### **Report of the Trustees For the year ended 30th June 2021**

The trustees (who are also directors of the charitable company) present their report and the financial statements for the year ended 30th June 2021. The trustees have adopted the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities" (FRS 102) in preparing the annual report and financial statements of the charity.

The charity was incorporated in England on 17th July 2009 and is governed by a Memorandum and Articles of Association and its objectives are to relieve sickness and preserve and protect health by furthering ongoing tissue and cellular transplantation at the Oxford Transplant Centre by providing for the following:

The building of clinical and research facilities

The equipping of such facilities

The ongoing funding of these facilities, apart from staffing and other associated personnel costs

The funding of research fellowship and other clinical and research posts for or connected with the facilities

The provision of information relating to transplantation to patients, donors, relatives, carers, and other interested parties

#### **Directors and Trustees**

The following held the position of director/trustee of the charity during the year ended 30th June 2021:

Mrs A J Cornall  
Prof C C Coussios  
Miss R E Cullen  
Prof P J Friend  
Miss A C Gardete  
Dr P D Mason  
Dr K Z Soonawalla

#### **Objectives and Activities**

The Charity's prime objective is to raise funds from individuals, Trusts and other Charities to meet the objectives set out in the Articles of Association. Medical science is advancing rapidly and development in transplantation is also occurring regularly. Additional facilities are required to carry out the research and application of medical innovation into end-stage organ failures, and to harness the academic skills available within Oxford University and to create a partnership between the University and those exercising clinical skills. The Charity aims to establish new research space together with additional space to allow for improvements in patient care, thus enabling overall improvements in patient care by allowing clinical practice and research to work in harmony with each other.

The Charity is currently awarding a number of small pump-priming grants to young researchers each year to enable them to undertake the initial work required prior to submitting applications for major research grants. It is also awarding travel grants to clinical and research staff below the level of Consultant to facilitate attendance at medical conferences. Negotiations are also being undertaken with the University of Oxford to provide for two named Fellowships.

The charity is grateful for the unstinting efforts of its volunteers who have been involved in organising events and fundraising. All volunteers' help has been unpaid, and it is difficult to estimate the value of this help to the Charity.

## **Oxford Transplant Foundation**

### **Report of the Trustees (continued) For the year ended 30th June 2021**

#### **Structure, Governance and Management**

The charity operates under the guidance of its directors and trustees who meet three times a year to discuss the overall direction of the Charity. Day to day executive decisions are taken by the Chairman.

#### **Public Benefit**

The trustees have due regard to the Charities Commission Public Benefit General Guidance in the way the work of the Charity is planned and provided. The benefit the Charity provides to the public is to assist with the treatment of individuals suffering from organ failure and to carry out research into transplantation for these diseases and also the future prevention and treatment of these diseases.

#### **Recruitment and appointment of new Trustees**

The power of appointment and removal of trustees rests with the trustees. On being appointed, new trustees spend time with the existing trustees to ensure they understand their responsibilities and the legal and financial framework in which the charity operates. For reference all trustees are issued with the Charity Commission publication "The Essential Trustee: What you need to know" June 2005.

#### **Financial Review and Reserves Policy**

The total income raised during the year was £182,012 (2020: £123,974) and expenditure was £67,328 (2020: £39,363) giving a net surplus for the year of £114,684 (2020: £84,611). Gains of £447,691 (2020: loss of £91,381) occurred on the investments held. This increased the reserves of the charity to £3,957,279 at 30th June 2021. Income is being accumulated towards a future building project, funds are meanwhile being provided for small projects undertaken at the Oxford Transplant Centre to benefit patients, and also for pump priming research projects and travel grants to enable junior members of staff to attend conferences which they may otherwise be unable to attend.

#### **Risk Management**

The trustees have considered the risks affecting the Charity and consider that there is very little overall risk to the charity until such time as a major capital project is committed to. There is a financial risk as some monies raised are invested in the Stock Market and can therefore be affected by Stock Market fluctuations. There are no paid employees of the Charity and no further risks are anticipated.

#### **Plans for Future Periods**

The proposal to fund hotel-style accommodation for transplant patients who no longer require inpatient accommodation, is now unlikely to go ahead. An alternative project, a refurbishment of the Oxford Transplant Centre Laboratories and re-provision of office and other accommodation for staff is under consideration. Research project funding will continue as this has proved to be a highly successful and popular endeavour in recent years.

#### **Reporting Accountants**

Wenn Townsend Chartered Accountants have been appointed as Reporting Accountants.

## **Oxford Transplant Foundation**

### **Report of the Trustees (continued) For the year ended 30th June 2021**

#### **Statement of Trustees' responsibilities**

The trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with United Kingdom Accounting standards and applicable law (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year. The financial statements are required by law to give a true and fair view of the state of affairs of the Charitable Company for the period. In preparing these financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- State whether applicable UK accounting standards and statements of recommended practice have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Charitable Company will continue in operation

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Charitable Company and which enable them to ensure that the financial statements comply with the Companies Act 2006 and Charities SORP. They are also responsible for safeguarding the assets of the Charitable Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the Charity's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statement may differ from legislation in other jurisdictions.

This report has been prepared in accordance with the Statement of Recommended Practice – Accounting and Reporting by Charities (FRS 102) and in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small entities and was approved by the trustees on 27th October 2021.

**ON BEHALF OF THE BOARD:**

.....  
**P J Friend – Trustee**

**Oxford Transplant Foundation**  
**Independent Examiner's Report**  
**to the Trustees of the Oxford Transplant Foundation**

I report to the charity trustees on my examination of the accounts of the charity for the year ended 30th June 2021 which are set out on pages 6 to 12.

**Responsibilities and basis of report**

As the charity's trustees of the company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your company's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

**Independent examiner's statement**

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the company as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

For the year ending 30th June 2021 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

### Trustees' responsibilities:

- The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

The financial statements were approved by the trustees on 27th October 2021 and were signed on their behalf by:

.....  
P J Friend - Trustee

## **Oxford Transplant Foundation**

### **Notes to the Financial Statements for the year ended 30th June 2021**

#### **1. Basis of preparation**

- a) The charity constitutes a public benefit entity as defined by FRS102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standards applicable in the UK and Republic of Ireland (FRS102) issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS102), the Charities Act 2011, UK Generally Accepted Practice and the Companies Act 2006.
- b) The accounts are drawn up under the historical cost convention modified to include certain assets at fair value. Significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years present unless otherwise stated.
- c) The Charity is a charitable institution with exemption from taxation under section 505 of the Income and Corporation Taxes Act 1988.
- d) The Charity is exempt from the requirement to prepare a cash flow statement.

#### **2. Accounting policies**

##### **a) Fund accounting**

General funds are unrestricted funds which are available for use at the discretion of the trustees in furtherance of the general objectives of the Charity and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the trustees for particular purposes.

Restricted funds are funds which must be used for a specific purpose. All the charity's funds are restricted.

##### **b) Income recognition**

All income resources are included in the Statement of Financial Activities when the Charity is legally entitled to the income and the amount can be quantified with reasonable accuracy, and all incoming resources are included gross. The value of services provided by volunteers is not included in the financial statements because of the difficulty of valuing these.

##### **c) Expenditure recognition**

All expenditure is accounted for on an accruals basis and liabilities recognized as appropriate on this basis. Expenditure has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with use of the resources.

Fundraising costs are those incurred in seeking voluntary contributions and do not include the cost of disseminating information in support of the charitable activities. Support costs are those costs incurred directly in support of expenditure on the objects of the Charity. Governance costs are those incurred in connection with administration of the Charity and compliance with constitutional and statutory requirements.

##### **d) Irrecoverable VAT**

The Charity is not registered for VAT and hence is unable to recover VAT on expenditure incurred, which is shown gross in the Financial Statements.

# Oxford Transplant Foundation

## Notes to the Financial Statements (continued) for the year ended 30th June 2021

### 2. Accounting policies (continued)

#### e) Investments

Investments are recognised initially at fair value which is normally the transaction price. Subsequently, they are measured at fair value with changes recognised in net gains/losses on Investments in the SOFA if the investments are trade or their value can otherwise be publicly measured reliably.

Current asset investments are short term highly liquid investments and are held at fair value. These include cash on deposit and cash equivalents with a maturity of less than one year.

#### f) Going concern

The financial statements have been prepared on a going concern basis as the trustees believe that no material uncertainties exist. The trustees have considered the level of funds held and the expected level of income and expenditure for 12 months from authorising these financial statements. The budgeted income and expenditure is sufficient with the level of reserves for the charity to be able to continue as a going concern.

### 3. Donations and legacies
