REPORT OF THE BOARD**for the year ended 31 December 2020**

On behalf of the Board, I have pleasure in presenting the Annual Report and Financial Statements of the COIF Charities Ethical Investment Fund (the Fund), which includes a separate report from CCLA Fund Managers Limited (the Manager) as Manager of the Fund.

Structure and management of the Fund

The Fund is a Common Investment Fund established and regulated by the Scheme dated 8 October 2009 and made under section 24 of the Charities Act 1993, now section 96 of the Charities Act 2011 and amended by resolutions of the charity trustees of the Fund dated 21 July 2014, 22 July 2014, 5 December 2015 and 15 May 2017 (the Scheme). The Fund is managed by the Manager as an unregulated collective investment scheme and as a UK alternative investment fund in accordance with the Financial Conduct Authority Regulations and the Alternative Investment Fund Managers Directive (AIFMD) Legislation.

The Board, created under the Scheme, is made up of individuals appointed under the Scheme. Together, these individuals have wide experience of finance, investments, charities and the law. No Board member is required to be approved by the Financial Conduct Authority because the Board does not carry out regulated activities in relation to the Fund. The investment management, administration, registrar and secretarial functions of the Fund have been delegated to the Manager. The Board meets at least four times per annum to receive reports and monitor the progress of the Fund.

The Board is responsible for setting and subsequently reviewing the investment policy of the Fund, monitoring performance, appointing the Auditors to the Fund and agreeing the fees charged by the Depositary, the Manager and the Auditors.

The Trustee and Depositary, HSBC Bank plc, appointed under the Scheme is responsible for the supervision and oversight of the Manager's compliance with the Scheme and Scheme Particulars and also for the custody and safekeeping of the property of the Fund. It is also responsible for the appointment and supervision of the Registrar of the Fund. The division between management and Depositary functions provides an additional layer of protection for Unitholders. The Board, Depositary and Manager are considered Charity Trustees of the Fund within the meaning of the Charities Act 2011.

Investment objective

The Fund aims to provide a long-term total return comprising growth in capital and income.

Benchmark

A long-term total return of 5% per annum net of inflation as measured by the increase in the Consumer Price Index.

REPORT OF THE BOARD

for the year ended 31 December 2020

Investment policy

The Fund is an actively managed, diversified portfolio of assets designed to help protect both present and future beneficiaries from the effects of inflation. It will have an emphasis on equities, but will also include property, bonds and other asset classes.

The Fund has a wide range of ethical restrictions and is advised by an ethical advisory group that assists in the development of the Fund's client-driven ethical investment policy.

Distribution policy

The Fund has the capacity to make distributions from both income and capital. The annual rate of distribution is approved by the Board in discussions with the Manager.

Target investors

The Fund is suitable for all of a charity's long-term funds where the charity is looking for a good level of distributions and long-term protection from inflation. The Fund is targeted at investors with an understanding or previous experience of investing in similar types of fund, with appropriate levels of risk tolerance and ability to bear loss.

Please note that the Manager is not required to assess the suitability of the Fund against each investor.

Our investors may be either retail or professional clients (both per se and elective).

Review of investment activities and policies of the Fund

The Board met quarterly during the year to carry out its responsibility for the approval of investment strategy, for setting distribution policy, to monitor investment diversification, suitability and risk and to review the performance of the Fund. In addition, the Board reviewed the administration, expenses and pricing of the Fund.

The Board reviewed the progress of the Manager and approved the valuation of the investments in the Fund, which are included within the portfolio statement of these Financial Statements.

During the year, the Board also met quarterly with the Manager to review the investments, transactions and policies of the Fund. The Manager's report, which appears later, provides further details.

Responsible investment and stewardship

The Fund is managed in accordance with CCLA's responsible investment approach. This integrates environmental, social and governance issues into investment decision making and prioritises ongoing stewardship with investee companies. These activities are conducted with the aim of increasing the security of the Fund.

REPORT OF THE BOARD

for the year ended 31 December 2020

The Manager is a signatory to the United Nations backed Principles for Responsible Investment (PRI) and the Financial Reporting Council's Stewardship Code. The most recent PRI Assessment and the full response to the Stewardship Code are available at <https://www.ccla.co.uk/our-approach/how-we-approach-stewardship-and-ethics>.

Ethical investment

The Board's main purpose is to obtain the best return for Unitholders, consistent with commercial prudence and the need to ensure adequate spread and diversification of assets.

The Board has adopted an ethical investment policy that is designed to reflect the values of the Fund's Unitholders. It is set every three years following an extensive period of client consultation.

The policy incorporates a mix of ethical restrictions, engagement and positive investments.

Ethical restrictions are targeted on Unitholders' real concerns. They include companies that have been identified by our third party data provider, MSCI (unless otherwise noted), as:

- Producing landmines, cluster bombs, chemical/biological weapons, and/or nuclear weapons;
- Having significant involvement (>10% of turnover) in alcohol, gambling, pornography, tobacco, high interest rate lending (as defined by the Church of England policy), non-military weapons, or strategic military sales;
- Failing the manager's rules relating to the testing of cosmetics on animals;
- Having fallen behind the transition to a low carbon economy. This is currently defined as no investment in companies:
 - That derive more than 5% of their revenue from the extraction of energy coal or tar sands;
 - Whose principal business is the extraction of 'fossil fuel' reserves or the generation of electricity and have not demonstrated the ability to align their business with the Paris Climate Change Agreement (as determined by CCLA);
- Not meeting the FTSE4Good Index Screen for baby milk substitutes or MSCI's standard screen for single-use abortifacients. (These restrictions are implemented to reflect the Unitholders' wish to co-operate with each other to meet the specific requirements of some client groups); and
- Having a FTSE Russell ESG Rating of less than 2, on any theme, and have been judged to fail a subsequent CCLA 'comply or explain' assessment.

REPORT OF THE BOARD

for the year ended 31 December 2020

In addition, the Fund will not purchase sovereign debt from countries agreed by the Manager and the Fund's Advisory Committee as being amongst the world's most oppressive.

The Fund benefits from engagement programmes that are prioritised to meet the needs of its Unitholders.

The Manager has an aspirational target to dedicate 5% of the Fund's capital to investments that provide a clear social or environmental benefit.

A client advisory committee has been appointed to oversee the Fund's engagement activity and advise the Manager on any ethical investment issues that arise in between policy consultations.

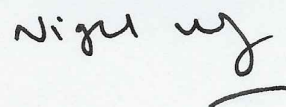

Controls and risk management

The Board receives and considers regular reports from the Manager. Ad hoc reports and information are supplied to the Board as required. The Manager has established an internal control framework to provide reasonable, but not absolute, assurance on the effectiveness of the internal controls operated on behalf of its clients. The effectiveness of the internal controls is assessed by the directors and senior management of the Manager on a continuing basis.

With the outbreak of the COVID-19 pandemic during the first quarter of 2020, the Board had additional informal meetings with the Manager during the first six months of 2020 to consider a broad range of relevant issues including investment strategy, performance, liquidity and client behaviours.

During the year, the Board, assisted by the Manager, reviewed the Fund's systems of internal controls and risk reporting.

REPORT OF THE INVESTMENT MANAGER

for the year ended 31 December 2020

Performance

Over the year the Fund achieved a total return after expenses of 9.76% on the Income Units and 9.77% on the Accumulation Units. This compares with a return of 3.95% on the comparator. Both asset allocation and stock

selection contributed to relative returns. The bias towards real assets and away from fixed income was a positive. Within the portfolio the growth-oriented companies in sectors such as technology and health outperformed.

REPORT OF THE INVESTMENT MANAGER

for the year ended 31 December 2020

Economic and Market Review

Global economic activity declined significantly in 2020, pulled lower by the COVID-19 pandemic and the measures taken to control its spread. Activity weakened in March and then fell away sharply in April as the shock of social lockdown measures had their greatest effect. Activity reached a low point in May but even though restrictions were eased in the summer months, recovery lacked real conviction; held back by poor confidence and sporadic outbreaks of infection. Governments and central banks reacted substantially to the crisis. Interest rates were reduced, and quantitative easing programmes opened. There was direct fiscal intervention to protect consumer incomes and those of businesses whose cash flows had collapsed. Although there was a common theme internationally to many policies, there was little co-ordination and this limited the effectiveness of the response.

Investment markets fell sharply at the onset of recession but then began a recovery shortly thereafter. In part this reflected relief that the recession, although deep, would be fleeting. Another important factor was the huge pool of liquidity supportive monetary policies produced, which pushed asset prices higher and yields down. Most of the major international equity

indices gave positive returns. The global index, for a Sterling based investor, returned 12.67%, with strong individual performances from Asia, 19.42%, and the US, 17.09%. At the other end of the scale, the UK was a weak performer, declining by -11.78%, reflecting the relatively poor performance in the pandemic and the high weighting in the indices of industries such as banking and energy which underperformed. The domestic fixed interest market rose as the recession developed and then traded in a relatively narrow band at the higher levels. Government bonds returned 8.88% overall, but longer dated and lower credit rated issues outperformed the general market. UK commercial property values fell, despite the positive contribution from income and an improvement in prices towards the end of the year, the sector gave a slight negative return for the period as a whole. The prime cause of the weakness was the retail sub-sector where increased concerns over rental flows and even tenant viability pulled values lower.

REPORT OF THE INVESTMENT MANAGER

for the year ended 31 December 2020

Strategy

There have been no changes to the investment objective of the Fund or to the broad investment strategy. To achieve the target of real growth in capital values and a rising income, the portfolio has a structural bias to real assets, mainly global equities but also including domestic commercial property and infrastructure. Within the equity portfolio the emphasis is on good quality companies with growth prospects that are not dependent on trends in the broad economy.

Outlook

The global economy will struggle to grow in the early months of the new year, held back by another wave of infection and associated restrictions on activity. We are more hopeful for growth in the second quarter and beyond when some easing of restrictions is possible and a broad-based vaccination programme should begin to break the link between mobility and infection rates on a permanent basis. Monetary policy will remain accommodative and government fiscal programmes should also support recovery although, with the probable exception of the US, not on the scale of the past year. Even so, the global economy is unlikely to regain in 2021 the fall in output experienced since the end of 2019. For most it will need another year of improvement to make good the ground lost, for the UK the recovery process is expected to extend into 2023.

Risk warning

Past performance is not a reliable indicator of future results. The price of the Fund's Units and any income distributions from them may fall as well as rise and an investor may not get back the amount originally invested.

The Fund's Units are intended only for long-term investment and are not suitable for money liable to be spent in the near future. Units are realisable on each weekly dealing day only.

This Fund may invest in emerging market countries which could be subject to political and economic change.

The Fund may invest in collective investment schemes and other assets which may be illiquid. These include limited partnerships and other unquoted investments where valuations are open to substantial subjectivity. The Fund may also invest in the COIF Charities Property Fund, which invests directly in property and property related assets which are valued by an independent valuer and as such are open to substantial subjectivity. The performance of this Fund may be adversely affected by a downturn in the property market, which could impact on the capital and/or income value of this Fund.

REPORT OF THE DEPOSITARY

for the year ended 31 December 2020

Having carried out such procedures as we consider necessary to discharge our responsibilities as Depositary of the Fund, it is our opinion, based on the information available to us and the explanations provided, that in all material respects the Fund, acting through the AIFM has been managed in accordance with the rules in the sourcebook, the Scheme Particulars of the Company and as required by the AIFMD.

INDEPENDENT AUDITORS' REPORT

to the Trustees of COIF Charities Ethical Investment Fund

Report on the audit of the financial statements
Opinion

In our opinion, the financial statements of COIF Charities Ethical Investment Fund (the "Fund"):

- give a true and fair view of the financial position of the Fund as at 31 December 2020 incoming resources and application of resources, for the year then ended and of the movements in the net assets of the Fund between their position as at 1 January 2020 and 31 December 2020; and
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law), and
- have been prepared in accordance with the requirements of the Charities Act 2011 and Regulation 6 of The Charities (Accounts and Reports) Regulations 2008).

We have audited the financial statements, included within the Annual Report and Financial Statements (the "Annual Report"), which comprise: the balance sheet as at 31 December 2020; the statement of total return, the statement of change in net assets attributable to unitholders for the year then ended; the distribution tables and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the Fund in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Fund's ability to continue as a going concern for a period of at least twelve months from the date on which the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the Manager's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

INDEPENDENT AUDITORS' REPORT

to the Trustees of COIF Charities Ethical Investment Fund

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the Fund's ability to continue as a going concern.

Our responsibilities and the responsibilities of the Manager with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The Manager is responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

Based on our work undertaken in the course of the audit, the Charities Act 2011 requires us to also report certain opinions and matters as described below.

Manager's Report

In our opinion, the information given in the Report of the Investment Manager for the financial year for which the financial statements are prepared is consistent with the financial statements.

Responsibilities for the financial statements and the audit

Responsibilities of the Manager for the financial statements

As explained more fully in the Statement of Board, Depositary and Manager Responsibilities, the manager is responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The Manager is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITORS' REPORT

to the Trustees of COIF Charities Ethical Investment Fund

In preparing the financial statements, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to wind up or terminate the Fund, or has no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

We are eligible to act and have been appointed as auditors under section 144 of the Charities Act 2011 and report in accordance with the Act and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of

irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Fund/industry, we identified that the principal risks of non-compliance with laws and regulations related to the Charities Act 2011 and we considered the extent to which non-compliance might have a material effect on the financial statements, we also considered those laws and regulations that have a direct impact on the financial statement. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to posting inappropriate journal entries to increase revenue or to increase the net asset value of the Fund and assumptions and judgements made by management in their significant accounting estimates. Audit procedures performed included:

- Discussions with the Manager, including consideration of known or suspected instances of non-compliance with laws and regulation and fraud;
- Reviewing relevant meeting minutes, including those of the Manager's board of directors;
- Identifying and testing journal entries, specifically any journals posted as part of the financial year end close process; and
- Designing audit procedures to incorporate unpredictability around the nature, timing or extent of our testing; and

INDEPENDENT AUDITORS' REPORT**to the Trustees of COIF Charities Ethical Investment Fund**

- Challenging assumptions and judgements made by management in their significant accounting estimates.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinion, has been prepared for and only for the Fund's Managers as a body in accordance with section 144 of the Charities Act 2011 and regulations made under section 154 of that Act (Regulation 24 of The Charities (Accounts and Reports) Regulations 2008) and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting*Charities Act 2011 exception reporting*

Under the Charities Act 2011 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- sufficient accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

SUMMARY RISK INDICATOR

The European Union imposed legislation which sets out detailed guidelines for the calculation of the risk ratings of products to be portrayed through a summary risk indicator. It is intended to be a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because the Manager is not able to pay you. The risk of the product may be significantly higher than the one represented in the summary risk indicator where the product is not held for the recommended holding period (RHP).

The Manager has classified the COIF Charities Ethical Investment Fund as 3 out of 7, which is a medium-low risk class. This rates the potential losses from future performance at a medium-low level and poor market conditions are unlikely to impact the Manager's capacity to pay you. This classification is not guaranteed and may change over time and may not be a reliable indication of the future risk profile of the Fund. The lowest category does not mean risk free.

The summary risk indicator assumes investment in the Fund for the RHP of five years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The Fund should be considered illiquid as it is not admitted to trading on a secondary market and no alternative liquidity facility is promoted by the Manager or a third party. However, investors can request redemption at any time and the Fund deals on a weekly basis. The Fund does not include any protection from future market performance, so you could lose some or all of your investment.

A more detailed description of risk factors that apply to this product is set out in the latest Scheme Particulars, which is available on CCLA's website or by request.

The portfolio analyses above which differ from the following portfolio statement because: (i) prices used here are mid-market rather than bid; and (ii) allocations are adjusted on a 'look through' basis in respect of cross holdings in other CCLA funds (i.e. such funds are shown in a single category in the portfolio statement, but are analysed by their underlying holdings on this page).

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 December 2020

1. Accounting policies

(a) Basis of preparation

The financial statements have been prepared on a going concern basis, in compliance with FRS 102 and in accordance with the Statement of Recommended Practice for UK Authorised Funds (SORP) issued by The Investment Association in May 2014 (and amended in June 2017), the Charities Act 2011, the Scheme and the Collective Investment Scheme sourcebook. The financial statements have been prepared under the historical cost basis, as modified by the revaluation of investments.

The Fund is exempt from preparing a statement of cash flows under FRS 102 as substantially all of the Fund's investments are highly liquid, substantially all of the Fund's investments are carried at market value and the Fund provides a statement of change in net assets.

(b) Revenue recognition

Dividends on ordinary stocks, including special dividends where appropriate, distributions received on collective investment schemes, preference shares and unit trusts are accrued to revenue on the dates when the investments are first quoted ex-dividend or otherwise, on receipt of cash. Interest on government and other fixed interest stocks are accrued on a daily basis. Interest on bank deposits are accrued on a daily basis and interest on deposits in the COIF Charities Deposit Fund are credited to revenue on receipt of cash.

Revenue on debt securities is recognised on the effective yield basis which takes into account the amortisation of any discounts or premiums arising on the purchase price, compared to the final maturity value, over the remaining life of the security. Accrued interest purchased or sold is excluded from the cost of the security and is recognised as revenue of the Fund.

Dividends received from US real estate investment trusts (US REITs) are allocated between revenue and capital for distribution purposes. The split is based on the year-end tax reporting date issued by the US REIT. Where the split of revenue and capital has not been announced at the accounting date a provisional split will be used. The provision will be calculated on the prior year's aggregated dividend split for each US REIT.

Revenue is stated net of irrecoverable tax credits. In the case where revenue is received after the deduction of withholding tax, the revenue is shown gross of taxation and the tax consequences are shown within the tax charge. Overseas tax recovered is recorded in the period it is received.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 December 2020

1. Accounting policies (*continued*)

(c) *Stock dividends*

The ordinary element of stock received in lieu of cash dividends is recognised as revenue of the Fund. Any enhancement above the cash dividend is treated as capital.

(d) *Special dividends, share buy-back or additional share issue*

The underlying circumstances behind a special dividend, share buy-back or additional share issue are reviewed on a case by case basis in determining whether the amount is revenue or capital in nature.

(e) *Expenses*

During the year, the annual management charge (AMC), paid to the Manager, was taken to the capital of the Fund. The AMC is based on a fixed percentage of the value of the Fund and was 0.60% p.a. plus VAT during the year.

The Fund received AMC rebates credited to the capital of the Fund for its holdings during the year in the COIF Charities Property Fund. The Fund also received AMC rebates credited to the revenue of the Fund for its deposits in the COIF Charities Deposit Fund, where the AMC is charged to revenue.

On a daily basis, the net asset value of the Fund at the end of the previous day is taken to calculate the AMC due. The Manager charges an AMC for the provision of managing investments. From 1 October 2019, the Manager ceased charging the fee for ethical and stewardship services.

The depositary fee, audit fee, legal fees, safe custody fees and transaction charges, insurance fees and other fees are charged separately to the revenue of the Fund before distribution.

(f) *Distributions*

Distributions are paid quarterly and can also be supported by the Fund's capital.

It is the Fund's policy to calculate the distribution based on the revenue on debt securities which is computed on a coupon basis. A reconciliation of the net distribution to the net income of the Fund as reported in the statement of total return is shown in note 6.

The Fund can utilise an income reserve to even out the fluctuations in revenue which arise over the years. Movements in the income reserve are therefore adjustments made to the net revenue in determining the distributions. The income reserve balance was £nil as at 31 December 2020. There was no change in the income reserve balance during the current and prior reporting period.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 December 2020

1. Accounting policies (*continued*)

(g) *Basis of valuation*

Quoted investments are valued at bid-market values at the close of business on the last business day of the accounting period. Any unquoted, unlisted, delisted or suspended investments are stated at valuation by the Manager and reviewed by the Board.

The Manager's valuation is based upon valuations supplied by the Manager of the underlying investments. The Manager satisfies itself that these valuations can be relied on by valuations from independent experts (which may include discounted cash flow calculations, or prices based upon income yield); or net asset values which the Manager considers reliable, based upon audit reports and the Manager's own knowledge of the investee entity. The estimates and assumptions underlying the valuations are kept under review by the Manager and judgements are reviewed, considering all factors affecting the investments.

For unquoted investments, the latest valuation point may be prior to the year end, but the Manager is satisfied that the resultant portfolio valuation would not be materially different from a valuation carried out as at the year end.

Suspended securities are valued by the Manager having regard to the last traded price on or before the date of suspension and subsequent available information. Suspended securities are written off after they have been carried at nil value for two years.

(h) *Foreign exchange*

Assets and liabilities in foreign currencies are expressed in sterling at rates of exchange ruling on the accounting date. Transactions in foreign currencies are translated into sterling at the exchange rates ruling on the transaction dates.

The Fund may enter into forward currency contracts to protect the sterling value of the underlying portfolio of securities against the effect of possible adverse movements in foreign exchange rates. Fluctuations in the value of such forward currency contracts are recorded as unrealised gains or losses. Realised gains or losses include net gains or losses on transactions that have terminated by settlement or by the Fund entering into offsetting commitments.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 December 2020

1. Accounting policies (*continued*)

(i) *Cash equivalents*

The Manager has treated some assets as Cash equivalents for the purposes of the Balance Sheet disclosure. Investments are regarded as Cash equivalents if they meet all of the following criteria:

- highly liquid investments held in sterling that are readily convertible to a known amount of cash;
- are subject to an insignificant risk of change in value; and
- provide a return no greater than the rate of a three month high quality government bond.

2. Net capital gains

	31.12.2020 £'000	31.12.2019 £'000
The net capital gains during the year comprise:

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 December 2020

10. Financial instruments

Fair value

Securities held by the Fund are valued at bid-market value (see note 1(g)). Bid-market value is considered to be a fair representation of the amount repayable to Unitholders should they wish to sell their Units. Other financial assets and liabilities of the Fund are included in the balance sheet at their fair value.

The main risks arising from the Fund's financial instruments and the Manager's policies for managing these risks are summarised below. These policies have been applied consistently throughout the year and the comparative year.

Market price risk

This is an actively managed Fund which invests mainly in UK and overseas equities, UK Property and fixed interest investments. Investors are thus exposed to market price risk, which can be defined as the uncertainty about future price movements of the financial instruments the Fund is invested in. Market price risk arises mainly from economic factors, including investor confidence and is not limited to interest rate and currency movements. This exposure to market price risk may result in substantial fluctuations in the Unit price from time to time, although there will generally be a positive correlation in the movement of the Unit price to the markets the Fund is invested in. The Fund seeks to minimise the risks by holding a diversified portfolio of investments in line with the Fund's investment objectives. Risk is monitored at both the asset allocation and stock selection levels by Directors of the Manager on a regular basis and also by the Board.

At 31 December 2020, if the price of the investments held by the Fund increased or decreased by 5%, with all other variables remaining constant, then the net assets attributable to Unitholders, and profit or loss, would increase or decrease respectively by approximately £57,578,000 (31.12.2019, £44,675,000).

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 December 2020

10. Financial instruments (*continued*)

Credit risk

The Fund's transactions in securities expose it to the risk that the counterparty will not deliver the investment for a purchase, the cash for a sale or the settlement amounts for forward currency contracts. To minimise this, the Fund only deals with an approved list of brokers maintained by the Manager. Depending on the counterparty, the Fund may employ collateral arrangements for forward currency contracts.

Liquidity risk

Financial instruments held by the Fund, excluding short-term debtors and creditors, are made up of UK and overseas equities, fixed interest securities, pooled funds and sterling and overseas cash deposits. These assets are generally liquid (except for the Unit trusts, which are realisable only on their weekly or monthly dealing dates, and the holdings in the unquoted investments, which are not readily realisable) and enable the Fund to meet the payment of any redemption of Units that Unitholders may wish to make.

Currency risk

The Fund is exposed to fluctuations in foreign currencies as some of its assets and revenue are denominated in currencies other than sterling, the base currency of the Fund. The Fund may enter into forward currency contracts to protect the sterling value of the underlying portfolio of securities against the effect of possible adverse movements in foreign exchange rates on investments and revenue accrued, but not yet received. In respect of revenue, receipts are converted to sterling shortly after receipt.

At 31 December 2020, if the value of sterling increased or decreased by 1% against all currencies, with all other variables remaining constant, then the net assets attributable to Unitholders, and profit or loss, would decrease or increase respectively by approximately £8,892,000 (31.12.2019, £3,861,000).

Interest rate risk

The majority of the Fund's financial assets are equities which neither receive interest nor have maturity dates. The Fund also invests in fixed interest securities and cash deposits, the revenue of which may be affected by changes to interest rates relevant to particular securities or as a result of the Manager being unable to secure similar returns on the disposal or redemption of securities. The value of fixed interest securities may be affected by interest rate movements or the expectation of such movements in the future.

A sensitivity analysis for interest rate risk is not shown as the impact is unlikely to be significant.

12. Unquoted and other investments

At 31 December 2020, 3.53% (31.12.2019, 4.70%) of the value of the Fund was held in Units in the COIF Charities Property Fund.

At 31 December 2020, the Fund held 7.29% (31.12.2019, 7.28%) of the value of the COIF Charities Property Fund. The investment in the COIF Charities Property Fund may not be readily realisable, as the Manager may impose a period of notice or delay which is currently 90 days notice, not exceeding six months, before carrying out a redemption of Units in that Fund, if it is deemed to be necessary to protect the interests of Unitholders of the Fund or to permit properties to be sold to meet a redemption.

All unquoted investments are listed in the Portfolio Statement.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 December 2020

13. Board remuneration

The Board members receive no remuneration from the COIF Charity Funds. Mr Glenn Newson was appointed a Director of CCLA Investment Management Limited (CCLA IM) on 29 October 2018 and received remuneration from CCLA IM, which is disclosed in CCLA IM's financial statements.

14. Related party transactions

The Manager's annual management charge is paid to the Manager, a related party to the Fund. The amounts incurred in respect of this are disclosed in note 4. Please see note 1(e) for further information. An amount of £692,115 was due to the Manager at 31 December 2020 (31.12.2019, £535,292). There were no other transactions entered into with the Manager during the year. (31.12.2019, £nil).

At 31 December 2020 a cash balance of £56,830,526 (31.12.2019, £61,651,560) was held in The COIF Charities Deposit Fund. During the year, the Fund received interest of £268,409 (31.12.2019, £399,642) from the COIF Charities Deposit Fund.

Further details of the Fund's holdings in CCLA IM and other COIF Charities Funds are disclosed in note 12.

There is no individual investor holding more than 20% of the Fund.

for the year ended 31 December 2020

15. Portfolio transaction costs (*continued*)

For the current year and the comparative year, in the case of equities, commissions and taxes are paid by the Fund on each transaction. In addition, there is a dealing spread between the buying and selling prices of the underlying investments. Unlike shares, the majority of other types of investments (such as bonds, funds, money market instruments, derivatives) have no separately identifiable transaction costs; these costs form part of the dealing spread. Dealing spreads vary considerably depending on the transaction value and market sentiment.

All Units carry the same rights.

17. Fair value of financial assets and financial liabilities

In respect of financial assets and liabilities other than investments (including investment liabilities), there is no material difference between their value, as shown on the balance sheet, and their fair value.

Investments are held at fair value. An analysis of the valuation technique used to derive fair value of the investments is shown below:

The fair value of investments has been determined using the following hierarchy:

- Level 1 The unadjusted quoted price in an active market for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 Inputs other than quoted prices included above that are observable (i.e. developed using market data) for the asset or liability, either directly or indirectly.
- Level 3 Inputs that are unobservable (i.e. for which market data is unavailable) for the asset or liability.

NOTES TO THE FINANCIAL STATEMENTS

Investment liabilities	—	(245)	—	(245)
	827,357	45,273	20,864	893,494

For financial instruments which have quoted prices for identical instruments in active markets, those prices are taken to be fair value.

For financial instruments for which the Manager uses valuation techniques using observable market data, the inputs include: prices of recent transactions for identical instruments in inactive markets; broker quotes; evaluated pricing data from data providers; or prices quoted for closely similar (but not identical) instruments.

For financial instruments for which the Manager uses valuation techniques using non-observable data, the inputs include: valuations from independent experts (which may include discounted cash flow calculations, or prices based upon income yield); or net asset values which the Manager considers reliable, based upon audit reports and the Manager's own knowledge of the investee entity.

For derivatives, fair value is the price that would be required to close out the contract at the balance sheet date.

18. Subsequent event

Unitholders were offered to participate in a low-cost switch between the COIF Charities Ethical Investment Fund and the COIF Charities Investment Fund on 2 July 2021. As a result, the net subscriptions and redemptions into the Fund on the 2 July 2021 were 30.53% of the 31 December 2020 NAV.

STATEMENT OF BOARD, TRUSTEE, DEPOSITARY AND MANAGER RESPONSIBILITIES

Responsibilities of the Board

The Board shall comply with the duty of care when exercising its powers and discharging its duties under the Scheme, as follows:

- making and revising the written statement of the investment objectives of the Fund and ensuring that details of such investment objectives will be included in the Scheme Particulars;
- determining the criteria and methods for evaluating the performance of the Fund;
- granting prior written approval to the Manager should the Manager wish to enter into certain types of investment or a specific course of borrowing on behalf of the Fund;
- appointing the Auditor of the Fund and agreeing their terms of engagement;
- making an annual report on the discharge of the Board's responsibilities;
- determining the rate of remuneration of the Trustee and the Manager in accordance with the Scheme and the Scheme Particulars;
- applying to the Charity Commission for an order to discharge the Trustee from the provisions of the Scheme and an order to appoint a new Trustee of the provisions of the Scheme;

- making representations to the Trustee on the winding up of the Fund: provided that any Board member who has any interests in the Trustee or the Manager shall not participate in the Board's discussions and decisions on the matter and shall not be counted in the quorum necessary for the transaction of such business; and
- informing the Charity Commission promptly and in writing if the Board is not satisfied at any time as to the compliance of the Trustee or the Manager with the Scheme or the Scheme Particulars.

Under the Alternative Investment Fund Managers Directive ("AIFMD"), the Board has certain additional responsibilities including:

- the duty to inform the Financial Conduct Authority promptly and in writing if the Board is not satisfied with the compliance of the Trustee or the Manager with the applicable provisions of AIFMD; and
- the direct power (without reference to the Charity Commission) to require the removal of the Manager and/or the Trustee where it considers for good and sufficient reason that a change of Manager or Trustee is in the interests of the Participating Charities.

STATEMENT OF BOARD, TRUSTEE, DEPOSITARY AND MANAGER RESPONSIBILITIES

Responsibilities of the Trustee

The Trustee shall be responsible for those aspects of the administration and management of the Fund and its property which are specified in the Scheme. The Trustee shall comply with the duty of care when exercising its powers and discharging its duties. The following are the duties and powers of the Trustee:

- the supervision and oversight of the Manager's compliance with the Scheme and the Scheme Particulars. In particular, the Trustee shall be satisfied that the Manager is competently exercising its powers and discharging its duties under the Scheme, and that the Manager is maintaining adequate and proper records;
- the appointment, supervision and oversight of any Registrar or other delegate which it has appointed in accordance with the Scheme;
- the custody and control of the property of the Fund and the collection of all income due to the Fund;
- the creation and cancellation of Units as instructed by the Manager (except where the Scheme Particulars permit the Trustee to disregard those instructions);

- making distributions or allocations to Participating Charities in proportion to their respective Units in the property of the Fund;
- the making of an annual report on the discharge of its responsibilities for the management of the Fund; and
- winding up the Fund.

The Trustee shall take all steps and execute all documents as are necessary to secure that instructions given to it by the Manager are carried out as to the exercise of rights (including voting rights) attaching to the ownership of property of the Fund and that the purchases and sales of investments for or of the Fund are properly completed.

The Trustee shall maintain such records as are necessary to enable it to comply with this Scheme and with section 130 of the Charities Act and to demonstrate that such compliance has been achieved.

STATEMENT OF BOARD, TRUSTEE, DEPOSITARY AND MANAGER RESPONSIBILITIES

Responsibilities of the Depositary

The Depositary must ensure that the Fund is managed in accordance with the Financial Conduct Authority's Investment Funds Sourcebook, ("the Sourcebook"), the Alternative Investment Fund Managers Directive ("AIFMD") (together "the Regulations") and the Fund's Scheme Particulars.

The Depositary must in the context of its role act honestly, fairly, professionally, independently and in the interests of the Fund and its investors.

The Depositary is responsible for the safekeeping of the assets of the Fund in accordance with the Regulations.

The Depositary must ensure that:

- the Fund's cash flows are properly monitored and that cash of the Fund is booked into the cash accounts in accordance with the Regulations;
- the sale, issue, repurchase, redemption and cancellation of Units are carried out in accordance with the Regulations;

- the assets under management and the net asset value per Unit of the Fund are calculated in accordance with the Regulations;
- any consideration relating to transactions in the Fund's assets is remitted to the Fund within the usual time limits;
- that the Fund's income is applied in accordance with the Regulations; and
- the instructions of the Alternative Investment Fund Manager ("the AIFM") are carried out (unless they conflict with the Regulations).

The Depositary also has a duty to take reasonable care to ensure that the Fund is managed in accordance with the Scheme Particulars in relation to the investment and borrowing powers applicable to the Fund.

STATEMENT OF BOARD, TRUSTEE, DEPOSITARY AND MANAGER RESPONSIBILITIES

Responsibilities of the Manager

The Manager shall be responsible for those aspects of the administration and management of the Fund and its property which are specified in the Scheme. The Manager shall comply with the duty of care when exercising its powers and discharging its duties under this Scheme. The following are the duties and powers of the Manager:

- instructing the Trustee with respect to the creation and cancellation of Units;
- managing the investments of the Fund in conformity with the investment objectives made by the Board;
- ensuring that regular valuations of the property of the Fund are carried out and to ensure that the Units are correctly priced;
- the creation and revision of the Scheme Particulars;
- maintenance of a daily record of Units purchased or sold on behalf of the Trustee;
- the creation of all records in respect of the Fund, available for inspection by the Trustee;
- the preparation of reports and accounts in respect of every accounting period; and
- the supervision and oversight of any appointed delegate.

The Manager of the Fund is required by the Scheme to:

- prepare and submit to the Charity Commission a statement of accounts and annual report complying with the requirements of the Charities Act 2011 and the Charities (Accounts and Reports) Regulations 2008, as amended or replaced from time to time; and
- prepare and submit to the Charity Commission a half- yearly report and accounts for the Fund made up to the date of the interim balance sheet.

The Manager is required to:

- select suitable accounting policies that are appropriate for the Fund and apply them on a consistent basis;
- comply with the disclosure requirements of the Statement of Recommended Practice relating to Authorised Funds issued by The Investment Association in May 2014 (and amended in June 2017);
- follow generally accepted accounting principles and applicable accounting standards;
- keep proper accounting records which enable the Manager to demonstrate that the Financial Statements as prepared comply with the above requirements;

STATEMENT OF BOARD, TRUSTEE, DEPOSITARY AND MANAGER RESPONSIBILITIES

- make judgments and estimates that are reasonable and prudent; and
- prepare the Financial Statements on the basis that the Fund will continue in operation unless it is inappropriate to presume this.

The Trustee has appointed the Manager to act as Registrar to the Fund.

Under AIFMD, the Manager has certain additional responsibilities including, ensuring compliance with the applicable provisions of AIFMD and that any delegation by the Manager is in accordance with AIFMD.

Should the Manager wish to retire, the Manager can only be discharged from its duties under the Scheme following the appointment of a replacement Manager who is eligible under AIFMD to act as Manager of the Fund.

AIFMD DISCLOSURES

Manager Remuneration

The Manager has no employees, but delegates the performance of its services to employees of its parent company, CCLA Investment Management Limited.
