Salifu Dagarti Foundation (SDF)
Report of the Trustees For the Year Ended 30 November 2024

SDF has been engaging with communities, organisations, institutions, local and national authorities, and individuals across Africa, Asia and Europe, in raising awareness, educating and combating all forms of poverty, to leave no one behind

Nearly 8 in 10 people living in multidimensional poverty – 887 million out of 1.1 billion globally – are directly exposed to climate hazards such as extreme heat, flooding, drought, or air pollution, according to a new report released today by the United Nations Development Programme (UNDP) and the Oxford Poverty and Human Initiative (OPHI) at the University of Oxford.

These are the recurring challenges faced by communities and individuals living in acute multidimensional poverty, in a world where poverty is not just a standalone socio-economic issue but one that is deeply interlinked with planetary pressures and instability, encompassing health, education, and living standards.

The 2025 Global Multidimensional Poverty Index (MPI) report “Overlapping Hardships: Poverty and Climate Hazards”, finds that among those assessed, an overwhelming 651 million endure two or more climate hazards, while 309 million face three or four hazards simultaneously.

This emphasises that poor people globally are often confronting multiple or concurrent environmental challenges rather than a single one in isolation. Of the 887 million people living in poverty, exposed to at least one climate hazard, 651 million face two or more concurrent environmental challenges, rather than a single one in isolation. Despite making momentous and historic strides in poverty reduction, South Asia and Sub-Saharan Africa are identified as global hotspots for these compounded hardships, accounting for the most significant numbers of poor people living in regions affected by climate hazards (380 million and 344 million, respectively).

The Salifu Dagarti Foundation (SDF) believes in continuing its work in leadership, advocacy, and strategy workshop programs to help build strong protection programmes and systems, which will aid in reaching the Sustainable Development Goals (SDGs). The Sustainable Development Goals (SDGs) are a set of 17 interconnected global goals adopted by the United Nations in 2015 to create a more peaceful and prosperous world by 2030. They are a universal call to action to end poverty, protect the planet, and ensure that all people have peace and prosperity. The 17 goals cover a wide range of areas, including no poverty, zero hunger, good health, quality education, gender equality, clean water, and climate action, as well as the eradication of all forms of poverty and the protection of the Universal Declaration of Human Rights. The COVID-19 pandemic, as experienced by SDF, has shown that we need to continue advocating for equity throughout the world.

Social protection programmes are also critical for helping the poorest households in the world to adapt to and protect themselves from the impacts of climate change. Looking at the world with Ebola and Covid-19 pandemic and the geopolitical issues, and how the world is constantly being changed by technology, AI, economy and regulations, The Salifu Dagarti Foundation believes that looking more into promoting social protection programmes and the critical vital role it plays in helping combat all forms of poverty through community development.

The Salifu Dagarti Foundation SDF Trustees have considered the Charity Commission guidance on public benefit and the benefit amongst the people of African Descent by advancing education and training of the beneficiaries. The training is conducted through conferences, seminars, workshops, capacity building, and training volunteers, both internally and externally, in collaboration with community members. The Salifu Dagarti Foundation's emphasis is on social inclusion, aiming to embrace and prevent people from being socially excluded in society.

The Institution engages in the relief of poverty, sickness, and distress. It aims to support those facing poverty, enabling them to participate in sustainable community projects. It aims to promote well-being by supporting healthy eating and presenting seminars that encourage social interaction, where beneficiaries can share experiences without being judged, thereby improving their mental health, engaging in social activities, combating isolation, and raising awareness about people living with disabilities. The Salifu Dagarti Foundation (SDF) advocates for more Recreational facilities in the interest of social welfare, aiming to foster greater interaction and inclusiveness that will improve the conditions of social life.

We advocate to combat all forms of poverty by lobby and campaign for fairer policy change and implementations for the public benefit by engaging and raising awareness through community leaders, councillors, MPs and United Nations Member states and we also sensitise the local community, individuals in Africa, Asia and Europe through campaigns, trains volunteers, parents and carers, organises conferences, seminars and workshops, collaborates with community members, churches, mosques and community centres and celebrating diverse cultures.

**Independent Examiner's Report of Salifu Dagarti Foundation
For the Year Ended 30 November 2024**

I report on the accounts for the year ended 30 November 2024 set out on pages eleven to eighteen.

Respective responsibilities of trustees and examiner

The charity's trustees (who are also the directors for the purposes of company law) are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year (under Section 144(2) of the Charities Act 2011 (the 2011 Act)) and that an independent examination is required.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under Section 145 of the 2011 Act
- to follow the procedures laid down in the General Directions given by the Charity Commission (under Section 145(5)(b) of the 2011 Act); and
- to state whether particular matters have come to my attention.

My examination was carried out in accordance with the General Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statements below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

- (1) which gives me reasonable cause to believe that, in any material respect, the requirements
- to keep accounting records in accordance with Section 386 and 387 of the Companies Act 2006; and
 - to prepare accounts which accord with the accounting records, comply with the accounting requirements of Sections 394 and 395 of the Companies Act 2006 and with the methods and principles of the Statement of Recommended Practice: Accounting and Reporting by Charities have not been met; or
- (2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.
