

MOROCCAN
CHILDREN'S TRUST

April 2020 - March 2021

Annual Report

TO OUR SUPPORTERS,

Thank you to everyone who has supported us, shared our story on social media, and donated to help protect the lives of vulnerable children and families in Morocco. We are delighted to celebrate our 10-year anniversary and look forward to decades of social work to come.

This year across the world the pandemic has restricted the lives of people around the globe and placed dismaying and often invisible boundaries on our work, our mobility and our social contact. Centre Amane supports many families for whom invisible barriers are an everyday experience, those erected by shame, stigma, violence, or even just the lack of an official document. Whilst our team has faced new challenges as we have learnt to deliver social services at a social distance, the families with whom we work are deeply familiar with isolation and loss.

This year we also reached ten years of Centre Amane providing life-changing social support to children and families in Taroudant. We have seen this extraordinary work joined by a foster family programme, an identity papers programme, and work to support care leavers and women seeking employment, as well as participatory research programmes developed with the support of the European Union and in collaboration with Swansea University.

As the world begins to open up, we also hope to support many more children and families to move past the barriers that have appeared in front of them. It is my privilege to be associated with a team and with work that carry such hope for the future and such an ambitious vision of what kind of change is possible.

With Gratitude,
Moroccan Children's Trust
Team

OUR INTERNATIONAL PARTNERS & SUPPORTERS

Thank you to our major funders, supporters, international businesses, and donors who have contributed to our organisation. Because of your generosity we can support the most vulnerable in Morocco.

OUR LOCAL PARTNER

Since 2014, the Moroccan children's trust (MCT) has worked closely with its Moroccan partner, Fondation Amane Pour La Protection de L'Enfance (FAPE). Our unique partnership with FAPE provides Moroccan expertise and knowledge in all of our projects. Together, we share a vision in developing systems to protect children from violence and neglect.

FAPE primarily works from Centre Amane, a social centre in Taroudant. Together, we have gained international and national recognition for our work in child protection. MCT staff along with FAPE social workers implement our projects and commit to the following:

Coordination between public and political bodies in the region with the objective of creating and implementing an effective child protection system.

Advocacy and **awareness raising** both regionally and nationally about issues that lead to marginalisation and social exclusion.

Reinforcement and **mobilisation** of national and international volunteers in support of humanitarian development.

We collaborate with local actors and government leaders in child protection. A **participatory approach** shapes the ways we work with local stakeholders when:

- designing and implementing project ideas; and understanding the needs of children and families,
- gaining support and expertise of local professionals such as judges, lawyers, teachers, and health professionals,
- seeking long-term impact through policy change.

FINANCIAL OVERVIEW

August 2019 - August 2020

TOTAL INCOME: £72,542

TOTAL EXPENSE: £96,018

The Moroccan Children's Trust has a policy on holding reserves.

Below is the total cost associated with running Centre Amane, shared with our in-country partner FAPE. While expenditures exceeded income, MCT's reserves covered the difference.

OUR VISION & MISSION

Our vision is to create a **safe and fulfilling environment** in which vulnerable children are able to **thrive and grow**; a Morocco in which children and families living in poverty or disadvantage can count on effective and appropriate support to help them realise their potential. To achieve this we will continue work in three key areas at the local level: **social work** with vulnerable children and their families; **development of child protection systems** throughout the region; and supporting the **improvement of the national birth registration system**.

Our mission is to support and improve conditions for vulnerable children and their families in Morocco. We draw upon both Moroccan and international expertise in social work, paediatrics, education, safeguarding and children's rights, and our work continues to play an important role in shaping Morocco's newly established child protection system.

A small British charity that works to uphold and to protect the rights of all Moroccan children

OUR OBJECTIVES

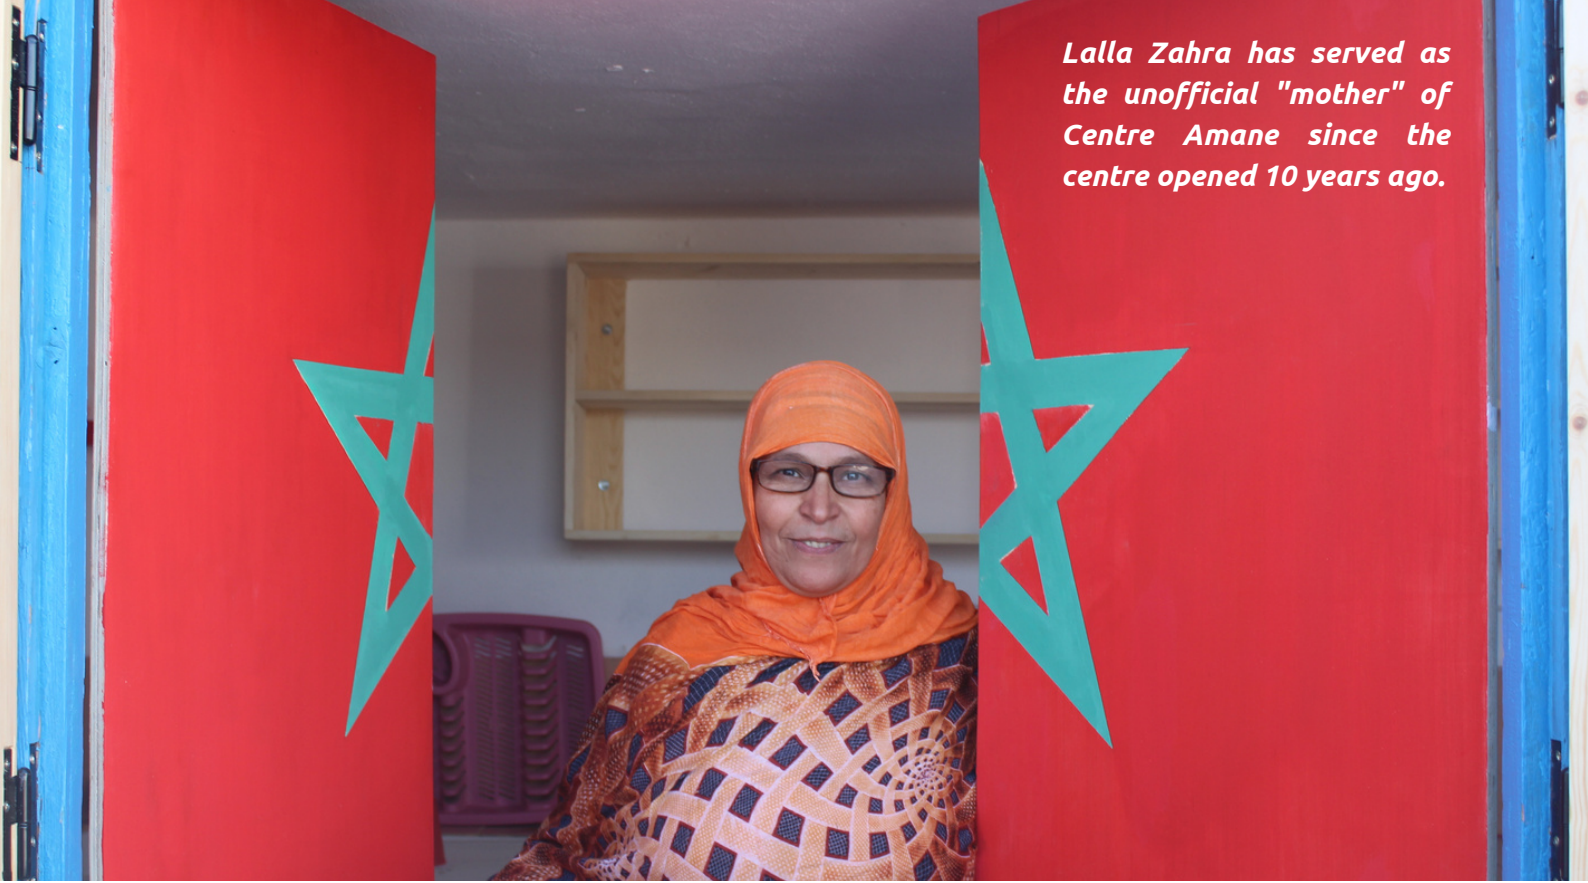

(1) To advance the education of the public in subjects relating to sustainable development and the protection, enhancement and rehabilitation of the environment, and to promote study and research in such subjects provided that the useful results of such study are disseminated to the public at large. Sustainable development means "development" which meets the needs of the present without compromising the ability of future generations to meet their own needs".

(2) To act as a resource for young people up to the age of 25 living in Morocco by providing advice and assistance and organising programmes of physical, educational and other activities as a means of:

- (a) advancing in life and helping young people by developing their skills, capacities and capabilities to enable them to participate in society as independent, mature and responsible individuals;
- (b) advancing education;
- (c) relieving unemployment;
- (d) providing recreational and leisure time activity in the interests

of social welfare for people living in the area of benefit who have need by reason of their youth, age, infirmity or disability, poverty or social and economic circumstances, with a view to improving the conditions of life of such persons.

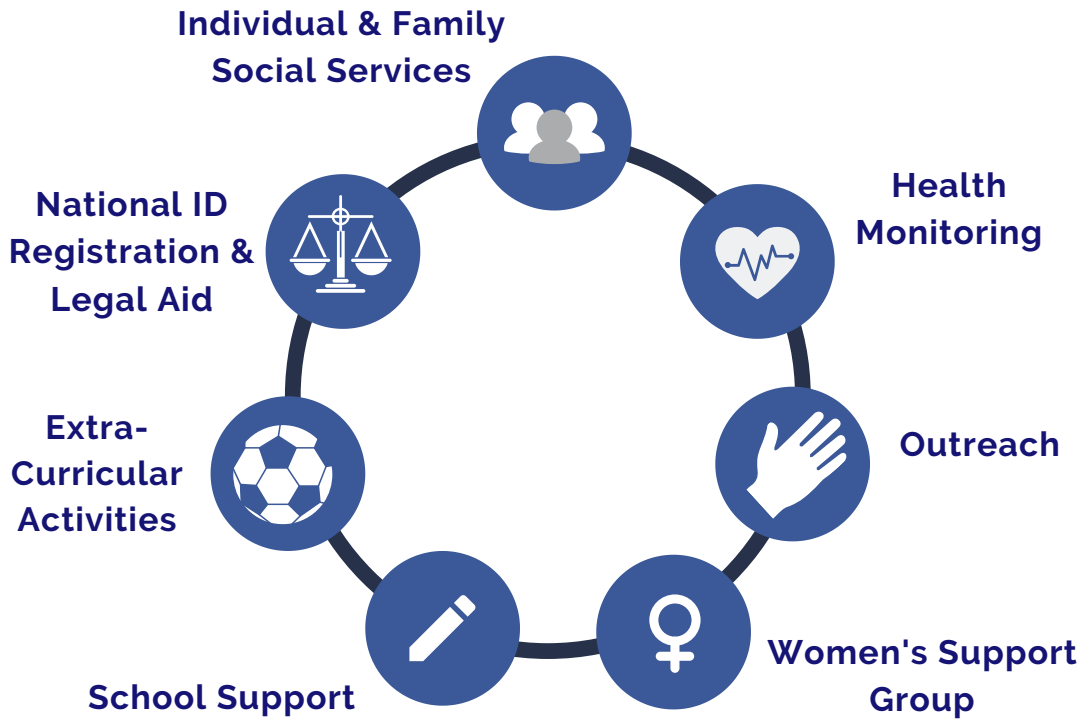

(3) To carry out any purpose for the benefit of the public in Morocco which is charitable according to the law of England and Wales, as the trustees in their discretion decide.

Lalla Zahra has served as the unofficial "mother" of Centre Amane since the centre opened 10 years ago.

*"I will never forget to what extent my life changed after I worked at Centre Amane. It has become a part of my life. I never imagined that I would have the ability to help others and contribute to other families' successes the way I have been able. I am happy that I belong to such an amazing team that always supports the work I do, and I **am so delighted to serve the children** hoping that my giving will never be drained"*

Foster Care

Bidaya Kawiya

The Way

Capacity Building & Advocacy

CENTRE AMANE

Social Work

MCT supports Centre Amane programmes for children and families in difficult circumstances to ensure caregivers have the capacity to care for their children independently. We believe in **deinstitutionalisation**, the idea that children thrive best in safe and loving homes –not residential centres. Through **safeguarding** practices we keep families together by providing the support required for them to stay together. Therefore, **each case at Centre Amane always involves the whole family.**

WOMEN AND MEN
IN OUR PROGRAMS

156

INDIVIDUAL
SOCIAL WORK
SESSIONS

Social Work is...

The Five Pillars

Our social work approach is about ensuring we provide a collection of **holistic** social services. We build on the principals of **relational** social work and ensure there are clear **transitions** from our entry points to our exit points. This is framed by being **child-centred** and family-focused and always ensuring to be **professional** in our practice by respecting best practices in child protection regarding confidentiality, transparency, and accountability.

Meets international standards for wellbeing and equality

Following the standards set by the **UN Convention of the Rights of the Child**, MCT adheres to a strict child protection and safeguarding policy.

Our social work aligns with the **UN Sustainable Development Goals (SDGs)**, most notably in promoting health and wellbeing, quality education, and gender equality.

Sustainability and Collaboration

We innovate and **advocate** for lasting change towards a child protection system that will impact on future generations. The voices of children, families, and all staff members are integral to our work and the heart of our programmes which are **participatory** and strive for evidence-based action.

The Five Pillars

What Sustainable Development Goals do we focus on?

CASE STUDY: FATIMA AND MAHA

In 2020, we were able to close a case that we had supported for two years. This family consists of two girls – Fatima, aged 13, and her sister Maha, aged 8 – and their parents.

Initially, both Fatima and Maha were **severely behind in their schooling**. Maha was stuck in the first year of primary school, having repeated the grade three times, and Fatima was at risk of not entering middle school. Additionally, our family assessment found that the parents relationship was unstable.

Over the last two years, we worked with Fatima and Maha at Centre Amane. They regularly attended the centre and received **targeted one-on-one tutoring sessions**.

Both sisters were able to be integrated into judo through **our partnership with the instructor**. We also supported the parents through **individual and family-based therapeutic sessions**. The mother was also able to gain confidence and strategies for dealing with emotional stress in relationships through our **women's group**.

On closing the case we found Fatima and Maha now excel at school. We were able to support both parents to gain employment at the same farm. Working together has helped the parents build their bond and supported the family to gain the financial stability. **Both girls are now able to live in a happy, safe, and supportive family environment.**

Advocacy & Outreach

Advocacy and outreach are **essential** to conduct the services of Centre Amane. They raise awareness of our services to other child protection professionals and to general community members, including street-connected children and their families. This is vital for our referral system and allows effective collaboration to support plans that take advantage of the formal and informal sectors of the **child protection system in Taroudant**.

Meetings with Local Actors

We conducted 629 meetings with local actors in 2020. While **authorities and tribunals** make up the largest number of meetings, also regularly met with **school directors, other local associations, and the general community**.

Street Work

The COVID lockdown limited the ability of Centre Amane staff to conduct street work or patrols. However, between the months of September and March, once lockdown restrictions were lifted, we were able to conduct 56 patrols throughout Taroudant.

Referrals

In 2020, we processed 137 referrals. Most referrals come from **community members** or **walk-ins**. This shows us that our outreach efforts are making an important impact on the community: Significantly, many of these referrals were a direct result of the community link created through the women's group activities.

REFERRALS

Health Monitoring

Monitoring the health of all children and families is a major task of Centre Amane. Social workers connect and often accompany children and families to visit medical practitioners. **This was particularly important during COVID-19.** In 2020, due to COVID-19, Centre Amane was forced to close its doors from March until June. While the physical centre was closed, Centre Amane quickly adapted its services to meet the changing needs of children and families during the pandemic.

Our work would not have been possible without the generosity of our funder, Penny Appeal, which allowed us to reallocate our funds, and UNICEF, which awarded FAPE emergency COVID-19 funding that was able to be used to benefit the children and families of Centre Amane.

FOOD BASKETS

Centre Amane provided food baskets to **86 families**, consisting of **344 individuals**, to meet increased food insecurity.

WHATSAPP FORUMS

Social workers provided ongoing support via WhatsApp forums, reaching **71 women and children.**

PPE

209 individuals were provided with personal protective equipment, such as face masks, gloves, and hand sanitizer.

Women's Support Group

For 10 years Centre Amane has hosted weekly women's support group with mothers of children at the centre. **In 2020, we moved online** and kept a regular forum for our women's support group members and even gaining more.

A Link to the Community

The Women's Group Supporting Referrals

In late February 2020, our social workers approached a group of **street-connected children**. Through our street work activities, they had regularly seen these children playing in the main square of Taroudant. They appeared **malnourished**, and were regularly begging for money or food.

After asking the children and people in the neighbourhood, we were able to contact their mother, Maryam. Maryam was involved in sex work and regularly used illicit substances. She did not want to work with us and was afraid we would report her to the authorities.

Fortunately, **members of the women's group knew the woman**. When Maryam asked them about Centre Amane, they were able to explain the support she could receive and they convinced Maryam to contact the women's group social worker as she was thinking of abandoning her children.

The women's group supported us to perform a complete family assessment of Maryam and her children. We are slowly integrating the mother into the women's group activities, including the WhatsApp forum. Significantly, we are able to keep the children off the street by opening the centre doors to them every day. They now come to us regularly as they now see it as a **"safe place"** where they can play with other children, eat, shower, and have their health monitored.

School Support & Activities

Social Integration

T

Our social workers **liaise with teachers** to support children in their schooling. We also integrate children into **extracurricular activities with local associations**. Centre Amane also offers its own range of activities and support services.

Gaining Additional Perspectives

Survey results from Teachers/Children and Coaches/Children

At the end of 2020, social workers conducted surveys with some of the individuals who provide support to the children at Centre Amane: teachers and coaches. Social workers conducted **34 surveys with students and their teachers** and **9 surveys with children and their coaches**.

Children said...

.... that they enjoy going to school and extracurricular activities.

Teachers said...

... students always come prepared with the necessary materials and arrive on time.

... students are well behaved and get along with other students.

Coaches said...

.... doing the surveys improved their relationship with the social worker and made them want to be more involved in supporting the children with Centre Amane.

National ID Registration & Legal Aid

The lack of an official identity card affects almost every aspect of the lives of unregistered Moroccan children. They are assigned to a lifetime of **secondary citizenship** and unable to access social services to which they should be entitled to by birth. At Centre Amane, the process of ID Registration has become part of **our core social work practice** which supports the reintegration of families into society.

Success over the Years

25

**INDIVIDUALS
SUCCESSFULLY

98

**ID CASES
WORKED WITH IN
2020**

In 2020, 45% of cases came directly through Centre Amane, 13% from schools, and the remainder from various actors in the child protection sector.

PARTICIPATORY MONITORING AND EVALUATING

Taking a **participatory approach** is about allowing all actors engaged in the services of Centre Amane an equitable role in decision making. This allows us to **continue to better understand** the experiences of the children and families who use Centre Amane and the individuals who work there.

Valuing all voices

When developing the evaluation activities and conducting them, we practice **reflexivity**. This means the evaluation process is one where we acknowledge our position and the way it can shape what children, families, and staff share.

In 2020, children's activities were conducted by volunteers, Fatima-Zahra and Suaad (pictured above), who had informal relationships with children through the activities they had conducted with them throughout the year. Secondly, women's activities were conducted by a social worker for Bidaya Kawiya, a MCT/FAPE project external to Centre Amane. Lastly, our Programmes Officer met

WITH each staff member of Centre Amane to gain their individual, anonymised feedback on their programs before having the opportunity to discuss the collection of results as a team.

The evaluation activities consisted of:

- drawing activities with children (<12) at the centre
- 1 focus group with children (>12) at the centre
- 3 focus groups with 15 female caregivers
- 5 full day workshops with all staff

In 2021, we will use the results from our evaluation activities to...

We repainted the Centre Amane premises at the beginning of 2021

Begin literacy and numeracy classes for members of the women's group

Arrange French classes for children who have begun their schooling in French

Create guidebooks and training materials to better outline the work of Centre Amane

Foster Care

MCT's foster care programme provides a family based alternative care solution for children who would otherwise be placed in institutional care. Within a family environment, we are able to ensure our foster children's access TO health care, psychological support, and education. The foster care programme is made possible thanks to our sponsorship programme and our monthly sponsors who are committed to giving the gift of a loving home that every child deserves.

Alternative Care

Improving Practices

IMPact: Improving child welfare in Southern Morocco: engaging with local families and stakeholders to develop safeguarding and fostering policies

Foster care provision in Morocco remains at low levels. A high number of children are placed in institutional care settings over long periods, which can contribute to poor health and social outcomes for these children. It is estimated that there are over **480,000 children** in institutional care in Morocco (4% (1/25) of all children under 18). Therefore, in partnership with Pr. Helen Snooks, Dr. Ashra Khanoum, and Pr. Anne John from Swansea University and Pr. Mary Elizabeth Rautkis from the University of Pittsburgh we aimed to:

Identify and co-produce safeguarding policies and protocols for children's services

Co-produce materials to build family resilience

Highlight the importance of foster care as an alternative to residential facilities

Communications for Development

In partnership with UNICEF Morocco, we implemented a number of activities aimed at better understanding the perceptions of community members on foster care and how to use the information collected to reinforce our communications strategies targeting family-based alternative care.

Focus Groups with women, men, child protection professionals, religious leaders, and youth in residential facilities.

Understand the perceptions of the community towards foster care, the obstacles / facilitators that exist within the Moroccan social context

Recommendations on how to develop a targeted communications strategy to recruit foster families and strengthen values of family-based alternative care within the community

CASE STUDY: ACHRAF

In January 2021, we placed a 10 year old boy, Achraf, with his new foster family. This was a wonderful development for Achraf but not without its challenges. Transitioning from institutional care to family-based care can be challenging, and Achraf had a particularly hard time expressing himself in his new placement at first.

To support Achraf's integration in this new environment, his social worker held daily one-on-one support sessions to do activities, work on homework, or just to talk. She simultaneously held weekly check-ins with the foster family to come up with strategies together and ensure they felt equipped to respond to Achraf's individual needs.

In the past few months, Achraf has made incredible progress. He is learning to express himself better with others, and attends after school tutoring to improve his school work. The social worker continues to provide support to Achraf in collaboration with the foster family.

Bidaya Kawiya

www.bidayakawiya.ma

In partnership with UNOPS and funded by the European Union, FAPE and MCT implemented a programme working with young people preparing to leave residential care. We collaborated with local residential institutions to provide care leavers with individual social work support, professional guidance, and life skills training. In 2021, we have moved beyond our geographical region with a national impact through the launch of the Bidaya Kawiya website.

LIFE SKILLS
TRAININGS

CASE STUDY: MUSTAPHA

A year away from turning 18 years old, Mustapha had never thought about his future or what it meant to be an "adult". After starting his Pathways with his social worker, he began to think about his future, his passions and his goals. Through the Pathways process, the social worker was able to support Mustapha in his professional goals, integrating him in hairdresser training, which led to an internship and now a full time job.

Mustapha attended all the life skills training, expressing excitement in finally knowing how to open a bank account, wash his clothes, manage his time, find lodging, and more! Mustapha was also able to obtain his national ID card during the programme, a right of passage and an important avenue for him to be an active citizen of his community. In preparation for his 18th year, Mustapha is confidently getting ready to move out of the residential facility and begin living independently.

The Way: Towards hope and employment for Women and Youth

In 2020, FAPE and MCT began project The Way with the Middle East Partnership Initiative (MEPI). This program provides women in Souss-Massa with the social support required to access training and work. Women are provided the opportunity to gain the skills needed to support their children and career goals.

CASE STUDY: KHADIJA

Khadija was a 17 year-old single mother with a child born out of wedlock. She was estranged from her family and was living in a women's refuge. When we connected with Khadija we found she was experiencing difficult working conditions as a house maid. Khadija felt isolated, alone, and powerless to change her situation. She had also not completed her schooling which made it difficult for find to suitable employment. However, Khadija needed her official school certificates to enrol in school and this required her to reconnect with her family.

Our work with Khadija consisted of providing her and her family the opportunity to reconcile and accept Khadija and her daughter into the family. Khadija's family were supportive and we ensured Khadija was able to enrol in school. She is now studying hard, determined to enter university, and provide herself and her daughter with the opportunity to thrive and be happy.

Capacity Building and Advocacy

Psychology of Child Protection

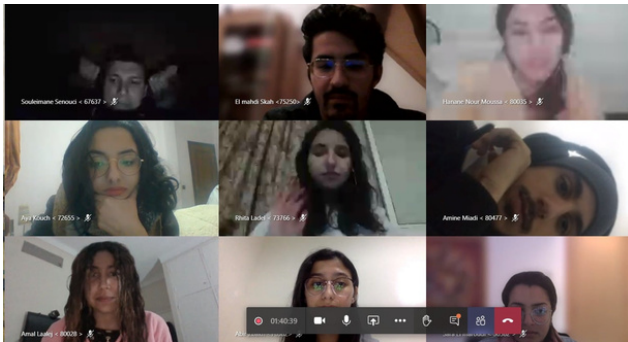

Khalqallah Abdenbi conducted a three part training session in partnership with UNICEF Maroc for child protection actors on working with children and families during the COVID-19 lockdown. Khalqallah is also the resident Psychologist for the Centre Amane team providing supervision as well as ongoing training.

Pr. Abderrahman El Mahi (Ibn Zohr University, Agadir) conducted an 8-part series on High Performance Management for social workers and child protection actors in partnership with UNOPS and the EU in Morocco.

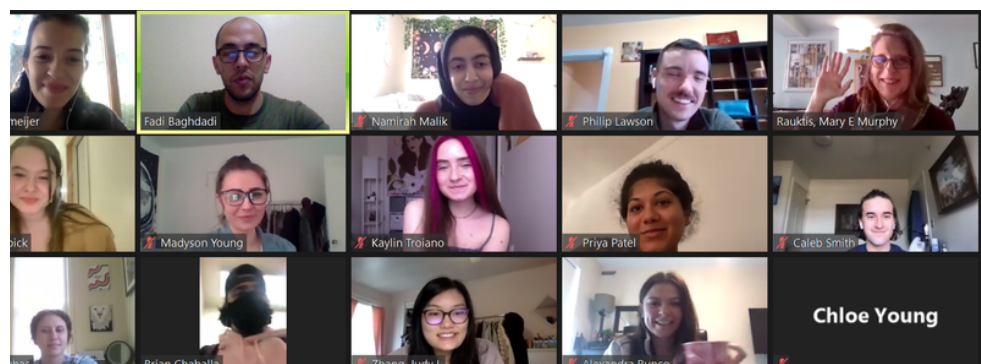

Holistic Relational Social Work

MCT held a 3-part seminar and workshop on active citizenship, community volunteering, and our approach to social work with students at **Al-Akhawayn University** in Ifrane. Over 150 students participated.

جامعة الأخوين
AL AKHAWAYN
UNIVERSITY

MCT was invited to provide a guest lecture to the **University of Pittsburgh School of Social Work**. Students learned about our approach to social work at Centre Amane and ways of adapting global best practices to the Moroccan context.

Fundraising

In 2020, we set a celebratory fundraising goal of £10,000 in recognition of Centre Amane's 10-year anniversary. Amid a global pandemic, our supporters from around the world came together through our virtual events and surpassing our goal and raising over **£14,000! Skokrun bzef** to our family of supporters and corporate sponsors including **Autodesk** who matched contributions.

Virtual Gala

Our inaugural virtual gala was a hit, featuring former volunteers, board members, incredible online auction prizes, and our very own FAPE board member Abdellah Lamine with fellow musicians who made our celebration magical and memorable.

GoFundMe

Throughout the year supporters challenged themselves to a 10-A-Thon, completing 10 hikes, reads, or other "10" themed challenge of choice while raising funds through our gofundme page.

Moroccan Cookbook

Board members, beloved Moroccan caretakers, and volunteers contributed recipes and fond memories to our first-ever digital cookbook. Copies were sold during the holiday season making the perfect gift for those seeking the warm Moroccan sentiment and food in their homes.

Thank you to all of our wonderful volunteers over the last 10 years!

*Our work would not have been possible without your help and support.
We would also like to thank the support of the **Centre Amame Committee** !*

**Independent Examiner's Report to the Trustees of
Moroccan Children's Trust**

Independent examiner's report to the trustees of Moroccan Children's Trust ('the Company')

I report to the charity trustees on my examination of the accounts of the Company for the period 1 August 2019 to 31 August 2020.

Responsibilities and basis of report

As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5) (b) of the 2011 Act.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The charitable company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the period ended 31 August 2020.

The members have not required the company to obtain an audit of its financial statements for the period ended 31 August 2020 in accordance with Section 476 of the Companies Act 2006.

The trustees acknowledge their responsibilities for

- ensuring that the charitable company keeps accounting records that comply with Sections 386 and 387 of the Companies Act 2006 and
- preparing financial statements which give a true and fair view of the state of affairs of the charitable company as at the end of each financial year and of its surplus or deficit for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the charitable company.

These financial statements have been prepared in accordance with the provisions applicable to charitable companies subject to the small companies regime.

The financial statements were approved by the Board of Trustees and authorised for issue on ..16/04/2021..... and were signed on its behalf by:

The notes form part of these financial statements

Moroccan Children's Trust

Notes to the Financial Statements for the period 1 August 2019 to 31 August 2020

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

The Volunteer Programme supports people who wish to volunteer for the charity in Morocco. Those individuals make a financial contribution to their living costs and the charity provides board and lodging, and practical support for their volunteering whilst they are in Taroudannt.

Centre Amane is the charities social work centre for children and families in difficult circumstances. This ensures caregivers have the capacity to care for their children independently. They believe in deinstitutionalisation, the idea that children thrive best in safe and loving home- not residential centres. Through gatekeeping practices, they keep families together by providing the support required for them to stay together.

9. RELATED PARTY DISCLOSURES

There were no related party transactions for the period ended 31 August 2020.

**Independent Examiner's Report to the Trustees of
Moroccan Children's Trust**

Independent examiner's report to the trustees of Moroccan Children's Trust ('the Company')

I report to the charity trustees on my examination of the accounts of the Company for the period 1 August 2019 to 31 August 2020.

Responsibilities and basis of report

As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5) (b) of the 2011 Act.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
