Public Benefit and Aims

The charity trustees have complied with their duty to have due regard to the guidance on public benefit published by the Charity Commission in exercising their powers or duties.

The aims of the Pre-school are to enhance the development and education of children primarily under statutory school age by encouraging parents to understand and provide for the needs of their children through community groups and by:

offering appropriate play, education and care facilities, family learning and extended hours groups, together with the right of parents to take responsibility for and to become involved in the activities of such groups, ensuring that such groups offer opportunities for all children whatever their race, culture, religion, means or ability;

encouraging the study of the needs of such children and their families and promoting public interest in and recognition of such needs in the local areas;

To meet these aims the St Paul's Walden Preschool provides a vital nursery and educational service to the rural areas of St Paul's Walden and Whitwell as well as other small rural communities. There are no other services in the community for children and no access to similar services for those without access to private transport during the day.

Our public benefit and impact on the local community

Provide a vital affordable pre-school facility to a rural community without which the children would have no access to nursery schooling

Provision of childcare and Foundation Stage Curriculum for 2-4 year old's of all abilities. There were approximately 17 children using the nursery in 2022-2023 who range in age from 2 to almost 5. We offer 10 sessions every week as well as lunches with older children having more sessions and younger ones starting with a smaller number.

The nursery is open to all and children old enough to be entitled to their fully funded sessions do not need to pay.

We offer a fun learning environment for children both indoors and outside. Learning through play and outdoor activities is central value. We have a wide range of different activities appropriate for children of different ages.

We provide a seamless progression from nursery type care to primary school depending on the needs of the individual child.

We support the local primary school through ensuring children stay in the village. A strong and successful school is vital for keeping the community socially sustainable.

We aim to attract families with children to move into the community and therefore secure the future for the village school and reduce car travel.

We encourage children to establish friendships with future school peer group.

Other benefits are allowing parents to return to work/training and take advantages of new opportunities, providing local jobs and keep money circulating in the local economy, and bringing members of the community together and thereby reducing social exclusion.

3. Financial report

As a social enterprise, the pre-school aims to cover its costs from its trading income and use any fundraising to develop new services and its building.

This year (2022-23) we had a turnover of £86,320 with a loss of £1,058, with £42,237 in reserves.

The result slightly adverse to the prior year where the nursery broke even.

Reserves Policy

The management Committee has examined the charities needs for reserves in relation to the main objectives, the future developments and the risks it may face in the future. It is planned that there is need for an allocation of between three and six months of expenditure as well as a reserve of £10,000 for building and infrastructure. The target would therefore be between £30,000 and £50,000. This will enable the charity to survive if there is a considerable drop in funding or income.

INCOMING RESOURCES

Recognition of incoming resources	These are included in the Statement of Financial Activities (SoFA) when: <ul style="list-style-type: none"> the charity becomes entitled to the resources; the trustees are virtually certain they will receive the resources; and the monetary value can be measured with sufficient reliability.
Incoming resources with related expenditure	Where incoming resources have related expenditure (as with fundraising or contract income) the incoming resources and related expenditure are reported gross in the SoFA.
Grants and donations	Grants and donations are only included in the SoFA when the charity has unconditional entitlement to the resources.
Tax reclaims on donations and gifts	Incoming resources from tax reclaims are included in the SoFA at the same time as the gift to which they relate.
Contractual income and performance related grants	This is only included in the SoFA once the related goods or services have been delivered.
Gifts in kind	Gifts in kind are accounted for at a reasonable estimate of their value to the charity or the amount actually realised. Gifts in kind for sale or distribution are included in the accounts as gifts only when sold or distributed by the charity. Gifts in kind for use by the charity are included in the SoFA as incoming resources when receivable.
Donated services and facilities	These are only included in incoming resources (with an equivalent amount in resources expended) where the benefit to the charity is reasonably quantifiable, measurable and material. The value placed on these resources is the estimated value to the charity of the service or facility received.
Volunteer help	The value of any voluntary help received is not included in the accounts but is described in the trustees' annual report.
Investment income	This is included in the accounts when receivable.
Investment gains and losses	This includes any gain or loss on the sale of investments and any gain or loss resulting from revaluing investments to market value at the end of the year.

EXPENDITURE AND LIABILITIES

Liability recognition	Liabilities are recognised as soon as there is a legal or constructive obligation committing the charity to pay out resources.
Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
Grants payable without performance conditions	These are only recognised in the accounts when a commitment has been made and there are no conditions to be met relating to the grant which remain in the control of the charity.

ASSETS

Tangible fixed assets for use by charity	These are capitalised if they can be used for more than one year, and cost at least £500. They are valued at cost or a reasonable value on receipt.
Investments	Investments quoted on a recognised stock exchange are valued at market value at the year end. Other investment assets are included at trustees' best estimate of market value.
Stocks and work in progress	These are valued at the lower of cost or market value.
