THE JOHN STRUTT CENTRE FOR PARROT CONSERVATION

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT)

FOR THE YEAR ENDED 31 MARCH 2021

The Trustees present their report and financial statements for the year ended 31 March 2021.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's memorandum and articles of association, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2016).

Objectives and activities

The charity's objects are the study and conservation of species of birds and in particular parrots of all kinds (Psittaciformes) and especially those species from time to time placed in the categories critically endangered, endangered, vulnerable, conservation dependent, near threatened and data deficient by the species survival commission of the international union for conservation of nature and natural resources. Additionally to advance the education of the public regarding all aspects of the biology of birds and in particular the physiology, behaviour and conservation of members of the order of Psittaciformes (parrots).

In interpreting the objectives and planning the activities of the Charity the trustees have given careful consideration to the Charities Commission guidance on public benefit.

The trust exists to study, conserve and educate on species of birds especially parrots and this is universally regarded as producing a public benefit.

Achievements and performance

The Trustees policy for maintaining a healthy flock of parrots continues with the purchase and sale of birds when the opportunity arises to allow fresh blood within the flock which assists with their breeding and welfare and in return results in a healthy flock that is not inbred. This policy has proved successful as the present flock is active, healthy and free flying.

The year 2020/2021 has been dominated by the Covid 19 pandemic, similar to all charities, has meant a severe curtailment of the Trustees' objectives of study, conservation and education for various species of parrots looked after and managed by the charity. The public have been unable to visit and the trustees cancelled all bookings of individuals and groups for the year in line with government guidance.

The parrot flock consists: 5 Electus (4 hens and 1 cock bird); 12 Cockatiels; 6 blue and gold Macaws and 1 cross bred; 1 African Grey; 6 ring-net Indian parrots; 15 green Amazons; 2 double headed yellow Amazons; and unfortunately during the winter 30 budgerigars were killed overnight by a stoat who broke into the aviary.

The Trustees' policy for the sale and purchase of birds showed within the charity accounts at the beginning of the year the charity had a debt owing of £1,088 for the sale and purchase of birds and have been unable to trade due to the Covid 19 pandemic.

During the year the BBC Inside Out programme showed in a number of their regions the repeat of their short documentary of the JSCPC's parrots which they filmed in the summer of 2019 at Kirkby Stephen. This was a benefit and good publicity during the Covid 19 pandemic and resulted in a number of favourable comments and enjoyment from people who were at home and unable to go out. This publicity helped the trustees to meet the Charity Commission's guidance for public benefit.

The Trustees held their annual meeting by Zoom on Friday 24 July 2020.

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2021

Financial review

The Statement of Financial Activities shows the charity received donations and sale receipts of £27,249 in the year (2020 - £46,589) and incurred expenditure of £30,961 (2020 - £34,164), resulting in a net deficit of £3,712 (2020 - surplus of £12,425). Total funds decreased in the year from a surplus of £22 to a deficit of £3,690 as at 31 March 2021.

Reserves

The trustees have examined the charity's requirements for financial reserves. The charity is funded by donations from the estate of the late John Strutt at a level required to sustain the charity's parrot conservation costs and any running costs. As a result the charity does not require a substantial level of reserves to be maintained. In order to meet the working capital requirements of the charity, the trustees aim to have unrestricted funds equivalent to between one and three months expenditure.

The deficit arises due to accrued running costs payable in the next financial year. The trustees are satisfied that donations received will be sufficient to meet these running costs as they fall due.

Structure, governance and management

The charity is a company limited by guarantee and is therefore governed by a Memorandum and Articles of Association.

The Trustees, who are also the directors for the purpose of company law, and who served during the year and up to the date of signature of the financial statements were:

Mr P McCormick OBE

Mr C Metcalfe-Gibson

Richard de Robeck

Mr E M F Penrose

Mr W Telfer-Smollett

None of the Trustees has any beneficial interest in the company. All of the Trustees are members of the company and guarantee to contribute £10 in the event of a winding up.

All trustees give of their time freely and no trustee remuneration was paid in the year.

The trustees are appointed by the board of trustees. There is no formal training of trustees but selection of trustees is only made from those who support the charities' objectives and are considered well qualified to contribute to its work.

The Trustees' report was approved by the Board of Trustees.
