster care provision in Morocco remains at low levels. A high number of children are placed in institutional care settings over long periods, which can contribute to poor health and social outcomes for these children. It is estimated that there are over **480,000 children** in institutional care in Morocco (4% (1/25) of all children under 18). Therefore, in partnership with Pr. Helen Snooks, Dr. Ashra Khanoum, and Pr. Anne John from Swansea University and Pr. Mary Elizabeth Rautkis from the University of Pittsburgh we aimed to:

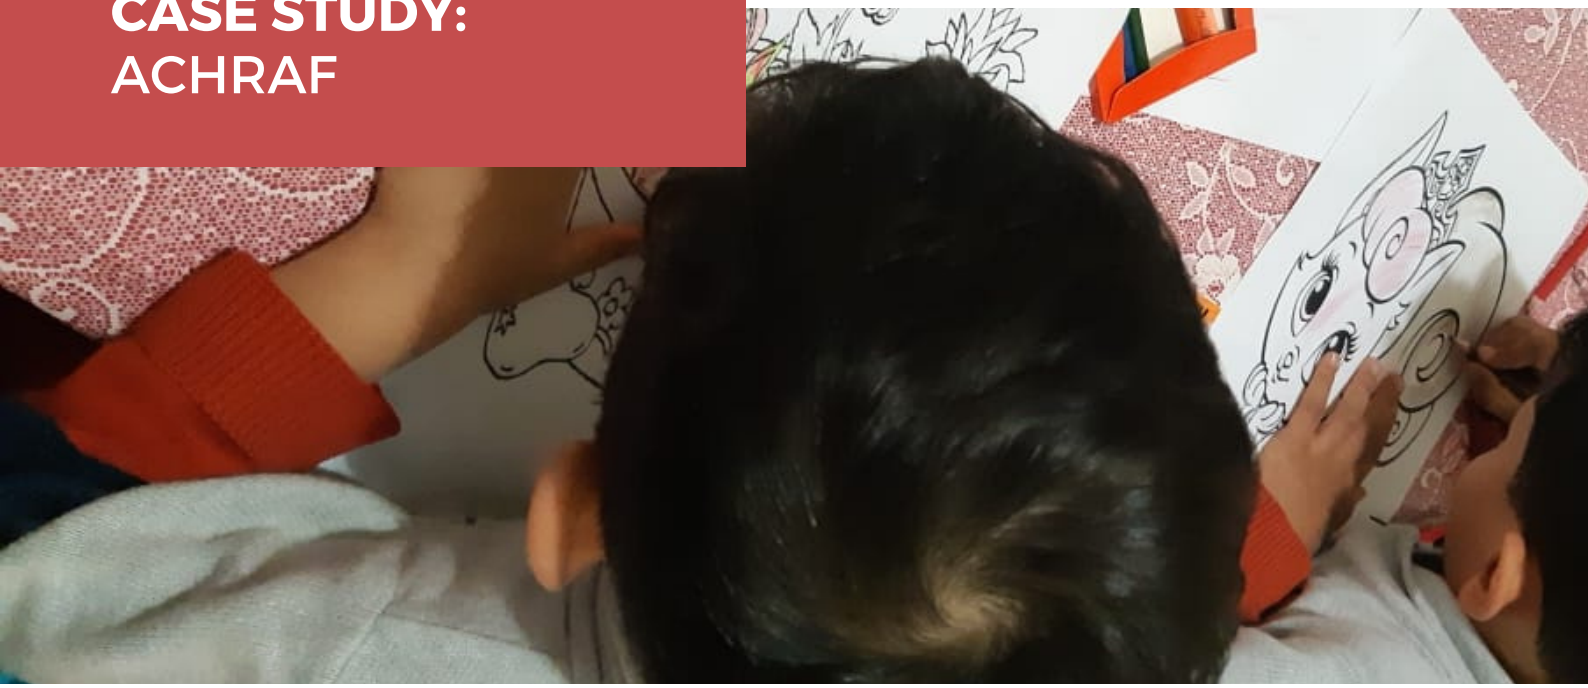
- Identify and co-produce safeguarding policies and protocols for children's services
- Co-produce materials to build family resilience
- Highlight the importance of foster care as an alternative to residential facilities

Communications for Development

In partnership with UNICEF Morocco, we implemented a number of activities aimed at better understanding the perceptions of community members on foster care and how to use the information collected to reinforce our communications strategies targeting family-based alternative care.

- **Focus Groups** with women, men, child protection professionals, religious leaders, and youth in residential facilities.
- **Understand** the perceptions of the community towards foster care, the obstacles / facilitators that exist within the Moroccan social context
- **Recommendations** on how to develop a targeted communications strategy to recruit foster families and strengthen values of family-based alternative care within the community

CASE STUDY:
ACHRAF



In January 2021, we placed a 10 year old boy, Achraf, with his new foster family. This was a wonderful development for Achraf but not without its challenges. Transitioning from institutional care to family-based care can be challenging, and Achraf had a particularly hard time expressing himself in his new placement at first.

To support Achraf's integration in this new environment, his social worker held daily one-on-one support sessions to do activities, work on homework, or just to talk. She simultaneously held weekly check-ins with the foster family to come up with strategies together and ensure they felt equipped to respond to Achraf's individual needs.

In the past few months, Achraf has made incredible progress. He is learning to express himself better with others, and attends after school tutoring to improve his school work. The social worker continues to provide support to Achraf in collaboration with the foster family.

Bidaya Kawiya

www.bidayakawiya.ma

In partnership with UNOPS and funded by the European Union, FAPE and MCT implemented a programme working with young people preparing to leave residential care. We collaborated with local residential institutions to provide care leavers with individual social work support, professional guidance, and life skills training. In 2021, we have moved beyond our geographical region with a national impact through the launch of the Bidaya Kawiya website.

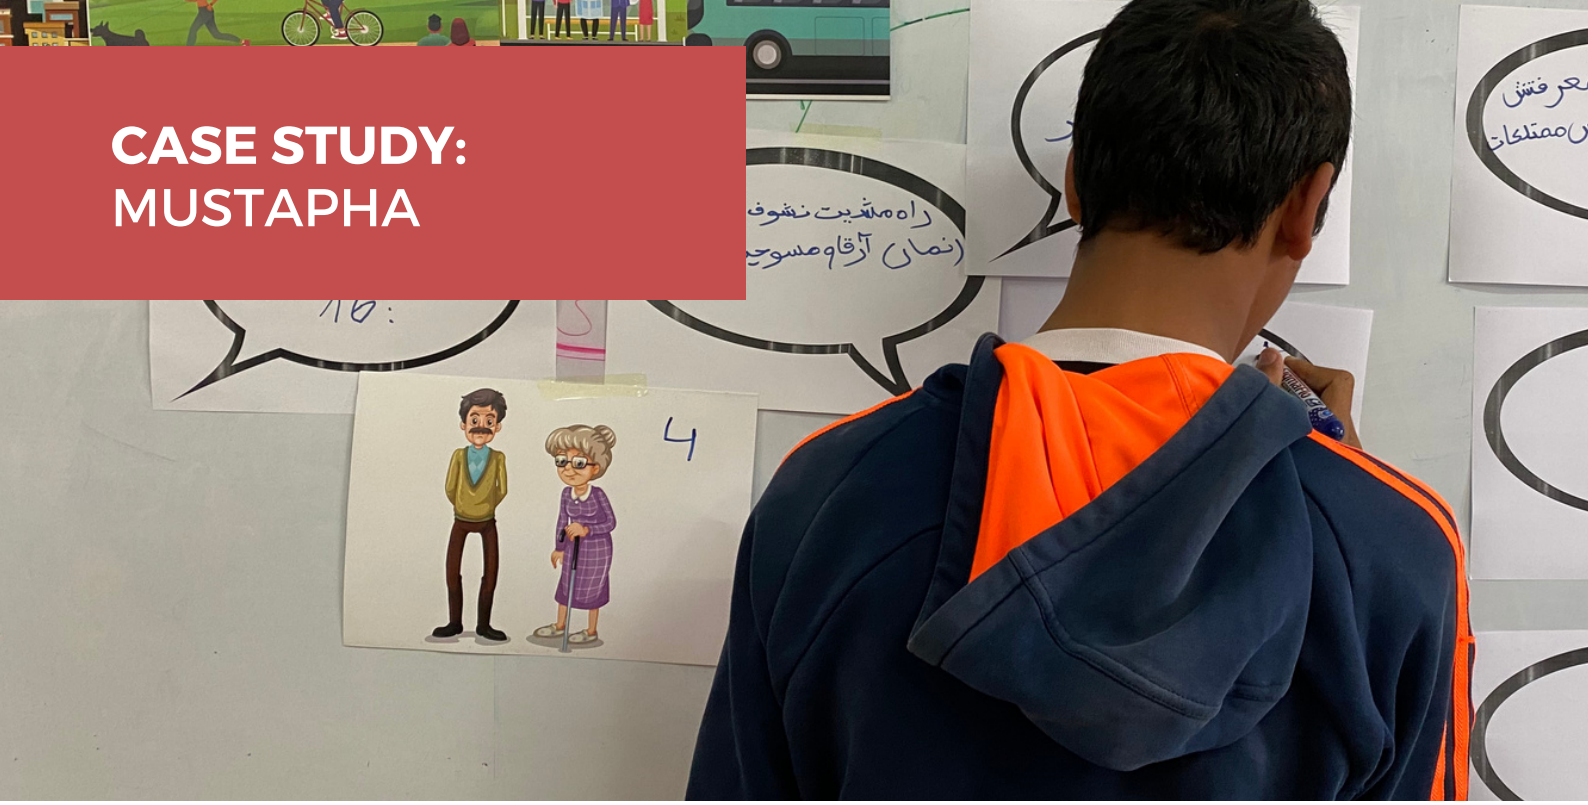
LIFE SKILLS TRAININGS

CASE STUDY: MUSTAPHA



A year away from turning 18 years old, Mustapha had never thought about his future or what it meant to be an "adult". After starting his Pathways with his social worker, he began to think about his future, his passions and his goals. Through the Pathways process, the social worker was able to support Mustapha in his professional goals, integrating him in hairdresser training, which led to an internship and now a full time job.

Mustapha attended all the life skills training, expressing excitement in finally knowing how to open a bank account, wash his clothes, manage his time, find lodging, and more! Mustapha was also able to obtain his national ID card during the programme, a right of passage and an important avenue for him to be an active citizen of his community. In preparation for his 18th year, Mustapha is confidently getting ready to move out of the residential facility and begin living independently.

The Way: Towards hope and employment for Women and Youth

In 2020, FAPE and MCT began project The Way with the Middle East Partnership Initiative (MEPI). This program provides women in Souss-Massa with the social support required to access training and work. Women are provided the opportunity to gain the skills needed to support their children and career goals.

CASE STUDY: KHADIJA

Khadija was a 17 year-old single mother with a child born out of wedlock. She was estranged from her family and was living in a women's refuge. When we connected with Khadija we found she was experiencing difficult working conditions as a house maid. Khadija felt isolated, alone, and powerless to change her situation. She had also not completed her schooling which made it difficult for find to suitable employment. However, Khadija needed her official school certificates to enrol in school and this required her to reconnect with her family.

Our work with Khadija consisted of providing her and her family the opportunity to reconcile and accept Khadija and her daughter into the family. Khadija's family were supportive and we ensured Khadija was able to enrol in school. She is now studying hard, determined to enter university, and provide herself and her daughter with the opportunity to thrive and be happy.

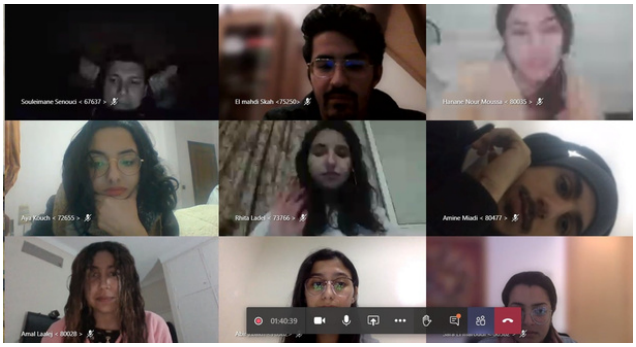
Capacity Building and Advocacy

Psychology of Child Protection

Khalqallah Abdenbi conducted a three part training session in partnership with UNICEF Maroc for child protection actors on working with children and families during the COVID-19 lockdown. Khalqallah is also the resident Psychologist for the Centre Amane team providing supervision as well as ongoing training.

Pr. Abderrahman El Mahi (Ibn Zohr University, Agadir) conducted an 8-part series on High Performance Management for social workers and child protection actors in partnership with UNOPS and the EU in Morocco.

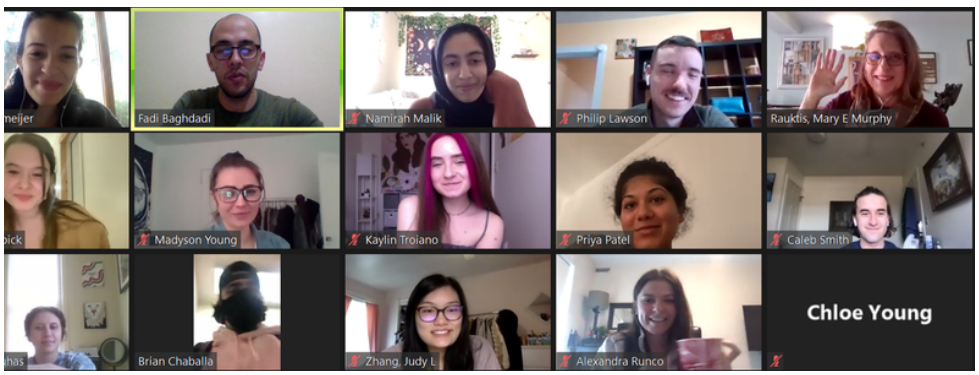
Holistic Relational Social Work



MCT held a 3-part seminar and workshop on active citizenship, community volunteering, and our approach to social work with students at **Al-Akhawayn University** in Ifrane. Over 150 students participated.

جامعة الأخوين
ⵜⴰⵙⴷⴰⵡⵉⵜ ⵏ ⵓⵅⴰⵡⴰⵢⵏ
AL AKHAWAYN UNIVERSITY

MCT was invited to provide a guest lecture to the **University of Pittsburgh School of Social Work**. Students learned about our approach to social work at Centre Amane and ways of adapting global best practices to the Moroccan context.



Fundraising

In 2020, we set a celebratory fundraising goal of £10,000 in recognition of Centre Amane's 10-year anniversary. Amid a global pandemic, our supporters from around the world came together through our virtual events and surpassing our goal and raising over **£14,000! Skokrun bzef** to our family of supporters and corporate sponsors including **Autodesk** who matched contributions.

Virtual Gala

Our inaugural virtual gala was a hit, featuring former volunteers, board members, incredible online auction prizes, and our very own FAPE board member Abdellah Lamine with fellow musicians who made our celebration magical and memorable.

GoFundMe

Throughout the year supporters challenged themselves to a 10-A-Thon, completing 10 hikes, reads, or other "10" themed challenge of choice while raising funds through our gofundme page.

Moroccan Cookbook

Board members, beloved Moroccan caretakers, and volunteers contributed recipes and fond memories to our first-ever digital cookbook. Copies were sold during the holiday season making the perfect gift for those seeking the warm Moroccan sentiment and food in their homes.

Thank you to all of our wonderful volunteers over the last 10 years!

Our work would not have been possible without your help and support.
We would also like to thank the support of the ***Centre Amane Committee*** *!*

Independent Examiner's Report to the Trustees of Moroccan Children's Trust

Independent examiner's report to the trustees of Moroccan Children's Trust ('the Company')
I report to the charity trustees on my examination of the accounts of the Company for the period 1 August 2019 to 31 August 2020.

Responsibilities and basis of report
As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5) (b) of the 2011 Act.

Independent examiner's statement
I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The charitable company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the period ended 31 August 2020.

The members have not required the company to obtain an audit of its financial statements for the period ended 31 August 2020 in accordance with Section 476 of the Companies Act 2006.

The trustees acknowledge their responsibilities for

(a) ensuring that the charitable company keeps accounting records that comply with Sections 386 and 387 of the Companies Act 2006 and

(b) preparing financial statements which give a true and fair view of the state of affairs of the charitable company as at the end of each financial year and of its surplus or deficit for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the charitable company.

These financial statements have been prepared in accordance with the provisions applicable to charitable companies subject to the small companies regime.

The financial statements were approved by the Board of Trustees and authorised for issue on ..16/04/2021..... and were signed on its behalf by:

The notes form part of these financial statements

Notes to the Financial Statements for the period 1 August 2019 to 31 August 2020

1. ACCOUNTING POLICIES

Basis of preparing the financial statements
The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income
All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure
Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Taxation
The charity is exempt from corporation tax on its charitable activities.

Fund accounting
Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

TOTAL FUNDS	57,540	(34,379)	23,161

The Volunteer Programme supports people who wish to volunteer for the charity in Morocco. Those individuals make a financial contribution to their living costs and the charity provides board and lodging, and practical support for their volunteering whilst they are in Taroudannt.

Centre Amane is the charities social work centre for children and families in difficult circumstances. This ensures caregivers have the capacity to care for their children independently. They believe in deinstitutionalisation, the idea that children thrive best in safe and loving home- not residential centres. Through gatekeeping practices, they keep families together by providing the support required for them to stay together.

9. RELATED PARTY DISCLOSURES

There were no related party transactions for the period ended 31 August 2020.

Independent Examiner's Report to the Trustees of Moroccan Children's Trust

Independent examiner's report to the trustees of Moroccan Children's Trust ('the Company')
I report to the charity trustees on my examination of the accounts of the Company for the period 1 August 2019 to 31 August 2020.

Responsibilities and basis of report
As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5) (b) of the 2011 Act.

Independent examiner's statement
I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
