Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	PROJECT ACTIVITIES HEALTHCARE ASFA Physiotherapy Centre, Nyaruguru District RWANDA PROJECT OBJECTIVE - to establish a sustainable Centre of Excellence for people with disabilities by delivering high-quality physiotherapy and rehabilitation services. Impact • The centre now provides residential rehabilitation for 18 paediatric inpatients per rotation, improving mobility, independence and quality of life for children with moderate to complex needs. • Reintroduction of occupational therapy services in February 2025 has expanded

	holistic care, supporting children to develop daily living skills and greater independence. • Outpatient services are operational and ready for expansion, increasing future access to rehabilitation for the wider community. • Building and infrastructure improvements at the centre have enhanced safety, hygiene controls and the therapeutic environment for children, families and staff. • ASFA Physiotherapy Centre worked with the Clinton Health Access Initiative (CHAI) and Rwanda Biomedical Centre assessment to assess over 150 children under six years old, enabling early identification of rehabilitation needs and timely referrals. • Recognition by the National Council of People with Disabilities in December 2024 validates the centre's role in promoting inclusion, accessibility and disability rights in Rwanda. EDUCATION G.S. Rusuzumiro School, Nyaruguru District, RWANDA Impact • School lunch co-funding improved attendance, reduced dropout rates and supported children's concentration and learning, particularly for the most vulnerable students. • Provision of 350 Health Insurance Cards for the sixth consecutive year enabled low-income families to access primary healthcare, reducing illness-related absences and, in some cases, saving lives. • New school nursery tables and chairs ensured every young child has an appropriate learning space, improving comfort, engagement and classroom participation. • Outdoor play equipment, the first in the village (!) supported early childhood development through play, enhancing
--	---

		physical, social and cognitive skills for the youngest learners. G.S. Muganza School, Nyaruguru District, RWANDA Impact • Installation of lightning rods significantly reduced the risk of injury and damage during severe thunderstorms, directly protecting approximately 1,350 students and 50 staff. • Increased awareness of lightning safety has improved preparedness and confidence among the school community, contributing to a safer learning environment. • The school library built in 2019 continues to benefit students, employs one librarian and benefits 1,350 students. Umuhanga Education Program, RWANDA Impact • Support for 11 students from low-income families has enabled continued access to secondary and tertiary education that would otherwise be unattainable. Progress is excellent and students report increased confidence, aspiration and commitment to learning and community contribution. • Students are developing skills in priority sectors including healthcare, education, agriculture and infrastructure, contributing to long-term community and national development. • Regular monitoring strengthens student motivation, retention and academic progress, creating sustainable, life-changing opportunities one student at a time.
--	--	--

		UGANDA BARCLAYS PROJECT, UGANDA Impact • Long-term educational and living support since 2013 has enabled four orphaned children to transition into young adulthood with stability, skills and prospects. • Consistent educational and living support has reduced vulnerability and created pathways to independence, demonstrating the value of sustained, relationship-based support. • The improved life prospects for these students continues to motivate an incredible UK fund raising team years into this project with grateful thanks. LOOKING AHEAD We will continue to strengthen existing projects while prioritising the expansion of ASFA Physiotherapy Centre services to full capacity. Our focus remains on sustainability, quality of care, and deepening partnerships with government and local stakeholders to extend reach, long-term impact and to preserve the legacy of the centre. SPECIAL THANKS Our work would not be possible without the generosity of supporters and the dedication of our colleagues in Rwanda and Uganda whose commitment, leadership and dedication continue to transform lives. We remain committed to our motto <i>“if you think you’re too small to make a difference, try sleeping with a mosquito!”</i>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	PROJECT ACTIVITIES HEALTHCARE ASFA Physiotherapy Centre, Nyaruguru District RWANDA PROJECT OBJECTIVE - to establish a sustainable Centre of Excellence for people with disabilities by delivering high-quality physiotherapy and rehabilitation services. Impact • The centre now provides residential rehabilitation for 18 paediatric inpatients per rotation, improving mobility, independence and quality of life for children with moderate to complex needs. • Reintroduction of occupational therapy services in February 2025 has expanded

	holistic care, supporting children to develop daily living skills and greater independence. • Outpatient services are operational and ready for expansion, increasing future access to rehabilitation for the wider community. • Building and infrastructure improvements at the centre have enhanced safety, hygiene controls and the therapeutic environment for children, families and staff. • ASFA Physiotherapy Centre worked with the Clinton Health Access Initiative (CHAI) and Rwanda Biomedical Centre assessment to assess over 150 children under six years old, enabling early identification of rehabilitation needs and timely referrals. • Recognition by the National Council of People with Disabilities in December 2024 validates the centre's role in promoting inclusion, accessibility and disability rights in Rwanda. EDUCATION G.S. Rusuzumiro School, Nyaruguru District, RWANDA Impact • School lunch co-funding improved attendance, reduced dropout rates and supported children's concentration and learning, particularly for the most vulnerable students. • Provision of 350 Health Insurance Cards for the sixth consecutive year enabled low-income families to access primary healthcare, reducing illness-related absences and, in some cases, saving lives. • New school nursery tables and chairs ensured every young child has an appropriate learning space, improving comfort, engagement and classroom participation. • Outdoor play equipment, the first in the village (!) supported early childhood development through play, enhancing

		physical, social and cognitive skills for the youngest learners. G.S. Muganza School, Nyaruguru District, RWANDA Impact • Installation of lightning rods significantly reduced the risk of injury and damage during severe thunderstorms, directly protecting approximately 1,350 students and 50 staff. • Increased awareness of lightning safety has improved preparedness and confidence among the school community, contributing to a safer learning environment. • The school library built in 2019 continues to benefit students, employs one librarian and benefits 1,350 students. Umuhanza Education Program, RWANDA Impact • Support for 11 students from low-income families has enabled continued access to secondary and tertiary education that would otherwise be unattainable. Progress is excellent and students report increased confidence, aspiration and commitment to learning and community contribution. • Students are developing skills in priority sectors including healthcare, education, agriculture and infrastructure, contributing to long-term community and national development. • Regular monitoring strengthens student motivation, retention and academic progress, creating sustainable, life-changing opportunities one student at a time.

		UGANDA BARCLAYS PROJECT, UGANDA Impact • Long-term educational and living support since 2013 has enabled four orphaned children to transition into young adulthood with stability, skills and prospects. • Consistent educational and living support has reduced vulnerability and created pathways to independence, demonstrating the value of sustained, relationship-based support. • The improved life prospects for these students continues to motivate an incredible UK fund raising team years into this project with grateful thanks. LOOKING AHEAD We will continue to strengthen existing projects while prioritising the expansion of ASFA Physiotherapy Centre services to full capacity. Our focus remains on sustainability, quality of care, and deepening partnerships with government and local stakeholders to extend reach, long-term impact and to preserve the legacy of the centre. SPECIAL THANKS Our work would not be possible without the generosity of supporters and the dedication of our colleagues in Rwanda and Uganda whose commitment, leadership and dedication continue to transform lives. We remain committed to our motto <i>“if you think you’re too small to make a difference, try sleeping with a mosquito!”</i>
