FINANCIAL REVIEW

Investment policy and objectives

From the perspective of the organisation, investments are those which cost a monetary value but give a social return to the organisation. Investments are only undertaken using money that is not allocated to reserves.

Reserves policy

At the year end the charity had unrestricted reserves of £38,655 (2023: £40,699). The trustees consider that Global Brigades UK's financial position is secure.

Reserves are designed to act as a safety net to smooth the effects of the timing of income and expenditure or when a significant future capital investment has been identified. Therefore, reserves are accumulated passively as the by-product of operations or actively when a significant future capital investment has been identified. Reserves aim to be maintained at 12 months of average operating expenses which currently represents circa £10,000.

Independent examiner's report to the trustees of Global Brigades UK ('the Company')

I report to the charity trustees on my examination of the accounts of the Company for the year ended 30 September 2024.

Responsibilities and basis of report

As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under Section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under Section 145(5) (b) of the 2011 Act.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by Section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of Section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Short term debtors and creditors

Debtors are recognised when the charity is legally entitled to the income after any performance conditions have been met, the amount can be measured reliably and it is probable that the income will be received. Creditors are recognised when the charity has a present legal or constructive obligation resulting from a past event to make payment to a third party, it is probable that settlement will be required and the amount due to settle the obligation can be measured or estimated reliably.

Investment policy and objectives

From the perspective of the organisation, investments are those which cost a monetary value but give a social return to the organisation. Investments are only undertaken using money that is not allocated to reserves.

Therefore, reserves are accumulated passively as the by-product of operations or actively when a significant future capital investment has been identified. Reserves aim to be maintained at 12 months of average operating expenses which currently represents circa £10,000.

The financial statements have been prepared under the historical cost convention.

The accounts are presented in pounds sterling.

The Trustees consider that there are no material uncertainties about the charitable company's ability to continue as a going concern.

Critical accounting judgements and key sources of estimation uncertainty

Judgements and key sources of estimation uncertainty are detailed in the above policies where applicable.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Short term debtors and creditors

Debtors are recognised when the charity is legally entitled to the income after any performance conditions have been met, the amount can be measured reliably and it is probable that the income will be received. Creditors are recognised when the charity has a present legal or constructive obligation resulting from a past event to make payment to a third party, it is probable that settlement will be required and the amount due to settle the obligation can be measured or estimated reliably.

Critical accounting judgements and key sources of estimation uncertainty

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received, and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings, they have been allocated to activities on a basis consistent with the use of resources.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Short term debtors and creditors

Debtors are recognised when the charity is legally entitled to the income after any performance conditions have been met, the amount can be measured reliably, and it is probable that the income will be received. Creditors are recognised when the charity has a present legal or constructive obligation resulting from a past event to make payment to a third party, it is probable that settlement will be required and the amount due to settle the obligation can be measured or estimated reliably.

GLOBAL BRIGADES UK

Report of the Trustees for the Year Ended 30 September 2021

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 30 September 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The objects of the charity as set out in its governing instrument are to promote the benefit of people in developing countries by:-

- (a) the advancement of education and training;
- (b) the relief of poverty, sickness and distress;
- (c) the promotion of good health; and
- (d) the provision of recreational facilities in the interests of social welfare with the object of improving their conditions of life.

The principal aim of the charity is to coordinate volunteer efforts and contribute resources to underserved communities to relieve problems caused by poverty, hunger, lack of access to healthcare, public health infrastructure, lack of education, and environmental degradation while preserving such communities' culture, as well as to educate the public and to carry on other charitable activities associated with these goals as allowed by law.

The main objectives of the charity during the period covered by the annual report were:

- a) To support volunteers in fundraising, planning future brigades, and building and maintaining their presence on university campuses both virtually and in-person;
- b) To continue to educate the public about ongoing needs in developing countries, and to continue fundraising to those ends; and
- c) To accumulate reserves and invest in growth

Further details of the work carried out by volunteers working in the charity can be found at www.globalbrigades.org

PUBLIC BENEFIT

In developing the programme for the period and in planning the charity's activities the trustees have considered the Charity Commission's guidance on public benefit. In particular, the trustees consider that the activities carried out provide benefit to the community.

GLOBAL BRIGADES UK

Report of the Trustees for the Year Ended 30 September 2021

ACHIEVEMENT AND PERFORMANCE

During the period, a limited number of brigades were carried out. This was an increase year-on-year but represents a significant decrease versus prior years. Such circumstances were driven by a period of recovery from the extraordinary circumstances brought about by the SARS-CoV-2 pandemic, and the decision of Global Brigades as an international organisation to suspend in-person volunteer brigades to program countries during 2020 in order to protect volunteer, staff, and community members' health. The Trustees expect that, should the pandemic continue to abate, the charity can continue to grow and recover. As at the time of writing, the Trustees are optimistic about the likelihood of increased in-person brigades taking place in the financial year ending 30 September 2022, however, the trustees also recognise that there exist a number of risk factors both local to partner countries and of an international nature.

Global Brigades staff internationally continued to work in-country to support community members whilst volunteer activities remain suspended, and ongoing support remains in place whilst volunteer numbers recover.

TeleBrigade programs proved to be a small success during the period. TeleBrigades are essentially virtual brigades which take place over a number of days or weeks, and which use virtual meeting software, secure tele-medical platforms (in the case of Medical TeleBrigades), and the support of the on-the-ground professionals. During the period covered by the annual report, 14 Global Brigades UK volunteers participated in TeleBrigades.

Readers are advised to visit www.globalbrigades.org for a full understanding of the charity's activities, objectives, and achievements.

FINANCIAL REVIEW

Investment policy and objectives

From the perspective of the organisation, investments are those which cost a monetary value but give a social return to the organisation. Investments are only undertaken using money that is not allocated to reserves.

Reserves policy

At the year end the charity had unrestricted reserves of £46,048 (2020: £27,382). The Trustees consider that Global Brigades UK's financial position is secure.

Reserves are designed to act as a safety net to smooth the effects of the timing of income and expenditure or when a significant future capital investment has been identified. Therefore, reserves are accumulated passively as the by-product of operations or actively when a significant future capital investment has been identified. Reserves aim to be maintained at 18 months of average operating expenses which currently represents £3,928.

GLOBAL BRIGADES UK

Report of the Trustees for the Year Ended 30 September 2021

FUTURE PLANS

The charity's aims for 2021-22 include the safe and careful resumption and build-up of in-person brigades and volunteer activities in Ghana, Greece, Honduras, and Panama, as well as the continued engagement of volunteers in TeleBrigades programs. Financially, the charity continues to aim to accumulate reserves. Finally and from a governance standpoint, the charity aims to appoint new Trustees to deliver additional resources and experience to the organisation, and provide for continuity.

1. accounting records were not kept in respect of the Company as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).
