OutdoorLads Ltd

Introduction from the Programme Manager

Dear OutdoorLads Members

I'm writing this introduction as Programme Manager and Company Secretary of OutdoorLads, an organisation which means so much to me, and hopefully does to you too. This report covers the 2022-23 financial year and provides a summary of key developments.

Strategy 2023-2028

The wide-ranging consultation was concluded during the year, and included numerous consultation meetings with members. As is the case with major strategy development there is always a period of reflection and refocusing. This happened too with the OutdoorLads strategy. The draft strategy as outlined at last year's AGM was the subject of much discussion and debate and after considerable reflection it was refocused around the group's original aims as a group for gay, bi and trans men.

The journey to delivering the strategy is now in place with a group of (currently) 29 members joining four sub-committees to put members' views front and centre of our progress. Already, we have seen the delivery of some joint events, run in partnership with other groups within the family of LGBTQIA+ organisations, of which we are one. The sub-committees are looking at many actions to help us broaden our offer and do what we do best - run outstanding events in the great outdoors (and indoors too!). Thank you to all the members and trustees giving their time to get them up and running.

Events

This is what we are REALLY about. That's what started OutdoorLads back in 2006 and that's what'll carry us forward for decades. Great events, run by passionate, volunteer leaders, enjoyed by our diverse membership, past, present and future. We continued to run a fantastic set of "bread and butter" events but it was so pleasing to see us run our full range of BIG events once more. BIG Spring Camp - many people's top event of the year - was back in full glory after a three year break. Well done to all the volunteers who pulled together for weeks and weeks to plan and deliver (and tidy up after) these brilliant events. Thank you. As we go forward, the work of members in the sub-committees will help us offer an even wider range of events to gay, bi and trans men.

A nod to the future - our Sub-Committees

A lot of work took place this year to prepare the ground for our four new sub-committees that put members in the driving seat on a whole range of issues, so it would be remiss of me not to give them a mention in this report. The sub-committees are now all up and running. There is always an opportunity for more people to come forward to take part. We are particularly keen to ensure we have a diverse range of people involved. If you think you've got something different to offer - please get in touch. The sub-committees will be getting a budget and making decisions.

C. I. Russell

OutdoorLads Ltd

What's particularly exciting is that we now have about 30 of our members involved in running the organisation in a way that we've never had before. We are so grateful to all of you for giving up your time to take part. There's a lot going on but this brief list will give you an idea of the things you are working on for our members:

- More training to get more of our members signed up as event leaders
- Create a watersports offer
- Improve our communications and support for new members, to make them feel even more welcomed and supported
- Develop the "Ask for Calvin" support network
- Develop a sponsorship pack to help us secure new sponsorship partners and raise more money for OutdoorLads
- Formalise the hiring out of our bar service and equipment, again to raise income for us
- A new type of event aimed at cultural and heritage locations, gardens etc, low level and accessible
- Review the OutdoorLads refund policy that applies when members have to cancel attendance on paid events.

This is just a flavour!

And finally...

The decision of the current board to step aside and hand over the reins to a new team to continue to deliver the strategy and focus on the events programme is a brave and bold move and shows individuals' commitments to the organisation. The future under the interim board and later, the new permanent board, is bright and will enable us to continue focusing on our events programme and delivering the strategy. There are a wide range of views in OutdoorLads, as in any group, but whatever our personal views of the last year or so about the direction of the group, let's pull together, make OutdoorLads even more successful and who knows where we will go? Any change has to be organic and a journey we make together, with the widest possible support of the membership.

Trustees' Report

Public benefit

In setting our objectives, carrying out our activities for the year and looking further ahead, the Board has considered the Charity Commission's guidance on public benefit, including guidance on public benefit and fee-charging. The Charity relies on income from fees and charges to cover its operating costs. In setting the level of fees, charges, and concessions, the Board give careful consideration to the accessibility of those on low incomes. On top of the health and wellbeing benefit of the charity's events our pricing structure, including Concession Membership, is designed to make the events affordable to as wide a range of participants as possible. In addition, the OutdoorLads Foundation provides financial support to those who may still be unable to afford membership or participation in our paid events. Due to the pandemic and the loss of our events programme, the Foundation did not provide financial support to any individuals during the financial year.

Achievements and performance

Our Events

Activities to end March 2023

A key objective of the charity in 2022 - 23 was reaffirming our return to delivering our event programme after the disruption of the pandemic, and implementing our 2023 - 2028 strategy. Considerable effort from our volunteer leaders, regional coordinators and organisers, and the staff team was involved in the planning and delivery of our events.

Key highlights include:

- Event activity was up considerably on the previous year, as the organisation bounced back from the effects of the pandemic and strengthened our capacity to deliver inspiring outdoor events for members.
- We held the first BIG Spring Camp for three years in June 2022, moving the date to accommodate the Jubilee weekend.
- Following the success of the 15th birthday celebration event at Thornbridge Outdoors, we launched a new regular BIG event, BIG Peak Weekender in July 2022.
- The BIG events programme was completed by a successful BIG Summer Camp and BIG Halloween in Ironbridge.
- A full programme of hostel and camping events ran throughout the year, with high capacity and including familiar favourites and exciting new locations.
- We ran a successful full Christmas programme of events, including Hogmanay and a new year's hostel event.
- Our fantastic network of volunteers put on over 1260 day events across the year - walking, cycling, climbing indoor and outdoor, social events of all kinds - this is the bread and butter of what we do and without these volunteers consistently going above and beyond, we wouldn't have the organisation of which we are so proud of today.
- We reviewed and refreshed our strategy following its launch at the September 2022 AGM with the help of key volunteers, to better place it to meet the needs of members now and into the future.

Detailed Review

The charity ran 1713 (up from 1,353) events during the year with 2,585 members attending 33,972 (up from 13,057) event spaces.

The table below provides the number of events, event places attended and members attending for each primary activity, together with a comparison of this year's figures against the previous years.

OutdoorLads Ltd

Trustees' Report

Plans for future periods

Looking Forward to 2023/2024 for our events:

- We have an excellent programme of events underway for the year.
- We can now include caving in our portfolio of activities with our first official caving leader in post.
- Work is underway to introduce OutdoorLads-led watersports events to our portfolio, and to introduce more accessible events in the form of new Cultural and Heritage events!
- Our hostels and camps programme offers a good range of events to suit different needs.

Our Volunteers

Volunteers

Volunteers continue to make an invaluable contribution towards the life and work of OutdoorLads and support a wide range of activities behind the scenes, as well as face-to-face with members. Volunteers still run all OutdoorLads activities apart from some specialist sports where OutdoorLads does not have the required equipment/insurance/in-house trained expertise to run the event.

The number of volunteers in the year was 354, an increase from 324. From our bank of leaders, 56% (197) were active in leading an event. Recruiting and retaining leaders is crucial to the group's success and numbers continue to grow, supported by our network of regional co-ordinators and organisers. The new support committee will be taking an active lead in developing the training and development of leaders.

Our Members

Paid Members: 1,487 (down 10) Pay As You Go: 10511 (up 2201)

Full: 1,364 (down 17)

Concession: 123 (↑ 7)

- Whilst membership levels have decreased, it is slight and through difficult times for many. The support committee will be taking a lead on ways to increase membership rates. Membership rates do remain healthy.

OutdoorLads Ltd

Trustees' Report

Looking forward to 2023/2024 for our members:

- The implementation of our 2023 - 2028 Strategy is underway, with sub-committees now in place in our governance structure and working on the implementation of many of the projects identified as part of the strategy.
- We will continue to seek input on how OutdoorLads can work to remove barriers to engagement in outdoor pursuits from our members from different socio-economic backgrounds, members with disabilities, and members from ethnic minority groups.

Going concern

After making enquiries, the Trustees have a reasonable expectation that the charitable company has adequate resources to continue in operational existence for the foreseeable future.

Structure, governance and management

The trustees, who are also the directors of the charitable company, present their annual report and the financial statements for the year ended 31 March 2023.

The Charity is commonly known as OutdoorLads and is also registered as a limited company, under the name OutdoorLads Ltd.

The Board of Trustees is mostly drawn from the membership. The Articles of Association do allow for the appointment of external independent Trustees, and currently Emma Green is an external trustee. The board of trustees reports to the Annual General Meeting of OutdoorLads. In line with our Articles of Association, all Trustees are unpaid volunteers.

The Board has overall responsibility for the work of OutdoorLads, in particular, setting strategy, direction, and targets. The Board of Trustees delegates day-to-day management of the organisation to three staff. Events are managed by appointed volunteer leaders. Leaders are managed on a regional basis by Regional Coordinators, appointed by the Board of Trustees.

Governing Document

The Charity, which is also a company limited by guarantee, is governed by its Memorandum and Articles of Association as amended 21 September 2019.

Appointment of Directors and Trustees

The Board of Trustees has seven appointed members at 31 March 2023, of these, three are office bearers; Chair, Vice-Chair, and Treasurer.

Two trustees were co-opted to the board after 31 March 2023 following a robust recruitment process for the roles of Chair and Treasurer, and both are pending full election by the membership at the September 2023 AGM. These two roles are uncontested, and the board recommends that the membership elect Rob Mitchell and Jake Higgins to the roles of Chair and Treasurer respectively.

The Company Secretary is a member of staff. Trustee appointments are for a term of three years. Co-opted Board members are subject to ratification by the membership at the following AGM to the co-option.

If required, Trustees receive external training in accordance with guidelines set down by the National Council for Voluntary Organisations.

OutdoorLads Ltd

Trustees' Report

Risk management

The Board have identified the major risks, both financial and other, facing the charity and have taken the appropriate action to mitigate those risks.

Related party transactions

Details of related party transactions are set out in note 19 to the financial statements. The Trustees participate in the activities of OutdoorLads on the same terms and conditions as other members.

Declarations of Conflict of Interest

The Board maintains its legal duty in managing conflicts of interest. These Conflicts are recorded in the organisational risk register and regularly reviewed. The Board maintains one 'active' conflict of interest through Connected Individuals of Trustees: Steven Allan and maintained one previous 'active' conflict of interest through Connected Individuals of Trustees: Dan Barcroft up until 21st September 2022.

A further previous 'active' conflict of interest is maintained though Connected Individuals: Steven Allan and Danny Ballantyne.

Financial review

Net income before depreciation and amortisation was £40,076 for the FYE 3/23 (£62,563 for FYE 3/22). This was a slight reduction over the previous year with the biggest contributors being 1) the events programme 2) extremely high website cost of £55,584 (£840 for FYE 3/22). Other positive contributing factors included membership fees of £108,685 (£80,299 for FYE 3/22) and donations of £12,472 (£16,698 for FYE 3/22), Net profit after depreciation and amortisation was £23,504 (£152,969 for FYE 3/22).

Policy on reserves

The trustees have examined the requirement for free reserves i.e. those general funds not invested in tangible fixed assets, designated for specific purposes or otherwise committed. The trustees consider that, given the nature of the charitable company's work, the level of free reserves should be £95,000-£135,000. The trustees decided the charity only needs £35,000-£55,000 for external risks and to hold reserves of £60,000 to £80,000 for future investments.

At 31 March 2023 free reserves stood at £225,469 which is £90,469 higher than the target reserves.

Small companies provision statement

This report has been prepared in accordance with the small companies regime under the Companies Act 2006.

The annual report was approved by the trustees of the charity on 23 September 2023 and signed on its behalf by:

2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102). They also comply with the Companies Act 2006 and Charities Act 2011.

Basis of preparation

OutdoorLads Ltd meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Going concern

The trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern nor any significant areas of uncertainty that affect the carrying value of assets held by the charity.

Income and endowments

Donations and legacies

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

OutdoorLads Ltd

Notes to the Financial Statements for the Year Ended 31 March 2023

2 Accounting policies (continued)

Grants receivable

Grants are recognised when the charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

Deferred income

Deferred income represents amounts received for future periods and is released to incoming resources in the period for which, it has been received. Such income is only deferred when:

- The donor specifies that the grant or donation must only be used in future accounting periods; or
- The donor has imposed conditions which must be met before the charity has unconditional entitlement.

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Charitable activities

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Support costs

Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, for example, allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees's meetings and reimbursed expenses.

Taxation

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

OutdoorLads Ltd

Notes to the Financial Statements for the Year Ended 31 March 2023

2 Accounting policies (continued)

Intangible assets

Intangible assets costing £300 or more are stated in the Balance Sheet at cost less accumulated amortisation and impairment. They are amortised on a straight line basis over their estimated useful lives.

Amortisation

Amortisation is provided on intangible fixed assets so as to write off the cost, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Amortisation method and rate
Website	Over 7 years (from date new site goes live) straight line
Software licences	33.3% straight line

Tangible fixed assets

Individual fixed assets costing £300 or more are initially recorded at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Fixtures & fittings	over 7 years straight line
Computer equipment	over 3 years straight line

Stock

Stock is valued at the lower of cost and estimated selling price less costs to complete and sell, after due regard for obsolete and slow moving stocks. Cost is determined using the first-in, first-out (FIFO).

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

OutdoorLads Ltd

Notes to the Financial Statements for the Year Ended 31 March 2023

2 Accounting policies (continued)

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Fund structure

Unrestricted income funds are general funds that are available for use at the trustees's discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

3 Income from donations

17 Funds (continued)

The restricted funds carried forward comprise income and expenditure in relation to the OutdoorLads Foundation formed at the charity's AGM in 2015. The Foundation has two main purposes:

a) Financial Assistance for Members where we offer financial support for current Members who are experiencing financial hardship or difficult life circumstances. This support could be paying the event fee for a hostel weekend or providing a contribution towards travel costs.

b) Work with other charities where we look to generate and explore relationships with others LGBT charities around the UK. The aim is to support individuals to come to OutdoorLads events and enjoy the community and positive wellbeing so many of our current members experience.
